The Peer Educator Tutoring program provides tutoring in a wide range of fields with flexible scheduling. Disability Services are coordinated through the Center to help assure individual support, technology assistance, and alternative testing or other accommodations where needed.

Disabilities Contact Information

Mount Mercy is committed to equality of educational opportunity for all students. The Academic Center for Excellence, located in the University Center, also houses and facilitates academic accommodations and services for students with disabilities. Core functions related to accommodations and disabilities include:

- Establishing and communicating criteria for disability services at Mount Mercy
- Providing assessment to verify eligibility for services
- Facilitating academic accommodations for qualified students with disabilities
- Supporting disability-related services and opportunities for students with disabilities

Students seeking academic accommodations first meet with Disability Services staff, who provide assessment, review documentation, and determine eligibility for services. Together they discuss academic needs, use of appropriate forms, and process for working with instructors and the Center.

Students who request accommodations but have not registered with the Center need to be referred to the office to complete the registration process before accommodations are arranged. If students suspect they might have a disability but have not been evaluated previously, they should contact Disability Services for referrals. Accommodations are determined on a case-by-case basis. For further information regarding services available for students with disabilities, please contact ACE at 319-363-1323 ext. 1204.

Academic Advising

Upon entering Mount Mercy, students are assigned to faculty advisors from their major program who meet with the students individually to help facilitate the transition to Mount Mercy and the ongoing progress toward degree completion. Students are expected to meet with their advisors prior to registration to discuss course selections and to consult with them as needed. Advisors serve as the most knowledgeable resource for students in their major programs of study.
