

# Master of Business Administration

Characterized by its emphasis on ethical and socially responsible leadership, the Master of Business Administration program at Mount Mercy University challenges students to think globally and strategically while using a multidisciplinary approach to solve business problems.

The block format allows students to complete the program in less than two years, while maintaining full-time employment. Classes are offered on weeknights and Saturdays. In several classes, students work together, to create solutions to real business problems of non-profit organizations in the community as clients and gain an interdisciplinary approach to leadership development in the tradition of Mercy values.

Courses are offered in both 5 and 10 week blocks. Five week classes meet twice a week or all day Saturday and 10 week classes meet once a week or half days on Saturday.

Upon graduating, MBA students should be able to interpret data and employ quantitative methods to evaluate organizations in economic terms, differentiate between effective and dysfunctional team behaviors, and make strategic decisions based on a systematic approach.

## Prerequisite Courses

Students must complete the following prerequisite courses with a grade of C or above (C- does not count) prior to enrolling in MBA courses (the MBA Program Director may make exceptions to this on a case by case basis).
