**Academic and Student Resources**

Mount Mercy strives to provide all the resources a student needs to succeed on their educational journey. This section provides information about admission, tuition, financial aid, services and policies of the university.

**Welcome to Mount Mercy University . . .**

**Mount Mercy University Mission and Goals**

*Mount Mercy is a Catholic University providing student-focused baccalaureate and graduate education in the spirit of the Sisters of Mercy.*

As a Catholic university founded and sponsored by the Sisters of Mercy, Mount Mercy welcomes women and men of all beliefs to join our community in the pursuit of baccalaureate and graduate education and service to those in need.

Mount Mercy promotes reflective judgment, strategic communication, the common good and purposeful living through a core curriculum, liberal arts and professional majors and student development programs.

We strive for excellence in accomplishing our mission through our four interdependent goals:

**Using Reflective Judgment**

The abilities to think clearly and carefully, argue coherently and evaluate competing truth claims critically are fundamental to a college education. Reflective judgment requires a knowledge of basic fact, examination and evaluation of assumptions, adequate justification for drawing a conclusion and understanding implications of drawing that conclusion. With these skills, individuals can solve problems creatively and integrate knowledge across disciplines.

1. Students will demonstrate a knowledge of content, assumptions, terminology, and methodology of a broad range of academic disciplines needed for informed and meaningful participation in society, including literature, fine arts, history, mathematics, science, philosophy, religious studies and social sciences.
2. Students will demonstrate a depth of understanding in their major field that successfully prepares them for graduate study or a career following graduation.
3. Students will evaluate their points of view by analyzing multiple perspectives.
4. Students will integrate knowledge across the disciplines.
5. Students will apply creative, logical and scholarly processes in the pursuit of truth to form reasoned judgments and explain the implications of drawing those conclusions.

**Engaging in Strategic Communication**

Strategic communication requires selecting from a range of options in order to accomplish a chosen goal in an ethical manner. These options include construction and interpretation of messages in the written, oral and aesthetic forms using appropriate technology.

1. Students will generate, collect, organize and present ideas and information in written, oral and visual modes for chosen purposes and audiences.
2. Students will meet appropriate standards of quality when they communicate.
3. Students will demonstrate respect and responsibility in communication with others.

**Serving the Common Good**

The common good is at the heart of Catholic social teaching. Because persons are social by nature, every individual’s good relates necessarily to the common good, the sum of social conditions that allows all people to reach their human potential more fully. It includes respect for and ethical interaction with every person and the natural environment and, in the spirit of the Sisters of Mercy, service for the well-being of all humanity and action in the cause of justice in the world.

1. Students will recognize the challenges and opportunities of living in a changing, complex, global society and demonstrate inclusivity and sensitivity to the diverse human conditions.
2. Students will explain the significance of personal and social responsibility and be prepared to take action in modes of service, civic participation, advocacy and system change.
3. Students will articulate an ethical framework based on a respect for all human beings and the natural environment.
4. Students will examine the core values of social justice, particularly the Mercy commitment to advocate for persons who are vulnerable and marginalized.

**Promoting Purposeful Living**

A liberal education enables persons to achieve a greater degree of freedom upon which to act purposefully. Since development of purpose entails planning for life based on a set of priorities, Mount Mercy University provides opportunities for spiritual growth, intellectual engagement, vocational clarity, social development, physical well-being, emotional maturity and responsible community leadership.

1. Students will discern and clarify their vocational choices.
2. Students will recognize the services and support available to assist them and others in determining which commitments will guide their lives.
3. Students will demonstrate the ways in which their abilities and knowledge enable them to be responsible leaders or participants.
4. Students will acknowledge the importance of a healthy and balanced life including social, physical, emotional and spiritual well-being.
5. Students will recognize the importance of life-long learning.
6. Students will analyze the evolving nature of relationships in their lives, professions and communities.

**Statement of Values**

As members of the Mount Mercy University community, grounded in the tradition of the Sisters of Mercy and our Catholic identity, we are committed to:
Lifelong Learning and Education of the Whole Person
We believe that education is a lifelong experience where learning empowers the whole person, intellectually, spiritually, emotionally, and physically.

Pursuit of Truth and Dignity
We foster free inquiry in a compassionate culture where our dedication to faith, truth and mercy supports the dignity of each person within the human community.

Commitment to Students
We acknowledge and affirm that our students’ needs are central to decisions that affect community life.

Justice
We advocate for equality by actively creating just and healthy relationships in our learning community and in our global society.

Gratitude
We celebrate with humility all gifts and talents bestowed by God and faithfully share these blessings with the wider community.

Hospitality
We accomplish our work in the spirit of Catherine McAuley’s graciousness and inclusion that welcomes all people and perspectives.

Service
We instill a sense of responsibility and caring that calls us to serve the common good.

Accreditation
Mount Mercy University is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools (30 North LaSalle Street, Suite 2400, Chicago, IL 60602-2504; phone: 800-621-7440), the Council on Social Work Education (1725 Duke Street, Suite 500, Alexandria, VA 22314-3457), The State Board of Nursing and the Commission on Collegiate Nursing Education (One Dupont Circle NW, Suite 530, Washington, DC 20036). Mount Mercy University is approved by the Iowa Department of Education (Grimes State Office Bldg., Des Moines, IA 50319-0146) to offer programs leading to teacher certification in both elementary and secondary education and endorsements in several areas including early childhood education, Strategist I K-6 and 7-12 and Strategist II K-12.

www.mtmercy.edu

History of Mount Mercy University
The Sisters of Mercy of Cedar Rapids, Iowa, founded Mount Mercy as a two-year college for women in 1928. Its mission is based on the heritage of its foundresses, a religious community of women who came to Cedar Rapids in 1875. Catherine McAuley started the order in Dublin, Ireland, in 1831. One of her concerns was the education of women and the service of human needs as they exist.

In 1957 Mount Mercy began a four-year program, awarded the first bachelor’s degrees in 1959, and was accredited by the North Central Association of College and Schools as a baccalaureate institution in 1960. Since then, Mount Mercy has become coeducational, has established new academic programs, including new graduate programs in 2008, and has tripled its enrollment, drawing its board members, faculty, staff and students from all faiths and backgrounds. Through their ongoing sponsorship, the Sisters of Mercy, through the Conference of Mercy Higher Education, continue to support Mount Mercy in carrying out Catherine McAuley’s original vision of service.

Mount Mercy University has close ties with the Cedar Rapids community, placing interns and graduates in profit and non-profit institutions and using the city’s cultural, religious, political and economic resources to enhance the institution’s programs.

University Admission
Mount Mercy University is a nationally recognized, private Catholic university founded in the spirit of the Sisters of Mercy. We seek qualified applicants who have prepared themselves academically for the rigors of a challenging liberal arts-based education, and have demonstrated leadership in their school activities and community involvement. Mount Mercy does not consider race, color, creed, religion, national origin, gender, age, marital status, or handicap unrelated to ability in admission or access to, or treatment or employment in, its programs and activities.

Readmission
Students who withdraw from Mount Mercy and are interested in returning to the institution must apply for readmission. The readmission application is available in the Office of Admissions or online at www.mtmercy.edu. If courses have been completed at other institutions, those official transcripts must be sent directly to the Office of Admissions. All required documents that constitute a completed admission file for re-admission should be received by the Office of Admissions at least two weeks prior to the start of classes.

Special Students
Students who are interested in taking one or two courses at Mount Mercy are categorized as special students. If the student currently is pursuing a degree at another institution, it is recommended that permission be obtained from the home institution before enrolling at Mount Mercy. Special students must first complete the special student application available from the Office of Admissions or online at www.mtmercy.edu. Any student who is registered for a Mount Mercy course under the cross registration policy with Coe College is not eligible for special student status. If a prerequisite course is needed for the course, an official transcript must be sent to the Office of Admissions to show successful completion of that prerequisite. Any special student that wishes to continue at Mount Mercy after completing two courses must complete the regular transfer application process. All required documents that constitute a completed admission file for special students should be received by the Office of Admissions at least two weeks prior to the start of classes.

Academic Degree Programs
Students may not simultaneously be admitted to, or concurrently enrolled in, multiple academic degree programs. Undergraduate, post-
baccalaureate, non-degree, and graduate student designations, and related sub-categories, are mutually-exclusive.

**First Year Student**

**Freshman Admissions - Process and Standards**

Admission to Mount Mercy University is selective, competitive, and based upon a full review process. Admissions files are reviewed on a rolling admission basis prior to the first day of classes. Applications may be obtained from the Office of Admissions, Mount Mercy University, 1330 Elmhurst Drive NE, Cedar Rapids, Iowa 52402-4797, 319-368-6460 or 800-248-4504, or online at www.mtmercy.edu. A completed admissions file includes:

- Application for undergraduate admission
- Official standardized test scores - Mount Mercy’s ACT code is 1340 and SAT code is 6417
- Official high school transcripts
- An official transcript of any collegiate coursework taken

Mount Mercy evaluates all files on an individual basis. Each entering student needs to be a graduate of an accredited secondary school or its equivalent. While specific courses are not required for admission, a student’s transcript will be evaluated to ensure that a well-rounded college preparatory curriculum has been taken. Students applying to Mount Mercy are encouraged to complete the following coursework in high school:

- Four years of English
- Three years of Mathematics
- Three years of Social Studies
- Three years of Science

Strong consideration will be given to applicants who have a:

- Cumulative grade point average of 2.75 (on a 4.00 scale) or higher
- Composite score of at least 20 on the ACT (940 SAT) with sub-scores of 17 or higher
- Class rank in the top half of graduating class

A variety of additional factors are also considered (the quality and nature of the courses taken, the sub-scores earned on the standardized test, extracurricular and community involvement, strength of the personal statement, motivation, personal circumstances, etc.) to ensure that the students admitted to the institution are those who are the best fit for Mount Mercy and whose preparation and experiences suggest that they have the best likelihood of succeeding here.

**Home Schooled Students**

In lieu of high school transcripts, applicants must submit records of high school or college-level studies, either in a transcript form (if available) or a detailed account of the subjects studied and materials used. Standardized test scores (ACT or SAT) also are required and must be submitted directly to the Office of Admissions.

**Admissions Committee**

The Admissions Committee will review files for students who do not meet the minimum admission standards. Students, who demonstrate strong potential and motivation for undergraduate success, may be admitted to Mount Mercy by providing additional information to the Admissions Committee for use in the evaluation process (additional grades, personal statement, letters of recommendation, personal interview, etc.). Some students may be admitted to Mount Mercy with conditions, which must be satisfied during their freshman year in order to remain an enrolled student of Mount Mercy. Specific conditions and recommendations will be determined on an individual basis by the Admissions Committee.

**Offer and Acceptance of Admission**

An offer of admission to Mount Mercy University is contingent upon the student maintaining a satisfactory record and completing graduation requirements – as noted on the final high school transcript (official transcript to be sent upon completion of the diploma). Mount Mercy reserves the right to withdraw its offer of admission when information received after the original admission decision indicates the student no longer meets the minimum admission standards.

A $200 deposit will be required to confirm attendance at Mount Mercy. The deposit will be used to reserve the student’s place at course registration and will be credited toward the student’s tuition and housing accounts.

**Residency Requirements**

Mount Mercy has a two-year residency expectation. Students must live in campus housing during their first four semesters of full-time university attendance. Students may be exempt from this requirement if: living with parents; if “independent” status with regard to federal financial aid regulations; or if they turned 21 years old before July 1 preceding their second year. An exemption request must be filed with the institution, and approved, in order for the exemption to be made.

**International Admissions**

Applications for international undergraduate admission may be obtained from the Office of Admissions, Mount Mercy University, 1330 Elmhurst Drive NE, Cedar Rapids, Iowa 52402-4797, 319-368-6460 or 800-248-4504, or online at www.mtmercy.edu. Admissions files are reviewed on a rolling basis.

All required documents listed below must be on file by the following deadlines:

- Fall Semester – August 1st
- Spring Semester – January 2nd

**Freshman International Admissions**

For consideration as an International Freshman, a completed admissions file must include:

- Application for undergraduate admission with a personal statement
- Official high school transcripts translated into English by a foreign credit evaluation agency or by an official English language translator (must have cumulative GPA of 2.75 or equivalent)
- Official scores from standardized tests that will be considered for admissions decisions include:
  - TOEFL (550 PBT, 213 CBT, 79 IBT)
  - IELTS (6.5)
  - STEP Eiken (Grade 1)
Transfer

Transfer Admissions - Process and Standards

A transfer applicant is considered to be anyone who has obtained a high school diploma, GED, or equivalent and who has attempted college coursework beyond high school. College-level credits earned at regionally accredited institutions are evaluated and accepted as credit toward graduation from Mount Mercy. However, because some majors require a minimum grade point average, coursework is evaluated according to departmental requirements. Please consult individual department information included in this Catalog.

Applications may be obtained from the Office of Admissions, Mount Mercy University, 1330 Elmhurst Drive NE, Cedar Rapids, Iowa 52402-4797, 319-368-6460 or 800-248-4504, or online at www.mtmercy.edu. Admissions files are reviewed on a rolling admission basis prior to the first day of classes. A completed admission file includes:

- Application for undergraduate admission
- Transcripts from all previous institutions of higher education attended. Updated transcripts need to be sent prior to actual enrollment if the student applies for admission while enrolled at another institution
- Official high school transcripts/equivalent (for applicants who have not earned an associate degree or higher from an accredited college or university)
- All required documents that constitute a completed admission file should be received by the Office of Admissions at least two weeks prior to the start of classes.

In accordance with an articulation agreement with Kirkwood Community College, Associate of Arts or Associate of Science graduates, who have at least a 2.00 cumulative grade point average, will be automatically accepted for admission.

Mount Mercy reviews all files on an individual basis. While specific courses are not required for admission, the transcripts will be evaluated to ensure that a strong college curriculum has been successfully completed. Strong consideration will be given to applicants who have a cumulative transfer grade point average of 2.50 (or 4.00 scale) from an accredited institution.

However, a variety of additional factors are considered (the quality and nature of the courses taken, strength of the personal statement, intended major, student motivation, personal circumstances, etc.).

Admissions Committee

The Admissions Committee will review all admission files for students who do not meet the minimum admissions standards. Students, who demonstrate strong potential and motivation for undergraduate success, may be admitted to Mount Mercy by providing additional information to the Admissions Committee for use in the evaluation process (most recent transcripts of college-level work, personal statement, letters of recommendation, personal interview, etc.). Some students may be admitted to Mount Mercy with conditions, which must be satisfied during their first year at the institution in order to remain an enrolled student at Mount Mercy. Conditions and specific recommendations will be determined on an individual basis by the Admissions Committee.

Offer and Acceptance of Admission

An offer of admission to Mount Mercy is contingent upon the student maintaining a satisfactory record and completing class requirements (official transcript to be sent upon completion of the semester). Mount Mercy reserves the right to withdraw its offer of admission when information is received that indicates the student no longer meets the minimum admission standards.

A $200 deposit will be required to confirm attendance at Mount Mercy. The deposit will be used to reserve the student’s place at course registration and will be credited toward the student’s tuition and housing account.

Residency Requirements

Mount Mercy has a two-year residency expectation. Students must live in campus housing during their first four semesters of full-time university attendance. Students may be exempt from this requirement if: living with parents; if “independent” status with regard to federal financial aid regulations; or if they turned 21 years old before July 1 of the preceding their second year. An exemption request must be filed with the institution, and approved, in order for the exemption to be made.

International Admissions

Applications for international undergraduate admission may be obtained from the Office of Admissions, Mount Mercy University, 1330 Elmhurst Drive NE, Cedar Rapids, Iowa 52402-4797, 319-368-6460 or 800-248-4504, or online at www.mtmercy.edu. Admissions files are reviewed on a rolling basis.

All required documents listed below must be on file by the following deadlines:

- Fall Semester – August 1st
- Spring Semester – January 2nd

Transfer International Admissions

For consideration as an international transfer student, a completed file must include:

- Application for undergraduate admission with a personal statement
- All official college and/or foreign university transcripts translated into English and evaluated by a foreign credit evaluation agency (college-level GPA of 2.50 or equivalent required)
- Official high school transcripts translated into English by a foreign credit evaluation agency (for applicants who have not earned an associate degree or higher from an accredited college or university)
- Official scores from standardized tests that will be considered for admissions decisions include:
  - TOEFL (550 PBT, 213 CBT, 79 IBT)
  - IELTS (6.5)
  - STEP Eiken (Grade 1)
• ACT (20)
• SAT (940)
• Certificate of Finance or letter/affidavit from the bank certifying funds are available

### International

#### International Admissions

Applications for international undergraduate admission may be obtained from the Office of Admissions, Mount Mercy University, 1330 Elmhurst Drive NE, Cedar Rapids, Iowa 52402-4797, 319-368-6460 or 800-248-4504, or online at www.mtmercy.edu. Admissions files are reviewed on a rolling basis.

All required documents listed below must be on file by the following deadlines:

- Fall Semester – August 1st
- Spring Semester – January 2nd

#### Freshman International Admissions

For consideration as an International Freshman, a completed admissions file must include:

- Application for undergraduate admission with a personal statement
- Official high school transcripts translated into English by a foreign credit evaluation agency or by an official English language translator (must have cumulative GPA of 2.75 or equivalent)
- Official scores from standardized tests that will be considered for admissions decisions include:
  - TOEFL (550 PBT, 213 CBT, 79 IBT)
  - IELTS (6.5)
  - STEP Eiken (Grade 1)
  - ACT (20)
  - SAT (940)
- Certificate of Finance or letter/affidavit from the bank certifying funds are available

#### Transfer International Admissions

For consideration as an international transfer student, a completed file must include:

- Application for undergraduate admission with a personal statement
- All official college and/or foreign university transcripts translated into English and evaluated by a foreign credit evaluation agency (college-level GPA of 2.50 or equivalent required)
- Official high school transcripts translated into English by a foreign credit evaluation agency (for applicants who have not earned an associates degree or higher from an accredited college or university)
- Official scores from standardized tests that will be considered for admissions decisions include:
  - TOEFL (550 PBT, 213 CBT, 79 IBT)
  - IELTS (6.5)
  - STEP Eiken (Grade 1)
  - ACT (20)
  - SAT (940)
- Certificate of Finance or letter/affidavit from the bank certifying funds are available

### Online

#### General Admission Requirements to Mount Mercy University Online Programs

For students with less than 12 graded semester hours of prior college coursework:

- Cumulative H.S. grade point average of 2.75 (on a 4.0 scale)
- Composite ACT score of 20 (940 SAT) with sub-scores of 17 or higher
- Class rank in the top half of their graduating class.
- Mount Mercy applicants are encouraged to complete the following high school coursework:
  - Four years of English
  - Three years of Mathematics
  - Three years of Social Studies
  - Three years of Science

For students with 12 or more graded semester hours of prior college coursework:

- GPA requirement of 2.5 on a 4.0 scale*
- Completed online application
- Official transcripts from all schools previously attended
- International transcripts must be evaluated by an independent third party transcript verification company such as World Educational Services (www.wes.org) or International Consultants of Delaware (www.icdeval.com (http://www.icdeval.com)).

*In accordance with articulation agreements, students who have earned an associate degree from Kirkwood Community College or Hawkeye Community College, and who have at least a 2.00 cumulative grade point average are allowed admission to Mount Mercy.

Any student who does not meet the above criteria will be evaluated by the Admissions Committee for closer examination. Admission conditions and/or course recommendations will be determined on an individual basis by the Committee.

#### Application Procedures for the Online Programs

You may begin the application process by visiting our web site at [online.mtmercy.edu](http://online.mtmercy.edu). Complete the online application and if you have any previous college coursework, request official transcripts to be sent to: Adult Accelerated Office, 1330 Elmhurst Drive NE, Cedar Rapids, IA 52402-4797.

Federal Regulations require that student files contain a certificate of the highest degree earned. A High School Transcript is required for applicants who have not yet obtained post-secondary associate, or higher degree.

#### Application Procedure for Readmission to Online Programs

Students who either exit from Mount Mercy, or who do not attend for one or more consecutive semesters, or who have graduated from...
Mount Mercy and wish to reenter the program; pursue a second major; pursue a second degree or add a minor, must complete a new application prior to resuming coursework at Mount Mercy. The application is available at [online.mtmercy.edu](http://online.mtmercy.edu). If any coursework has been completed at other institutions since last attending Mount Mercy, official transcripts documenting coursework must be requested by the applicant and sent directly from the institution to the Adult Accelerated Office.

**Special Student Application**

Students interested in taking just one or two accelerated courses at Mount Mercy may make an application for special student status. If the student is currently pursuing a degree at another institution, it is recommended that the student seek permission from the home college before enrolling at Mount Mercy. Student must first complete the application form available online at [online.mtmercy.edu](http://online.mtmercy.edu). If a prerequisite course is needed for the course(s), selected to be taken through Mount Mercy, an official transcript must be sent to the Adult Accelerated Office to verify successful completion of that prerequisite. Any special student that wishes to continue at Mount Mercy must complete the regular admission process for the online programs.

**Adult Accelerated**

**General Admission Requirements to Mount Mercy University Accelerated Programs**

1. Must be at least 23 years of age
2. Must have a minimum of three years full-time relevant work experience
3. Minimum cumulative grade point average of 2.50 or higher on 4.00 scale.*

Applicants not meeting the above criteria may qualify for admission upon consideration by the Mount Mercy Admission Committee.

* In accordance with articulation agreements, students who have earned an associate degree from Kirkwood Community College or Hawkeye Community College, and who have at least a 2.00 cumulative grade point average are allowed admission to Mount Mercy.

**Application Procedures for the Accelerated Programs**

You may begin the application process by visiting our web site at [www.mtmercy.edu/adult](http://www.mtmercy.edu/adult). Complete the online application and if you have any previous college coursework, request official transcripts to be sent to: Adult Accelerated Office, 1330 Elmhurst Drive NE, Cedar Rapids, IA 52402-4797.

Federal Regulations require that student files contain a certificate of the highest degree earned. A High School Transcript is required for applicants who have not yet obtained post-secondary associate, or higher degree.

**Application Procedure for Readmission to Accelerated Programs**

Students who either exit from Mount Mercy, or who do not attend for one or more consecutive semesters, or who have graduated from Mount Mercy and wish to reenter the program; pursue a second major; pursue a second degree or add a minor, must complete a new application prior to resuming coursework at Mount Mercy. The application is available at [www.mtmercy.edu/adult](http://www.mtmercy.edu/adult). If any coursework has been completed at other institutions since last attending Mount Mercy, official transcripts documenting coursework must be requested by the applicant and sent directly from the institution to the Adult Accelerated Office.

**Special Student Application**

Students interested in taking just one or two accelerated courses at Mount Mercy may make an application for special student status. If the student is currently pursuing a degree at another institution, it is recommended that the student seek permission from the home college before enrolling at Mount Mercy. Student must first complete the application form available online at [www.mtmercy.edu/adult](http://www.mtmercy.edu/adult). If a prerequisite course is needed for the course(s), selected to be taken through Mount Mercy, an official transcript must be sent to the Adult Accelerated Office to verify successful completion of that prerequisite. Any special student that wishes to continue at Mount Mercy must complete the regular admission process for the accelerated programs.

**Graduate**

**Admission as a Degree Seeking Student**

Applicants desiring admission to Mount Mercy graduate programs apply through the Graduate Admissions Office and must meet the graduate admissions criteria. Final admission decisions rest with the academic program. To be considered for admission an applicant must:

1. Hold an undergraduate degree from a regionally accredited college or university or an equivalent degree from an accredited institution outside of the United States. Documentation of degree equivalencies must be submitted by an agency authorized to do so.
2. Have a minimum cumulative grade point average of 3.00 and an undergraduate record that reflects ability to be successful in graduate studies. (Students with a GPA less than 3.00 will be considered on a case-by-case basis).
3. Provide a personal statement that demonstrates solid writing skills and motivation for graduate studies. (See application form for further instruction).
4. Submit two letters of recommendation, preferably from faculty and/or work supervisors, who can attest to an applicant’s ability to be successful in graduate studies. (See application form for further instruction).
5. Complete any requirements from the specific area of study.

**Program specific requirements are as follows:**

**Master of Arts in Education**

1. Bachelor’s degree in education.
2. A valid teaching license or be eligible for a teaching license.
3. Resume that lists past and current teaching experience.

Master of Arts in Marriage and Family Therapy
1. Personal interview with program director.
2. Resume that documents volunteer or professional experience in a human service area.

Master of Business Administration
1. At least 24 years old.
2. Three (3) years of full-time work experience. (Provide a resume to document this work experience).

Master of Science in Nursing
1. Licensure as a registered nurse. This includes a current and valid Iowa registered nurse (RN) license. NOTE: Nursing courses with a clinical component may not be taken by a person: a) Who has been denied licensure by the Board; b) Whose license is currently suspended, surrender or revoked in any U.S. jurisdiction; c) Whose license/registration is currently suspended, surrendered or revoked in another country due to disciplinary action.
2. Currently working at least part-time as a nurse (ongoing requirement for at least part-time work during program).
3. Bachelor of Science in Nursing (B.S.N.) from an accredited nursing program or other undergraduate degree from a regionally accredited college or university, or an equivalent degree from an accredited institution outside of the United States. Undergraduate record should reflect ability to be successful in graduate studies. If undergraduate degree is not a B.S.N., an associates degree in nursing, and the Mount Mercy RN-BSN courses, NU 460 and NU 461.
4. Undergraduate statistics course with a minimum grade of C (C- does not count).
5. All MSN students must meet administrative requirements to include criminal background check, health assessment, immunization status compliance, CPR, and malpractice insurance prior to starting their capstone practicum.

Note: A student may be admitted to the MSN program prior to completing the prerequisite courses (statistics or nursing courses for those RN students who do not have a BSN). However, students must complete the prerequisite courses with a C or above prior to beginning to take MSN courses.

An application is complete when the applicant submits the following required items:

1. A completed Mount Mercy application, including personal statement, and two letters of recommendation.
2. Official transcripts of all previous academic work from which undergraduate and graduate grade point averages can be computed. Transcripts should be mailed directly to the Graduate Admissions Office. Official transcripts must be submitted in a sealed envelope and display the appropriate seal and signature of the institution.

MBA Admissions
A student may be admitted to the MBA program prior to completing the prerequisite courses. Upon admission, the student will meet with his/her academic advisor who will provide the student with an advising form that indicates the prerequisite courses that need to be completed and in what order. The student may enroll in either accelerated or traditional classes to complete prerequisite course at the tuition rate for those classes. However the MBA grading polices will be in effect for all MBA and prerequisite classes taken at Mount Mercy.

MSN Admissions
A student may be admitted to the MSN program prior to completing the prerequisite courses (statistics or nursing courses for those RN students who do not have a BSN). Students will need to complete all prerequisite courses with the designated grade, prior to beginning to take MSN courses. NOTE: Prior to starting their capstone practicum, all MSN students must meet administrative requirements to include criminal background check, health assessment, immunization status compliance, CPR, and malpractice insurance.

International Students
Mount Mercy welcomes international students to its campus, recognizing that they enrich the educational experience for all students by contributing to the intellectual, social and cultural diversity of the Mount Mercy community. The following additional items are required for admission for international students. 1. Official or true certified copies of the applicant’s post-secondary academic record (transcripts, examination scores, mark sheets, etc.) evaluated by a Foreign Credential Evaluation Agency 2. Documentation of English language proficiency for all non-native speakers of English. (TOEFL, Step Eiken, IELTS or equivalent). TOEFL test scores accepted: a. 550 on the paper-based version (scores between 500-550 may be accepted upon an interview with the Program Director) or 79 on internet version (iBT) or 213 on computer-based total. b. Proof of comprehension and conversational proficiency as indicated by a 23 or higher on the TOEFL speaking sub-section and interview with the Program Director (phone interview can be substituted). Program Directors may waive the English language proficiency test scores upon interviewing a student who meets one of the following criteria: i. Undergraduate education in English ii. Worked in United States in a professional job for more than 1 year iii. Studied for at least two semesters in the United States iv. English language proficiency test scores upon interviewing a student who meets one of the following criteria: i. Undergraduate education in English ii. Worked in United States in a professional job for more than 1 year iii. Studied for at least two semesters in the United States iv. English is native language 3. Students who are applying for an F-1 visa must also provide a Certificate of Finance form or Letter with Affidavit from the Bank stating that they have sufficient funds to study in the U.S. The Certificate of Finance form can be found and downloaded from our Web site at www.mtmercy.edu/admission/international.html.

Graduate Special Student Status (or Non-degree Status)
A student with a baccalaureate degree who wishes to earn graduate credit, but not a graduate degree, may be accepted for admission to study as a graduate student with special status. Up to 9 semester hours earned as a graduate student with special status with a grade of “B” or above may be applied to a graduate degree at Mount Mercy upon admission to the program and with the approval of both the Dean of Graduate Studies and the Program Director. Special student status students are not eligible for financial aid.
Transfer Policies
Upon admission to the program, students may transfer in graduate courses with the approval of the Program Director. The maximum number of transferable credit hours is 9. Credit allowance for graduate courses is considered on an individual basis; however, students must have earned a “B” or higher for the course to be considered. Course syllabi, college catalog, and a sample of previous course work may be requested for consideration of a class. While enrolled at Mount Mercy, students should not enroll for academic credit at other institutions without the permission of the Associate Provost. Approval, via a petition, must be granted prior to a course being taken at another institution and will only be granted for extenuating circumstances.

Readmission
When a student withdraws or is terminated from any of the graduate programs at Mount Mercy, a recommendation will be made by the Program Director at the time of withdrawal or termination about whether the student will be eligible for readmission. Documentation of this recommendation will be maintained. The student who has withdrawn or has been terminated from any graduate program and wishes to be readmitted will be considered for readmission by the Program Director according to the following criteria: the recommendation made by the Program Director at the time of the student’s withdrawal or termination; evidence the student has improved in all needed areas. Students who wish to be readmitted to a graduate program must complete the application process. Policy on Undergraduate students taking graduate classes Mount Mercy seniors who meet the following criteria may take graduate courses for credit. Students must have: 1. Senior status 2. Be eligible for admission to graduate study, or secure permission from the Program Director 3. Limit their load to a maximum of 15 credits for the semester, including undergraduate and graduate credits 4. Secure the approval of the department in which they wish to earn graduate credit Undergraduate students permitted may earn a maximum of 12 graduate credits. Graduate credits earned under this policy may be applied to a graduate program only with the approval of the appropriate Program Director. Students are not permitted to pursue a graduate and undergraduate degree concurrently.

Delayed Admissions
Students have one year from date of acceptance to begin classes. Students who do not enroll for classes within the year deadline must reapply for admission.

College Expenses

Students will receive eBills monthly while they are attending Mount Mercy. It is the student’s responsibility to check their eBill online each month. Full tuition, room and board fees must be paid in full by August 15th and Spring tuition, room and board fees by January 15th, unless the student enrolls in the Mercy Payment Plan. If the student is not enrolled in the Mercy Payment Plan and their tuition, room and board is not paid in full, all future course registrations and financial aid will be cancelled. If additional financial aid is received after the full payment has been made, the student may request a refund of the credit balance of his/her account. Payments may be made by cash, check, debit or credit card (Visa, MasterCard or Discover).

Other charges, for example bookstore purchases and additional food charges, are payable in full by the due date indicated on the monthly statement (i.e. they are not eligible for the Mercy Payment Plan). If payments are not received by the due date, a late fee will be added to the student’s account. Late fees can only be waived due to University responsibility causing a delay in payment or the failure to act by a student because of sudden disabling illness or accident.

Because of rapidly changing economic conditions, it may become necessary to alter tuition and fee structure before the next edition of this Catalog is published.

Tuition, Room and Board and Other Fees 2013-14

Full-time students

A student is considered full-time if she or he is registered for 12 or more hours per semester. Enrollment in more than 16 credit hours will result in additional tuition being charged at a rate equivalent to the part-time tuition rate per hour.

| Block 05 | 2/10/2014  | 3/15/2014  | 2/7/2014   | 2/7/2014   | 4/18/2013 (Good Friday) |

</table>

* Blue Meal Plan (avg. 2 meals per day) and Double Occupancy Room.

Winter Term Tuition

Winter term tuition for three credit hours is included in the full-time tuition rate for students who are enrolled full-time in both fall and spring
Part-time Students
A student is considered part-time if he or she is enrolled in less than 12 hours per semester. Tuition for part-time students is assessed based upon the number of hours for which a student is registered.

<table>
<thead>
<tr>
<th>Type</th>

</tbody>
</table>

Graduate Program Students
Tuition for students in the MBA, MFT, or MSN Programs is due the first night of class. If you are reimbursed by your employer, and you have a completed Deferred Payment Plan Enrollment Form on file in the Student Financial Services Office, tuition is due 45 days from the end of each block. Tuition for students in the MA in Education Program is due August 15 for the Fall Semester and January 15 for the Spring Semester. Students in the MA in Education Program may enroll in the Mercy Payment Plan. Please refer to the Graduate Programs section of this Catalog for a description of these programs.

<table>

</table>

Room and Board Options
Academic Year:
Students have a number of options regarding both room and board. Please note that the charges below are adjustments to the room and board charges previously detailed.

Residence Halls:

<table>
<thead>
<tr>
<th>Room Type</th>
<th>Amount per semester</th>
</tr>
</thead>
<tbody>
<tr>
<td>Double or Triple Room, Regina and McAuley</td>
<td>$1,936.50</td>
</tr>
<tr>

<td>$2,756.50</td>
</tr>
<tr>
<td>Double, Andreas House and Lower Campus*</td>
<td>$2,396.00</td>
</tr>
<tr>
<td>Single-in-double, Andreas House and Lower Campus</td>
<td>$3,906.00</td>
</tr>
</tbody>
</table>

*Students who have lived in campus housing for 4 consecutive semesters will receive the following discounted rates:

<table>
<thead>
<tr>
<th>Room Type</th>
<th>Amount per semester</th>
</tr>
</thead>
<tbody>
<tr>
<td>Double, Andreas House and Lower Campus</td>
<td>$1,936.00</td>
</tr>
<tr>
<td>Single-in-double, Andreas House and Lower Campus</td>
<td>$2,986.00</td>
</tr>
</tbody>
</table>

Board Plans:

<table>
<thead>
<tr>
<th>Board type</th>
<th>Amount per semester</th>
</tr>
</thead>
<tbody>
<tr>
<td>Blue Plan - an average of 14 meals per week</td>
<td>$2,101.00</td>
</tr>
<tr>
<td>Gold Plan - an average of 19 meals per week</td>
<td>$2,241.00</td>
</tr>
<tr>
<td>Mustang Plan - an average of 7 meals per week</td>
<td>$1,711.00</td>
</tr>
</tbody>
</table>

Other Board Options

Summer Housing: Current Mount Mercy students (were enrolled spring semester) who are enrolled in summer courses or have pre-enrolled for fall semester classes may choose to live on campus in
either Andreas or Lower Campus. There is no board plan for the summer. Summer housing rates:

<table>
<thead>
<tr>
<th>Room Type</th>
<th>Amount per semester</th>
</tr>
</thead>
<tbody>
<tr>
<td>Double, Andreas House and Lower Campus</td>
<td>$1,277.00</td>
</tr>
<tr>
<td>Single-in-double, Andreas House and Lower Campus</td>
<td>$1,547.00</td>
</tr>
</tbody>
</table>

If the student ceases enrollment during the summer, he or she will be asked to move out of campus housing. Students new to Mount Mercy must be enrolled in summer courses in order to choose summer housing on campus.

12-month Housing: Students may sign a 12-month housing contract. A student who elects this option is not required to be enrolled in summer courses, however, the student must have been enrolled in spring semester courses and be pre-enrolled for fall semester classes. The 12-month contract begins in May and is in effect until the end of the following spring semester in May. Students who choose this option will be able to live in their current housing until their preferred room is available. 12-month contracts receive a 5% discount on total room rates for summer and academic year, based on room type selected.

Please contact Residence Life for more information on either of these options.

Special Fees
*(All fees are non-refundable except where noted)*

Mercy payment plan

The Mercy Payment Plan allows each semester’s tuition, room and board to be paid in 4 equal installments due on the 15th of August, September, October and November for fall semester and the 15th of January, February, March and April for spring semester. The Mercy Payment Plan can only be used for the payment of tuition, room and board. All other charges, for example bookstore purchases and additional food charges, are payable in full by the due date indicated on the monthly statement. Students who have not paid their account in full by September 15 for the Fall semester or by January 15 for the Spring semester will automatically be enrolled in the Mercy Payment Plan. There is an enrollment charge of $50/semester to participate in this plan.

All enrolled students are eligible for the Mercy Payment Plan unless:

1. The student is enrolled in the Accelerated, MBA, MFT or MSN Program.
2. The student is reimbursed by their employer.
3. The student account is considered delinquent (see below).
4. A student at anytime has declared bankruptcy in which a Mount Mercy account has been written off.

Delinquent accounts

All students, except those receiving employer reimbursement, are required to have their entire account paid in full by the end of the term (November 15th for fall semester, April 15th for spring semester, and by the end of the term for all other sessions). Any balance remaining after the above dates will be considered delinquent.

Students who are reimbursed by their employers are required to have their entire account paid in full within 45 days from the end of class or their account will be considered delinquent.

Students with delinquent accounts may be subject to the following actions until the balance is paid in full:

1. All current and future registrations will be cancelled.
2. All financial aid for future terms will be cancelled.
3. All student account privileges will be revoked.
4. Student will no longer be able to reside in student housing.
5. Student will not be able to obtain official transcripts.
6. Reimbursed students will be required to have their account paid in full before class starts.
7. Interest of 18% per annum will be assessed on the unpaid balance.
8. Delinquency may be reported to a credit bureau.
9. Account may be referred to a collection agency for the full amount due plus all collection costs and legal fees.

Graduation Policy
No diplomas will be issued and no official transcripts will be released until all financial obligations to Mount Mercy have been paid in full. Graduating seniors who have an outstanding balance will not be allowed to participate in the commencement ceremonies.

Refunds
Tuition and Fees
Fall and Spring Semesters
A student’s final bill will be determined on the last day to add classes for each semester. This is generally 7 days after the beginning of the semester and is referred to as the final bill date. Before the final bill date students may adjust their class schedules without incurring add/drop fees. Students who drop classes after the final bill date will not be eligible to receive a refund of any of the tuition charged for that class unless they withdraw from Mount Mercy.

Students who withdraw from Mount Mercy after the final bill date may be eligible to receive a refund of a portion of the tuition charged for the semester. The tuition refund schedule follows the federal financial aid guidelines. Please contact the Student Financial Services Office for more information regarding tuition refund amounts.

Winter Term and Summer Sessions
A student’s final bill will be determined on the last day to add classes for each term which is generally one to two days after the beginning of the term (final bill date). Students may adjust their class schedules without incurring add/drop fees before the final bill date.

Students who drop classes after the final bill date will not be eligible to receive a refund of any of the tuition charged for that class unless they withdraw from Mount Mercy.

Room and Board
The room and board terms and conditions are stated in the contract signed by the student. During the semester there may be a proportional refund of room and board charges if the student officially withdraws from Mount Mercy or moves off campus with the approval of the Director of Residence Life. There is a $500 contract cancellation fee that will be imposed on any student who doesn’t fulfill the room and board contract.

Student Fee
A student fee will be assessed to all student accounts at the start of the Fall and Spring Semesters. This fee is based on a student’s enrollment status on the last day to add classes for each semester. This is generally 7 days after the beginning of the semester. If a student’s enrollment status changes after the last day to add classes for the semester, the student fee will not be refunded.

Transcripts
Official transcripts will not be released until student account charges (tuition, room & board, and miscellaneous charges) have been paid in full.

Financial Aid
Financial Aid Awards
It is the goal of the Student Financial Services Office to make it financially possible for all qualified students to attend Mount Mercy. The financial aid programs at Mount Mercy are administered in conjunction with the policy that the family is the primary and responsible resource for helping students meet their educational costs. The financial aid programs are available to assist in meeting the difference between potential resources and college expenses.

Financial Aid Award Notification
The amount of the financial aid award (federal, state and institutional grants, scholarships and loans) depends on the student’s enrollment status. The amount will vary depending on full-time (12-16 credit hours); three-quarter time (9-11 hours); half-time (6-8 credit hours); or less than half-time status (1-5 credit hours). Within an academic year, students must complete at least 50% of their coursework in their chosen program.

If there are any questions about the amount of aid to which the student is entitled, please contact the Student Financial Services Office for a review of the student's awards. The student should retain the award letter for his/her records and to use as a reference whenever there are questions about the financial aid package.

Incoming Students
Mount Mercy’s financial aid award letter will serve as official notification of the student’s financial aid eligibility. The award letter, while not a commitment of funds, is an initial indication of state, federal, institutional, and outside agency funds available. The award letter will include the amounts of federal, state and institutional aid for which the student is awarded, and the award period.

The award letter is extremely important. A student’s aid will not be applied to his/her billing account until the student has accepted the award. If the student wishes to accept this offer, sign on the appropriate lines within the Student’s Statement of Acceptance and return to the Student Financial Services Office no later than 20 days from the receipt of the letter. Any portion of the award may be declined by drawing a line through the item and initialing it to confirm that decision. A student may reduce an item by drawing a line through it and initialing it to confirm that the student is awarded, and the award period.

The award letter is extremely important. A student’s aid will not be applied to his/her billing account until the student has accepted the award. If the student wishes to accept this offer, sign on the appropriate lines within the Student’s Statement of Acceptance and return to the Student Financial Services Office no later than 20 days from the receipt of the letter. Any portion of the award may be declined by drawing a line through the item and initialing it to confirm that decision. A student may reduce an item by drawing a line through it, writing in the reduced amount, and initialing. Also, the student needs to sign the accept line to confirm that he/she wishes to receive the rest of the award. Awards that are declined will not be replaced with other sources. If the financial aid award letter is not returned to the Student Financial Services Office by the first day of class, the student’s financial aid may be cancelled and the student will be responsible for paying all tuition, room and board charges. If a student’s account becomes delinquent prior to the first day of class, his/her course registration will be cancelled.
Academic and Student Resources

Accepting the awards by the due date reserves funding in the student’s name. Mount Mercy does not guarantee that funds will be available to the student beyond the due date. Mount Mercy supports the National Candidate Reply Date, which allows admitted students to choose, without penalty, among offers of admission and financial aid until May 1st.

The financial aid award letter is designed to give the student a complete summary of his/her financial assistance. Scholarships and grants listed on the award letter may be contingent on the maintenance of a specific grade point or other academic or performance benchmarks. Please be aware that the award letter may be revised if the student does not achieve specific scholarship or grant criteria.

Continuing Students

Mount Mercy’s financial aid award letter for continuing students will serve as official notification of the student’s financial aid eligibility. The award letter, while not a commitment of funds, is an initial indication of state, federal, institutional and outside agency funds available. The award letter will include the amounts of federal, state and institutional aid for which the student is awarded, and the award period.

There is no need for a continuing student to sign an award letter. If the student wishes to decline any of the awards, they should draw a line through the award, initial it and return the award letter to the Student Financial Services Office. Awards that are declined will not be replaced with other sources of aid. A student may reduce an item by drawing a line through the item, writing in the reduced amount, initialing it and returning the award letter to the Student Financial Services Office.

The financial aid award letter is designed to give the student a complete summary of his/her financial assistance. Scholarships and grants listed on the award letter may be contingent on the student maintaining a specific grade point average or performance benchmarks. Please be aware that the award letter may be revised if the student does not achieve specific scholarship and grant criteria.

Enrollment Changes

Changes in enrollment status can affect the financial aid award. Please contact the Student Financial Services Office prior to increasing or reducing a course load. It is the student’s responsibility to notify the Student Financial Services Office of any changes. Notification prior to the beginning of the term will facilitate proper disbursement of financial aid. For example, the academic award is based on whether the student’s enrollment status is half-time (6-8.5 hrs.), three-quarter time (9-11.5 hrs.) or full-time (12 hrs. or more). Awards are prorated reduced to 25% for half-time and 33% for three-quarter time of the full-time amount. For example, if an academic award for full-time is $8,000, the award will be $2,000 if the student changes to half-time, or $2,640 if the student changes to three-quarter time.

Students who are enrolled in the accelerated program (block program) should speak with a Financial Aid Counselor prior to dropping any courses. Per federal regulations for this program, we are required to revise Pell grant any time a student adds or drops a course throughout the semester, regardless if the student attended the course or not. For example, if a student is enrolled in 9 credit hours for the semester and they are eligible for $1500 in Pell grant funds, then drops to 6 credit hours, the Student Financial Services Center will be required to reduce the Pell grant to $1000. This may result in a balance being owed to Mount Mercy.

Funding

A student’s financial aid award is based on projected funding from institutional, state and federal sources and is therefore subject to change. Employer reimbursement must be taken into account when determining your eligibility for these funds.

Pell Grant

The amount shown on an award is an estimate of the grant a student will receive. This amount can change as a result of any federal regulation.

Iowa Tuition Grant

In the event that available state funds are insufficient to pay the full amount of each approved grant, the Iowa College Student Aid Commission has the authority to administratively reduce the award.

TEACH Grant

The amount shown on an award is an estimate of the grant a student will receive. This amount can change as a result of any federal regulation or failure to maintain a cumulative GPA of 3.25 or higher.

Employer Reimbursement

It is the student’s responsibility to notify the Student Financial Services Office if they will be receiving employer reimbursement. Per Federal regulations, this must be used in calculating other eligibility.

Verification

Federal regulations require that designated applicants for financial aid must complete a verification process. Students may be selected for this process by the U.S. Department of Education or by Mount Mercy. If a student is selected for the verification process, the student is required to provide the Student Financial Services Office with supporting documents (i.e. copies of the student’s and their parent’s, if applicable, federal tax transcripts, W-2’s, verification worksheet, proof of child support paid, proof of receipt of food stamps, etc.) that confirm the information reported on the Free Application for Federal Student Aid (FAFSA). It is important to provide Mount Mercy with any requested materials as soon as possible. A student’s financial aid package is not final until all requested materials have been submitted to the Student Financial Services Office. The Student Financial Services Office will verify the information reported and make any necessary corrections. The student will receive a new student aid report if corrections are made. The financial aid award is subject to change if verification procedures result in a different calculation of need. If the student is selected for verification, financial aid will not be posted to their billing account until the process has been completed.

Types of Financial Aid

Financial aid consists of two types of assistance: gift aid and self-help aid. Gift aid is in the form of scholarships, grants and awards that do not need to be repaid. The sources of gift aid are Mount Mercy, the federal government, the State of Iowa and private donors. Self-help aid refers to student employment and loans. A student assisted by employment must work a specific number of hours in order to receive the aid. Loans will need to be repaid. The following is a description of various programs that are available.
Deadlines for Institutional Assistance

In order to be eligible for institutional aid from Mount Mercy, the Student Financial Services Office must receive all necessary documents for processing aid by October 1st for the Fall Semester and March 1st for the Spring Semester. This policy applies to incoming students as well as continuing students.

Institutional Assistance

Mount Mercy institutional financial aid is available for only the fall and spring semesters. If a student receives 100% tuition reimbursement they are not eligible for institutional funds. (Please see pg. 25 for renewal criteria).

Sister Mary Ildephonse Holland Scholarship

The Holland Scholarship is a competitive four-year, full-tuition scholarship for entering freshmen. Requirements include: 26 ACT or above; 3.50 or greater high school GPA; evidence of active extracurricular participation; admission process must be completed by December 31st of the preceding year; FAFSA filed by July 1st; and participation at Mount Mercy Scholarship Day. On campus residency is also required of Holland Scholarships. The scholarship applies only to the fall and spring semesters. Overloads and summer school are not covered by the scholarship.

Academic Scholarships, Grants, and Awards*

Academic scholarships and awards are awarded to accepted students on the basis of their previous academic performance and potential for achievement at Mount Mercy. These awards include the Presidential Scholarship, Distinguished Honor Scholarship, Honor Scholarship, and Collegiate Award.

A student who is currently enrolled in his/her first semester of college after graduation from high school or who has completed only one semester of college after graduation from high school will be awarded academic scholarships based upon his/her high school GPA and ACT.

A student must be enrolled for at least 6 semester hours to be eligible for an academic scholarship or grant.

Academic scholarships and awards are available for only fall and spring semester. A separate application is not required.

Scholarships and awards are generally available for four full-time academic years as long as the renewal criteria are met.

* A student’s Academic scholarship or award may be funded, in whole or part, by Mount Mercy’s endowed and annual funds. These funds are a result of the generous contributions made to the institution by both individuals and corporations. To encourage the continued support of these donors and to obtain funding for future students, some students may be asked to write a thank you to those that have helped fund the student’s academic award.

Art and Design Scholarships

Art and Design scholarships are open to new, first-year students entering the University from high school. The scholarship is based on the students’ potential skills and interest in the visual arts which are evidenced by performance in high school courses. Students must provide a portfolio of 10-12 artworks (any medium) plus any sketchbooks and complete an interview session to review these. Digital images of artworks may substitute for actual artworks. An application must be submitted along with a personal statement that speaks to creative interests and experiences, and contact information for a reference (teacher, coach or instructor who is familiar with the student’s work).

Creative Writing Scholarships

Creative Writing scholarships are open to new, first-year students entering the University from high school. An application must be submitted along with a personal statement that speaks to creative interests and experiences and contact information for a reference (teacher, coach or instructor who is familiar with the students work). A demonstration of skill and achievement is also required. This includes submitting three to 10 pages of sample work. This submission may include more than one piece, and the samples may be from different categories of writing (fiction, editorials, poetry, features, essays about literature, etc).

Institutional Music Scholarships

Instrumental Music Scholarships are open to new, first-year students entering the University from high school. The scholarship is based on the students’ potential skills and interest. An application must be submitted along with a personal statement that speaks to creative interests and experiences, and contact information for a reference (teacher, coach or instructor who is familiar with the students work). A demonstration of skill and achievement is also required. This includes an in-person audition or recording of your performance.

Vocal Music Scholarships

Vocal Music Scholarships are open to new, first-year students entering the University from high school. The scholarship is based on students’ potential skills and interest. An application must be submitted along with a personal statement that speaks to creative interests and experiences, and contact information for a reference (teacher, coach or instructor who is familiar with the students work). A demonstration of skill and achievement is also required. This includes an in-person audition or recording of your performance.

Social Work Scholarships

Social Work scholarships are awarded to entering full or part-time students intending to complete a major in Social Work. Selection of recipients is based on academic ability, demonstrated interest in issues relevant to social work, and involvement in social services. A major purpose for the scholarship is to support students from groups that have been underrepresented in the department, including those experiences and perspectives that can add diversity to the classroom experience. Scholarship application deadline is February 1st. However, scholarships will be awarded until funding is exhausted.

Theatre Arts Scholarships

Theatre Arts Scholarships are open to new, first-year students entering the University from high school. The scholarship is based on the students’ potential skills and interests. An application must be submitted along with a personal statement that speaks to creative interests and experiences, and contact information for a reference (teacher, coach or instructor who is familiar with the students work). A demonstration of skill and achievement is also required. This includes
Honors Program Scholarships

Honors Program Scholarships are available to students entering from high school (new freshmen) who are enrolled full-time. Students eligible for the Honors Program are generally from the upper quartile of their high school class, have ACT scores of 26 or above, and have high school GPA's of 3.60 or above. To participate in the program students are expected to complete honors-designated coursework.

Phi Theta Kappa and Kappa Beta Delta Transfer Scholarships

A limited number of scholarships are awarded to incoming community college students who are members of Phi Theta Kappa or Kappa Beta Delta national honor fraternities. Applicants must be seeking full-time enrollment at Mount Mercy, be transferring at least 45 credit hours, and have a cumulative grade point average of 3.25 or higher. To be considered for this scholarship, the student must submit a Mount Mercy Application for the Phi Theta Kappa or Kappa Beta Delta Transfer Scholarship.

Athletic Scholarships

Athletic Scholarships are awarded each year to entering, full-time students who are academically eligible to compete in NAIA athletic events, based on the student’s current and potential ability. Coaches of each sport will work with the Athletic Director and Student Financial Services Office to award the scholarships. Students will keep their scholarships for the length of their stay at Mount Mercy as long as they remain a member of their respective team and are in good standing. If a student chooses to leave the team or is removed from the team for disciplinary or academic reasons (as determined by NAIA by-laws) his or her athletic scholarship will be withdrawn immediately. The scholarship will be prorated at the time of dismissal. A student will have the right to appeal the decision to withdraw the Athletic Scholarship by a committee composed of the Director of Athletics, Vice President for Enrollment and Student Life, and the Faculty Athletics Representative.

Catholic Education Grant

The Catholic Education Grant is available to students entering from high school (new freshmen) who have graduated from a Catholic High School.

Archdiocese of Dubuque Parish Award

The Archdiocese of Dubuque Parish Award is available to incoming freshman or transfer students. The recipients must be nominated by their Parish priest. A student must be enrolled full time to receive this award.

Sibling and Legacy Scholarships

The Sibling and Legacy Scholarships are available to entering full-time students completing their first baccalaureate degree. The student must have a sibling who is currently attending or is an alum, or have a parent or grandparent who is an alum. Online application is required.

Out-of-State Grant

Out-of-State Grants are available for students whose state of legal residency is not the state of Iowa. In order to be eligible, you must file the FAFSA by July 1st and demonstrate specific financial need.

Students are required to live on campus to receive the full amount of the grant and maintain full time status. Students living off-campus may receive a reduced amount and are also required to maintain full time status.

Outstanding International Student Award

The International Grant is awarded to international students not eligible for federal financial aid.

One-Course Grant

Students enrolled for one course (3-5 hours) are eligible for a special $300 grant. This grant is available only during fall and spring semesters. Students must complete the course with a grade of C or better (C- does not count), maintain a cumulative grade point average of 2.30, and apply for fall grants by December 30th and spring grants by May 31st. Those individuals receiving employer reimbursement or other financial aid are not eligible. A letter from your employer stating you are not reimbursed must be submitted to the Student Financial Services Office with the application.

Campus Employment

Employment is available to students not eligible for federal work-study. The procedural guidelines for campus employment are the same as for the federal work-study program.

AmeriCorps Matching Scholarship

To be eligible for the AmeriCorps Matching Scholarship a student must have completed one year of service after July 1, 2008. Supporting documentation of service may be required. The maximum award is $1200 per academic year.

McElroy Loan

The McElroy loan is designed to assist students who do not qualify for loans that are based on financial need. The amount a student can borrow is based on the amount of funds available. A typical award is $1,500. The interest rate on new loans is currently at 4.9%.

Interest and principal are deferred while the student is in school, and the borrower must begin making payment no later than three (3) months after ceasing to be enrolled at least six (6) semester hours. This loan does require that a parent or legal guardian serve as a co-signer.

Federal Programs

To receive aid from the major federal student aid programs, a student must:

1. Be enrolled as a regular student in an eligible program. A regular student is someone who is enrolled for the purpose of obtaining a degree.
2. Have a high school diploma or its recognized equivalent or pass a U.S. Department of Education-approved test. Home-school students are also eligible under certain circumstances.
3. Be making satisfactory academic progress as defined later in this section (pg. 23).
4. Be a U.S. citizen or eligible non-citizen.
5. Certify that he/she is not in default on any Federal Student Aid (FSA) loan or owe an overpayment on any FSA grant or loan.
6. Provide a correct Social Security number.
7. Register with Selective Service, if required.
8. File the Free Application for Federal Student Aid (FAFSA). The result yielded from this form is an Expected Family Contribution (EFC).
9. Provide federal tax returns, W-2’s verification worksheets, and any other information if requested.
10. Attend class on a regular basis.

All federally funded programs are subject to change as a result of legislative action.

**Federal Pell Grant**

This grant is available to undergraduate students who meet certain financial need qualifications and meet the other FSA requirements as stated above. Application is made by filing a FAFSA. The final amount a student receives is determined by the number of credit hours that he/she is enrolled in at the end of the refund period and the Expected Family Contribution (EFC). No repayment is required unless the student changes credit hours or withdraws from school. The maximum grant is determined by federal legislation.

**Federal TEACH Grant**

To be eligible for the Federal TEACH Grant a student must be a U.S. citizen enrolled in a qualified teacher education program. Students must also sign an Agreement to Serve (ATS) that obligates them to teach for 4 years within 8 years of completing or ceasing enrollment in a TEACH grant eligible program. A student must teach in a low income elementary or secondary school in a high need field. A cumulative GPA of 3.25 must be maintained.

**Federal Supplemental Education Opportunity Grant (FSEOG)**

A Federal Supplemental Educational Opportunity Grant (FSEOG) is awarded to undergraduates with exceptional financial need, that is, students with the lowest Expected Family Contributions. There is no guarantee every eligible student will be able to receive a FSEOG. Awards are based on the availability of funds at Mount Mercy.

**Federal College Work-Study (FWS)**

The Federal Work-Study program is based on need. Application is made by filing the FAFSA. The student’s eligibility depends upon the need for employment to defray educational expenses, with preference given to those with the highest financial need. Many students are offered employment as part of their financial aid award. The student is expected to work during those hours agreed upon with the supervisor and cannot work while they are scheduled for class. Every effort will be made to place the student in a job related to her/his field of interest and/or past experience. However, there is no guarantee of employment or the amount the student will earn. A student can only earn up to the amount awarded. The funds are only disbursed when the student works the required hours.

**Federal Perkins Loans**

These loans are available to students who show exceptional financial need. Application is made to Mount Mercy by filing the FAFSA. The amount of a student’s Federal Perkins Loan will depend upon the student’s financial need and the available funds. A student may not borrow more than a total of $5,500 per year with a maximum of $27,500 as an undergraduate. The borrower must begin payment no later than nine (9) months after ceasing to be enrolled at least six (6) credit hours. The interest rate is 5%. No interest accrues until nine (9) months after the student discontinues taking at least six (6) credit hours. The institution may require a repayment of no less than $40 per month. Deferments are available if the student continues to be enrolled on at least a half-time basis, demonstrate economic hardship or are unemployed. When the student enters repayment status on his/her Federal Perkins Loan, certain cancellation provisions are available. The standard repayment period is ten (10) years. Further details regarding repayment obligations can be found on the Perkins Loan promissory note.

**William D. Ford Federal Direct Loan Program**

The Direct Loan Program helps students meet their education costs. The Direct Loan Program offers both Federal Direct Subsidized and Unsubsidized Stafford Loans.

A subsidized loan is awarded on the basis of financial need. If the student qualifies for a subsidized loan, the federal government pays interest on the loan (“subsidizes” the loan) until the student begins repayment and during authorized periods of deferment thereafter.

An unsubsidized loan is not awarded on the basis of need. If the student qualifies for an unsubsidized loan, the student will be charged interest from the time the loan is disbursed until it is paid in full. The student can choose to pay the interest or allow it to accumulate. If the student allows the interest to accumulate, it will be capitalized. This means the interest will be added to the principal amount of the loan and will increase the amount repaid. If the student pays the interest as it accumulates, the student will repay less during the loan repayment period.

The student can receive a subsidized and an unsubsidized loan for the same enrollment period.

If the student is a regular (degree-seeking) student enrolled in an eligible program of study at least half-time, the student may receive a Direct Loan. The student also must meet other general FSA eligibility requirements as noted previously.

The current interest rate is fixed at 3.4% for undergraduate subsidized loans and 6.8% for undergraduate and graduate level unsubsidized loans.

The loans have an origination fee of 1.051%.

A dependent student can borrow on a subsidized loan up to: $3,500 if the student is a first-year student; $4,500 if the student has completed 30 semester hours; $5,500 a year if the student has completed 60 semester hours and the remainder of the program is at least a full academic year. Students may also borrow up to $2,000 per academic year on an unsubsidized loan. Graduate level students may borrow up to $20,500 on an unsubsidized loan per academic year. However, students are encouraged not to take a loan for an amount larger than necessary.

If the student is an independent undergraduate student or a dependent student whose parents are unable to qualify for a PLUS loan, the student can borrow an additional amount in unsubsidized loan: $4,000 a year if the student has earned less than 60 semester hours; $5,000
a year if the student has earned at least 60 semester hours. This is in
addition to the original $2,000 awarded.

The total debt the student can have outstanding from all Direct Loans
is: $31,000 for a dependent undergraduate student (no more than
$23,000 of this amount may be in subsidized loans); $57,500 as an
independent undergraduate student (no more than $23,000 of this
amount may be in subsidized loans); $138,500 as a Professional or
Graduate student (no more than $65,000 of this amount may be in
subsidized loans).

The student must complete the required Master Promissory Note and
entrance interview session online. Instructions for these procedures
will be sent from the Student Financial Services Office. The loan
proceeds will be applied to the student accounts in two or three
disbursements – one each semester. The loan proceeds will first be
applied to any outstanding balance on your student account. Any
excess funds can be obtained by requesting a check through the
Student Financial Services Office.

**Federal Direct PLUS Loans**

For parent or graduate student borrowers, the Direct Loan Program
offers the Federal Direct PLUS loan (Direct PLUS Loan). This enables
a parent or graduate student with good credit history to borrow to pay
for educational expenses. For a parent borrower, a PLUS loan can
be used for each child show is a dependent undergraduate student
enrolled at least half-time. A graduate student must be enrolled at least
half-time.

To be eligible to receive a Direct PLUS loan, the student’s parent or
graduate student borrower will be required to pass a credit check. If the
credit check is not passed, the borrower might still be able to receive
a loan if someone (such as a relative or friend who is able to pass the
credit check) agrees to co-sign the loan, promising to repay it if the
borrower should fail to do so. The student and/or parent must also
meet other general federal student aid eligibility requirements.

The yearly limit on a PLUS loan is equal to the student’s cost of
attendance less any other financial aid for which the student is eligible.
For example, if the student’s cost of attendance is $18,000 and the
student is eligible for $15,000 in other financial aid, the student’s
parent or graduate student borrower could borrow up to, but no more
than $3,000.

The current interest rate is 7.9% and subject to change.

The PLUS loan has a fee of 4.204% which will be subtracted from the
loan proceeds.

Repayment begins within 60 days after the loan is fully disbursed,
unless a deferment condition applies. More information on the loan
can be obtained by contacting the Student Financial Services Center.

**State Assistance**

To be eligible for state financial aid programs, a student must be: a
resident of Iowa (as defined by the State Board of Regents) and a
United States citizen; or residing in the United States on a permanent
visa; or a refugee (as defined by the U.S. Citizenship and Immigration
Services); and currently enrolled or planning to enroll at least part-time
(3 hours minimum) in an undergraduate degree program.

**Iowa Tuition Grants**

The Iowa Tuition Grant is based on financial need with priority given to
the neediest applicants. The maximum award is set annually by the
State Legislature. The grant is available for up to four years of full-time
undergraduate study and may be adjusted for less than full-time study.
The maximum grant award is contingent on available state funds and is
subject to modest across-the-board reductions. To be considered for
an Iowa Tuition Grant, the Department of Education processor must
receive the student’s FAFSA form no later than July 1st.

**Iowa Grants**

The Iowa Grant is based on financial need with priority given to the
neediest applicants. The maximum grant is $1,000 per year for up to
four years of full-time undergraduate study and may be adjusted for
less than full-time study. The number of grants awarded each year is
based on the availability of funds from the State of Iowa.

**Additional Financial Aid Programs**

**Special Programs**

The Division of Vocational Rehabilitation of the Iowa Department of
Public Instruction or a similar division in other states make assistance
available to physically and mentally challenged students who are
residents of the state. More information is available from the Iowa
Vocational Rehabilitation Services, 510 East 12th St., Des Moines, IA
50309, or the student’s home state office.

Veterans or dependents of veterans planning to enroll should contact
their Regional VA office and the Registrar’s Office at Mount Mercy to
ensure proper certification of status and benefits.

**Outside Scholarships**

An outside scholarship is one awarded by an independent grant
source such as a civic organization or a foundation. This scholarship is
considered a part of the student’s financial assistance award and must
be reported to the Student Financial Services Office.

Scholarships and grants administered and regulated by the State
of Iowa and the federal government are not considered outside
scholarships.

If the student’s financial aid is based on financial need and contains
federal and/or state funds, the financial aid award cannot exceed the
student’s financial need from any source. If a student’s financial need
has not been met in full, the outside scholarship will be added to a
student’s financial aid award. If the student’s need has been met in
full, reductions will be made in the Federal Direct Subsidized loan.
If the financial aid award does not contain a Federal Direct Subsidized
loan, but does contain federal or state funds, and the need has been
met in full, the federal or state funds will be reduced by the value of the
outside scholarship. This is mandatory in order that the institution not
exceed the student’s financial need and stay in compliance with state
and federal regulations.

A student receiving Mount Mercy scholarships or grant aid will receive
the outside scholarship in addition to any financial aid offered by the
institution, providing the total financial assistance award does not
exceed the cost of attendance at Mount Mercy for the academic year
awarded.
It is the responsibility of the student receiving the outside scholarship or the donor of the scholarship to notify the Student Financial Services Office of all the details pertaining to the scholarship. At that time, the appropriate adjustments will be made in the student’s financial aid award. No student may receive financial aid in excess of the budgeted cost of attending Mount Mercy.

Private Loans
Privately-funded loans from various agencies are available to students who require additional financial aid in order to fund their education. For further information about these loans, please contact the Mount Mercy Student Financial Services Office.

Summer Financial Aid
Summer financial aid eligibility is based on the preceding academic year’s FAFSA and aid already awarded during that academic year. Students seeking financial aid through the Federal Direct Stafford and/or Federal Direct Plus Loan programs must be enrolled in at least six credit hours, while students may be eligible for Federal Pell Grants with only three credit hours of enrollment. Mount Mercy does not award institutional or state financial aid for the summer term. However, summer campus employment opportunities are available.

Student Accounts
Student accounts are maintained by the Student Financial Services Office. Tuition, room and board are charged to your student account each semester. Students are also able to charge books and meals.

Applying Financial Aid to a Student’s Account
Upon completion of a student’s financial aid file, institutional, federal and state scholarships and grants are credited directly to the student’s account in two equal installments – once each semester. This happens approximately ten (10) days prior to the start of each semester.

Campus employment awards (federal work-study and institutional campus employment) reflect a student’s eligibility. Until a student secures a job on campus and works the assigned hours, he/she will not receive these funds. First year students will receive an award if they have indicated on their FAFSA that they are interested in working on campus. A campus employment application will be included with the student’s award letter. The application must be returned to the Student Financial Services Office so that the student will be assigned a work-study position. Notification of the student’s placement will be mailed out the first week of August. For returning students, it is the student’s responsibility to secure a work-study position prior to leaving school each spring. Campus employment is earned by working 6 - 10 hours per week. Payments for campus employment are paid directly to the student by check each month for the hours the student has worked. Payment DOES NOT show as a credit on the student’s account until the check is received. The funds to be paid to them. A student may make this request at any time.

Payment Options
If there is a portion of the student’s bill not covered by financial aid, there are several options available to the student. Cash, check, VISA, MasterCard or Discover Card can be used to pay the net amount the student owes Mount Mercy. There is also a monthly payment plan available. See the Student Financial Services Office for the full description of the credit policy.

Satisfactory Academic Progress
The U.S. Department of Education and the State of Iowa require students to maintain satisfactory academic progress toward their degree objectives to be eligible for federal, state and institutional aid. In compliance with prescribed regulations, Mount Mercy has established guidelines that are designed to ensure students successfully complete courses and advance toward degree objectives. These requirements serve as standards against which to evaluate student progress, grade point average and overall time period in which a student must complete their program.

Mount Mercy’s Satisfactory Academic Progress standards apply to all students who want to establish or maintain financial aid eligibility. These standards apply to a student’s entire academic transcript, including terms for which financial aid was not applied or disbursed. These standards require that students successfully complete a specific number of credit hours each academic school year and maintain a minimum grade point average as defined by the standards. These are minimum standards that must be attained. Specific aid programs
or department standards may require more than these minimum standards.

The academic progress of financial aid recipients is monitored a minimum of once each academic year. Students should contact the Student Financial Services Center with questions regarding the intent or interpretation of these standards.

Completion Rate and Grade Point Average (GPA) Requirements

Full-time students (students attempting 12 or more credit hours each semester) must progress according to the following schedule:

<table>
<thead>
<tr>
<th>Year</th>
<th>Minimum Credits Successfully Completed</th>
<th>Minimum Required Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Year 1</td>
<td>24</td>
<td>2.00</td>
</tr>
<tr>
<td>Year 2</td>
<td>48</td>
<td>2.00</td>
</tr>
<tr>
<td>Year 3</td>
<td>72</td>
<td>2.00</td>
</tr>
<tr>
<td>Year 4</td>
<td>96</td>
<td>2.00</td>
</tr>
<tr>
<td>Year 5</td>
<td>123</td>
<td>2.00</td>
</tr>
</tbody>
</table>

These credit hours must be earned during the academic year (fall, winter, and spring). However, if a student does not meet these required hours, they may be earned during the following summer session(s). Failure to achieve this standard by the end of the summer will result in the loss of financial aid eligibility until the completed cumulative hours meet the minimum standards. Loss of aid is not the same as academic suspension, which is handled by the Provost’s Office.

Part-time students must successfully complete 67% or two-thirds of the credit hours they attempt. Students blending terms of full- and part-time enrollment must achieve a cumulative total that satisfies the combined full- and part-time standards.

Students will be notified by letter if they fail to meet Satisfactory Academic Process and may be eligible to appeal the decision.

Maximum Timeframe

Undergraduate and graduate students will be considered for financial aid eligibility for up to 150% of their program time. At the end of each academic year, each student’s credits earned are reviewed to ensure that satisfactory academic progress is occurring at the required rate. Students will be notified when they are within two semesters of the expiration of the allowable timeframe. Once the timeframe has expired, students will not be eligible for additional federal, state or institutional financial aid.

Incomplete Coursework

Courses with a grade of incomplete must be completed in the following semester. An incomplete grade will not be considered as credits completed toward qualitative or quantitative academic progress until the faculty member assigns the grade. Financial aid may be revoked until a satisfactory letter grade has been assigned.

Changing Majors

When students change majors, all attempted coursework will be included when assessing academic progress. All coursework, regardless of changing majors, must be completed in a reasonable length of time, which is defined as no more than 150% of the credit hours required for graduation in that program.

Additional Degrees

Coursework applicable to the additional degree will be taken into consideration in determining satisfactory academic progress compliance.

Transfer Students

Transfer students will be assumed to be maintaining satisfactory academic progress at the time of admission. Transfer credits and GPA that are accepted at Mount Mercy are counted toward the total attempted credits/cumulative GPA in determining satisfactory academic progress compliance.

Repeated Coursework

When students repeat a course, the most recent grade received is used in the calculation of the cumulative grade point average. The credit hours for the class are not counted in the minimum credit requirement.

Non-credit Coursework

Non-credit coursework is not counted in the minimum credit requirement.

Appeal Process, Probation, Suspension

Extenuating circumstances that result in a student failing to achieve the minimum completed credit hours and/or GPA requirements are evaluated by Committee. To appeal, you must request an appeal form from the Student Financial Services Office, complete the form as instructed and submit it with documentation to the Student Financial Services Office. You will receive written notification of the appeal decision.

If a student’s appeal is approved they will be placed on Financial Aid Probation and their financial aid eligibility will be reviewed each semester for continued aid eligibility until minimum SAP requirements have been achieved. For full-time students, failure to complete a minimum semester GPA of 2.00 and 12 credits each of these semesters will result in immediate suspension of future financial aid. Part-time students must maintain a minimum semester GPA of 2.00 and complete at least two-thirds of the credits attempted in order to retain future financial aid.

In certain cases, a student may be placed on probation for more than one semester and will be required to develop an academic plan. The student’s progress will be reviewed at the end of one semester to determine if the student is meeting the requirements of the academic plan. If the student is meeting the requirements of the academic plan, the student will be eligible to receive aid as long as they continue to meet those requirements and are reviewed according to the requirements specified in the plan.

A student may file a SAP appeal form on the basis of the following reasons: death of a relative, injury or illness of the student or other special circumstances, such as; difficult transition to Mount Mercy, family issues, legal troubles, work or budget problems, etc.

Please Note: Up to three appeals may be accepted. Per federal financial aid regulations, appeals are not automatically accepted

Renewal of Awards

Each year the student must fully complete the FAFSA. Electronic filing is also available online at www.fafsa.ed.gov. You may fill out the FAFSA anytime after January 1st for the upcoming school year. We encourage students to apply early so they do not miss the state deadline of July 1st. We will begin to process awards for the upcoming school year after students have registered.

Renewal of aid is also contingent on all Financial Aid forms and documents being received by the Student Financial Services Office by October 1st for the Fall Semester and March 1st for the Spring Semester.

Sister Mary Ildephonse Holland Scholarship

The student must maintain a minimum cumulative Mount Mercy grade point of 3.00 at the end of each year. The student is eligible to receive the scholarship for only four (4) years. If the student fails to maintain the minimum cumulative grade point average requirements but meets the Presidential grade point requirements, the student will then receive the Presidential award for which the student was initially eligible. If the student does not meet the minimum grade point or hour requirements of the Presidential Scholarship, the student will not receive the scholarship until eligibility is restored.

The student must be enrolled as a full-time student. Holland Scholarship winners must also reside on campus.

Presidential Academic Honor Scholarship

The student must maintain a minimum cumulative Mount Mercy grade point of 2.0 at the end of each year.

Distinguished Academic Honor Scholarship

The student must maintain a minimum cumulative Mount Mercy grade point of 2.0 at the end of each year.

Academic Honor and Collegiate Award

The student must maintain a minimum cumulative Mount Mercy grade point of 2.0 at the end of each year.

Honors Program, Special Talent and Other Scholarships and Grants

The appropriate departments or committees determine the renewal of the Honors Program, Art & Design, Creative Writing, Instrumental Music, Social Work, Theatre Arts and Vocal Music Scholarships.

Honors Program Scholarships may be renewed annually contingent upon continuing successful participation in the Honors Program. Students must maintain full-time status.

Art & Design Scholarship recipients are required to be an active member in the Art Club and participate in Art Club events and receptions. Students must also take at least one class per year that focuses on fine arts, graphic design or art education.

Creative Writing Scholarship recipients are required to serve on, and contribute to, at least one student publication each year, such as the creative writing magazine, literary journal or newspaper. Students must take one writing or literary class per year beyond composition and participate in at least two Visiting Writer Series events per year.

Instrumental Music Scholarship recipients are required to be a member of the University Band and participate in ensembles every semester.

Social Work Scholarship recipients are expected to maintain a minimum cumulative grade point average of 2.75 and be working toward the completion of a social work major. Scholarship recipients who fall below those expectation will be reviewed on an individual basis.

Theatre Arts Scholarship recipients must be an active member of the Drama Club and participate in at least two theatrical activities per year.

Vocal Music Scholarship recipients must be a member of the University Choir and participate in ensembles every semester.

Out of State Grant eligibility is determined annually upon meeting the July 1st FAFSA deadline, demonstrating specific financial need, and whether the student is residing on or off campus.

Athletic, Legacy, and Sibling Scholarship recipients are required to maintain full-time status.

Federal and state aid will be determined each year by filing the FAFSA. Thus, this aid can change each year depending on the family’s financial situation.

In addition to the above requirements set by the federal government, department or committee, students must maintain satisfactory academic progress.

Financial Aid Refund Policies

Return of Title IV Funds – Semester Based Programs

A student earns aid based solely on the length of time he/she attends. Until a student has passed the 60% point in the semester, only a portion of the student’s dispersible aid has been earned. If a student completely withdraws or is expelled prior to the 60% point, then the Return of Title IV funds policy applies.

Title IV funds refer to the Federal financial aid programs authorized under the Higher Education Act of 1965 (as amended) and include the following programs: Direct Unsubsidized loans, Direct Subsidized loans, Direct Plus loans, Federal Perkins loans, Federal Pell Grant, Federal SEOG, and Federal TEACH Grant. Though the Federal Work-Study Program is also included in Title IV funds, it is not included when calculating the Return of Title IV funds.
A student starts the withdrawal process in the office of Academic Affairs. This can be done either in person or over the phone. The withdrawal date is the date on which the student starts the withdrawal process or the date that the student otherwise provides official notification to Mount Mercy of his/her intent to withdraw. However, if Mount Mercy can document an academically related activity different than the date the student officially withdrew, that date may be used.

If a student leaves school and fails to follow the withdrawal process, or fails all of their courses, it is assumed the student withdrew at the midpoint of the period of enrollment, unless academically related activity can be documented past the 60% point. The Student Financial Services Office is responsible for the calculation of the amount of Title IV funds a student has earned at the point of withdrawal. The software provided by the Department of Education is used and review of the software is available upon request from the Student Financial Services Office.

Mount Mercy will return any unearned aid that was applied to a student’s institutional charges. The student must return any unearned funds allocated to a loan program under the terms and conditions of the promissory note. If a student owes a grant overpayment, the student must make satisfactory repayment arrangements with the Student Financial Services Office at Mount Mercy.

In accordance with Federal regulations, the student (or parent for a PLUS loan) must return unearned aid for which the student is responsible by repaying funds to the following sources in order: Direct Unsubsidized Stafford Loan, Direct Subsidized Stafford Loan, Perkins Loan, Direct PLUS Loan, Pell Grant, FSEOG, and other Title IV programs.

Example of Return of Title IV, State, and Institutional Funds Calculation

This example is for illustration purposes only. Actual charges and refund amounts may vary. The following is an example of a return of funds for a student who totally withdrew from classes on the 42nd day of a 102 day fall term (42/102 = 41.2%).

The student would have earned 41.2% of the financial aid for the fall semester.

The remaining amount would have to be returned to the appropriate source.

</tbody>
</table>

Return of Mount Mercy and State Aid

In calculating the unearned Mount Mercy and State aid, the procedure for determining the withdrawal date is the same as the federal policy. Once the federal policy has been applied, the Mount Mercy and State aid will be returned using the same unearned percentage as calculated in the federal policy.

Partial Refunds

Partial refunds will be calculated during the add period each semester as posted in the academic calendar. After that time, if a student withdraws from a class, no financial aid adjustment will be made. For periods of enrollment that are less than the full semester, partial refunds will be calculated during the add period as posted in the academic calendar.

Refund of Institutional Charges

A description of the refund of institutional charges when a student withdraws is available from the Student Financial Services Office or on the Mount Mercy web site.

Return of Title IV Funds – Block Programs

A student earns aid based solely on the length of time he/she attends. Until a student has passed the 60% point of the days they are scheduled to attend only a portion of the student’s dispersible aid has been earned. If a student completely withdraws prior to the 60% point, then the Return of Title IV Funds policy applies.

Title IV funds refer to the Federal financial aid programs authorized under the Higher Education Act of 1965 (as amended) and include the following programs: Direct Unsubsidized loans, Direct Subsidized loans, Direct PLUS loans, Federal Perkins loans, Federal Pell Grant, Federal SEOG, and Federal TEACH Grant. Though the Federal Work Study program is also included in Title IV funds, it is not included when calculating the Return of Title IV Funds.

A student starts the withdrawal process with their Program Director. This can either be done in person or over the phone. The withdrawal date is the date on which the student starts the withdrawal process or the date that the student otherwise provides notification to Mount Mercy of his or her intent to withdraw. However, if Mount Mercy can document an academically related activity different than the date the student officially withdrew, that date may be used.

If a student leaves school and fails to follow the withdrawal process or fails all of their courses, it is assumed the student withdrew at the midpoint of the period of enrollment unless academically related activity can be documented past the 60% point. The Student Financial Services Office is responsible for the calculation of the amount of Title IV funds a student has earned at the point of withdrawal. The software provided by the Department of Education is used and review of this software is available upon request from the Student Financial Services Office.

Mount Mercy will return any unearned aid that was applied to a student’s institutional charges. The student must return any unearned funds allocated to a loan program under the terms and conditions of the promissory note. If a student owes a grant overpayment, the student must make satisfactory repayment arrangements with the Student Financial Services Office at Mount Mercy.

In accordance with Federal regulations the student (or parent for a PLUS loan) must return unearned aid for which the student is responsible by repaying funds to the following sources in order: Direct Unsubsidized Stafford loan, Direct Subsidized Stafford loan,
Perkins loan, Direct PLUS loan, Pell Grant, FSEOG, and other Title IV programs.

**Example of Return of Title IV Calculation**

This example is for illustration purposes only. Actual charges and refund amounts may vary. The following is an example of a return of funds for a student who totally withdrew from classes. This student was enrolled in Blocks 1, 2 and 3 so the total days of attendance for the Fall semester would be 105 days. The student withdrew in the first week of Block 2 and completed 45 days of the semester. The student completed 42.9% of the semester (45/105=42.9%).

The student would have earned 42.9% of the financial aid for the Fall semester. The remaining amount would have to be returned to the appropriate source.

</tbody>
</table>

**Return of State Aid**

In calculating the unearned state aid, the procedure for determining the withdrawal date is the same as the federal policy. Once the federal policy has been applied the state aid will be returned using the same unearned percentage as calculated in the federal policy.

**Partial Refunds**

Partial refunds will be calculated during the add period each semester as posted in the academic calendar. After that time, if a student withdraws from a class, no financial aid adjustment will be made. For periods of enrollment that are less than a full semester, partial refunds will be calculated during the add period as posted in the academic calendar.

**Refund of Institutional Charges**

A description of the refund of institutional charges when a student withdraws is available from the Student Financial Services Office or on the Mount Mercy web site.

**Rights and Responsibilities**

**Student Rights**

A student has the right to ask Mount Mercy:

- The names of accrediting and licensing organizations.
- About its programs; its instructional, laboratory and other physical facilities; and its faculty.
- What the cost of attending is, and what its policy is on refunds to students who drop out.
- What financial assistance is available, including information on all federal, state, local, private and institutional financial aid programs.
- What the procedures and deadlines are for submitting applications for each available financial aid program.
- How it selects aid recipients.
- How it determines the student’s financial need. This process includes how costs for tuition and fees, room and board, travel, books and supplies and personal and miscellaneous expenses are considered in the cost of education. It also includes the resources considered in calculating need (such as parental contribution, other financial aid, assets, etc.).
- How much of a student’s financial need, as determined by the school, has been met.
- To explain each type and amount of assistance in the student’s financial aid award and how a student was selected as a recipient.
- What the interest rate is on any student loan the student has, the total amount the student must repay, the length of time the student has to repay, when the student must start repaying and what cancellation or deferment provisions apply.
- If the student is offered a Federal work-study job, what kind of job it is, what hours the student must work, what the student’s duties will be, what the rate of pay will be, and how and when the student will be paid.
- To reconsider the student’s aid package if the student believes a mistake has been made, or if the student’s enrollment or financial circumstances have changed.
- How the school determines whether the student is making satisfactory academic progress and what happens if the student is not.
- What special facilities and services are available to the disabled.
- Completion/graduation and job placement rates and how they are calculated.
- Terms and conditions of loan deferments for service in the Peace Corps and Volunteer Service.

**Student Responsibilities**

It is the student’s responsibility to:

- Review and consider all information about Mount Mercy’s programs before the student enrolls.
- Pay special attention to the student’s application for student financial aid, complete it accurately, and submit it on time to the right place. Errors can delay or prevent the student from receiving aid.
- Know all the deadline dates for applying or reapplying for aid, and meet them.
- Provide documentation, corrections, and/or new information requested by either the Student Financial Services Office or the agency to which the student submitted the student’s application.
- Notify Mount Mercy of any information that has changed since the student applied.
- Read, understand and keep copies of all forms the student is asked to sign.
- Submit a valid Student Aid Report or release the information electronically while still enrolled.
- Report any additional financial aid that you received, but that is not listed on your current award letter from Mount Mercy.
- Maintain good academic standing as discussed previously in this publication.
- Repay any student loans the student has received. When the student signs the promissory note, the student is agreeing to repay their loan.
• Participate in an entrance interview for Federal student loan applicants.
• Complete the financial aid exit interview if the student received a federal student loan or a McElroy Loan while attending Mount Mercy. Academic transcripts and diploma will be held until the exit interview is complete.
• Notify the school of change in the student’s name, address or attendance status (i.e. full-time to part-time attendance). If the student has a loan, the student also must notify their lender of these changes.
• Satisfactorily perform the work agreed upon in a Mount Mercy work-study job.
• Understand the Mount Mercy refund policy.
• Understand the Mount Mercy overaward policy.

Consumer Information
You may request a copy of any of the following Mount Mercy policies/reports by contacting the Student Financial Services Office.

Voter Registration
You may receive voter registration forms at Busse Library.

Drug and Alcohol Policy
This policy will describe acceptable conduct, applicable legal sanctions for unlawful activities, health risks associated with the use of illicit drugs/alcohol and available counseling related to drug or alcohol abuse.

Report on Athletic Program Participation Rates and Financial Support Data
This report details items such as the number of participants in each sport, total operating expenses and revenue.

Campus Security Report
This report details occurrences of offenses reported to campus security personnel or local police and other security issues dealing with campus facilities and safety.

Family Education Rights and Privacy Act (FERPA)
This policy deals with the rights of students/parents to inspect records, procedures to request amendments to those records, rights concerning disclosure of personally identifiable information, and rights concerning filing a complaint with the Department of Education for a school’s failure to comply with FERPA requirements.

Student Right-To-Know Act

Graduation Rate
The Registrar’s Office calculates the graduation rates of degree seeking, first-time, full-time freshmen that complete their program 150% of the normal time for graduation.

Job Placement Rates
The Career Services office annually prepares the statistics on the prior year’s graduating class. The report details the profile of the students and job placement rates.

Clery Act
In compliance with the Clery Act, the Mount Mercy Community is advised that the Iowa Sex Offender Registry is available at http://www.iowasexoffender.com

Additional Information

Questions
Mount Mercy’s Student Financial Services Office has staff members who can assist students to understand financial aid, budgeting resources and loan management. Students are encouraged to contact the Student Financial Services Office at 800-248-4504 ext. 6467, locally at 368-6467, or on campus at ext. 6467 to schedule an appointment. Students are also welcome to stop into the office at anytime. Other services provided by the office include assessing eligibility for financial aid, awarding aid, and processing student loans.

Financial Aid for Continuing Students at Mount Mercy
In general, if the calculated financial need and academic standing remain consistent from year to year, a student’s financial aid package should also remain consistent from year to year. Calculation of eligibility for financial aid is based upon the information the student and his/her family provide on the FAFSA. If family situation changes, such as another sibling enters college or the family’s income or assets significantly increase or decrease, the financial aid award(s) may change. Meeting the FAFSA filing priority deadline of March 1st is important to insure the consistency of your package from year to year.

Students have the right to expect equitable treatment in the awarding of financial aid. A student’s application is individually analyzed by one of the staff in the Student Financial Services Office. The award may also be changed because of changes in federal, state or institutional funding or regulations. Please call the Student Financial Services Office with questions about the financial aid package.

Study Abroad Students
If a student is studying or planning to study abroad, he/she must visit with a staff member of the Student Financial Services Office early in the process to determine what aid can be applied to the student’s study abroad program and to complete the appropriate forms. Many federal grants and loans in the package may apply to the student’s study abroad program. Mount Mercy institutional funding and state aid may apply to the study abroad program. Whether portions of a student’s financial aid will transfer, depends upon the type of aid that has been awarded and the cost of the study abroad program. In general, enrollment in a study abroad program that is approved for credit by Mount Mercy may be considered “enrollment” for purposes of a student applying for federal financial aid.

Office Location and Hours
The Student Financial Services Office is located in Warde Hall, Room 112. The office is open:

8:00 a.m. - 5:00 p.m. Monday - Thursday
8:00 a.m. - 4:30 p.m. Friday
After hours by appointment
For All Institutional Scholarships and Grants
The following apply to all institutional scholarships and grants:

- Scholarships only apply to fall and spring semesters.
- Each year full-time students must successfully complete 24 semester hours prior to the start of the next academic year.
- Each year part-time students must successfully complete at least half of all semester hours attempted prior to the start of the next academic year.
- Hours completed prior to starting at Mount Mercy are not counted toward the annual hour completion requirement, but do count toward graduation.
- Hours completed prior to starting at Mount Mercy are not used when calculating the cumulative Mount Mercy grade point average for scholarship requirements.
- For all academic scholarships, other than Holland (refer to Holland section above), if a student fails to meet the minimum GPA or hours required, the student will not receive the scholarship until eligibility is restored.
- The regaining of eligibility does not enable retroactive funding of scholarships.
- A student may appeal the loss of a scholarship by writing a letter to the Director of Financial Aid. The appeal will be reviewed by the Director of Financial Aid, Vice President for Enrollment and Student Life, Vice President for Finance and Vice President for Academic Affairs.

All financial aid information is subject to change per Department of Education and federal regulations.

While Mount Mercy University believes that the information contained herein is accurate and factual, this publication has not been reviewed or approved by the U.S. Department of Education.

Mount Mercy University does not discriminate based on race, color, creed, religion, national origin, age, disability, sexual orientation, gender identity or genetic information in regard to admissions, programs, activities or employment. Any person having inquiries concerning Mount Mercy University’s compliance with local, state and federal laws and regulations is directed to contact the Equal Opportunity Officer, Mount Mercy University, 1330 Elmhurst Drive NE, Cedar Rapids, Iowa 52402-4797, 319-363-8213, who has been designated by Mount Mercy to coordinate the institution’s efforts to comply with the federal and state regulations concerning equal opportunity in admissions, programs, activities and employment.

Academic and Personal Services

Library
Busse Center is the learning resource center for the campus, housing both print and nonprint materials and a variety of electronic resources. The library’s online catalog, Horizon, and full-text periodical indexes are available over the campus computer network. Library services include reference, interlibrary loan and library instruction. The campus media center, computer center, curriculum center and Mac lab also are housed in the Busse Library.

Computer Center
The Busse Computer Center is one of two campus computer labs. In the computer center, students have access to e-mail, the internet, the Microsoft Office Professional suite of software and a variety of software designed for specific courses. Workshops and handouts are available to students. A computer classroom/lab is available in Basile Hall, and a Mac lab is also available in the Busse Library.

Academic Center For Excellence (ACE)
Academic assistance is available to all students to help build their capabilities in writing, reading, learning skills, and specific content areas. Classes and individual guidance are provided, along with workshops, study sessions, and course-specific discussion groups. Disability Services are coordinated through the Center to help assure individual support, technology assistance, and alternative testing or other accommodations where needed. Student Colleagues offer tutoring in a wide range of fields, with a schedule posted each semester.

Disabilities Contact Information
Mount Mercy is committed to equality of educational opportunity for all students. The Academic Center for Excellence, located in the University Center, houses and facilitates academic accommodations and services for students with disabilities. Core functions include:

- Establishing and communicating criteria for disability services at Mount Mercy
- Reviewing documentation to verify eligibility for services
- Facilitating academic accommodations for qualified students with disabilities
- Supporting disability-related services and opportunities for students with disabilities

Students seeking academic accommodations first meet with Disability Services staff, who review documentation and determine eligibility for services. Together they discuss academic needs, use of appropriate forms, and process for working with instructors and the Center.

Students who request accommodations but have not registered with the Center need to be referred to the office to complete the registration process before accommodations are arranged. If students suspect they might have a disability but have not been evaluated previously, they should contact Disability Services for referrals. Accommodations are determined on a case-by-case basis. For further information regarding services available for students with disabilities, please contact ACE at 319-363-8213 ext. 1208.

University Center Information Desk
The University Center Information Desk is an information and service area dedicated to assisting students by providing programs, services, and general information. Located on the first floor of the University Center, information and referrals are available regarding Mount Mercy programs and services. Mount Mercy parking permits and ID cards may be obtained at the Information Desk.

Academic Advising
Upon entering Mount Mercy, students are assigned to faculty advisors from their major program who meet with the students individually to help facilitate the transition to Mount Mercy and the ongoing progress toward degree completion. Students are expected to meet
with their advisors prior to registration to discuss course selections and to consult with them as needed. Advisors serve as the most knowledgeable resource for students in their major programs of study.

Continuing Education
Mount Mercy seeks to identify and respond to the special needs of the non-traditional student. Evening class offerings, and two back-to-back day and evening summer sessions are some of the many ways the institution serves non-traditional students. (See pg. 168 for the section on the Accelerated Programs for additional information).

Health Services
Health Services is staffed by a registered nurse available for consultation and referral. Services include assessments, referrals, vaccinations and health education programs. The programs are available to all Mount Mercy students, faculty and staff. Most programs and services are offered free or available at a nominal fee.

Wellness Program
Mount Mercy’s Wellness Program is designed to encourage wise choices for a healthy lifestyle and is open to all students, faculty, and staff. Programs sponsored throughout the year include wellness week, walking programs, aerobics, yoga, breast cancer awareness, healthy eating habits, relaxation techniques, and massage therapy. A fitness center is located in the upper level of Lundy and is equipped with aerobic exercise machines, free weights, and weight equipment.

Residence Life
The mission of Residence Life at Mount Mercy is to enhance student success, personal development and satisfaction with the total educational experience.

All residence rooms have cable TV and computer ports linked to a state-of-the-art network system. The department currently houses students in two residence halls, an apartment area and our three-building complex of suites. Full-time professional staff live in campus housing, administer the Residence Life program and assist students as needed.

Residency Requirement
Mount Mercy has a two-year residency expectation. Students are expected to live in campus housing during their first four semesters of full-time college attendance. Students may be exempt from this requirement if: living with parents; if “independent” status with regard to federal financial aid regulations; or if they turned 21 years old before July 1st preceding their second year. An exemption request must be filed with the Office Residence Life, and approved, in order for an exemption to be made.

Athletics and Intramurals
Mount Mercy has a well-rounded athletic department. Athletic opportunities for men include: golf, basketball, baseball, track, cross-country, soccer and bowling. Opportunities for women include: golf, volleyball, basketball, softball, track, cross-country, soccer and bowling. The intramural program offers many activities such as co-ed volleyball and basketball for both on-campus and off-campus students.

Campus Ministry
Campus Ministry highlights its commitment to the mission of Mount Mercy by promoting purposeful and merciful living according to Gospel values. We nurture visions by which to walk and energy by which to live. As a part of a learning community of faith and reason, we support the Catholic intellectual tradition, a world view that inspires innovative thinking, probing inquiry, supportive interaction, and a strong belief in diversity – including religious diversity. We host a variety of student-generated activities that tap into people’s thirst for a healthy relationship with God, others, and oneself:

- Sunday evening and Wednesday noon celebrations of the Eucharist
- Sacramental preparation
- Reconcilation and other worship services
- Retreats and vocation discernment activities
- Service and volunteer opportunities at home and away
- Formation in social justice
- Education for growth in one’s faith
- A College Pastoral Council to prepare people for integration into parish life after graduation

Open alike to people of all faiths and of no particular belief, Campus Ministry extends to students, faculty and staff the hospitality characteristic of the Sisters of Mercy who founded Mount Mercy. We witness to authentic Catholic culture, its inclusiveness, its concern for justice and peace, and its keen awareness of the footprint of a loving Creator in the world around us.

Counseling
Confidential counseling is available during fall, winter and spring terms at no charge to all registered students of Mount Mercy University. Counseling includes, but is not limited to, such areas as: personal and social growth, depression, interpersonal relationships, anxiety, stress, sexuality, sexual abuse and family issues. Students learn self management and coping skills. The type of counseling offered is brief in nature with referral to other professionals when deemed appropriate.

Mail and Telephone Services
The Public Safety Director coordinates the operation of the Mount Mercy switchboard. All mail services are coordinated through the mail room located in the University Center. Campus mailboxes for students are available through the mail room.

Career Services
The Career Services Office provides comprehensive career development advising and programming to assist students in every major from freshman year through graduation. The office’s services also are available to Mount Mercy alumni. The approach used in the career planning process is individualized and developmental. The office serves as a clearinghouse for a wide range of employment and internship opportunities and maintains ongoing communication with employers and graduate schools from all sectors.

Services include: CareerClicks, a weekly publication of employment opportunities; internet links and career development web page; assistance in searching for full-time, part-time, and summer employment; internship assistance; career resource library; career counseling; assistance in deciding on a major; administration and interpretation of career interest inventories; graduate school information and catalogs; resumé critique; interview preparation; career fairs and workshops.
International Student Services

International Student Advisor consults with international students on their immigration status and serves as a contact throughout their enrollment at Mount Mercy. The International Club serves as a campus organization for all students interested in learning about different cultures and nationalities around the world.

Office of International Programs

The Office of International Programs encourages students of every major to consider studying abroad. Study abroad programs can be as short as ten days or as long as a semester. They provide students with an excellent opportunity to increase global awareness and experience personal growth. The Office of International Programs provides information on study, intern, and volunteer opportunities, and on scholarships for study abroad.

Policies

Academic Policies

Special Options

Online Learning

Undergraduate courses offered online will be open to all students admitted to Mount Mercy University and eligible to enroll. It is recommended that students have at least sophomore status. Current students will enroll through the normal registration processes applicable based on their program (e.g. traditional, adult accelerated.)

Students should consult with their advisors to determine whether an online course, for example in the Summer term, would be a good choice as part of their academic planning. Students considering an online course will be expected to complete a self-assessment tool that will be made available prior to registration. Administered online, this type of self-evaluation is designed to help students consider their readiness for the responsibilities of online learning and will alert them to possible concerns as well as resources available for further advice.

Students will be expected to complete an online orientation or tutorial session before enrolling in their first online course. The purpose of the online course orientation session is to familiarize students with the learning management system (Moodle) used for delivering these courses. Tutorials for using Moodle will be available as part of the electronic course pages for all online courses.

Online courses will typically be 5 or 10 weeks in duration. Students will need to pay close attention to the start and end dates for each online class considered, as these will not necessarily be the same as their other classes.

The standard to be used for determining attendance in cases of a withdrawal or drop will be the last date that the student logged in to the course, unless regulations dictate otherwise.

Assessment of Prior Experiential Learning (APEL)

Mount Mercy offers an opportunity for students to request that substantial work-related or other prior learning experiences and accomplishments be evaluated for potential academic credit. The Assessment of Prior Experiential Learning (APEL) process requires that eligible students submit a portfolio documenting specific learning outcomes attained through previous personal or professional experiences. Qualifications for students seeking APEL review include:

1. They must be at least 25 years of age. Students who do not meet the age guidelines but feel they should be considered for assessment may petition the vice president for academic affairs for consideration.
2. They must be officially enrolled in a degree program at Mount Mercy.
3. They must be able to demonstrate that the experiential learning for which they intend to seek credit is related to their educational goals at Mount Mercy.
4. They must complete the assessment process, including the credit evaluation, prior to their final semester.

Students participating in the APEL process are allowed to submit a revised portfolio for consideration just one time. The maximum number of credits to be granted through portfolio assessment is 30 semester hours, and it is possible that no credit will be granted. Faculty evaluators will recommend the amount of assessed credit, within the maximum noted above, to the vice president for academic affairs for final approval. The credit may be applied to core curriculum, electives, or majors or minors depending on: 1) the content and level of learning assessed; and 2) the approval and recommendation of the appropriate academic departments. Credits earned through the APEL process are NOT considered part of the 30 semester hours required to be taken at Mount Mercy.

Once the credit has been approved, it will be recorded on the transcript as credit hours in experiential learning with a title specified by the faculty evaluators. The credit will be listed on the transcript with a grade of Pass (P) and is not calculated in the cumulative GPA. Credit will not be granted when it will duplicate college credits previously earned, nor will students receive Mount Mercy credit when it will duplicate credit previously earned through an assessment or prior experiential learning.

College Level Examination Program

Credit may be earned by demonstrating academic achievement as measured by the College Level Examination Program (CLEP).

A full-course credit (three semester hours) may be earned in each of the 34 subject examinations by scoring at or above a specific score level; course credit varies in the general examinations. Information explaining the procedures and passing test scores can be obtained in the Registrar’s Office, 211 Warde Hall.

Any Mount Mercy student or prospective student is eligible to earn up to a maximum of 60 semester hours through CLEP exams*. In those cases where CLEP scores are 10 years old or older, students must petition the Academic Affairs Office. CLEP scores over 10 years old will be considered on a case-by-case basis. Please see CLEP guidelines available in the Registrar’s Office for passing scores, credit awards and fees.

* CLEP credits do not count against the 63 hour maximum transferable from a 2-year college.

Challenge Examination

Various departments in Mount Mercy offer challenge examinations to validate previous college course credit work or independent learning.
The examinations are scheduled and administered through the individual departments. Students should contact the vice president for academic affairs to obtain the Challenge Examination approval form. There is a fee assessed to the student for the Challenge Exam. Please refer to the Special Fees section on pg. 13.

Cross-Registration at Coe College

Mount Mercy University has a cross-registration agreement with Coe College that permits Mount Mercy students to enroll in no more than one course per fall or spring semester at Coe College. There is no cross-registration agreement during the winter or summer terms. The cross-registration agreement enables students to take courses not offered at Mount Mercy, and is dependent on course and space availability at Coe College. Mount Mercy students must be full-time; in good standing academically, financially, and behaviorally; and must have fulfilled any prerequisite or other requirements for a course at Coe College. The student will pay tuition and apply for financial aid at Mount Mercy.

Mount Mercy students enrolled in a Coe College course who are accused of academic dishonesty will follow Coe College’s academic dishonesty policy. Mount Mercy’s Americans with Disabilities Act (ADA) Officer is permitted to work with Coe College when Mount Mercy students who have requested accommodations through Mount Mercy’s ADA Officer enroll in a Coe College course.

To enroll in a Coe College course, the following process must be followed:

1. Seek approval of your advisor and department chair.
2. Fill out an approval form obtained from the provost and vice president for academic affairs to enroll and count credit toward a requirement at Mount Mercy.
3. Once approved, register for the course at Coe College.
4. Submit a copy of the registration to the Registrar’s Office at Mount Mercy to ensure you are also registered at Mount Mercy.
5. To drop a course, follow Coe College procedures and provide a copy of the Coe College drop slip to the Registrar’s Office at Mount Mercy for official course withdrawal.

If Coe College’s grade choices do not coincide with grade choices at Mount Mercy, the grade will be converted to the most appropriate grade at Mount Mercy (e.g. A+ will be converted to A).

Advanced Placement

Entering freshmen who have successfully completed college-level courses in high school and who earn a rating of three, four or five on the Advanced Placement Test of the College Entrance Examination Board will be given credit for an equivalent college-level course. Students seeking admission to Mount Mercy may be considered for advanced placement by having a report of their examination sent to the Registrar’s Office. Persons wishing information about test centers, test dates, etc., should visit: apcentral.collegeboard.com (http://apcentral.collegeboard.com).

Military Education

Military education will be evaluated upon the receipt of an AARTS transcript, other military transcript or discharge papers, including DANTES.

Second Major

Mount Mercy current students: A student taking two separate majors while working toward a first baccalaureate degree at Mount Mercy earns a second major, not two degrees. Both majors shall be recorded on the student’s transcript, but only one baccalaureate degree shall be granted. If the two majors lead to separate degrees (e.g., B.A. and B.S.), the student shall make the decision of which degree to pursue and that degree shall be recorded on the transcript once the work is completed.

Mount Mercy graduates and graduates of other institutions: A person holding a baccalaureate degree from Mount Mercy or a person who holds a baccalaureate degree from a regionally accredited institution may earn a second major at Mount Mercy by fulfilling the following requirements:

1. The student must be admitted or readmitted to Mount Mercy and to a major other than his or her original major.
2. The student must complete the requirements for the major as described in the Catalog in effect at the time of admission or readmission to Mount Mercy.
3. Students must earn 12 semester hours or more at the upper level at Mount Mercy toward the second major, not used toward a previous major.

A second major, whether taken while working toward the first degree or subsequently, is not to be confused with a second baccalaureate degree. Earning a second major is generally more economical in time and money than earning a second baccalaureate degree.

A student already possessing a Bachelor’s degree and completing a second major will not receive a diploma, will not be eligible to earn honors, nor will the student be eligible to participate in graduation ceremonies.

Second Baccalaureate Degree

Mount Mercy current students: Current students are not eligible for a second baccalaureate degree. See Second Major section preceding this section.

A Mount Mercy graduate or a person who holds a baccalaureate degree from an institution whose accreditation is comparable to that granted by Mount Mercy may earn a second baccalaureate degree at Mount Mercy by fulfilling the following requirements:

1. The student must be admitted or readmitted to Mount Mercy and to a major other than the major of the original degree.
2. The original degree must be completed and not in progress before the student begins work toward the second degree.
3. The student must earn at least 30 consecutive semester hours at Mount Mercy beyond the original degree, with a cumulative grade point average of at least 2.00 (or higher, if the designated major requires a higher average).
4. The student must fulfill all of the requirements of a major (different than the original major) as described in the Catalog in effect at the time of admission or readmission, including at least 12 semester hours numbered 200 or above, in the major earned at Mount Mercy.
5. Pass/Fail grades in courses used for completion of the second degree are unacceptable unless the course is designated in this Catalog solely as a Pass/Fail course.
Core curriculum requirements at Mount Mercy do not apply to students earning a second degree. Social Work students’ core curriculum will be reviewed in the Department of Social Work with regard to any request for a second baccalaureate degree. Teacher Education students may have additional core curriculum or prerequisite requirements and should consult with the Teacher Education department. Nursing students may have additional core curriculum or prerequisite requirements and should consult with the Nursing department. The student who earns a second baccalaureate degree will receive a Mount Mercy diploma and may participate in graduation ceremonies. The student shall not be eligible for graduation honors, with exceptions granted by petition through the academic affairs office. An important consideration in the decision will be the cumulative GPA from the previous degree.

Second-Grade Option
The second-grade option occurs when a student repeats a course previously taken at Mount Mercy or previously transferred into Mount Mercy. If the student repeats a Mount Mercy course with another Mount Mercy course, both grades stay on the permanent record, but the first grade is not calculated into the grade point average and the last grade stands as the official grade and is the only grade calculated into the grade point average. If a student transfers in a course from another institution prior to repeating the course at Mount Mercy, both grades stay on the permanent record, but the first grade is not calculated into the grade point average and the Mount Mercy grade stands as the official grade and is calculated into the grade point average. If a student repeats a Mount Mercy course with a course from another institution, transferred in after the course was taken at Mount Mercy, both grades stay on the permanent record and the grades of the two courses are averaged for purpose of the cumulative grade point average. Approval for this action must be given by the Registrar.

Students who wish to use the second grade option must complete a form in the Registrar’s Office. If the course was taken for a grade the first time, it must be taken for a grade the second time. If the course was taken pass/fail the first time, it may be taken pass/fail or for a grade the second time.

A student may only use the second-grade option once per course. Courses that are a part of the Bachelor’s degree earned at Mount Mercy are not approved for second grade options after the degree has been awarded.

Audit
If students desire to attend a course without working for or expecting credit for the course, they may do so by audit. The audit fee is $500 for a regular class; the audit fee is $550 for a laboratory or activity-type class such as photography, graphic design, painting, play production, creative writing, etc.

New students wishing to audit a course are required to complete a special application from the Admission Office and must request an application to audit form from the vice president for academic affairs. This application must be completed and returned to the vice president’s office where approval must be given before the student will be allowed to register for the course(s). Continuing students must also request an application to audit form from the vice president for academic affairs and upon approval must use the add form and submit it to the Registrar’s Office to register for the course.

In all cases, students auditing a course are required to have the paperwork properly approved and registration submitted to the Registrar’s Office by the end of the add period for each semester to become registered into the class as an audit. Students have the option to change a registered course to an audit or an audit course to a registered course up to the last day of the add period for a given semester. Changes will not be allowed past the last day of the add period. Students auditing a course are required to follow the normal drop procedure to officially withdraw from a course.

Administrative Policies
Calendar, Course Patterns and Student Load
The academic calendar is divided into a 14-week fall semester (August–December), a four-week winter term (January), and a 14-week spring semester (February–May). Mount Mercy also offers a summer program. The summer program includes two, individual five-week sessions, that combine to make the summer semester.

Summer-school students may take up to two courses during each five-week session.

Mount Mercy employs variable credit. Each course carries its own credit value. The unit of credit is the semester hour. One semester hour of credit is awarded for each 50-minute class meeting per week per term. Each two-hour laboratory session per week per semester awards one semester hour credit.

Full-time status at Mount Mercy is designated by the enrollment in 12.0 or more semester hours per semester. Part-time status at Mount Mercy is designated by enrollment in less than 12.0 semester hours in a given semester. The winter term is included with the spring semester for calculation of full-time status.

Winter Term
As part of the mission of liberal education at Mount Mercy, winter term and the courses offered are designed to provide students with an unusual opportunity to move outside the formal structure of the academic disciplines in order to broaden their knowledge, to explore values and interrelationships, to seek new perspectives and to develop new skills and interests.

Winter term includes courses that may meet requirements for the major, minor, core curriculum or general electives.

Full-time students are not required to enroll in winter term, but are expected to enroll in winter term in order to make progress toward graduation. Tuition for one winter term class is waived for those students who pay full-time tuition for both the fall and spring semesters. If a student chooses not to enroll in winter term, the tuition is not refunded. Students are encouraged to make good use of winter term.

Student Status and Progress
Academic Standing
Academic standing is expressed by the cumulative grade point average. (Determined by dividing the grade points by the total number of graded semester hours). Satisfactory academic status is maintained when this ratio is 2.00, a C average or above.
Academic Probation
Students will be placed on probation when they have not achieved a cumulative grade point average of 2.00. If there are pending ‘incomplete’ grades at the end of the term, probation and dismissal notification will occur after those grades are submitted, typically at the end of the allocated thirty (30) day period.

Freshman students, as determined by credit hours earned (see pg. 50), are not placed on probation until they have attempted two semesters; however, they are warned of probation at the end of their first term if the cumulative grade point average is below 2.00. When placed on probation or warned of it, students will be directed to meet with the Academic Center for Excellence Director. At this time, issues affecting performance will be identified and an Academic Improvement Plan will be agreed upon by the student, the Director, and the faculty advisor.

Academic Dismissal
A student is subject to academic dismissal for either of two reasons: 1) Students on academic probation who have attempted an additional two semesters will be dismissed if the cumulative grade point average has not been raised to 2.00; or 2) students who complete any semester (after their first semester) with a semester grade point average below .50 and a cumulative grade point average below 2.00 will be dismissed.

Students receive a letter of notification of academic dismissal from the Vice President for Academic Affairs. Students who have been dismissed may not enroll at Mount Mercy until they have been reinstated or readmitted.

Reinstatement
Dismissed students may submit a written appeal to the Vice President for Academic Affairs within two weeks of receipt of the dismissal letter. The Academic Review Committee will review the appeal for immediate reinstatement. The Academic Review Committee consists of the student’s academic advisor, the academic department chairperson(s), the Registrar, the Vice President for Enrollment and Student Life, the Director of Financial Aid and the Vice President for Academic Affairs.

Readmission
Dismissed students may apply for readmission to Mount Mercy after two 14-week semesters (fall/spring) and must demonstrate to the Admission Committee a reasonable capability to raise and maintain their cumulative grade point average to at least a 2.00. The Admission Committee will either approve or deny readmission of the dismissed student based on information provided.

Dismissal From Mount Mercy
In order to safeguard its scholastic integrity and its moral atmosphere, Mount Mercy reserves the right to remove any student from a residential facility and/or suspend or dismiss any student. See the Good Book for a discussion of policies governing student behavior and academic integrity.

Enrollment at Other Institutions
Students who have begun their studies at Mount Mercy are expected to complete the remainder of their coursework at the University. Exceptions may be granted based on applicable cross-registration agreements, participation in approved study abroad programs, requirements of a major, or special circumstances affecting student progress in the major.

Mount Mercy students should not enroll for academic credit at other collegiate institutions without the permission of the Vice President for Academic Affairs. The procedure is as follows: 1) petition acceptance of the course, 2) list the course to be taken and attach a course description to the petition, 3) state how the course is to be applied toward the Mount Mercy degree – core curriculum, major, minor or elective credit, and 4) provide a rationale for the request. Petition forms are available in the Academic Affairs Office. Failure to seek prior approval may result in a course not being accepted for transfer credit.

Upon course completion, students must request an official transcript documenting the course be sent to the Registrar’s Office at Mount Mercy. Note: a minimum of 30 consecutive semester hours must be completed at Mount Mercy immediately preceding graduation.

Duration of Program
Students will be allowed 10 years to complete their initial program. The 10 year period will begin with the student’s initial start date at the institution. If a student stops out and then returns within the 10 year period, the student has the option of changing to any current program in effect or completing the original program within the original 10 year period. If the student does not complete the initial program within the 10 year period, the student will be required to complete the current program in effect at the end of the 10 year period, or the program in effect at the time the student re-admits to Mount Mercy after the 10 year period has expired. For programs leading to certification or licensure, or in cases where courses are no longer available, changes may be required earlier.

Classification
Students are classified according to the number of semester hours earned toward the degree. Those who meet the entrance requirements and have earned 29 semester hours or less toward the degree are classified as freshmen. Students must have 30 semester hours before they may be classified as sophomores, 60 semester hours before they may be classified as juniors and 90 semester hours before they may be classified as seniors.

Attendance
Students are expected to attend all classes. They are responsible for work missed through any absence. Only those who have enrolled in the course may attend the class meetings.

A student who appears on the class list for a fall or spring class, but who has not attended the first two class meetings (or the first class session for classes meeting just once per week) and has not notified the course instructor as to the reason for his/her absence will be reported to the Registrar’s Office as a “no show” and will be dropped from the course. Official attendance is taken twice during the fall and spring semesters for purposes of validating class rosters and meeting Federal regulations. Attendance is not recorded for winter or summer courses, nor are students dropped for “no show”.

Students who do not attend the first class session in a block class will be reported to the Registrar’s Office as a “no show” and will receive a grade of NA (Never Attend). See the accelerated section of this Catalog (pg. 172) for tuition charges involving No Shows. This is
implemented in order to free up class space for students waiting to enroll in class.

Adding and Dropping Courses

During the add period of each semester or term, changes in registration will not result in a course change fee. No course may be added after the date posted in the academic calendar as the last day to add a course. In order to add a course, a student must submit to the Registrar's Office a completed Add/Drop Form, which requires the advisor's signature and the instructor's signature of the class being added or dropped. To drop a course during this period, the advisor's signature is required. Students can also add and drop courses online before the semester begins.

Students desiring to drop a course, but remain enrolled in other classes for the given semester, may contact the Registrar's Office for the drop form. Students should consider how the decision to drop will affect any of the following: tuition charges, financial aid, social security, employer reimbursement, veteran's benefits, or scholarships. The ability to maintain athletic eligibility, to maintain a student visa (international students), or to purchase insurance as a student may also be affected as a result of the decision to drop, and should adhere to deadlines for this procedure.

Enrollment in the class officially ceases when a student submits a completed Drop Form to the Registrar's Office. A grade of "W" will appear on the student's grade report and official transcript if the course was dropped after the last day of the add period. The official date of the drop is the date used for figuring tuition refund, if applicable. The last day to drop a class is printed on the inside front cover of this Catalog.

The last day to add a class is printed in the academic calendar on the inside front cover of this Catalog. See the Accelerated Programs section of this Catalog for applicable add/drop policies.

Withdrawal from Mount Mercy

Students who decide to leave Mount Mercy after the semester or term has begun must officially withdraw through the Academic Affairs Office. Withdrawing from all courses in a given semester constitutes a withdrawal from Mount Mercy.

Students should initiate the withdrawal process by contacting the Academic Affairs Office. The official date of the withdrawal will be the date that the student initiates the withdrawal process. Withdrawing from Mount Mercy will change the student’s status. Students should consider how the decision to withdraw will affect any of the following: tuition charges, financial aid, social security, employer reimbursement, veteran’s benefits, or scholarships. The ability to maintain athletic eligibility, to maintain a student visa (international students), or to purchase insurance as a student may also be affected as a result of the decision to withdraw.

Students withdrawing from Mount Mercy before the last day of class receive “W” grades (withdraw) in their courses for the given semester. The students will be removed (deleted) from all registered courses in subsequent terms/semesters. Students that do not withdraw from the institution but quit attending all classes will receive the grade they earn in their courses. Any student desiring to return to Mount Mercy after withdrawal will be required to re-apply for admission through the Admission Office.

Declining to Attend

If new Mount Mercy students notify the Admissions Office that they will not be entering Mount Mercy (decline to attend), prior to the first day of their beginning semester or term, they will have any registrations for the beginning semester or term and any subsequent registrations for upcoming semesters or terms dropped and no tuition charge will be assessed.

No Show

Any student who is determined to be in non-attendance or “No Show” in all of his or her classes for a given semester (Winter and summer terms excluded) will be considered as withdrawn from Mount Mercy and subject to the withdrawal guidelines.

Stop-Out

A student who stops-out for a semester (meaning not enrolled for a semester but has not gone through the official withdrawal process) will be subject to the same guidelines as having officially withdrawn from the institution. Any student stopping-out for a semester will be required to re-apply for admission through the Admissions Office. Additionally, the student should consider how the decision to stop-out will affect tuition charges, financial aid, social security, employer reimbursement, veteran’s benefits, or scholarships. The ability to maintain athletic eligibility, to maintain a student visa, or to purchase insurance as a student may also be affected as a result of the decision to stop-out.

See the Accelerated Programs section of this Catalog for withdrawal policies for the accelerated programs.

Veterans Services

Students eligible for educational benefits from the Veterans Administration should report to the Registrar’s Office prior to the first term of attendance. After the veteran has supplied the necessary documents, enrollment certification will be submitted to the regional VA office. It is the student’s responsibility to notify the Registrar of any changes in registration. Marking Add/Drop forms with a “VA” in the upper left-hand corner can do this. Failure to properly alert the Registrar of changes in enrollment may result in loss, delay, or repayment of educational benefits.

Honors Program

The Honors Program offers outstanding students the opportunity to go beyond traditional disciplinary boundaries. Honors courses feature small class size, hands-on learning, and high levels of interaction between students and professors. Students graduating with Distinction in Honors will be awarded honors cords to be worn at graduation and will receive recognition on their transcripts and diplomas. Freshman, sophomore, and junior students making satisfactory progress in the Honors Program will be awarded early registration privileges.

Admission to the Honors Program

The Honors Program is open to first year students with a minimum ACT composite standard score of 26, a minimum high school GPA of 3.60, and a high school class rank in the top quartile. Transfer or continuing students with a sophomore standing and a minimum GPA of 3.40 may apply for admittance to the Honors Program by contacting the Honors Director. Students who do not meet the stated criteria but
feel they could do well in the Honors Program may petition the Honors Director for probationary admittance to the Honors Program.

**Transferring Honors Courses from Other Colleges and Universities**

Transfer students who have successfully completed honors courses at other colleges and universities may petition for the courses to apply towards Honors requirements at Mount Mercy.

**Graduating with Distinction in the Honors Program**

In order to graduate with distinction in the Honors Program, a student must:

1. Complete a minimum of 12 semester hours in classes designated Honors. At least six semester hours (two courses) must be Honors Seminars;
2. Have a minimum cumulative grade point average of 3.40; and
3. Earn a minimum 3.00 grade point in each Honor Seminar and each honors course used in the required 12 semester hours.

**Core Curriculum Honors Sections**

First year students admitted to the Honors Program may enroll in honors sections of core curriculum courses. Students are encouraged to complete as many of their core curriculum requirements as they wish within the Honors Program.

**Upper Division Honors Seminars**

Honors seminars are unique interdisciplinary courses taught by faculty from diverse disciplines. Students participate in interactive learning and examine topics from a variety of perspectives. Continuing honors students with sophomore standing and minimum cumulative grade point average of 3.00 are eligible to enroll in honors seminars. Students must complete at least two honors seminars to graduate with Distinction in the Honors Program.

**Honors Articulation with Kirkwood Community College**

Mount Mercy University and Kirkwood Community College (KCC) Honors Program have developed a partnership which allows a KCC Honors program student to take either one Mount Mercy Honors section course or any three-credit hours course free of charge. For specific requirements and details contact the Honors Program Director at Mount Mercy University.

**Grading System**

**Unit of Credit**

The unit of credit is the semester hour. Most courses are three semester hours and represent approximately three hours per week in class with additional work outside of class during the regular terms. Winter term contact hours are approximately equal to that of the regular terms. Accelerated courses meet for approximately one-half the usual contact hours but require adult students to do significant additional independent work.

**Grading System**

Mount Mercy uses the letter system of grading as well as pass-fail, which is given the following interpretation:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.00</td>
<td>A grade of “A” indicates varying degrees of extraordinary achievement and intellectual initiative</td>
</tr>
<tr>
<td>A-</td>
<td>3.67</td>
<td>A grade of “A” indicates varying degrees of extraordinary achievement and intellectual initiative</td>
</tr>
<tr>
<td>B+</td>
<td>3.33</td>
<td>A grade of “B” indicates gradations of high achievement - definitely better than average</td>
</tr>
<tr>
<td>B</td>
<td>3.00</td>
<td>A grade of “B” indicates gradations of high achievement - definitely better than average</td>
</tr>
<tr>
<td>B-</td>
<td>2.67</td>
<td>A grade of “B” indicates gradations of high achievement - definitely better than average</td>
</tr>
<tr>
<td>C+</td>
<td>2.33</td>
<td>A grade of “C” indicates a range of average achievement with students having grasped at least the essential objectives</td>
</tr>
<tr>
<td>C</td>
<td>2.00</td>
<td>A grade of “C” indicates a range of average achievement with students having grasped at least the essential objectives</td>
</tr>
<tr>
<td>C-</td>
<td>1.67</td>
<td>A grade of “C” indicates a range of average achievement with students having grasped at least the essential objectives</td>
</tr>
<tr>
<td>D+</td>
<td>1.33</td>
<td>A grade of “D” indicates that course work is inferior in quality, but passing</td>
</tr>
<tr>
<td>D</td>
<td>1.00</td>
<td>A grade of “D” indicates that course work is inferior in quality, but passing</td>
</tr>
</tbody>
</table>
A grade of "D" indicates that course work is inferior in quality, but passing.

A grade of "F" indicates failure to meet the requirements of the course.

Non-attendance

Withdrawal from course

Students whose work had been satisfactory, but who for acceptable reasons have been unable to complete courses, may be given marks of I (incomplete). The courses must be completed and a new grade submitted to the registrar no later than one calendar month from the original due date for grades. If no change is reported the I becomes an F. If an extension is needed, students must obtain the permission of the instructor, who must inform the Registrar’s Office of the extension.

Changes in Course Grades

Course grades will not be changed after one full semester has elapsed following the issued grade. Students who believe that a change of their grade is warranted must initiate the appropriate steps to appeal their grade, and must complete any subsequent work the instructor agrees to consider, within this time period.

Grade Point Average

The cumulative grade point average is calculated by dividing cumulative grade points by cumulative hours graded.

Pass/Fail Policy

In order to encourage exploration into academic disciplines, Mount Mercy offers a pass/fail grade option. There are two instances in which a course may be graded pass/fail:

1. Instructor-designated, in which the course is offered pass/fail for all students in a class, (i.e. lab or field experience).
2. Student-elected, in which the student chooses pass/fail rather than a letter grade on an individual basis.

A grade of pass (P) denotes academic achievement equivalent to a grade of D- or better; a grade of fail (F) does not increase credits. A pass or fail grade does not affect the term or cumulative grade point average for instructor-designated pass/fail. A fail (F) grade for student-elected pass/fail does affect the term and cumulative grade point average.

Student-Elected Pass/Fail: The pass/fail option cannot be applied to courses that students must take to fulfill requirements in the major, minor or in core curriculum. Students may elect pass/fail grading for a maximum of 18 semester hours during their college career. Any transferred pass/fail hours from other institutions are considered part of this 18 semester hour total. Transferred courses with grades of pass/fail will not be applied to any requirement in the major, minor, or core curriculum.

Procedure: Students elect pass/fail through the Registrar’s Office. The instructor is not officially notified of whether a student is on regular letter grading or pass/fail. The instructor submits all grades as letter grades; the registrar transposes letter grades to a grade of pass (P) or fail (F).

Students can elect to take a class pass/fail until the last day to add for the respective semester. Students have the option toward the end of the course, during dates posted by the Registrar’s Office which is the last week of classes (prior to finals week) for the respective semester, to take either the grade of pass (P) or fail (F) or the letter grade submitted by the instructor. Students may not change pass/fail designation after the deadline.

Instructor-Designated Pass/Fail: A grade of pass (P) means satisfactory mastery of the expected skills, knowledge and competencies of the course; a grade of fail (F) means failure to meet the expected skills, knowledge and competencies of the course. There is no limit on this type of pass/fail credit.

Non-Course Pass Credit: CLEP tests and Mount Mercy Challenge exams are considered instructor-designated pass/fail courses. A maximum of 60 semester hours may be earned using these options, as well as any other non-course credit awarded on a pass/fail basis.

Fresh Start Rule

Students who have been absent from Mount Mercy for three or more years may petition for the Fresh Start Rule. By this rule, only courses with grades of C or better (C- does not count) will be counted for credit toward graduation. However, all courses, affected by the fresh start rule, (including transfer coursework) and the grade earned for each course, will remain on the student’s permanent record but will not factor into the cumulative GPA or be counted toward graduation.

The petition is submitted to the vice president for academic affairs for a fresh start. If the petition is approved, the students resume their program with a cumulative grade point/hour ratio or grade point average consisting of C grades or better (C- does not count).

Midterm, Final Grade Reports and Official Transcripts

Midterm reports are available online to freshmen and to students who are not doing satisfactory work. Final grade reports are available online through myMountMercy for viewing at the end of each academic term. Students who need a hard copy grade report for reimbursement purposes may contact the Registrar’s Office.

Official transcripts of credits will be sent by the Registrar’s Office upon online or written request by the student. The student’s signature is required for the release of a transcript. Fees are $7.00 for an official transcript and must be paid in advance. No transcript can be sent
if the student has not paid his or her financial account in full, or has outstanding paperwork with the Student Financial Services Office. Please allow for appropriate processing time.

**Academic Integrity**

Mount Mercy values integrity and honesty in all aspects of academics and campus life. As part of the academic mission, the institution provides the following Definitions and Procedures for which all students are responsible. The Mount Mercy community encourages all students to carefully consider these definitions, to adhere to these standards, and to ask for guidance if in doubt.

**Cheating**

Cheating is an act or an attempted act of dishonesty that includes but is not limited to the following:

- **Copying:**
  - another person’s work, in whole or in part, in an examination or for an assignment, with or without their consent, or
  - allowing another person to copy your work, in whole or in part, on an examination or for an assignment.

- **Using unauthorized materials or technology:**
  - during an examination. (Examples would be answers passed to you, view of a calculator output, or text messages on a cell phone; however, other instances may apply).
  - to complete an assignment.

- **Collaboration during an assignment or during an examination when prohibited by the instructor.**

- **Taking an examination for another person or letting a person take an exam for you.**

- **Completing an assignment for another person or letting a person complete an assignment for you.**

- **Forging needed signatures on academic work.**

- **Altering of grades or other official educational records.**

- **Obtaining a copy of an examination without permission from the class instructor.**

- **Fabricating or falsifying information or data; or deliberately misrepresenting information for an assignment.**

**Plagiarism**

Plagiarism is using somebody else’s words, expression of ideas, data, images, or other creative products without acknowledgment or attribution. Plagiarism includes but is not limited to the following:

- **Copying, paraphrasing, or blending words, images, or ideas that are not common knowledge without acknowledging the source.**

- **Providing false, insufficient or incomplete acknowledgment of sources.**

- **Claiming authorship of a work that is not one’s own or that is the result of unauthorized joint effort, including purchasing, downloading, or otherwise acquiring the work.**

**Academic Misconduct**

Academic Misconduct includes acts that are considered unethical, dishonest, deceitful or inappropriate. Academic misconduct includes but is not limited to the following:

- **Attempting to gain an advantage over another individual by preventing access to needed books, materials, or aids.**

- **Planning with another individual to commit any act of academic dishonesty.**

- **Forging signatures on official college documents.**

- **Breaking or entering an office or building to attempt to obtain an exam or other materials.**

- **Submitting the same work for different classes without disclosure to and approval from the class instructor.**

- **Receiving credit on group assignments without contributing.**

- **Misrepresenting illness or personal crises, or otherwise intentionally misleading instructors as an excuse for missed or late academic work.**

Academic cheating, plagiarism, and misconduct may be referred to collectively as “Academic Dishonesty.” There are varying degrees of academic dishonesty. Suggested consequences for infractions are included below in order to promote consistency and equity. Mount Mercy reserves the right to act upon incidents of academic dishonesty that are not explicitly defined in the above policy.

**Procedures**

**Faculty and Student Commitment To Policy**

Students will sign an acknowledgment at the beginning of their enrollment at Mount Mercy that they have been informed of Mount Mercy’s Academic Integrity Policy. At the initial registration, each student will receive a copy of the policy and will sign an acknowledgment form to be retained in the advising folder.

Students will sign a form with the following language:

- I have been informed that Mount Mercy has an Academic Integrity Policy.

- As part of the Academic Integrity Policy, definitions for cheating, plagiarism, and academic misconduct are provided, along with a list of possible consequences for committing these violations.

- I understand that violations of the Academic Integrity Policy are subject to serious consequences.

- I understand that the Academic Integrity Policy provides procedures for resolving disputes regarding academic dishonesty.

- I am aware that this policy is available for review in both the Good Book and on myCampus.

All instructors are expected to cultivate integrity on campus and to affirm Mount Mercy’s policy by introducing and discussing the Definitions of Academic Dishonesty and Misconduct at the beginning of each course and directing students to sources where the definitions can be found. Instructors should speak to the particular ways that Mount Mercy’s Academic Integrity Policy applies to their courses.

**The Academic Integrity Committee**

Mount Mercy will form an Academic Integrity Committee to investigate and evaluate cases of suspected Academic Dishonesty and Misconduct as well as to recommend to the Provost methods to promote a culture of academic integrity on campus.

**Membership:** Three (3) faculty members from three (3) different departments, elected by the faculty annually for staggered two-year terms; an alternate faculty member from a different department; two (2) student representatives from two (2) different majors appointed...
The student or faculty member is not satisfied with the outcome, either over the suspected academic dishonesty or misconduct. If either the Department Chair Resolution or the faculty member have the right to refer the incident to the Academic Affairs Office by the faculty member. The record will detail the suspected academic dishonesty and the outcome, and will be signed by the student. This report is not for purposes of reviewing an individual incident and resolution, but rather for the Academic Integrity Committee to monitor patterns of dishonesty (i.e., types of cheating, types of resolutions, identifying students who become “repeat offenders”).

**Academic Integrity Committee Resolution**

**Referral**

**Self-Referral**: Students who commit acts of academic dishonesty or misconduct may refer themselves to the Provost within five (5) business days of their violation. Students in the accelerated programs may refer themselves to the Adult Accelerated Office, 207 Basile, and the matter will be forwarded to the VPAA. The incidence will be reported to the instructor as well as the Academic Integrity Committee which will maintain a record of the incident. If agreeable with the instructor, a first offense will not meet with disciplinary action; however, the committee may refer the student for counseling and/or wish to speak with the student about the offense. The student will still be required to complete the assignment or complete a different assignment after consultation with the instructor. Repeated offenses, although self-reported, will not be tolerated and will require a decision by the Academic Integrity Committee as to appropriate action.

**Faculty/Student**: In the event that an alleged incident of academic dishonesty or misconduct cannot be resolved informally with the student and faculty member, and/or the department chair, the student or faculty member shall provide written documentation of their concerns to the Provost, within five (5) business days of the faculty member or chair’s decision. Students in the accelerated programs may refer themselves to the Adult Accelerated Office, 207 Basile, and the matter will be forwarded to the Provost.

**Procedure Following Referral to the Academic Integrity Committee**

1. The Provost shall notify the Academic Integrity Committee within six (6) business days of receipt of a complaint.
2. The Provost shall notify the interested parties in writing of the specific allegations of Academic Dishonesty within six (6) business days of the referral to the Office of the Provost, including a request for the submission of relevant written materials. Interested parties will then have six (6) business days to submit any relevant materials to the Provost’s office.
3. The Provost will provide all materials to the Academic Integrity Committee. Upon receipt, the voting members will decide within six (6) business days whether the allegations warrant a hearing. A vote of one of these members will warrant a hearing, otherwise the allegations will be closed because there is not sufficient evidence to proceed.
4. If a hearing is warranted, the chair will notify all parties and schedule a hearing within ten (10) business days. The chair will contact all parties in writing, through the Provost’s Office, providing a brief statement of why a hearing was not warranted.
Consequences for Academic Dishonesty or Misconduct

Based upon the gravity of the Academic Dishonesty, different academic sanctions may be appropriate. For instance, the nature of the incident and the personal history or prior offenses by an individual student are relevant factors to weigh. A suggested spectrum of offenses and examples are included below. Faculty are urged to consider these suggested sanctions in order to promote consistency and equity.

**Simple offense**

*Example:* Student fails to properly cite sources one or two times in a paper, but the remainder of the paper is cited properly.

*Types of Sanctions:* The student receives a failing grade for the assignment, but is allowed to continue in the course.

**Serious offense**

*Examples:* Student is caught looking over at another student’s test. Significant parts of a paper are not properly quoted and cited.

*Types of Sanctions:* The student receives a failing grade for the assignment, but is allowed to continue in the course.

**Aggravated offense**

*Examples:* Student submits an entire paper from the Internet that is not his/her own. Organized cheating with multiple students. Stealing tests.

*Types of Sanctions:* The student receives a failing grade for the course.

**Repeated offenses**

*Example:* Student engages in academic misconduct in more than one course. *Note:* To monitor this type of misconduct, it is essential that faculty submit Academic Dishonesty Reports for each incident.

*Types of Sanctions:* Expulsion from Mount Mercy is warranted. A more complete list of possible consequences is detailed below. One or more consequences may be appropriate.

*Counseling:* The student(s) may be referred to appropriate counseling for assistance and education that will help prevent future incidences of Academic Dishonesty.

*Educational sanction:* The student(s) may be required to attend an educational program on academic integrity, ethics, or related subject. The student may receive instructions, re-do the assignment with consultation from the instructor, or complete a new, alternative assignment with consultation from the instructor. The student may be responsible for related expenses, including expenses for education, counseling, or treatment, if any expense is entailed.

*Forfeiture of Grade on the Assignment:* For the assignment to be given no credit, and the student(s) may continue the class with zero points for the assignment.

*Failure of the Course:* The student(s) will receive a grade of ‘F’ for the course.
Mount Mercy University

Exclusion from Mount Mercy facilities or activities: The student(s) may be prohibited from attending a class, undertaking Mount Mercy employment, entering a building, participating in an extracurricular activity sponsored by the institution, representing Mount Mercy in an official capacity, or using other services provided by the institution. Such exclusion may be for a definite or indefinite period of time.

Probation: The student may be placed on probation for Academic Dishonesty. If further incidents of Academic Dishonesty occur, the student will be recommended for expulsion.

Disciplinary suspension: The student(s) may be involuntarily separated from Mount Mercy for a stated period of time after which readmission is possible. The VPAA shall determine when the suspension will become effective. A student with one or more violations may be suspended from Mount Mercy for an indefinite period of time. A student suspended indefinitely may petition the VPAA for reinstatement.

Expulsion: For a serious violation of the Academic Integrity Policy or repeated violations, the student(s) may be dismissed from Mount Mercy permanently.

Honors and awards
Mount Mercy awards honors to students who maintain a high academic standing and who are distinguished for their loyalty, cooperation and service. These honors include the following:

Dean’s List
The Dean’s List is compiled at the end of the fall and spring semesters. All students with a semester GPA of 3.60 or better and who are enrolled in six (6) or more graded semester hours are eligible for inclusion on the Dean’s List. Note: credit hours taken as pass/fail do NOT qualify for the Dean’s List. Students with Incomplete (I) grades are ineligible for consideration during that term.

Latin Honors
Academic honors are awarded at graduation in recognition of superior scholarship:

1. The distinction summa cum laude is given to students whose cumulative grade point average is 3.80 or above.
2. The distinction magna cum laude is given to students whose cumulative grade point average is 3.60 to 3.79.
3. The distinction cum laude is given to students whose cumulative grade point average is 3.40 to 3.59.

These honors are announced at commencement and are inscribed on the diplomas of the recipients. The diploma and transcript will bear honors based on the official, final cumulative GPA.

Students participating in the Medical Laboratory Science program will be recognized at Commencement if they have earned academic honors at the end of their junior year of studies at Mount Mercy.

Students earning second baccalaureate degrees will not be eligible for honors except by approval of petition.

The Mary Catherine McAuley Award
Mary Catherine McAuley founded the Sisters of Mercy in Ireland in 1831. This award, the highest honor given a student attending Mount Mercy for four years, is conferred upon the graduate who, in addition to a high scholastic rating (3.00 or above), has exemplified to a marked degree cooperation with administration, faculty and students; integrity in his/her personal relationships; and leadership and loyalty in furthering the ideals of Mount Mercy. This award is presented at commencement exercises held in May.

The Mary Frances Warde Award
Mary Frances Warde founded the Sisters of Mercy in America in 1843. This award, the highest honor given a student who has transferred into Mount Mercy for their first degree and has acquired a minimum of 30 semester hours at the institution, is conferred upon the graduate who, in addition to a high scholastic rating (3.00 or above), has exemplified to a marked degree cooperation with administration, faculty, and students; integrity in his/her personal relationships; and leadership and loyalty in furthering the ideals of Mount Mercy. This award is presented at commencement exercises held in May.

Honor Societies
Alpha Kappa Delta is the national honor society for students in Sociology.

Alpha Phi Sigma is the national honor society for students in Criminal Justice.

Kappa Gamma Pi is the National Catholic College Graduate Honor Society. Membership, which is limited to not more than 10 percent of the graduating class, is based on scholarship, leadership and service. Members are selected not only for recognition of past accomplishments, but also in anticipation of future service.

Kappa Xi Chapter, Sigma Theta Tau International represents Mount Mercy’s chapter of Sigma Theta Tau International, the honor society of nursing. Founded in 1922, the society is committed to recognizing excellence in nursing education and practice. Membership is limited to senior nursing students and community nursing professionals.

Pi Sigma Alpha is the national honor society for students in Political Science.

Psi Chi is the national honor society for students in Psychology.

Awards
Recognition in specific areas is given to graduating students for outstanding academic performance. Graduation recognitions include the following:

The Outstanding Accounting Student Award
Given by the Iowa Society of Certified Public Accountants, Hawkeye Chapter.

The Outstanding Economics Student Award
Given by the business department to a graduating senior for superior academic performance in economics courses.

The Outstanding Finance Student Award
Given by the business department to a graduating senior for superior academic performance in finance courses.

The Dale Harrison Outstanding Management Student Award
Given to the graduating senior in the business department who has compiled the most outstanding scholastic record.

The Outstanding Human Resource Management Student Award
Given by the business department to a graduating senior for superior academic performance in human resource management courses.

**The Outstanding Marketing Student Award**
Given by the business department to a graduating senior for superior academic performance in marketing courses.

**The Outstanding SIFE Student Award**
Given by the business department to a graduating senior for superior performance as a member of SIFE.

**The Sister Mary Norbert Karnik Award**
Given to a senior art student who has demonstrated exceptional ability as an artist and support for the profession of art.

**The Biology Award**
Given to the outstanding graduate in biology. The award is based on academic achievement and on participation in campus and/or community programs and activities.

**The Sister Immaculata Business Award**
Given to the outstanding graduating senior in the business department.

**The Computer Science Award**
Given to a graduating senior who has demonstrated outstanding achievement and involvement in computer science and who shows the potential for making a significant contribution to the field.

**The Criminal Justice Award**
Given for outstanding performance in the criminal justice major, promise of professional competence and contribution to the Mount Mercy criminal justice program.

**The Sister Mary Xavier Award**
Given to a student who has demonstrated exceptional ability in creative writing.

**The Sister Mary Ildephonse Award**
Named after the first president of Mount Mercy and a long-time teacher of English, and was established to recognize excellence in English. It is given annually to the graduating English major who has demonstrated talent and perception in analyzing and writing about language and literature.

**The John P. Barthel Memorial Poetry Award**
Established in 1985 by Mrs. Mildred Barthel in honor of her late husband, who practiced medicine for many years in the Cedar Rapids area. It is awarded to the student who wins the Barthel poetry competition.

**The History Award**
Given to a graduate in history for outstanding academic achievement in that field.

**The Outstanding Honors Student Award**
Given to a graduating senior who has excelled in honors classes and has made a positive contribution to Mount Mercy.

**The Outstanding Journalism Student Award**
Given to a graduate in journalism for outstanding academic achievement in that field.

**The Mathematics Award**
Given to a graduating senior who has demonstrated not only outstanding scholastic achievement in mathematics but also extraordinary insight into the nature of mathematics as an intellectual discipline.

**The Music Award**
Given to the outstanding graduating senior in music. The award is based on performances, scholastic ability and personal integrity.

**The Sister Mary Edward Nursing Award**
Given to the graduating senior who has best demonstrated high scholastic ability, professional integrity and the spirit of nursing.

**The Sister Monica Ryan Philosophy Award**
Given to the junior or senior who has done outstanding work in the study of philosophy.

**The Political Science Award**
Given to a major in political science for outstanding academic achievement in that field.

**The Christine L. Woodruff Psychology Award**
Given to a major in psychology for outstanding academic achievement in that field.

**The Sister Mary Agnes Hennessey Award**
For excellence in communication, is given annually to the graduating senior who personally, academically, and practically has demonstrated, throughout the program, exceptional achievement, leadership and promise as a communication major.

**The Sister Siena Davis Religious Studies Award**
Named in honor of Sister Siena Davis, chairperson of the department of religious studies at the time of her death in 1982, is given to a graduate majoring in religious studies who has demonstrated academic excellence by achieving above average grades in religious studies, and who has demonstrated a spirit of Christian service through participation in ministerial activities on and off campus.

**The Anne K. Stenzel Social Work Award**
Given to a graduating senior majoring in social work for distinguished academic achievement and the promise of professional competence.

**The Nancy LaMorgese Sociology Award**
Given to the senior graduating in sociology who has demonstrated a high level of proficiency in the development of a sociological research paper and has played an active role within the major and/or within the sociological forum and has shown a high quality of development and interest in the area of sociology.

**The Sister Mary Lorenz Award**
Given to a graduate in speech and drama for performance and cooperation in that field.

**The Sister Roseline Kos Senior Education Award**
Honoring an esteemed educator and leader of the teacher preparation program from 1975-1985, was established to help mark her 70th anniversary as a Sister of Mercy. The award is granted to a graduating senior in education who exemplifies the spirit of the Sisters of Mercy, demonstrates commitment to the mission, and meets all department requirements for licensure recommendation.

**The Artists of Dionysus Award**
A special award given to a student who, though not a speech and drama major, supported and participated in the Mount Mercy drama productions over the last four years. Like the Greek theatre artists who formulated the original theatre union, the Artists of Dionysus, they kept...
theatre alive in the last years of Greece. It is awarded to a student who helped perpetuate and improve theatre at Mount Mercy.

**The President’s Award**
Given to the graduating senior who has demonstrated during his/her tenure years at the institution outstanding perseverance and diligence in pursuing his/her goals.

**The Co-Curricular Service Award**
Given to those graduating seniors who have participated extensively and positively in campus and/or community programs and activities.

**The Sister Mary Roberta Lyness Award**
Given to a graduating senior who has best demonstrated commitment to public service and volunteer projects in the community.

**The Sisters of Mercy Award**
Given to a Mount Mercy student who exemplifies the mission of the Sisters of Mercy. This student has shown compassionate and respectful service to God’s people, has actively engaged in the work of justice through at least one or more of the Sisters of Mercy Critical Concerns: Earth, Immigration/Migration, Nonviolence, Poverty, Racism, Women.

**SGA Leadership Recognition**
Inspired by the contributions of D. Allan Boettger, former Student Activities Director. Underclass student who is a behind the scenes worker displaying leadership skills in their personal and extra curricular lives, actively involved in campus organization(s), and responsible for spearheading projects and/or organizing and implementing activities. (GPA of 2.00 or above.)

**Who’s Who in American Universities and Colleges**
Seniors whose academic standing is above average (GPA of 3.00 or above) and who demonstrate outstanding leadership in college activities and community service.

**Underclass Recognitions**

**Scholar Recognitions**
Full-time students who have maintained a cumulative grade point average (GPA) of 4.00.

**Freshman Honors Program Recognition**
First-year, full-time students who successfully completed an honors course with excellence.

**Freshman of the Year**
Freshman student with accomplishments beyond requirements in addition to setting a positive example for his/her peers. The student should be active on campus, serve the community and display leadership. The recipient must have an annual GPA of 2.75 or above.

**Sophomore of the Year**
Sophomore student with accomplishments beyond requirements in addition to setting a positive example for his/her peers. The student should be active on campus, serve the community and display leadership. The recipient must have an annual GPA of 2.75 or above.

**Junior of the Year**
Junior student with accomplishments beyond requirements in addition to setting a positive example for his/her peers. The student should be active on campus, serve the community and display leadership. The recipient must have an annual GPA of 2.75 or above.

**SGA Service Award**
Underclass student(s) who demonstrated outstanding service to the campus or the outside community beyond requirements. The student should be active on campus, serve the community and display leadership. The recipient must have a cumulative GPA of 2.50 or above.

**SGA Organization of the Year**
Recognition given to the campus organization that most benefits the campus through its membership, community service and sponsored campus activities.

**SGA Faculty Award for Student Advocacy**
Inspired by ‘the kid, the myth, the legend’ Dale Harrison, the award is presented to the faculty member that is most committed to the Mount Mercy community and dedicates the greatest level of advocacy for students.

**SGA Most Improved Club of the Year**
Awarded to the club that has improved the most over the course of one year through; membership, community service and sponsored activities.

**SGA Leadership Recognition**
Inspired by the contributions of D. Allan Boettger, former Student Activities Director. Presented to the underclass student who is a worker displaying leadership skills in their personal and extracurricular lives, actively involved in campus organization(s), and responsible for spearheading projects and/or organizing and implementing activities. Nominees considered for the recognition must be in good standing with Mount Mercy and have a cumulative GPA of 2.00 or above.

**The Freshman Chemistry Achievement Award**
Given to the freshman student in recognition for outstanding achievement in the sciences.

**Nurses of Vision and Action (NOVA) Recognition for Nursing Students**
The NOVA recognition program acknowledges the efforts made by nursing students throughout their educational program and will inspire students to continue to reach for their highest level of achievement. NOVA recognition centers around five elements of vision and action: scholarship, leadership, innovation, professionalism and service. Students are notified through the department of Nursing of Opportunities to be recognized.

**Campus Buildings**

**Andreas House**: Opened in 1999, the three suite-style residential halls have brought a new level of campus living to Mount Mercy. Each suite promotes community living, with four bedrooms housing eight students, two full bathrooms, a kitchen, a living room and storage space. The furnished suites also feature amenities including cable TV, campus network connections and programmable heating and air conditioning. A connecting middle building has an exercise facility and full kitchen. Martin L. Andreas is a long-time trustee of Mount Mercy.

**Basile Hall**: Opened in 2003, Basile Hall is the newest campus academic building designed to house Mount Mercy’s business and science programs. It contains technology-ready classrooms and teaching laboratories, seminar rooms, a computer teaching laboratory, a large multi-purpose meeting room and faculty offices. Business and academic classrooms are housed on the second and third floors;
sciences are located on first floor. The Mount Mercy Institute, which administers Mount Mercy’s accelerated programs, is also located in Basile Hall. Basile Hall is named for Columbus “Cal” Basile, a former trustee, businessman and long-time friend of Mount Mercy.

**Busse Center:** Opened in February 1993, the Busse Center is named for Lavern and Audrey Busse. Mr. Busse is a trustee emeritus of Mount Mercy. It houses the Library, Computer Center, Campus Ministry Center, Academic Center for Excellence, and the Chapel of Mercy. In addition to its collection of over 125,000 volumes listed on a computerized catalog, the library offers comfortable study areas, group study rooms, computerized catalog and periodical guides, a media viewing room and the computer center. The Campus Ministry Center provides a place for the Mount Mercy community to come together for prayer, socializing and service. Students of all faiths are invited to attend services in the Chapel of Mercy.

**Betty Cherry Heritage Hall:** Named in honor of a long-time trustee of Mount Mercy, this Hall serves multiple purposes for the Mount Mercy Community. It is located on the terrace level of McAuley Hall and offers spectacular views of the campus. Some of the activities that take place here are guest speakers and lecturers, fitness classes and student development activities.

**CRST International Graduate Center:** The Mount Mercy University CRST International Graduate Center is located on the NE side of Cedar Rapids about 1.5 miles from main campus, just off Wenig Road. The Center will house each of Mount Mercy’s graduate programs, including: Master of Arts in Education, Master of Business Administration, Master of Arts in Marriage and Family Therapy and Master of Science in Nursing. The Graduate Center will also house Mount Mercy’s Marriage and Family Therapy Clinic, which will include 10 therapy rooms and two observation rooms. The building has 14 classrooms and 17 faculty offices, and is designed to fit the needs of working adults with easy access, ample study and lounge space, and wireless access.

**Donnelly Center:** Opened in December 1975, the Donnelly Center was named in honor of its benefactors, Mr. and Mrs. M.J. Donnelly, major donors to Mount Mercy and friends to the Sisters of Mercy for over seventy years. The building houses the health sciences division and offers numerous classrooms, laboratories and faculty offices.

**Hennessey Recreation Center:** Opened in 1985, the Hennessey Recreation Center’s 2,000 seat gymnasium with regulation basketball and volleyball courts, a racquetball court, a Universal weight room and locker rooms are available to students, faculty, staff and alumni. The Center is named after Sr. Mary Agnes Hennessey, the fifth president of Mount Mercy.

**Lower Campus Apartments:** Opened in September 1976, the lower campus apartments consist of four buildings named after Sisters of Mercy: Mullany House, after Sister Mary Agatha Mullany, first mother superior of the Cedar Rapids Sisters of Mercy; McCullough House, after Sister Mary Gertrude McCullough, the mother superior who purchased the Mound Farm property that is currently Mount Mercy; Holland House, after Sister Mary Idefonse Holland, foundress and first president of Mount Mercy; and Reilly House, after Sister Mary Xavier Reilly, Mount Mercy’s first dean and long-time member of the English department. Four-person apartments are available for junior and senior students. The apartments feature furnished living rooms, kitchens, bedrooms and bathrooms. All apartments are air-conditioned.

**Lundy:** Located adjacent to the terrace level of McAuley Hall, Lundy provides a mixture of curricular and co-curricular activities. The upper level houses the music department and exercise and fitness rooms. The lower level houses classrooms and faculty offices. J. Edward Lundy served Mount Mercy as a trustee from 1957 until his death in 2007.

**McAuley Hall:** Opened in 1956, McAuley Hall was named in honor of Catherine McAuley, foundress of the Sisters of Mercy. This hall features double room suites with adjoining private baths. Rooms in McAuley are furnished with beds, dressers, desks and desk chairs. Some students may choose to arrange their rooms as four-person suites. Kitchens in the Regina Lounge and the McAuley penthouse are available to students who live in McAuley Hall. This residence hall is co-educational with men and women living on separate floors.

**President’s Home:** Located at 305 Nassau Street SE, the Mount Mercy President’s Home serves as the official residence of the President of Mount Mercy, as well as the venue for numerous meetings, receptions and other official college events. Purchased by Mount Mercy in 2006, the home is located in Cedar Rapids’ historic Brucemore neighborhood.

**Regina Hall:** Opened in September 1964, Regina Hall is home to mostly freshmen students and features traditional two-person rooms complete with studio beds, desks and chairs, dressers, private sinks and closets. Kitchens in the Regina Lounge and the McAuley penthouse are available to students who live in Regina Hall. This residence hall is co-educational with men and women living on separate floors.

**University Center:** Opened in September 2011, the University Center, built between the twin pillars of Regina and McAuley Halls, is the gathering place for the Mount Mercy University community. Its flexible design creates an environment that fosters collaboration, integrates technology, encourages learning beyond the classroom and builds community. The University Center houses several offices including: Admissions, Residence Life, Student Activities, Leadership, Counseling Services, Career Services, Public Safety, Health Services, International Programs and International Student Services, Academic Center for Excellence, the Student Government Association and club offices. The Dining Center, Hilltop Grill, the Campus Store, Mail Center, Copy Center, conference rooms, a large seating area with large screen TVs and a game room can all be found in the University Center. University IDs and parking permits may be obtained from the Information Desk.

**Warde Hall:** Built in 1924, Warde Hall is the oldest building on the Mount Mercy campus. The building itself was originally called Mount Mercy College, but its name was changed to Warde Hall when McAuley Hall was built. The building is named after Frances Warde, the first Sister of Mercy in America. It is home to the Provost’s Office, Business Office, Communications & Marketing Office, Development and Alumni Relations Office, President’s Office, the Registrar’s Office, and the Student Financial Services Office, as well as classroom and office space.

Faculty

Dr. Ayman Amer
Associate Professor of Economics

Collette Arens Bates
Assistant Professor

Dr. Dawn Behan
Associate Professor & Director of Graduate Education Program

Dr. Neil Bernstein
Professor of Biology and Department Chair

Dr. Ryan Bezy
Assistant Professor of Biology

Kim Bro
Assistant Professor of Nursing

Dr. Minodora Buliga-Stoian
Assistant Professor

Andrew Casto
Assistant Professor of Art

Dr. Mohammad Chaichian
Professor of Sociology

Dr. Jacob Christenson
Assistant Professor & Clinical Director for MFT Program

Jose Clemente
Assistant Professor

Kathryn Coulter
Professor of Business

Shara Crary
Assistant Professor of Nursing

Dr. Christopher DeVault
Assistant Professor of English

Dr. Dennis Dew
Assistant Professor of Psychology

Dr. April Dirks-Bihun
Assistant Professor of Social Work

David Doerge
Associate Professor of Political Science

Dr. Kathryn Dolter
Associate Professor & Director of MSN Graduate Program

Dr. Mary Ducey
Professor of Philosophy

Dr. Adam Ebert
Assistant Professor of History

Dr. Ronald Feldt
Professor of Psychology

Paula Ganzeveld
Lecturer in Education

Stephen Gilmour
Associate Professor of Accounting

Dr. James Grove
Professor of English

Dr. Sharon Guthrie
Assistant Professor of Nursing
Kathryn Hagy
Associate Professor of Art

Anne S. Hartman
Lecturer Of Nursing

Eric Hearn
Lecturer in Accounting

Carol Heim
Associate Professor of Nursing

Joni Howland
Associate Professor of Social Work

Dr. Alesia Hruska-Hageman
Associate Professor of Biology

Dr. Amanda Humphrey
Assistant Professor of Criminal Justice

Dr. Margaret Johnson
Associate Professor-MSN Program

Jane Junge
Assistant Professor of Sociology

Dr. Kristopher Keuseman
Assistant Professor of Chemistry

Anne King
Assistant Professor of Business

Dr. Elizabeth Kleiman
Assistant Professor of Computer Science

Dr. Daniel Kleinknecht
Associate Professor of Music

Dr. David Klope
Associate Professor of Communication

Assistant Professor Graduate MBA

Tracy Tunwall  
Assistant Professor of Business

Dr. Carol Tyx  
Associate Professor of English

Dr. Mary Vermillion  
Professor of English

Dr. Robert Walker  
Associate Professor of Business and Department Chair

Dr. Thomas Wetzel  
Assistant Professor of Religious Studies

Richard Zingher  
Professor of Social Work

Dr. Ayman Amer  
Associate Professor of Economics  
Graduate Diploma, Ain Shams University, Egypt  
M.B.A, Indiana University-Pennsylvania  
D.Sc., Univeristy of New Haven

Dr. Dawn Behan  
Associate Professor of Education  
Director of Graduate Program in Education  
B.A., University of Northern Iowa  
M.A., Ph.D., University of Iowa

Dr. Neil Bernstein, 1982-  
Professor of Biology  
Department Chair  
B.S., Colorado State University  
M.S., John Carroll University  
Ph.D., University of Minnesota

Dr. Ryan Bezy, 2010-  
Assistant Professor of Biology  
B.A., DePauw University  
Ph.D., Indiana University - Bloomington

Dr. Nancy Brauhn  
Professor of Nursing  
B.S.N., University of Iowa  
M.A., Loras College  
Ph.D., University of Iowa

Kim Bro, 2010-  
Assistant Professor of Nursing  
B.A., Mount Mercy College  
M.S.N., Clarke College

Deb Brydon, 1999-  
Associate Professor of Criminal Justice  
B.A., M.A., J.D., University of Iowa

Dr. Adriana Buliga-Stoian, 2011-  
Assistant Professor of Political Science  
B.A., M.A., Babes-Bolyai University  
M.A., Ph.D., Binghampton University

Andrew Casto, 2012-  
Assistant Professor of Art  
B.A., Earlham College  
M.A., M.F.A., University of Iowa

Dr. Mohammad Chaichian, 1994-  
Professor of Sociology  
M.S., University of Tehran, Iran  
M.S., University of Michigan  
Ph.D., Michigan State University

Dr. Jacob Christenson  
Assistant Professor of Marriage and Family Therapy  
Clinical Director for Marriage and Family Therapy Program  
B.S., California Polytechnic State University  
M.S., Brigham Young University  
Ph.D., Brigham Young University

Dr. Dina Clark  
Assistant Professor of Business  
M.A., Vladimer State University  
M.B.A., Pittsburg State University  
Ph.D., Vladimer State University

Jose Clemente, 2012-  
Assistant Professor of Art  
B.F.A, M.F.A, Kansas State University

Elaine Cook, 2012-  
Assistant Professor of Nursing  
B.S.N., University of Iowa  
M.S.N., South Dakota State University

Kathryn Coulter  
Professor of Business  
B.A., University of Iowa  
M.B.A., Central Michigan University  
J.D., University of Iowa
Lu Cray, 2005-
Assistant Professor of Nursing
Director of the RN to BSN Program
B.S.N., Mount Mercy College
M.S.N., Clarke College

Dr. Bryan Cross, 2013-
Assistant Professor of Philosophy
B.S., University of Michigan - Ann Arbor
M. Div., Covenant Theological Seminary, St. Louis
Ph.D., St. Louis University

Dr. Christopher DeVault, 2009-
Assistant Professor of English
B.A., Wake Forest University
M.A., Georgetown University
Ph.D., University of Miami

Dr. Dennis Dew, 2009-
Assistant Professor of Psychology
B.S., John Carroll University
M.A., Ph.D., Loyola University-Chicago

Dr. April Dirks-Bihun, 2008-
Assistant Professor of Social Work
B.A., M.S.W., Ph.D., University of Iowa

Dr. Kathryn Dolter, 2011-
Associate Professor of Nursing
Director of Master of Science in Nursing Program
B.S.N., M.A., University of Iowa
Ph.D., University of California - San Francisco

Dr. Mary Ducey, 1994-
Professor of Philosophy
Department Chair
B.A., Maryville College
M.A., St. Louis University
Ph.D., The Catholic University of America

Dr. Adam Ebert, 2009-
Assistant Professor of History
B.S., M.A., Ph.D., Iowa State University

Dr. Ronald Feldt, 1980-
Professor of Psychology
B.S., Wisconsin State University
M.S., University of Wisconsin
Ph.D., University of Arkansas

Paula Ganzeveld, 2009-
Lecturer in Education
B.S., Iowa State University
M.A., University of Northern Iowa

Stephen Gilmour, 1995-
Associate Professor of Accounting
B.S., M.A.S., Northern Illinois University
CPA

Dr. Joseph Givvin, 1981-
Professor of Philosophy
B.A., St. Francis College
M.A., Duquesne University
Ph.D., St. John's University

Dr. James Grove, 1980-
Professor of English
B.A., University of Minnesota
M.A.T., College of St. Thomas
M.A., Ph.D., Southern Illinois University

Dr. Sharon Guthrie, 1999-
Assistant Professor of Nursing
B.S.N., M.S.N., Ph.D., University of Iowa

Kathryn Hagy, 2003-
Associate Professor of Art
Department Chair
B.A., University of Washington
M.F.A., Rhode Island School of Design

Anne Hartman, 2012-
Lecturer in Nursing
B.S.N., M.S.N., University of Iowa

Eric Hearn, 2011-
Lecturer in Accounting
B.A., University of Northern Iowa
M.B.A., University of Iowa

Carol Heim, 1983-
Associate Professor of Nursing
B.S., Mount Mercy College
M.A., University of Iowa

Joni Howland, 1995-
Associate Professor of Social Work
Department Chair
Director of the Social Work Program
B.A., Luther College
M.S.W., University of Iowa

Dr. Alesia Hruska-Hageman, 2007-
Associate Professor of Biology
B.A., Luther College
Ph.D., Iowa State University

Dr. Amanda Humphrey, 2006-
Associate Professor of Criminal Justice
B.A., M.S., New Mexico State University
Ph.D., University of Nebraska-Omaha

Dr. Margaret Johnson, 2012-
Associate Professor of Nursing
B.S.N., M.S., University of Maryland
Ph.D., Indiana University

Jane Junge, 1983-
Assistant Professor of Sociology
B.A.S., Mount Mercy College
M.A., University of Northern Iowa
Dr. Kristopher Keuseman, 2009-
Assistant Professor of Chemistry
B.A., St. Olaf College
Ph.D., University of North Dakota

Anne King, 2005-
Assistant Professor of Marketing
B.A., Iowa State University
M.B.A., St. Ambrose University

Dr. Elizabeth Kleiman, 2010-
Assistant Professor of Computer Science
B.S., Ben-Gurion University
M.S., Ph.D., Iowa State University

Dr. Daniel Kleinknecht, 1993-
Associate Professor of Music
B.M., Oberlin College
M.M., Indiana University
D.M.A., University of Iowa

Dr. David Klope, 2001-
Associate Professor of Communication
B.A., Biola University
M.S., San Diego State University
Graduate Work in Rhetorical Studies, University of Iowa
Ph.D., University of Utah

Dr. Jennifer Lee, 2012-
Assistant Professor of Psychology
B.A., Luther College
M.A., University of Dayton
M.A., Ph.D., University of Iowa

Stacy Lepsch, 2010-
Lecturer in Nursing
B.S.N., Mount Mercy College
M.S.N., University of Iowa

Amy Lippert, 2004-
Lecturer in Nursing
B.S., Mount Mercy College
M.S.N., University of Iowa

Dr. Chad Loes, 2001-
Professor of Criminal Justice
B.A., Mount Mercy College
M.A., Western Illinois University
Ph.D., University of Iowa

Dr. Randall Lyle, 2010-
Associate Professor of Marriage and Family Therapy
Director of Graduate Program - Marriage and Family Therapy
B.A., Lorreto Heights College
M.Div., Seabury-Western Theological Seminary
Ph.D., University of Iowa

Dr. Charlotte Martin, 1991-
Professor of Religious Studies
B.A., College of St. Benedict
M.A., Ph.D., Vanderbilt University

Dr. Norma Mattingly, 2000-
Associate Professor of Education
B.A., University of Texas at Austin
M.Ed., U.T. - Pan America
M.Ed., University of Wisconsin
Ph.D., University of Iowa

Dr. Marc McCoy, 2010-
Assistant Professor of Education
B.A., University of Northern Iowa
M.A., Ph.D., University of Iowa

Julie McIntosh, 2005-
Lecturer in Nursing
B.S.N., Mount Mercy College
M.S.N., University of Phoenix

Allison McNeese, 1990-
Assistant Professor of History
B.A., M.A., University of Mississippi

Nancy Merryman, 1978-
Associate Professor of Early Childhood Education
B.S., M.S., Iowa State University

Antonino Mione, 2011-
Assistant Professor of Computer Science
B.A., Rutgers University
M.S., Iowa State University

Diane Mulbrook, 1989-
Assistant Professor of Nursing
B.S., Iowa State University
M.A., University of Iowa

Brendan Murphy, 2013-
Assistant Professor of Marketing
B.A., Marquette University
M.B.A., University of Iowa

Dr. Joseph Nguyen, 2010-
Assistant Professor of Chemistry
B.S., Creighton University
M.S., Indiana State University
Ph.D., University of Kansas

Dr. Ellen O’Keefe, 1998-
Professor of Education
Department Chair
B.A., Rivier College, NH
M.A., University of Northern Colorado
Ph.D., University of Iowa

Dr. Joy Ochs, 2001-
Professor of English
Director of Honors Program
B.A., University of Wisconsin-Madison
M.A., Ph.D., University of Michigan

Dr. Charlotte Martin, 1991-
Professor of Religious Studies
B.A., College of St. Benedict
M.A., Ph.D., Vanderbilt University

Dr. John O’Keefe, 1998-
Professor of Education
Department Chair
B.A., Rivier College, NH
M.A., University of Northern Colorado
Ph.D., University of Iowa

M.A., Ph.D., University of Wisconsin

Richard Zingher, 1990-
Professor of Social Work
B.A., University of Kansas
M.S.W., Rutgers University

1 Indicates that the faculty member teaches graduate level courses.

2 Indicates that the faculty member is faculty emeriti.
**Curriculum**

For purposes of reference, courses are listed alphabetically by departments. Each department description contains a statement of objectives the department seeks to achieve through its educational program, a statement of the requirements of a major and a minor in that department, and a list of the courses offered, together with a description of the course.

Courses numbered 200 and above are upper division. Courses numbered 100 to 199 are lower division.

The letters prefixed to the numbers are an abbreviation for the department in which the course is offered.

**Independent Study (IS)**

Independent study courses, which are specially designed by the student and the instructor, are listed under the course numbers 440-445 and are subject to the following regulations:

1. Independent study courses are ordinarily limited to juniors and seniors.
2. Not more than 2 courses may be taken independently in the major.
3. Not more than 4 independent study courses may be taken during the four years of college and not more than 2 independent studies in any one term.
4. Independent study credit is not given for a paid job.
5. The application form, which can be obtained from the Academic Affairs Office, must fully describe the rationale and objectives of the course, the content and sources from which the content is to be obtained, methods and activities to be used, evaluation procedure and any pertinent deadlines to be met by the student. The form is to be completed by the student in conference with the instructor who has agreed to direct the study.
6. A screening committee must give approval for the course. The committee consists of the instructor supervising the course, the chairperson of the department in which the course is being offered and the academic advisor. The application also must bear the signature of the Vice President of Academic Affairs. At the option of the department, the screening committee meets to discuss the course with the student, or the student personally takes the form to be signed to each member of the committee and answers any questions that a member may have about the course.
7. The application form with all the necessary signatures must be in the Registrar’s Office in order for the registration to be completed.
8. Faculty members are not required to direct an independent study.

**Directed Study (DS)**

A Directed Studies course is an individualized delivery of an existing course found in the Catalog and is only offered in exceptional circumstances. Course outcomes and objectives for the DS course are the same as if the course was being taken in the normal, classroom delivery mode. Contact the Academic Affairs Office for the approval form prior to registering for the class.

**Internships**

An Internship offers the student an opportunity to gain valuable experience by applying skills and concepts learned in the classroom to real, work-based problems. Other benefits include the ability to explore a career area, in-depth; and an opportunity to begin building a professional network. Most majors offer a course for which the student can register to earn credit for participation in an internship. Contact your academic advisor or the Career Services office to learn more about locating and applying for internships.

Upon receiving an offer to participate in an internship and securing faculty approval, the student should:

1. Meet with academic advisor to complete the Internship Registration and Release of Liability form for the appropriate course.
2. Submit the Internship Registration form to the Academic Affairs office for approval.
3. Upon approval by the Vice Provost, the Internship Registration form will be sent to the Registrar’s office for processing.
4. Schedule an appointment with the Director of Career Services for an internship orientation.

**Degrees and Majors**

Mount Mercy offers the Bachelor of Arts, the Bachelor of Science, the Bachelor of Science in Nursing, the Bachelor of Business Administration, the Bachelor of Applied Science and the Bachelor of Applied Arts degrees.

The Bachelor of Arts (BA) degree is the primary degree offered at a liberal arts university. It is awarded to graduates who major in:

- Applied Philosophy
- Art Education
- Biology*
- Communication Studies
- Criminal Justice
- English
- English – Language Arts (Teacher Education Program)
- Fine Arts
- Graphic Design
- History
- International Studies
- Journalism
- Mathematics*
- Multimedia Design
- Music
- Music – Education (Teacher Education Program)
- Political Science
- Public Relations
- Religious Studies
- Secondary Education**
- Social Science – American Government (Teacher Education Program)
- Social Science – Psychology (Teacher Education Program)
- Social Work
- Sociology
- Speech Communication-Theatre (Teacher Education Program)
- Speech – Drama
Visual Arts/Business Administration - Interdisciplinary

The Bachelor of Science (BS) degree is typically for those majors/students who would enter a profession in that discipline upon graduation, or for those majors that are in the sciences and/or have a significant amount of quantitative or technical content. It is awarded to graduates who major in:

- Biology*
  - Biology – Education (Teacher Education Program)
- Computer Science
- Early Childhood Education
- Elementary Education
- Healthcare Administration
- Management Information Systems
- Mathematics*
  - Mathematics – Education (Teacher Education Program)
- Medical Laboratory Science
- Outdoor Conservation
- Psychology
- Secondary Education**

The Bachelor of Business Administration (BBA) degree is for those majors which fulfill the business core. It is awarded to graduates who major in:

- Accounting
- Business (Adult Accelerated)
- Business – Education (Teacher Education Program)
- Finance
- Human Resource Management
- Management
- Management Information Systems
- Marketing
- Secondary Education**

The Bachelor of Science in Nursing (BSN) degree is for nursing majors.

The Bachelor of Applied Science (BAS)/Bachelor of Applied Arts (BAA) degree program is designed specifically for persons with technical training who wish to broaden their specialized background to include a liberal arts education. The BAS or BAA degree is conferred when the student is using more than 16 hours of postsecondary technical credit and applies to any major in the catalog. See Transfer Credits Specific to BAA/BAS Degree on page 54.

** Majors in Secondary Education must major in an Original Endorsement, which determines the type of degree. Please see the Education section for further details.

Minors
- Accounting
- Art
- Biology
- Business Administration
- Chemistry
- Communication Studies
- Computer Science
- Creative Writing
- Criminal Justice
- Early Childhood
- Economics
- English
- Film Studies
- Finance
- History
- Human Resource Management
- International Studies
- Journalism
- Legal Studies
- Management Information Systems
- Mathematics
- Multimedia Design
- Music
- Philosophy
- Political Science
- Psychology
- Public Relations
- Religious Studies
- Social Science
- Sociology
- Spanish
- Speech Communication
- Special Education
- Speech – Drama
- Theatre
- Writing

Original Endorsements

Transfer Credits

Developmental, remedial, vocational, test out, or experiential learning college credit is not transferable to Mount Mercy. A maximum of 63 semester hours (non-technical) from two-year, regionally-accredited, associate degree granting institutions will be accepted. (See pg. 75 for the exception for business majors and pg. 98 for Early Childhood majors). There is no limit to the number of semester hours that will be accepted from a four-year, regionally-accredited institution. Credit earned at non-regionally accredited institutions may be accepted in transfer on a case by case basis.

Transfer courses meeting the requirements noted above and completed with a grade of D- or better will be accepted at Mount Mercy. Whether or not the D- grade counts toward the major is up to the individual department. (See department description.) Transfer course grades will be listed on the Mount Mercy transcript but will not count toward the cumulative grade point average.
Transfer courses marked with a double grade meeting the requirements noted above will have the higher grade transferred to Mount Mercy. For example, if a grade of CD has been assigned, the higher grade, C, will be placed on the Mount Mercy transcript.

Students who transfer to Mount Mercy with an AA degree from an Iowa Community College will have all core curriculum requirements waived except the Mercy Capstone and one course in the Ultimate Questions domain. These two requirements must be taken at Mount Mercy.

Transfer of Technical Credit
Transfer Credits Specific to BAA/BAS Degree
A maximum of 63 semester hours from regionally-accredited, postsecondary technical institutions will be transferred to Mount Mercy for students pursuing majors available under the Bachelor of Applied Arts or Bachelor of Applied Science degrees. A maximum of 16 semester hours from postsecondary technical courses will be transferred to Mount Mercy for students pursuing majors not available under the Bachelor of Applied Arts or Bachelor of Applied Science degrees.

* NOTE: Computer science courses taken seven or more years ago are subject to review by the department before awarding credit for a major or minor in computer science.

Departments
Mount Mercy is organized into eight departments:

- Department of Business
- Department of Communications, Literature and Art
- Department of Education
- Department of History, Politics, and Justice
- Department of Natural and Applied Sciences
- Department of Nursing
- Department of Philosophy and Religion
- Department of Psychology, Sociology and Social Work

Graduation Requirements
Students need to submit the Application for Graduation to the Registrar’s Office to be considered a candidate for graduation. The Application for Graduation should be submitted at the time the student registers for the final two semesters of study. The Application for Graduation is available in the Registrar’s Office, and on the Mount Mercy web site. Requirements include:

1. A minimum of 123 semester hours credit earned toward the degree.
2. A minimum cumulative grade point average of 2.00.
3. A minimum cumulative GPA of 2.00 for all credits earned at Mount Mercy.
4. Completion of the core curriculum requirements.
5. Completion of a major program of study.
6. At least 12 semester hours, above course number of 200, in the major must be completed at Mount Mercy.
7. A minimum of 30 semester hours completed at Mount Mercy.
8. Minimum of 30 consecutive semester hours completed at Mount Mercy immediately preceding graduation.
9. If graduating with a minor, nine (9) semester hours of the minor must be taken at Mount Mercy.

Major-minor programs. The major typically includes 30 or more semester hours, as indicated in individual requirements by field. The minor requires fewer semester hours. The student is, in every case, responsible to see that he or she properly applies for graduation and meets the graduation requirements.

Interdisciplinary Major
An Interdisciplinary Major is an individualized educational plan that a student and two faculty advisors, selected from significantly different majors, design to include coursework comparable to a single discipline major. The design must include the stated purpose and objectives of the major as well as a list of courses that assure that the objectives are met. The proposed major must include senior performance criteria and a method for how those performance criteria will be met by the student.

Students have the option of naming the interdisciplinary major. For example, a student might combine chemistry and political science for an interdisciplinary major and call it “Interdisciplinary major – chemistry/political science.”

Students should begin planning their interdisciplinary major as soon as they have completed 60 semester hours and shall have completed the first step in the process by the time they have completed 75 semester hours. The plan should be completed and approved by departments involved in the interdisciplinary studies at this stage. The plan and title are then submitted to the Educational Policies Committee for approval and must carry the recommendation of the involved departments. Candidates must have their interdisciplinary major approved by the time they have earned 90 semester hours.

Candidates for the interdisciplinary major must have a minimum cumulative grade point average of 3.00 and a minimum Mount Mercy grade point average of 3.00 at the time they apply for the major. The interdisciplinary major must include a minimum of 30 semester hours, 21 semester hours of which must be upper division courses (200 level or above) taken at Mount Mercy, and all courses in the major must be passed with grades no lower than C (C- does not count). Only one core curriculum course can be included in the major.

The interdisciplinary major is not to be confused with the prestructured interdisciplinary majors of Visual Arts/Business Administration, International Studies, and Applied Philosophy.

Pre-Professional Curricula
The pre-professional curricula at Mount Mercy allow students to prepare for degrees not offered at Mount Mercy. Depending on the professional program, students can spend one to four years at Mount Mercy completing pre-professional requirements.

Students should be able to transfer from pre-professional study at Mount Mercy to professional study at Mount Mercy or another institution with no loss of credit. However, students should find out the specific professional curriculum requirements before they undertake a pre-professional course of study. In consultation with the departmental advisor, students should then plan a course of study that meets requirements of the professional program. The departmental
information in the next section of this Catalog often contains planned pre-professional curricula.

Reflection and Action: The Core Curriculum

The Core Curriculum is the foundational piece of a Mount Mercy education. Regardless of one’s major, every student at Mount Mercy can be assured of a broad course of study in the traditional liberal arts. The courses in the Core are designed to foster inquiry, critical thinking, personal reflection, and a spirit of service and citizenship. The Core emphasizes freedom of choice as each student creates an individualized plan to complete the core requirements according to his or her needs and interests. The Core Curriculum has four components:

- An introductory Portal Course
- A comprehensive survey of the seven Domains of Liberal Study
- A culminating Capstone experience
- Multiple ways to achieve Competency in writing, math, and oral communication

The Mount Mercy Portal

The portal course has two main objectives: to introduce students to the fields of liberal studies, priming them to make informed choices about their future core courses; and to foster a sense of community and service in the class, at Mount Mercy, and in the greater Cedar Rapids area. Students will examine questions from the Mercy Critical Concerns: earth, immigration, non-violence, poverty, racism, and women.

Through an interdisciplinary approach, students will gain experience examining problems from multiple perspectives. The interdisciplinary nature of the course fosters teamwork and leadership in the students. As they encounter questions from various liberal disciplines, students will be asked to reflect, then take action, as they articulate for themselves what it means to be a citizen in their various communities. During the portal course, students will outline an integrated plan for completing their course of liberal studies, as chosen from the Domains.

Transfer students who have an AA degree from an Iowa Community college, earned 60 hours or more transferable college credits, or have used transfer courses to fulfill 7 of the 10 domain requirements, are exempt from the portal course. Portal courses include:

| ME 100 | Sharing The Earth With Animals |
| ME 105 | Rogues, Rebels, And Accidental Discoveries: The Crooked Path to Creativity |
| ME 110 | Ethnic Iowans: Diversity Issues in the New Millennium |
| ME 115 | Cities, Sewers And Shots: Health Protection |
| ME 120 | Immigrants and Literacy: In Pursuit of the American Dream |
| ME 125 | Avatars Of Good and Evil: Media Stereotypes vs. Reality |
| ME 130 | Why A Mercy Education? |
| ME 135 | Poor Women, Poor Family, Poor Work |
| ME 140 | Screen Icons: A Cultural & Aesthetic Study |

Note: Portal course waived for RN-BSN students.

Competencies

In addition to completing a Portal Course, a Capstone course and all of the Domains of Liberal Studies, students are required to demonstrate core competencies. These may be demonstrated by taking and earning at least a C- in particular courses, or a student may demonstrate competencies through previous experience and coursework. Students who think that they may be able to demonstrate a competency need to arrange assessment well in advance of beginning their Mount Mercy coursework. The competencies should be completed within a student’s first two years of college. If a student demonstrates competency and one of the course requirements listed below is therefore waived, that does not grant the student the credit hours listed. Students transferring to Mount Mercy with an AA degree from an Iowa Community College are considered to have met the competency requirements in writing, math and speech.

The competencies are:

1. Writing Competency: Met by successful completion of four hours of college-level English Composition:
   - EN 101 Writing And History
   - EN 105 Writing And The Environment
   - EN 107 Writing And Popular Culture
   - EN 108 Writing and Issues of Health & Mortality
   - EN 111 Writing And Film
   - EN 112 Writing And Gender Studies
   - EN 114 Writing And Social Issues
   - EN 115 Writing And Other Cultures
   - EN 116 Writing And Memoirs
   - EN 117 Writing And Sports
   - EN 118 Writing And Place

Note: the writing course is a prerequisite to the literature courses.

3. Mathematics competency: Met by successful completion of the three-hour college-level math course including:
   - MA 120 Mathematics In Arts And Humanities
   - MA 125 Fundamentals Of Arithmetic & Logic
   - MA 130 Finite Mathematics
   - MA 135 Basic Statistics
   - MA 139 Pre-Calculus
   - MA 142 Mathematics Modeling
   - MA 164 Calculus I

Note: the writing course is a prerequisite to the literature courses.
Domain I: Expressive Arts – Great works of art, music, drama, and literature engage us emotionally and cognitively as they interrogate the ways we perceive and understand ourselves and the world around us. Studying literature and the fine arts strengthens habits of mind – observation, the ability to entertain multiple perspectives and discern significant patterns; envisioning, the ability to imagine and think innovatively; reflection, the ability to evaluate one’s own perceptions; expression, the ability to communicate what is meaningful in the pursuit of purposeful living; and aesthetic judgment, the ability to appreciate the context in which fine art is created – that find application in every discipline of study.

Two courses, one from literature, one from fine arts. The courses included in this domain:

<table>
<thead>
<tr>

</tbody>
</table>

Domain II: Historical Roots – The courses in this domain will enable students to gain a deeper understanding of the human condition and the relationship between historical developments and contemporary social and political trends. The curriculum provides opportunities for students to investigate the social, economic, political, and cultural development of diverse peoples from the beginnings of civilization to the present. Emphasis is placed on reading, writing, researching, speaking, and on critical and analytical thinking. The courses included in this domain include:

| HI 114 History of Early America |
| HI 115 History Of Modern America |
| HI 120 Origins Of The Western Tradition |

Domain III: The Natural World – Courses in this domain will give students a basic understanding of the natural world and how it functions. Students will learn to employ the scientific method as they engage with specific fields of inquiry, such as the central processes of biological systems, the energetics and chemical reactions underlying all processes in living and non-living systems, the global role of geologic, hydrologic and atmospheric systems in supporting life on earth, and the impact of human activity on the environment. Students are required to take a course and an accompanying lab, but transfer students who have earned at least six hours of approved science credits do not have to meet the lab requirement. The courses included in this domain:

| HI 130 Emergence Of The West, 800-1648 |
| HI 140 Hist Of Western World Since 1648 |

Domain IV: Ultimate Questions – This domain introduces students to the study of the ultimate questions of human experience. It invites consideration of possible answers to those questions through philosophical or religious reflection about the meaning of human life, ethical responsibility, and social justice. The courses engage students in critical analysis of ideas and symbols and foster a variety of skills including critical thinking, finding key concepts in the midst of complex information, evaluating ideas, and communicating effectively.

Two courses, one from Philosophy, one from Religious Studies. The courses included in this domain:

<table>
<thead>
<tr>
<th>Philosophy courses:</th>
<th>Religious Studies courses:</th>

</tr>
<tr>
<td>PL 169 Introduction To Ethics</td>
<td>RS 114 Introduction to Christianity</td>
</tr>
<tr>
<td></td>
<td>RS 115 Introduction To World Religions</td>
</tr>
<tr>
<td></td>
<td>RS 118 Christians Divided:Conservative Versus Liberal Battles</td>
</tr>
</tbody>
</table>

Domain V: Self and Society – This domain is designed to expose students to the study of society and the manner in which people behave and impact the world around us. It introduces students to the concepts and methods of social science, the scientific inquiry into human behavior and social, political and economic problems within institutions. Students will appreciate the interconnectedness and complexity of human interaction as represented in the various social science disciplines. The courses included in this domain:
Two of the following courses from different disciplines:

- CJ 101 Introduction To Criminal Justice
- EC 251 Macroeconomics Principles
- PO 111 Introduction To American Politics
- PS 101 Introductory Psychology
- SO 122 Introduction To Sociology
- SO 155 Social Problems
- SW 265 Minority Groups

**Domain VI: Global Awareness** — Courses in the Global Awareness Domain address the basic question of what it means to live in a globalized world. Courses in this Domain address at least one of three areas: multicultural sensitivity as individuals come in contact with cultures that are different from their own; the interconnectedness of global political and economic policies; and an understanding of ecological and resource issues that transcends national borders.

- AR 295 Survey Of Mexican Culture Today
- BI 210 Biology And Human Culture
- CO 260 Intercultural Communication
- EN 190 British Literature and Culture
- EN 195 Irish Literature & Culture
- GS 260 European Union: Culture, Politics & Economics
- HI 213 Recent China In Global Economy
- HI 230 Modern East Asia
- HI 265 Latin American History
- PL 170 Introduction To Asian Thought
- PO 102 Government and Politics Around the World
- PO 103 Introduction to International Relations
- PO 112 Globalization and Human Survival
- SO 183 Introduction to Cultural Anthropology
- SO 235 Social Inequalities
- SO 330 Global Race Relations
- SP 200 Intermediate Spanish I

**Domain VII: Holistic Health** — Courses in this domain explore health-related theories and research and address various aspects of the six dimensions of wellness including physical, emotional, social, environmental, intellectual, and spiritual. Courses aim to increase students' knowledge within the dimensions of wellness to enable them to enhance health-related aspects of their own lives and perhaps the lives of others. The courses included in this domain:

- BA 240 Personal Financial Planning
- ED 164 Health Awareness and PE Methods
- GS 115 Women’s Health
- GS 119 Healthy Lifestyle
- GS 120 Complementary Therapy&Wellness
- GS 157 American Food
- GS 171 Meditation And Its Benefits
- GS 179 Psychology Of Eating
- GS 195 Men’s Health
- PS 205 Psychology Of Adjustment
- SW 250 Human Sexuality

The Mount Mercy Capstone

The 400-level Mercy Experience Capstone course (ME 450 Mercy Experience Capstone) is intended as a culminating experience in the liberal studies. Students need to register for this course along with the senior seminar (or another designated course) within their major, typically during the year in which they plan to graduate. During the Mercy Experience Capstone, students will integrate knowledge they have acquired from each of the core domains and will reflect on their Mercy education in the context of their major discipline. In addition, they will examine one of the Mercy critical concerns identified by the Sisters of Mercy from a disciplinary, interdisciplinary, and global perspective and will actively participate in a related capstone project.

1. Course counts in only one area in the core requirements, it will not satisfy two core requirements.
2. For nursing majors only.

**Academic Center Courses**

The courses offered through the Academic Center for Excellence (ACE) are designed to assist students in developing those skills essential for success in the college curriculum and beyond. Small classes and individualized attention are characteristics of these courses. Students may add these classes during the first week of the semester. Proper procedures, as outlined in the section describing adding or dropping a class, must be followed.

**Courses**

Students may be placed in the following courses based on need according to composite ACT, sub-scores, TOEFL scores, high school performance, and/or academic screenings. The opportunity to test out of each of these classes may be given. **Students enrolled in these courses are strongly encouraged to enroll in only 12 semester hours.**

- AD 006 Learning Strategies 1
- EN 011 Inquiry and Expression 1
- EN 012 Writing & Inquiry 4
- MA 004 Beginning Algebra 1
- MA 006 Intermediate Algebra II 2

**Accounting**

The Business Department offers majors in accounting (BC), finance, healthcare administration (HS), marketing (BK), management (BN), human resource management, and business (Adult Accelerated) and minors in accounting, finance, economics (EC), human resources, and business administration (for non-business majors). While offering students the opportunity for specializing in a particular major, the program maintains a broad base that includes exposure to various phases of business and the use of information technology in a business setting.

Upon graduating, Business majors will have the ability to succeed, for example, in: preparing a comprehensive strategic plan; developing
a global business perspective; and identifying and interpreting laws affecting labor in the workplace.

The accounting major prepares students for professional positions in all areas of accounting. Recent graduates are currently employed as staff accountants in CPA firms, financial and management accountants for corporations, controllers for small to medium-sized businesses, financial analysts, accounting managers for larger businesses, and agents for the Internal Revenue Service. The accounting major at Mount Mercy is designed to give students the necessary course work for preparation for all professional exams including the Certified Public Accountant (CPA) and Certified Management Accountant (CMA) exams. Mount Mercy offers a Master of Business Administration degree and has an articulation agreement with the University of Iowa's Master of Accountancy program providing attractive options for satisfying the 150-hour requirement for CPA certification in the State of Iowa.

Objectives established for students in this major include, among others: organize and process complex financial information; apply knowledge to reach appropriate fact-based decisions; and communicate information effectively and professionally.

This degree prepares students, for example, to: apply strategic planning principles to a technical specialty area; prepare a comprehensive strategic plan; and develop analytical and critical-thinking skills and apply those skills to the management of a business.

Total Hours: 27

### Applied Management

The applied management major is been designed for students transferring to Mount Mercy from a two-year institution who have a background in a technical specialty with an Associates of Applied Science degree. The major provides students the opportunity to broaden their knowledge of business environments and to understand and manage the forces of change affecting organizations in a business environment. The applied management major prepares students for a broad variety of career options by building on their previous technical training and/or work experience.

This degree prepares students, for example, to: apply strategic planning principles to a technical specialty area; prepare a comprehensive strategic plan; and develop analytical and critical-thinking skills and apply those skills to the management of a business.

The program maintains studios for sculpture, ceramics, drawing,
ization and appreciation, studio work in fine arts and graphic
design, and art education. A Fine Arts major (p. 89) prepares
students for careers involving the visual arts or further study in
graduate or professional schools. An Art Education major prepares
students to teach art in grades K-12. The Graphic Design major
(p. 90) provides a strong background for commercial or applied
art careers. Additionally, the Art and Communication programs
offer a Communication: Media major (p. 64), and the Art and
Business Administration programs jointly offer a Visual Arts/Business
Interdisciplinary major. It is also possible to minor in Art to include
coursework in fine arts and/or graphic design.

The program maintains studios for sculpture, ceramics, drawing,
painting, textiles and printmaking. Photographic darkrooms, and
a Macintosh computer lab, with 16 networked machines, support
the program. The Janalyn Hanson White Art Gallery schedules
professional exhibitions and visiting artists throughout the year.

Transfer students in Fine Arts, Graphic Design, and Art Education may
be asked to submit a portfolio of work to the chairperson to identify
students’ best placement in Art and Design classes.

Transfer students in Art Education and students with a BA or BS
degree returning for an art K-12 original endorsement must be
admitted to the program by a screening committee of Art and
Education faculty who will review college transcripts, a portfolio
of artwork, and recommendations from three past employers or
instructors. For entry into the program, they must pass CBASE or
Praxis I and complete ED232/4 Principles of Education.

Students in any of the Art and Design majors major build the
appropriate and necessary skills to: verbally articulate analysis of
artworks; think visually and creatively; and present their art and design
work in a professional manner.

Completion of an AA degree or AAS degree in one of the following
programs from an approved Community College – Construction
Management, Information Systems Management, Restaurant
Management, LAN Management, Agricultural Production Management,
Legal Assistant/Paralegal, Web Design and Development, Natural
Resources Management, Legal Office Assistant, Ag Business
Management, Architectural and Construction. Other programs may
qualify with the permission of the department chair.

**Art and Design**

The Art and Design program offers courses that provide students
with the technical and aesthetic instruction necessary for visual
expression of all types. An environment conducive to the student’s
total involvement as a developing artist is provided with offerings
in art history and appreciation, studio work in fine arts and graphic
design, and art education. A Fine Arts major (p. 89) prepares
students for careers involving the visual arts or further study in
graduate or professional schools. An Art Education major prepares
students to teach art in grades K-12. The Graphic Design major
(p. 90) provides a strong background for commercial or applied
art careers. Additionally, the Art and Communication programs
offer a Communication: Media major (p. 64), and the Art and
Business Administration programs jointly offer a Visual Arts/Business
Interdisciplinary major. It is also possible to minor in Art to include
coursework in fine arts and/or graphic design.

The program maintains studios for sculpture, ceramics, drawing,
painting, textiles and printmaking. Photographic darkrooms, and
a Macintosh computer lab, with 16 networked machines, support
the program. The Janalyn Hanson White Art Gallery schedules
professional exhibitions and visiting artists throughout the year.

Transfer students in Fine Arts, Graphic Design, and Art Education may
be asked to submit a portfolio of work to the chairperson to identify
students’ best placement in Art and Design classes.

Transfer students in Art Education and students with a BA or BS
degree returning for an art K-12 original endorsement must be
admitted to the program by a screening committee of Art and
Education faculty who will review college transcripts, a portfolio
of artwork, and recommendations from three past employers or
instructors. For entry into the program, they must pass CBASE or
Praxis I and complete ED232/4 Principles of Education.

Students in any of the Art and Design majors major build the
appropriate and necessary skills to: verbally articulate analysis of
artworks; think visually and creatively; and present their art and design
work in a professional manner.

Art and Design majors:

- Fine Arts
- Graphic Design (p. 90)
- Art Education

**Career Opportunities**

Professional artist; graphic designer; art teacher, grades K-12; web
designer; basis for graduate work in visual arts; preparation for work in
museums and educational agencies, media, publications and various
businesses; government; or public agencies requiring graphic arts.
Internships and student teaching prepare students for employment.

**Sophomore/Transfer Student Portfolio Review**

By the end of the sophomore year or the end of a transfer student’s
first year at Mount Mercy, Fine Arts, Graphic Design, Art Education
and Visual Arts/Business Interdisciplinary majors are required
to have a portfolio review to check progress and be advised on
continuing in the Art & Design Program. The portfolio will be the major
consideration, but the grade point average in art courses and the grade
point average in all courses also will be reviewed. By the end of the
sophomore year all Art/Design-related majors should have taken the
five basic art curriculum courses: AR 102 Drawing I, AR 103 Design
and at least two other studio or graphic design courses. This will give
students an opportunity to assemble a varied portfolio for review.

**Admission to the Internship**

Students should apply for an internship in the winter preceding the
internship desired. Deadline dates will be posted. Students should
meet the requirements for the internship before making application.
Application forms are available from the Art and Design faculty, who
make the admission to the internship decision. Acceptance into the
internship is based on the following:

1. The minimal admission prerequisite requires completion of the
   foundational Art & Design courses: AR 102 Drawing I, AR 103
   Design, AR 141 Painting I, AR 151 Printmaking I and AR 171
   Sculpture I with grades of no less than C (2.00) with a cumulative
   grade point average of no less than 2.00.
2. An internship in Fine Arts or Arts Management requires that in
   addition to the minimal admission prerequisites AR 202 Drawing
   II, AR 212 Art History 1, AR 213 Art History II and one other
   art history course be completed or taken concurrently with the
   internship with grades of no less than C (2.00) with a cumulative
   grade point average of no less than 2.00.
3. An internship in Graphic Design requires that in addition to
   the minimal admissions prerequisites AR 106 Photography
   I (Introduction), AR 120 Visual Technology, AR 130 Graphic
   Design I, AR 206 Photography II, AR 230 Graphic Design II
   and AR 220 Typography And Production be completed or taken
   concurrently with the internships with grades of no less than a
   C (2.00) with a cumulative grade point average of no less than 2.00.
4. A brief summary stating why the student wishes to participate in
   the internship.
5. Possession of personal qualities considered necessary for a
   successful art professional including personal and professional
   integrity; a demonstrated ability to organize work and to work
   under the pressure of deadlines; craftsmanship in producing

artwork; creativity; assertiveness; clarity in speaking, writing, and accurate spelling; and a willingness to cooperate with others and to accept the benefit from criticism.

6. Presentation of a professional quality portfolio that includes artwork relative to the internship is desired.

Decisions of Art and Design shall be transmitted to the applicants and to other appropriate persons at Mount Mercy promptly and in writing.

Students whose applications are refused may discuss the matter with the Art and Design Program Coordinator. Further recourse may be had by contacting the Chair of the Department of Communication, Literature and the Arts.

**Major in Art Education:**

**Original Endorsement in Art (K-8)**

Art Education majors must maintain a minimum 2.70 GPA in the endorsement. Courses in this endorsement must be completed with a minimum grade of C (2.00).

**Total Hours** 70-76

The student will receive a Bachelor of Arts degree with majors in Art and Secondary Education.

Students planning to pursue Art Education should follow the program guidelines within the Education section of this Catalog. Art Education majors are required to contact an advisor in the Education and Art programs to ensure that all requirements for licensure are met. Additional core curriculum courses may be required. All Art majors should elect AR 101 Introduction To Art for their core curriculum fine arts requirement. Art Education students are encouraged to select an area of emphasis in two- or three-dimensional studio art. This is done by electing to take three additional 2-D or 3-D upper level courses.

**Visual Arts/Business Interdisciplinary Program**

**Business Component Required For The Visual Arts/Business Administration-Interdisciplinary Major**

All art minors should elect AR 101 Introduction To Art for their core curriculum fine arts requirement.

Biology

The biology major aims to deepen students' appreciation for the life sciences and to increase their concern for living things and their environment in addition to helping them develop the intellectual competence and the technical skills necessary in their chosen careers.

After completing the biology requirements, students will, for example, be able to: employ the scientific method to summarize scientific information into coherent and logical conclusions; recognize basic laboratory and field instrumentation equipment; and use computers to present scientific information.

Career Opportunities

Medical, teaching, research, industry, museums, park and wildlife management, environmental education, conservation, correlation with health sciences, and many other fields.

1 If students earn a C or above (C- does not count), then they do not need to take a statistics course for this major.
2 One of which may be CH 302 Biochemistry and at least two major electives courses must be lab courses.
3 Or with permission, PS 325 Statistics For Behavioral Sciences.

To research and improve the program, all entering and graduating majors are periodically required to take an anonymous assessment examination based upon general biological knowledge. This exam will only be used to assess major strengths, goals, and weaknesses. Results of this exam will not appear on students' records, nor will the results be used to determine academic progress. An attitudinal survey also will be taken by first-year and senior students.

Academic Requirements

A grade of C or above (C- does not count) in all required courses for the major and the minor. A grade of C or above (C- does not count) is also required in all prerequisite courses for majors and minors.
before enrolling in required biology, chemistry, and math courses. A cumulative GPA of 2.25 is required in all major and minor courses.

Students planning to pursue teacher education should follow the program guidelines within the education section of this Catalog and contact an advisor in the education division for assistance.

¹ If students earn a C or above (C- does not count), then they do not need to take a statistics course for this major.

² Or with permission, PS 325 Statistics For Behavioral Sciences

Students are expected to take all core program course work at Mount Mercy unless they transfer in having already fulfilled a given course or have a major conflict that would hinder obtaining the degree.

Returning students who have interrupted their education at Mount Mercy and who re-enter will be held to all the requirements printed in this Catalog at the time of re-entry.

**Pre-Professional Programs in Biology**

Mount Mercy also offers several Pre-professional Tracks through the biology program.

Students interested in pre-professional programs should notify the Chair of the pre-professional program, early, during the fall semester of the decision year.

**Pre-Medicine**

Pre-medical and pre-dental students should pursue a biology major and a chemistry minor with two courses in physics. Suggested biology electives are:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
</tbody>
</table>

Pre-Physician Assistant

Students pursuing admission to physician assistant programs should follow a similar program to the pre-medical students (above), but they should take MA 142 Mathematics Modeling as their mathematics, and more courses in psychology. Some programs require PS 306 Abnormal Psychology. Most physician assistant programs require a BS degree.

**Pre-Physical Therapy**

Most physical therapy programs require a BS degree, which our biology major satisfies. Courses needed include:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>BI 273</td>
<td>Human Anatomy</td>
<td>4.5</td>

</tr>
<tr>
<td></td>
<td>An additional psychology class</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td><strong>Total Hours</strong></td>
<td><strong>22.5</strong></td>
</tr>
</tbody>
</table>

Pre-Occupational Therapy

Admission requirements for occupational therapy programs differ depending on whether the degree sought is graduate or undergraduate. Graduate programs require a BS degree, preferably with a major in biology, but other majors are also a possibility. Students wishing to pursue a graduate degree in occupational therapy should carefully plan a four-year course of study with their advisor that is based upon programs to which they will apply. Most occupational therapy programs require a BS degree.

**Molecular and Cellular Biology/Forensic Science**

Beyond the courses required for the biology major, suggested electives include:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>BI 315</td>
<td>General Microbiology</td>

<td><strong>23.5</strong></td>
</tr>
</tbody>
</table>

**Business Administration**

The Business Department offers majors in accounting (BC), finance, healthcare administration (HS), marketing (BK), management (BN) human resource management, and business (Adult Accelerated) and minors in accounting, finance, economics (EC), human resources, and business administration (for non-business majors). While offering students the opportunity for specializing in a particular major, the program maintains a broad base that includes exposure to various phases of business and the use of information technology in a business setting.

Upon graduating, Business majors will have the ability to succeed, for example, in: preparing a comprehensive strategic plan; developing
a global business perspective; and identifying and interpreting laws affecting labor in the workplace.

The **accounting major** prepares students for professional positions in all areas of accounting. Recent graduates are currently employed as staff accountants in CPA firms, financial and management accountants for corporations, controllers for small to medium-sized businesses, financial analysts, accounting managers for larger businesses, and agents for the Internal Revenue Service. The accounting major at Mount Mercy is designed to give students the necessary course work for preparation for all professional exams including the Certified Public Accountant (CPA) and Certified Management Accountant (CMA) exams. Mount Mercy offers a Master of Business Administration degree and has an articulation agreement with the University of Iowa’s Master of Accountancy program providing attractive options for satisfying the 150-hour requirement for CPA certification in the State of Iowa.

Objectives established for students in this major include, among others: organize and process complex financial information; apply knowledge to reach appropriate fact-based decisions; and communicate information effectively and professionally. This degree prepares students, for example, to: apply strategic planning principles to a technical specialty area; prepare a comprehensive strategic plan; and develop analytical and critical-thinking skills and apply those skills to the management of a business.

The **finance major** prepares students to work in any of the major areas of the field of finance. These areas include commercial banking, financial planning, investment analysis, corporate financial analysis, investment banking, etc. Many of these areas are expected to grow in demand for the foreseeable future. The coursework required for this major gives students a well-rounded background in business and finance. Students will learn core financial skills and how to apply them. They will also learn to think analytically and solve problems in an uncertain environment.

Upon graduating, Finance majors should be able, for example, to: compute the cost of capital for a company and make capital budget decisions; make financial forecasts and analyze financial statements; and use metrics to value companies and their stocks.

The **healthcare administration major** prepares students for professional administration position in all areas of healthcare and healthcare services. Positions in healthcare facilities could include physician’s offices and practices, chiropractic clinics, hospital administration, rehabilitation and long-term care facilities. The demand for healthcare professionals and administrators is expected to grow for the foreseeable future. The coursework required for this major provides the students with a well-rounded background in business with a concentration in health services issues including regulation, law, compliance, informatics, and financial issues. Healthcare administration majors are required to do an internship or practicum experience. A long-term care track is available for those students pursuing a long-term care license.

The **human resource management major** prepares students for professional positions in leadership, as well as those who are interested in a career in the human resources field. The ability to lead and understand an organization’s human resources is key to success in today’s knowledge based economy. Students will learn to evaluate ethical, social, civic, legal, cultural, and political issues, and how they impact the human resources of an organization. Students will develop effective human resource strategy for innovation in a global environment. Our human resource management major is endorsed by the Society for Human Resource Management (SHRM), based on the guidelines created by the Association to Advance Collegiate Schools of Business (AACSB). Thirteen major content areas prepare students to lead employees in high performance work practices.

Students in this major develop skills and knowledge that enable them, for example, to: identify and interpret laws affecting labor in the workplace; utilize HR metrics to justify employee programs; and demonstrate an understanding of compensation issues.

The **management major** prepares students to lead in a competitive and dynamic business environment. The focus is on developing in students the skills necessary for effective and efficient leadership and management of profit and not-for-profit organizations. The major provides flexibility for students to double major in other business fields including marketing and finance. Minors are also available in economics within the business department and others outside of business. These choices can lead to great career opportunities.

Management majors cultivate specific skills that enable them, for example, to: collaborate with others in analyzing real business cases and developing strategic business plans; correctly identify and employ cognitive motivational theories; and explain the basic management functions in organizations.

Upon graduating, MIS majors will have the ability to succeed, for example, in: leading enterprise software teams in developing software; facilitating the development of enterprise applications; and organizing their time and resources to aid members of the community at large.

Marketing is the functional area of business that deals with the creation, communication and delivery of value to customers. As a marketing major students study the core marketing areas of marketing research, consumer behavior and marketing management. Major elective courses allow students to tailor the program to their individual interests. Emphasis is placed on developing communication, creative, analytical and problem solving skills. Students use their marketing knowledge and skills in decision making situations with a goal of developing effective solutions. Internships are encouraged.

Career opportunities for students earning a marketing degree include sales, product/service management, retail management, merchandising, marketing research, and promotions/marketing communications.

This degree prepares students, for example, to: think critically by conducting appropriate research to assess marketing problems, identify market needs and evaluate buying behaviors; identify the link between Mount Mercy University’s mission and the study of the discipline; and design and implement effective results-producing marketing plans.

This minor is available to non-business majors only.

Characterized by its emphasis on ethical and socially responsible leadership, the Master of Business Administration program at Mount Mercy University challenges students to think globally and strategically while using a multidisciplinary approach to solve business problems.

The block format allows students to complete the program in less than two years, while maintaining full-time employment. Classes are offered on weeknights and Saturdays. In several classes, students work together, to create solutions to real business problems of non-profit organizations in the community as clients and gain an interdisciplinary approach to leadership development in the tradition of Mercy values.

Courses are offered in both 5 and 10 week blocks. Five week classes meet twice a week or all day Saturday and 10 week classes meet once a week or half days on Saturday.

Upon graduating, MBA students should be able to interpret data and employ quantitative methods to evaluate organizations in economic terms, differentiate between effective and dysfunctional team behaviors, and make strategic decisions based on a systematic approach.

**Prerequisite Courses**

Students must complete the following prerequisite courses with a grade of C or above (C- does not count) prior to enrolling in MBA courses (the MBA Program Director may make exceptions to this on a case by case basis). The following prerequisites are offered both in the traditional and accelerated format at Mount Mercy:

A grade of C or above (C- does not count) in each required course for

the minor. To count toward the minor, required chemistry courses must

have been taken within the last five (5) years. Alternatively a student

may elect to take standard examinations for specific courses provided

by the ACS Division of Chemical Education and pass with a minimum

60% of the total score.

Students planning to pursue teacher education should follow the

program guidelines within the education section of this Catalog and

contact an advisor in the education division for assistance.

Communication

Study in the field of communication involves learning how humans

employ widely varied media to produce understanding between

people (or not). Learning in the field focuses on balancing general,

theoretical studies of communication functions with the critical capacity

to evaluate real world practice, and adding to this the enhanced ability

to perform varied communication skills.

The core of the major emphasizes courses that introduce students to

key concepts for communicating in the 21st century. The core courses

provide vital foundations for work in the three areas of study, while the

major-specific courses enable students to engage in integration, critical

reflection, and application of all they have learned.

As the modes of communication are diverse, so too are the careers in

the field, and the three majors (Communication, Journalism, and Public

Relations) allow students to choose more specialized arenas of study

to better prepare them for their chosen careers.

Communication: The Communication major is designed to

enhance students’ skills and understanding of either verbal or

media communication in preparation for any career that heavily

emphasizes communication practice. This two-track major gives

students the opportunity to choose what form of communication they

will emphasize: it includes a verbal track and a media track. The verbal

track includes skills courses in a variety of oral genres, including

public speaking and interpersonal communication. In addition, since

“verbal” means “with words,” the major includes a three-class writing

skill set. The media track emphasizes communication in a variety of

media modes, including publication design, web site development,

computer video production, and photography. Objectives for this major

include for students to interpret the process of communication and

employ communication in real-world practice as they strategically and

competently apply verbal or media skills. This major is an excellent

second major when packaged with a related field of study in either

liberal arts or a professional field.

Career Opportunities

One strength of the three Communication program majors is that

they prepare the individual for a wide variety of careers. For example,

students who graduate with a Communication major must choose to

complete the verbal track or the media track. Communication majors in

the verbal track are prepared for careers that focus on communication

practice, ranging from law to ministry, politics, business, and more.

Communication majors in the media track are prepared for careers in

media aspects of organizations (e.g. desktop publishing, video

production, web page design) as well as the design and production

of corporate publications (e.g. magazines, newsletters and annual

reports).

Total Hours 48

NOTE: Students majoring in the Communication Department can pursue an additional major or minor in the Communication Department ONLY if they also earn, at minimum, some other non-communication department minor.

Academic Requirements

A grade of C or above (C- does not count) is required in each of the communication department course requirements.

Computer Science

Computer Science Major (CS)

The computer science major prepares students to be professional computer programmers and (with the proper area of specialization) to enter graduate school in Computer Science. Students will learn both the theory and practice of the profession, how to work in groups to complete large software projects and appropriate ethical standards. Computer science is a rapidly changing profession and the Mount Mercy computer science program endeavors to teach, model and demonstrate the most modern professional practices. Students with a computer science degree find excellent employment opportunities in almost all industries.

* NOTE: Computer science courses taken seven or more years ago are subject to review by the department before awarding credit for a major or minor in computer science.

Objectives established for students in this major include, among others: use programming languages to explain fundamental computer science concepts; design and analyze algorithms; and understand the process of software engineering (i.e. writing specifications.)

Career Opportunities

Graduates of the computer science program may be employed in business and industry.

Plus one area of specialization 22-23

Total Hours 55-56

1 NOTE: The student will have a chance to take challenge test to get credit for CS 112.

Area of specialization

CS electives 6-12 semester hours (2-4 courses) and specialization courses 11-16 semester hours (4-6 courses in a discipline other than CS).

The intent of the “Area of Specialization” is to allow students to create their own programs of study in Computer Science. A traditional computer science program is possible by selecting the Computational Science Specialization. Other programs of study are outlined beginning on the next page, but this list is incomplete. Potential students are encouraged to “think outside the box” as they, with the advice and
Curriculum approval of their advisors, create their personal computer science majors at Mount Mercy.

The area of specialization must be declared by the end of the Spring term of your sophomore year (can be changed later).

**Sample Areas of Specialization for the Computer Science Major**

**Computational Science**
This specialization is intended for those considering graduate school in computer science.

- **CS 302** Programming Languages 4
- **CS 399** Special Topics in Computer Science 3
- **MA 164** Calculus I 4
- **MA 165** Calculus II 4
- **MA 202** Linear Algebra 4

Total Hours 19

**Information Security**
Individuals choosing information security are encouraged to complete a mathematics minor.

- **CS 399** Special Topics in Computer Science (Cryptography) 3
- **CS 399** Special Topics in Computer Science (Any) 3
- **MA 164** Calculus I 4
- **MA 165** Calculus II 4
- **MA 214** Probability And Statistics 3
- **CJ 297** Criminal Law 3

Total Hours 20

**Web Development**

- **CS 315** Web Programming 4
- **CS 388** Database Systems 4
- **BK 208** Principles Of Marketing 3
- **AR 120** Visual Technology 3
- **AR 130** Graphic Design I 3
- **AR 330** Web and Motion Graphics 3

Total Hours 20

**Software Development**
This is a more CS intensive version of MIS.

- **CS 326** Information Systems Analysis 3
- **CS 388** Database Systems 4
- **CS 399** Special Topics in Computer Science (Any) 3
- **BA 250** Technology & Communication In Business 3
- **BN 204** Principles Of Management 3
- **BN 377** Project Management 3

Total Hours 19

**Embedded Systems**

- **CS 399** Special Topics in Computer Science (Embedded Systems) 3

**Academic Requirements**

A grade of C or above (C- does not count) is required in all courses in the major and their prerequisites. A cumulative grade point average (all courses) of 2.00 or higher is required for graduation with a major in Computer Science.

**Creative Writing**

**Creative Writing Minor**

- **EN 203** Creative Writing 3
- **EN 215** Major English Writers 3
- **EN 278** American Literature Survey: 1914 to Present 3
- **EN 320** Intermediate Creative Writing 3
- **EN 321** Topics In Creative Writing 3

Select one of the following:

- **EN 101** Writing And History 3
- **EN 106** Writing And The Environment 3
- **EN 107** Writing And Popular Culture 3
- **EN 108** Writing and Issues of Health & Mortality 3
- **EN 111** Writing And Film 3
- **EN 112** Writing And Gender Studies 3
- **EN 114** Writing And Social Issues 3
- **EN 115** Writing And Other Cultures 3
- **EN 116** Writing And Memoirs 3
- **EN 117** Writing And Sports 3

**Software Engineering**

- **CS 302** Programming Languages 4
- **CS 326** Information Systems Analysis 3
- **CS 399** Special Topics in Computer Science (Any) 3
- **CS 399** Special Topics in Computer Science (Any) 3
- **MA 164** Calculus I 4
- **MA 210** Introduction To Graph Theory 3

Total Hours 20.5
Recall and demonstrate knowledge of the scientific approach. Critically analyze ethical dilemmas and make principled choices; and to integrate and synthesize various content areas of criminal justice. Upon graduating, Criminal Justice majors should be able, for example, to: integrate and synthesize various content areas of criminal justice; critically analyze ethical dilemmas and make principled choices; and recall and demonstrate knowledge of the scientific approach.

**Career Opportunities**

Law enforcement, legal and judicial administration, corrections, juvenile justice, private security.

**Major**

Total Hours: 39

**Academic Requirements**

Transfer students must take a minimum of 15 semester hours in their criminal justice major or minor at Mount Mercy. A grade of C- or better is required for each course in the major and minor. A student may enroll in and complete a maximum of 6 semester hours for CJ 428 Internship, although only 3 semester hours may be counted toward the major. Majors should follow a sequence of completion in order:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Hours</th>

PO 111  Introduction To American Politics
PO 112  Globalization and Human Survival
PO 312  Politics of International Economic Relations
PO 326  Politics and Public Policy
PO 353  Politics and Economic Policy in the United States
Total Hours  21

1 Can NOT double count these courses for the management, marketing, or business majors or the finance major or minor.
2 Cannot double count for management or business majors but does double count for the finance major or minor.

Education

The Mount Mercy Education program prepares reflective teachers and leaders informed by scholarship, grounded in best practice, enriched by caring, and committed to responsive service in the “Mercy Tradition.” In order to achieve this mission, Mount Mercy provides for each prospective teacher a program of core curriculum, concentration in a major field of learning, varied field based experience and a sequence of education courses leading to professional licensure by the State of Iowa. The curriculum for the Education majors, including endorsement areas, is under regulation and accreditation from the Department of Education in Iowa and is subject to change upon changes in regulation made by the State.

The Education major aims to prepare students to: create equitable instructional opportunities; demonstrate knowledge of subject areas; use assessment to monitor student learning and inform their planning and decisions; and display positive dispositional qualities of effective teachers..

Career Opportunities

Graduates may select licensure and specific endorsements authorizing them to teach in a range of programs from preschool through secondary school. Public and parochial schools are the main employers of teacher education graduates. Additional career opportunities include service organizations and day care centers.

An Invitation to Teaching

All students should enroll in ED 106 An Invitation to Teaching, during the first semester or term in which they take education courses. They will obtain a Teacher Education Program (TEP) handbook at this time along with specific information about policies and the Performance Assessment System (PAS). Students will review the handbook, complete certifications necessary for field work, develop an awareness of the dispositional qualities of effective teachers, and an understanding of TEP program and screening requirements.

Field Experiences

Supervised field experiences with children prior to student teaching are an integral component of the Mount Mercy Teacher Education Program. A minimum of four field experiences are required of all students in education. Field experience is done on a regular weekly basis over the course of the term at state-approved public and non-public schools in the metropolitan area with certified teachers. These experiences provide students with opportunities to observe and to implement educational activities with individual pupils, small groups, and large groups under direct supervision of a certified teacher who models professional skills. Our standard practice is to avoid placing students in a school where they are employed, where a relative works, or where their children attend. Pass/Fail grading is used for field experience. Each field experience is associated with a specific course and a passing grade is required of all field experiences. Students are to attend field experiences throughout the entire semester. Field experience expectations are specified within courses and in the Teacher Education Handbook.

Field Experience Requirements:

1. Enroll in ED 106 An Invitation to Teaching, as a co-requisite with the first education course taken at Mount Mercy.
2. Successful completion of certification in: blood borne pathogens, mandatory reporting and Virtus training
3. Comply with health and safety guidelines established by the Education Department. (FE Manuals)
4. Sign voluntary disclosure and waiver forms.
5. All field experiences are considered an integral component of the associated core courses and, therefore, successful completion of the course requires students to meet the stated performance criteria for course and field work. Students who fail to successfully complete either the course or the associated field are required to retake both the course and the field experience (see TEP Handbook).

Students seeking additional field experiences may enroll in ED 417 Field Experience for Education (see catalog course description).
Transfer Students
A maximum of two field experiences will be considered for transfer to Mount Mercy for credit in the education program. Students who have had the equivalent content of ED 102 Foundations of Education and ED 263 Educating the Exceptional Person but lack the equivalent field experience should enroll in ED 415 Field Experience or ED 416 Field Experience Exceptional Persons respectively.

Correspondence Courses
Correspondence courses are not accepted for required education courses. Correspondence courses may only be applied as elective credits toward the baccalaureate degree.

Life Experience Credit
The Iowa Department of Education will not accept credits awarded for “life experience” for any purpose.

Grade Criteria
Students must have a 2.50 or above GPA to enroll in the following Education core courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ED 102</td>
<td>Foundations of Education</td>
<td>3</td>
</tr>
<tr>

</tr>
<tr>
<td>ED 132</td>
<td>Children’s Literature</td>
<td>3</td>
</tr>
<tr>
<td>ED 253</td>
<td>Educational Psychology</td>
<td>3</td>
</tr>
<tr>
<td>ED 263</td>
<td>Educating the Exceptional Person</td>
<td>3</td>
</tr>
</tbody>
</table>

Endorsement courses may also have prerequisite grade requirements (see course descriptions). A GPA of 2.70 or above is required before starting ED 232 Principles of Early Childhood and Elementary Education or ED 234 Principles of Secondary Education and ED 309 Reading and Language Arts in the Primary Classroom and ED 345 Math Methods for Elementary Teachers I. Endorsement areas may require all courses be completed with a minimum grade of C (2.00). See endorsement details that follow.

Admission to the Teacher Education Program (TEP)
It is the responsibility of the Education faculty to admit to the teacher education program only those students who are academically capable and who have demonstrated a level of performance that indicates the ability to continue successfully in the program.

A Performance Assessment System, fully described in the Teacher Education Handbook, helps students monitor their progress in meeting established criteria for each phase of their preparation. Feedback is provided as students complete courses, field experiences, Level I screening and the admission screening process.

A state mandated basic proficiency test (C-BASE) in reading, writing and math is a requirement for admission to the teacher education program. The Department will also accept PPST or CAAP proficiency test. See TEP Handbook for passing score requirements. Students must meet the proficiency test (C-BASE) requirements prior to starting ED 232 Principles of Early Childhood and Elementary Education or ED 234 Principles of Secondary Education. Any student seeking an exception must meet with his/her education advisor and the department chair. Details of the testing procedure are provided in the Teacher Education Handbook. Test dates and registration materials are available in the Education Office. No section of the test may be taken more than three (3) times. It is the student’s responsibility to obtain the necessary services/materials/coursework to remediate low scores on the C-BASE prior to retesting if necessary. The following are some resources which may be of assistance:

1. Private tutor.
2. Busse Library resources.
3. Kirkwood Community College offers some coursework.
4. Retaking a literature, math or writing course.
5. Mount Mercy Academic Center for Excellence.

During the junior level Fall Semester, application forms for the teacher education program are made available to students. Students must be enrolled in either ED 232 Principles of Early Childhood and Elementary Education or ED 234 Principles of Secondary Education. Students who have been denied admission to the teacher education program will not be permitted to enroll in:

Acceptance into the program is based on the following:

1. Pass the standardized proficiency test in reading, writing, and math with acceptable scores in each area.
2. At the time of application to the teacher education program students must have a minimum cumulative grade point average of 2.70 and a grade point average of 2.70 in the elementary and/or secondary majors and any other major or endorsement areas.
3. No grades below C (2.00) in any of the following courses:

   - ED 102: Foundations of Education 3
   - ED 106: An Invitation to Teaching 1
   - ED 132: Children's Literature 3
   - ED 232: Principles of Early Childhood and Elementary Education 3
   - ED 253: Educational Psychology 3
   - ED 263: Educating the Exceptional Person 3
   - PS 124: Developmental Psychology 3
   - ED 234: Principles of Secondary Education 4

   A 2.70 cumulative GPA is required for entry, continuation and licensure.

The secondary education major grade point average is based on the following courses:

- ED 102: Foundations of Education 3
- ED 106: An Invitation to Teaching 1
- ED 232: Principles of Secondary Education 4
- ED 253: Educational Psychology 3
- ED 263: Educating the Exceptional Person 3

One of the following:

- ED 323: Art Methods Majors 5-12 (with reading) 3
- ED 324: Music Methods Music Majors 5-12 (with reading) 4
- ED 325: Methods - Business 5-12 (with reading) 3
- ED 326: Methods - English Language Arts 5-12 (with reading) 1
- ED 327: Methods - Mathematics 5-12 (with reading) 3
- ED 328: Methods - Science 5-12 (with reading) 3
- ED 329: Methods - Social Sciences 5-12 (with reading) 3
- ED 370: Education Leadership Seminar 2
- ED 375: Classroom Management for Education Majors 1
- ED 379: Human Relations 3
- PS 124: Developmental Psychology 3

A 2.70 cumulative GPA is required for entry, continuation and licensure.

The teacher education screening committee reviews each application and notifies the student of the decision by letter.

Acceptance into the program is based on the following:

1. Pass the standardized proficiency test in reading, writing, and math with acceptable scores in each area.
2. At the time of application to the teacher education program students must have a minimum cumulative grade point average of 2.70 and a grade point average of 2.70 in the elementary and/or secondary majors and any other major or endorsement areas.
3. No grades below C (2.00) in any of the following courses:

   - ED 102: Foundations of Education 3
   - ED 106: An Invitation to Teaching 1
   - ED 132: Children's Literature 3
   - ED 232: Principles of Early Childhood and Elementary Education 3
   - ED 253: Educational Psychology 3
   - ED 263: Educating the Exceptional Person 3
   - PS 124: Developmental Psychology 3
   - ED 234: Principles of Secondary Education 4

   A 2.70 cumulative GPA is required for entry, continuation and licensure.

The secondary education major grade point average is based on the following courses:

- ED 102: Foundations of Education 3
- ED 106: An Invitation to Teaching 1
- ED 232: Principles of Secondary Education 4
- ED 253: Educational Psychology 3
- ED 263: Educating the Exceptional Person 3
- PS 124: Developmental Psychology 3
- ED 234: Principles of Secondary Education 4

A. These courses must be completed prior to admission to the teacher education program.

4. Proficiency in composition and speech as evidenced by grades of at least C (2.00) in one core curriculum writing course and CO 101 Oral Communication. Proficiency in speech and writing must be demonstrated in education course work and field experience.

5. Proficiency in mathematics as evidenced by a grade of at least C (2.00) in MA 125 Fundamentals Of Arithmetic & Logic or other college-level mathematics course. This course must be completed prior to junior level methods courses.

6. Proficiency in meeting field experience criteria. (See TEP Handbook)

7. Written recommendations from three full-time Mount Mercy instructors. One recommendation must be from the current ED 232 Principles of Early Childhood and Elementary Education or ED 234 Instructor, and two others as directed on the application form.

8. All students must take either ED 232 Principles of Early Childhood and Elementary Education or ED 234 Principles of Secondary Education at Mount Mercy. These courses include an associated semester long field experience. The course and Field Experience must be successfully completed.

9. Demonstration of TEP performance criteria for knowledge, skills, and dispositions associated with professionalism in teaching. This includes satisfactory demonstration of the core performances designated for required courses in the program. Students shall document competency by submitting core assignments in Live Text. All core performance assignments are scored in the Live Text TEP assessment database. The criteria used for field experience evaluations are located in the field experience section of the TEP Handbook. Students receiving a score below 2.00 on a core performance are expected to initiate and receive instructor approval of a plan for demonstrating satisfactory performance by an agreed upon date, not later than the next applicable TEP screening process. Grades for the initial core performance will not be changed, but demonstration of satisfactory remediation will be noted in the Student Assessment Record.

10. The Teacher Education Program (TEP) Screening Committee reviews each candidate to consider his/her potential for successful program completion. A grade of C (2.00) or above in an education course is not the sole indicator of success in the class. A student may receive a C or above in one or more courses while needing to remeant numerous core assignments. A pattern of low core performance scores, repeated course enrollments, remediated/unremediated core assignments, and/or numerous conditional ratings on the faculty recommendation form may result in denial by the TEP Screening Committee.

11. Students need to demonstrate good physical and emotional health over a period of time and demonstrate the capacity to meet the demands of providing pupils with a positive and safe learning environment. They must be able to meet the demands of teaching in a classroom, including physical and emotional fitness for the job. Any condition that might result in frequent absences from the classroom and a student's inability to meet responsibilities to pupils and the cooperating teacher, or that will interfere with the normal functioning of a classroom, may delay or prevent admission to the program.
12. Students receiving a C- or below in any subject area methods course (ED232 Principles of EC/Elementary Education or ED234 Principles of Secondary Education, ED 309 Reading and Language Arts in the Primary Classroom, ED 345 Math Methods for Elementary Teachers I) may not continue into spring methods courses.

Student Progress Review Form

An instructor may request to meet with a student to discuss specific areas of concern in one or more of the goal areas. The form is used to develop student awareness of goal areas and develop a plan for strengthening student performance. A student’s willingness to work with faculty on targeting goals, planning for improvement, and demonstrating progress may be an important step towards successful program completion. Student Progress forms are kept on file. It is the student’s responsibility to follow the plan and set future meetings with the instructor.

Screening Process for the Teacher Education Program

A screening committee may approve or deny entrance into the teacher education program and student teaching, or the screening committee may recommend that a student withdraw his/her application and resubmit at a later date. Letters of acceptance or denial are sent to each applicant following the screening meeting. The screening committee includes full-time education faculty and two additional Mount Mercy faculty. Any student who is initially screened into the program but does not complete methods block or who has chosen to go at a slower pace and therefore does not complete methods block must apply to continue in the program the fall prior to continuation in methods.

Admission to Student Teaching

During the Spring Semester of the junior year, application forms are made available to students. The student is given the opportunity to state a preference of schools (public or non-public), grade and/or subjects. Placements are monitored to insure a range of field experience (grade levels, urban, rural...).

Acceptance for student teaching is based on the same requirements as for admission to the teacher education program including a minimum cumulative grade point average of 2.70 and a 2.70 in both the elementary and/or secondary majors and other major or endorsement areas at the time of application for permission to student teach. A minimum of a C (2.00) must be obtained in all methods courses and all endorsement area courses. Core performance expectations, outlined in number nine and ten above, must continue to be met. Secondary students must complete or be near completion of courses in their original endorsement areas prior to student teaching.

If a student’s cumulative or endorsement GPA drops below 2.70 at the end of the spring methods semester the student has the following options: change majors, return and retake the course(s) the following spring to raise the GPA, or select the nonlicensure option. NOTE: if the GPA falls below 2.50 students will need to select another major.

Student Teaching

Student teaching is done only in state-approved public and non-public schools in the area with certified teachers. The education program is carefully sequenced to ensure student teaching during the fall semester. Placements are based on student request, school/teacher availability, faculty judgment and supervisory responsibilities. Students are required to attend student teacher orientation in the spring prior to student teaching. Student teaching commences with fall in-service activities at the assigned school and both the cooperating teacher and student teacher workshop at Mount Mercy. Therefore, the student teaching calendar may differ from the Mount Mercy calendar. (A pass-fail grade is assigned for student teaching and a letter grade is assigned for , ED 375 Classroom Management for Education Majors and ME 450 Mercy Experience Capstone).

Continuation in the Teacher Education Program

The Education Department reserves the right of retaining only those students who in the judgment of the faculty continue to demonstrate the standards expected of prospective members of the teaching profession.

Appeal

A student who is not accepted into the education program or to student teaching may appeal in accordance with the Academic/Administrative Grievance Procedure (See the Mount Mercy Grievance Policy in the Good Book). A student who is denied admission to the teacher education program has one additional opportunity to resubmit an application. This must occur within one year of the denial. Students who withdraw their application may resubmit at a later date.

Licensure

Two state mandated tests must be completed and passed with the minimum cut score required by the Iowa Department of Education in order for teacher candidates to be recommended for licensure. The Praxis II tests for specific content must be completed as well as a Principles of Learning and Teaching Test. There are several forms of these tests, so candidates should consult their advisor to ensure they are completing the appropriate tests for their major and endorsement areas. Upon successful completion of student teaching and all graduation requirements (including earning a minimum of 123.0 total semester hours), the University Certification Official recommends candidates to the State of Iowa for licensure. Applications for Licensure by the Iowa Department of Education are typically completed during ED370 Education Leadership Seminar. A baccalaureate degree and completion of the sequence of professional education courses are not guarantees of recommendation for licensure. The student must be approved by the Education faculty, which will recommend only those who have maintained the scholastic standards required for admission to student teaching, successfully completed all student teaching requirements, and consistently have manifested a professional demeanor. Prior to initial licensure the state requires fingerprinting, criminal background checks, and passage of a state required pre-licensure exams. Students who fail Student Teaching but have met all other requirements for graduation can receive their degree, with permission of the Education Department, but cannot be recommended for licensure.

Students who are recommended by Mount Mercy may then apply to the Iowa Department of Education for licensure with the endorsements for which they are prepared; the initial license is valid for a two-year period, the substitute license is valid for a five-year period.
Mount Mercy offers programs to prepare students for the following original endorsements:

- Early Childhood (Iowa License 106)
- Elementary Education (K-6)
- Secondary Education (7-12) (specific content area)
- Elementary Art (K-8)
- Secondary Art (5-12)
- Elementary Music (K-8)
- Secondary Music (5-12)

Iowa state licensure requires courses that are already prescribed in the general core curriculum with the requirements including a college-level mathematics course, a natural science course, a history course, and a teacher education course in human relations to meet Iowa licensure requirements. Elementary majors must complete two science courses (a biological and a physical science).

If students plan to teach in a state other than Iowa, they are responsible for planning a program to meet the requirements in that state.

Non-Licensure Option

Non-licensure options are available for students who choose or are recommended by the screening committee or education faculty to select an alternative to state licensure. Students pursuing this path may receive their degree in Education but will not be recommended for an Iowa teaching licensure. Completion of program requirements/courses is required, with the exception of ED 370 Education Leadership Seminar and ED 375 Classroom Management for Education Majors, for an Education degree without licensure.

Students who choose the Non-licensure Option, withdraw from, or who fail student teaching may apply for subsequent permission to student teach under certain conditions. They must submit to the Education Department Chair written evidence of specific steps taken to improve in all major areas identified as interfering with prior performance, along with the outcomes of those steps. Evidence of improvement may be required in other than written form. The application will be considered by the Teacher Education Program Screening Committee which will also verify that all current requirements have been met. Due to the complexity of making substantial improvements in the performance areas that must be satisfactorily demonstrated, there is a one-year waiting period from the conclusion of their first student teaching/internship semester before a new application can be submitted.

Post Baccalaureate

Individuals with a current Iowa teaching license who enroll at Mount Mercy to obtain additional endorsements must complete a minimum of one-third or 9 semester hours of the required course work in the desired endorsement at Mount Mercy. Students whose endorsement require student teaching must complete applications for admission to the teacher education program and student teaching. Licensed individuals may need to complete only 7-8 weeks of student teaching in the new endorsement area.

Students with a prior bachelor's degree need to check their personal status in relation to second degree, second major, or other special status. Completion of a second degree (which minimally requires an additional thirty hours in teacher education beyond the original baccalaureate degree) entitles the student to participate in graduation.

Note: the ME450 Capstone course is not required. Refer to the appropriate Catalog sections for further information on post-baccalaureate status.

PREP Program

PREP is a reduced tuition program designed for licensed teachers seeking additional endorsements or re-certification credit. PREP students are eligible for reduced tuition fees at the per credit rate currently approved for PREP Program. Teachers may apply for admittance into the program through the Mount Mercy Admissions office. Individuals participating in the PREP Program are not eligible for other forms of financial assistance from Mount Mercy. PREP students may be eligible for federal financial aid and should contact the Student Financial Services Office with questions. All endorsement areas require a minimum 2.70 grade point average for recommendation for licensure. Teachers seeking to add endorsements in reading or special education may want to consider applying to the Mount Mercy University masters program.

Title II Public Disclosure Requirements

1. Program Enrollment 2011-2012: 200
2. Student Teachers in 2011-2012: 41
3. 14 supervisory faculty for student teaching (10 full-time and 4 part-time)
4. Student to faculty ratio: 3 to 1
5. 40+ hours per week of student teaching for 16 weeks

The Mount Mercy Teacher Preparation Program is accredited by the State of Iowa and is in good standing.

The Education major aims to prepare students, among others, to: create equitable instructional opportunities; demonstrate knowledge of the subject areas for which they will be responsible as teachers; and use assessment to monitor student learning and inform their planning and decisions.

All courses in the major must be completed with a minimum grade of C (2.00). Students accepted for student teaching and recommended for licensure must meet all TEP standards and maintain a minimum cumulative GPA of 2.70.

Mount Mercy accepts a maximum of 75 semester hours from Kirkwood Community College for all Kirkwood transfers planning to pursue the Early Childhood Education major.

The Education major aims to prepare students, among others, to:
create equitable instructional opportunities; demonstrate knowledge of
the subject areas for which they will be responsible as teachers; and
use assessment to monitor student learning and inform their planning
decisions.

**Elementary Education Endorsements:**

- **Art (K-8)**
  - Early Childhood Education: Teacher – Prekindergarten-Kindergarten
- **English – Language Arts (K-8)**
  - Instructional Strategist I (K-8) (special education)*
  - Instructional Strategist II (K-12 BD and LD) (special education)**
- **Behavior Strategies (K-8)**
  - Instructional Strategist II (K-12 BD and LD) (special education)**
  - Instructional Strategist I (K-8) (special education)*
  - Mathematics (K-8)
  - Middle School (5-8)
  - Reading (K-8)
  - Science – Basic (K-8)
  - Social Science – History (K-8)
  - Social Science – Social Studies (K-8)

**Instructional Strategist I (K-8) Endorsement:**

This endorsement is for students wishing to teach students with mild/moderate disabilities. This endorsement requires one eight-week student teaching placement in a special education classroom and one eight-week placement in a regular education classroom. Students must maintain a minimum 2.70 GPA in this endorsement. Courses in this endorsement must be completed with a minimum grade of C (2.00).

**Instructional Strategist II (K-12 BD and LD) Endorsement:**

This endorsement is for students wishing to teach students with moderate to severe behavior disorders to include Autism/Asperger’s as well as Learning Disabilities. The endorsements requires one eight-week student teaching placement in a special education classroom at level of endorsement (elementary or secondary), one eight-week placement in regular education and one four-week placement at the alternative level of endorsement. Students must maintain a minimum 2.70 GPA in this endorsement. Courses in this endorsement must be completed with a minimum grade of C (2.00).
Early Childhood Endorsements:

These endorsements are options for individuals seeking an Elementary Education (K-6) license.

Teacher – Prekindergarten-Kindergarten (endorsement #103)
Teacher – Prekindergarten Through Grade 3 Including Special Education (endorsement #100)

The endorsements require one eight-week student teaching placement in a kindergarten (ED 359 Student Teaching in Kindergarten) or primary (grades 1-3) (ED 352 Student Teaching in the Elementary School) classroom, and one student teaching placement in a prekindergarten (ED 363 Student Teaching in Prekindergarten).

Students must maintain a minimum 2.70 GPA in these endorsements. Courses in these endorsements must be completed with a minimum grade of C (2.00).

Endorsement Requirements

English - Languages Arts Endorsement (K-8) End. #119: 28-29 semester hours

One course selected from core curriculum writing courses 3
ED 132 Children’s Literature 3
ED 309 Reading and Language Arts in the Primary Classroom 6
& ED 311 Reading and Language Arts in the Intermediate Classroom

CO 101 Oral Communication 3
Select one of the following: 3
ED 237 Language Development and Learning Experiences for Young Children
EN 120 Grammar
EN 125 Introduction To Language

Select one of the following: 3
ED 135 Storytelling

Select one of the following: 3
EN 133 Topics In American Multiculture Lit
EN 175 American Drama
EN 178 Major American Writers
EN 123 Professional Writing 4
or EN 203 Creative Writing

Total Hours 28

Students must maintain a minimum 2.70 GPA in the endorsement. Courses in this endorsement must be completed with a minimum grade of C (2.00).

Instructional Strategist I (K-8) End. #260: 36 semester hours

ED 237 Language Development and Learning Experiences for Young Children 3
ED 263 Educating the Exceptional Person 3
ED 313 Prescriptive Reading Instruction 4
ED 350 Classroom Management: Behavior Strategies 2
ED 371 Special Education Foundations 3
ED 376 Methods for Instructional Strategist I K-8 3

ED 380 Characteristics of Learners with Mild/Moderate Disabilities 3
ED 385 Tests, Measures, and Assessment 3
ED 352 Student Teaching in the Elementary School 6
ED 361 Student Teaching - Instructional Strategist I K-8 6

Total Hours 36

Students must maintain a minimum 2.70 GPA in the endorsement. Courses in this endorsement must be completed with a minimum grade of C (2.00).

Instructional Strategist II (K-12) End. #263 41 semester hours

ED 237 Language Development and Learning Experiences for Young Children 3
ED 263 Educating the Exceptional Person 3
ED 313 Prescriptive Reading Instruction 4
ED 350 Classroom Management: Behavior Strategies 2
ED 371 Special Education Foundations 3
ED 378 Transition 2
ED 382 Methods for Instructional Strategist II K-12 3
ED 383 Methods for Teaching LD & BD Students 3
ED 385 Tests, Measures, and Assessment 3
ED 352 Student Teaching in the Elementary School 6
ED 368 Student Teaching - Instructional Strategist II K-8 6
ED 392 Student Teaching - Instructional Strategist II 5-12 3

Total Hours 41

Students must maintain a minimum 2.70 GPA in the endorsement. Courses in this endorsement must be completed with a minimum grade of C (2.00).

Mathematics Endorsement (K-8) End. #142: 24-25 semester hours

MA 125 Fundamentals Of Arithmetic & Logic 3
MA 130 Finite Mathematics 3
MA 135 Basic Statistics 3
MA 145 History Of Math For Elem Edu 3
MA 150 Discrete Mathematics 3
CS 103 Introduction To Web Site Development 3
MA 132 Basic Mathematical Modeling 3
or MA 142 Mathematics Modeling
MA 139 Pre-Calculus 4
or MA 164 Calculus I
ED 345 Math Methods for Elementary Teachers I 3
ED 346 Math Methods for Elementary Teachers II 3

Total Hours 31

Students must maintain a minimum 2.70 GPA in the endorsement. Courses in this endorsement must be completed with a minimum grade of C (2.00).
### Middle School Endorsement (5-8) End.

**Total Hours**  17

Each secondary teacher must have an original endorsement of at least 30 semester hours in an academic field. The original endorsement is listed as major for degree and transcript purposes as specified below. In addition, the student must complete the secondary education major. A second teaching endorsement (minor area) is not required but highly recommended. Students must maintain a minimum 2.70 GPA in the original endorsements, the second teaching endorsements (minor areas) and in the Secondary Education Major.

### Major

Plus the major in secondary education, including ED 328 (reading included)

BI 305 and a statistics course are also recommended

Total Hours 34.5

The student will receive a Bachelor of Science degree with majors in Biology-Education and Secondary Education.

### Original Endorsement in Social Sciences – All Social Sciences (5-12)
**End. # 186: 51 semester hours**

Complete the following requirements: 9 semester hours in World History, 9 semester hours in American History, 9 semester hours in Government, 6 semester hours in Sociology, 6 semester hours in Psychology, other than educational psychology, 6 semester hours in Geography, 6 semester hours in Economics (see catalog pg. 93 for lists of courses). The student will receive a Bachelor of Science degree with majors in Secondary Education and Social Science-Education.

### Original Endorsement in Social Sciences – Combining three (3) Social Science Areas (5-12): 45-49 semester hours

Choose three (3) of the social science areas below. For students choosing History, both American and World History must be completed. With the major in secondary education including ED 329 Methods 5-12 Social Science (with Reading). The student will be eligible for Iowa Licensure in the three (3) areas completed. The student will receive a Bachelor or Science degree with majors in Secondary Education and Social Science-Education.

Plus the major in secondary education, including ED 329 (reading included)

Total Hours  33

The student will receive a Bachelor of Arts degree with majors in Social Science-World History and Secondary Education.
Curriculum

The student will receive a Bachelor of Arts degree with majors in History and Secondary Education.

Secondary Education Minor Endorsements (5-12)

Mount Mercy offers the following minor endorsement areas for 5-12; these differ from original endorsements in that they must accompany an original endorsement:

- English – Language Arts
- Instructional Strategist I (5-12)
  (Special Education - must be paired with a subject area endorsement)
- Instructional Strategist II (K-12 BD and LD)
  (Special Education - must be paired with a subject area endorsement)
- Journalism
- Mathematics
- Middle School (5-8) (must be paired with a subject area endorsement)
- Science – Chemistry
- Science – General Science
- Science – Physical Science
- Social Science – American Government
- Social Science – American History
- Social Science – Economics
- Social Science – Psychology
- Social Science – Sociology
- Social Science – World History

Endorsement in English - Language Arts (5-12) (second teaching area) End. #120: 28 semester hours

**Master of Arts in Education Program Core: 13 semester hours**

A five-course core provides a vibrant shared experience for all Master of Arts in Education students. These courses focus on developing the broader perspectives needed for leadership in the profession. Understanding legal and policy issues, building leadership skills, examining cultural and ethical implications, and applying the tools of research are but a few of the outcomes targeted by the program’s core experiences. All Master’s students will complete an independent Action Research Project and will present the project to the Mount Mercy community in a poster session.

This graduate degree prepares students to: effectively use researched instructional strategies; conduct, interpret and evaluate assessments; acquire and apply the skills needed to become reflective practitioners and teacher leaders; formulate and evaluate action research; and analyze research results and communicate the results in written and oral presentations.

**Required Core Courses:**

**Emphasis in Special Education: 34-39 semester hours**

The Master of Arts in Education with emphasis in Special Education program is designed to prepare teachers to provide appropriate levels of instruction to students with disabilities at the elementary and secondary levels. Four options are available under this program:

- Instructional Strategist I K-8 endorsement
- Instructional Strategist I 5-12 endorsement
- Instructional Strategist II K-12 endorsement
- Special Education – no endorsement

The goal of this degree is to provide teachers with updated research, legal procedures, knowledge, and best practices to be successful with students who struggle to learn and/or behave appropriately in general and special classroom settings.

Emphasis in Reading: 34-35 semester hours

The Master of Arts in Education with emphasis in Reading program is designed to prepare teachers for K-8 or 5-12 reading instruction. Students pursuing this degree will also be eligible for the K-8 or 5-12 reading endorsement from the State of Iowa upon completion of the program. Students may take this emphasis with or without an endorsement option.

The goal of the program is to prepare teachers as reading strategists who have a dynamic understanding of the reading process and who take with them a variety of resources for enhancing literacy for K-12 learners that goes beyond the undergraduate experience. Candidates will add to their existing knowledge base by engaging in an in-depth analysis of current research as well as their own individual action research. Three options are available under this program:

Reading (K-8) Endorsement

Required Core Courses:

<table>
<thead>
<tr>
<th>Program Core</th>

</tr>
</tbody>
</table>

* May be used to fulfill the semester hours required for the emphasis in reading when students have already taken a required course for endorsement work at the undergraduate level.

English

An English major and minor, and minors in creative writing and writing are offered.

The core curriculum courses in English introduce students to the basics of writing clearly and concisely and to an appreciation and understanding of literature.

Other courses emphasize 1) the study of literature by major British, American, and world writers; 2) the research and writing process; and 3) the student’s own creative use of language.

English majors explore a range of literary genres and periods; they grapple with the complexities of literary texts; they hone their abilities
to write, speak, think, and research; and they prepare portfolios for use in job interviews and/or graduate school applications.

The writing classes EN 101 to EN 118 fulfill the competency requirement in writing. Each course concentrates on the student's own writing but uses a different thematic content as a basis for the reading, writing, and research assignments. All courses use a workshop format, require several individual conferences with the instructor, and require the same number and scope of assignments. Students are advised to take one of these courses as early in their studies as possible because the courses stress writing and research skills needed for other competency courses. Students also may take these courses as electives.

**Career Opportunities**

English majors find employment in many professional areas, including education, business, publishing, communications, and government. They also continue their education in graduate and professional schools, majoring in English, journalism, creative writing, education, law, or other related studies.

**Admission to the English Major or Minor**

The student wishing to major or minor in English must have a cumulative grade point average of at least 2.00 and no grades below C- in any required English course.

Film Studies
The film studies minor offers courses designed to provide an overview of film culture: major historical and critical trends in film studies, analyses of cinematic form and style, and the relationship between film and culture. Through learning how to read, analyze, discuss, review and write about film, students will hone their skills in written/oral communication, analytical thinking, and critical judgment. They will learn how to evaluate this major art form of the 20th century that has had a profound influence on popular, intellectual, and artistic life.

Film Studies Minor
FS 101 Introduction To Film Studies 3
FS 240 History of Film 3
Select four of the following: 12
  FS 150 Introduction to Film Adaptation 3
  FS 210 Major Film Directors 3
  FS 220 Film Genres 3
  FS 230 Studies In Foreign Film 3
  FS 260 Spanish Conversation, Film and Culture 3
  FS 265 Politics and Film: The Art of the Message 3
  FS 280 Topics In Film Studies 3

Finance
The Business Department offers majors in accounting (BC), finance, healthcare administration (HS), marketing (BK), management (BN) human resource management, and business (Adult Accelerated) and minors in accounting, finance, economics (EC), human resources, and business administration (for non-business majors). While offering students the opportunity for specializing in a particular major, the program maintains a broad base that includes exposure to various phases of business and the use of information technology in a business setting.

Upon graduating, Business majors will have the ability to succeed, for example, in: preparing a comprehensive strategic plan; developing a global business perspective; and identifying and interpreting laws affecting labor in the workplace.

The finance major prepares students to work in any of the major areas of the field of finance. These areas include commercial banking, financial planning, investment analysis, corporate financial analysis, investment banking, etc. Many of these areas are expected to grow in demand for the foreseeable future. The coursework required for this major gives students a well rounded background in business and finance. Students will learn core financial skills and how to apply them. They will also learn to think analytically and solve problems in an uncertain environment.

Upon graduating, Finance majors should be able, for example, to: compute the cost of capital for a company and make capital budget decisions; make financial forecasts and analyze financial statements; and use metrics to value companies and their stocks.

Core Requirements for all Business Majors
BA 203 Principles Of Law 3
BA 250 Technology & Communication In Business 3
BA 270 Business Statistics 3
BA 379 Financial Management 3
BA 435 Senior Sem - Business 3
or BA 436 Applied Business Strategy
BC 265 Principles Of Accounting I 3
BC 266 Principles Of Accounting II 3
BN 204 Principles Of Management 3
BK 208 Principles Of Marketing 3
EC 251 Macroeconomics Principles 3
EC 252 Microeconomic Principles 3
Select one of the following: 3
  MA 130 Finite Mathematics
  MA 132 Basic Mathematical Modeling
  MA 139 Pre-Calculus
  MA 142 Mathematics Modeling
  MA 160 Business Calculus
  MA 164 Calculus I

Finance Major (Core business requirements plus 18 additional semester hours)
BA 344 Investments 3
BA 420 Cases In Finance 3
EC 366 Money and Banking 3
One BC course numbered 300 or above 3
Select two of the following: 6
  BA 320 Applied Financial Reporting
  BA 350 Risk Management
  BA 360 Securities Analysis
  BA 425 Finance Internship
  EC 376 International Economics 3

Finance Minor
BA 344 Investments 3
BA 379 Financial Management 3
BA 420 Cases In Finance 3
BC 265 Principles Of Accounting I 3
BC 266 Principles Of Accounting II 3
opportunity to assemble a varied portfolio for review. Two other studio or graphic design courses. This will give students an art curriculum courses: AR 102 Drawing I, AR 103 Design, and at least one accounting course numbered 300 or above. By the end of the sophomore year all Art/Design-related majors should have taken the five basic art courses also will be reviewed. By the end of the sophomore year all Art/Design-related majors should have taken the five basic art courses: AR 102 Drawing I, AR 103 Design, and at least two other studio or graphic design courses. This will give students an opportunity to assemble a varied portfolio for review.

Fine Arts

The Art and Design program offers courses that provide students with the technical and aesthetic instruction necessary for visual expression of all types. An environment conducive to the student's total involvement as a developing artist is provided with offerings in art history and appreciation, studio work in fine arts and graphic design, and art education. A Fine Arts major prepares students for careers involving the visual arts or further study in graduate or professional schools.

The program maintains studios for sculpture, ceramics, drawing, painting, textiles and printmaking, Photographic darkrooms, and a Macintosh computer lab, with 16 networked machines, support the program. The Janalyn Hanson White Art Gallery schedules professional exhibitions and visiting artists throughout the year.

Transfer students in Fine Arts may be asked to submit a portfolio of work to the chairperson to identify students' best placement in Art and Design classes.

Students in any of the Art and Design majors build the appropriate and necessary skills to: verbally articulate analysis of artworks; think visually and creatively; and present their art and design work in a professional manner.

Career Opportunities

Professional artist; basis for graduate work in visual arts; preparation for work in museums and educational agencies, media, publications and various businesses; government or public agencies requiring people with cultural knowledge. Internships prepare students for employment.

Sophomore/Transfer Student Portfolio Review

By the end of the sophomore year or the end of a transfer student's first year at Mount Mercy, Fine Arts majors are required to have a portfolio review to check progress and be advised on continuing in the Art & Design Program. The portfolio will be the major consideration, but the grade point average in art courses and the grade point average in all courses also will be reviewed. By the end of the sophomore year all Art/Design-related majors should have taken the five basic art course: AR 102 Drawing I, AR 103 Design, and at least two other studio or graphic design courses. This will give students an opportunity to assemble a varied portfolio for review.

Admission to the Internship

Internships for Fine Arts majors are not required but if a student is interested in pursuing one, she/he should apply for it in the winter preceding the internship desired. Deadline dates will be posted. Students should meet the requirements for the internship before making application. Application forms are available from the Art and Design faculty, who make the admission to the internship decision. Acceptance into the internship is based on the following:

1. The minimal admission prerequisite requires completion of the foundational Art & Design courses: AR 102 Drawing I, AR 103 Design, AR 141 Painting I, AR 151 Printmaking I and AR 171 Sculpture I with grades of no less than C (2.00) with a cumulative grade point average of no less than 2.00.
2. An internship in Fine Arts or Arts Management requires that in addition to the minimal admission prerequisites AR 202 Drawing II, AR 212 Art History 1, AR 213 Art History II and one other art history course be completed or taken concurrently with the internship with grades of no less than C (2.00) with a cumulative grade point average of no less than 2.00.
3. A brief summary stating why the student wishes to participate in the internship.
4. Possession of personal qualities considered necessary for a successful art professional including personal and professional integrity; a demonstrated ability to organize work and to work under the pressure of deadlines; craftsmanship in producing artwork; creativity; assertiveness; clarity in speaking, writing, and accurate spelling; and a willingness to cooperate with others and to accept the benefit from criticism.
5. Presentation of a professional quality portfolio that includes art work relative to the internship is desired.

Decisions of Art and Design shall be transmitted to the applicants and to other appropriate persons at Mount Mercy promptly and in writing.

Students whose applications are refused may discuss the matter with the Art and Design Program Coordinator. Further recourse may be had by contacting the Chair of the Department of Communication, Literature and the Arts.

1 Cannot count in two categories.

All Art majors should elect AR 101 Introduction To Art for their core curriculum fine arts requirement. Fine Arts students are required to select an area of emphasis in two- or three-dimensional studio art. This is done by electing to take three additional courses in either 2-D or 3-D classes. These should be upper-level courses. For example, a student with a 2-D emphasis might elect to take Printmaking II, Photography II and Independent Study in Drawing. Other recommended courses for Fine Art are BK 208 Principles Of Marketing Principles of Marketing; BK 305 Professional Selling Personal Selling; or additional History and Art History courses for students interested in museum work and graduate school.

Academic Requirements

All Fine Arts majors must earn a grade of C- and above in all required courses for the major, including two- and three-dimensional emphasis areas.

General Studies

General Studies courses are courses that fall outside of the major disciplines. Some are included in the core curriculum offering, others are based on a faculty member’s interest in the topic. Most are only offered during Winter Term, but may not be offered every Winter Term. Some are offered during the Fall or Spring terms. In most cases, these courses count for elective credit only.

Graphic Design

The Art and Design program offers courses that provide students with the technical and aesthetic instruction necessary for visual expression of all types. An environment conducive to the student’s total involvement as a developing artist is provided with offerings in art history and appreciation, studio work in fine arts and graphic design, and art education. The Graphic Design major provides a strong background for commercial or applied art careers. It is also possible to minor in Art to include coursework in fine arts and/or graphic design.

The program maintains studios for sculpture, ceramics, drawing, painting, textiles and printmaking, photographic darkrooms, and a Macintosh computer lab, with 16 networked machines, support the program. The Janalyn Hanson White Art Gallery schedules professional exhibitions and visiting artists throughout the year.

Transfer students in Graphic Design may be asked to submit a portfolio of work to the chairperson to identify students’ best placement in Art and Design classes.

Career Opportunities

Professional artist; graphic designer; art teacher, grades K-12; web designer; basis for graduate work in visual arts; preparation for work in museums and educational agencies, media, publications and various businesses; government; or public agencies requiring graphic arts. Internships and student teaching prepare students for employment.

Sophomore/Transfer Student Portfolio Review

By the end of the sophomore year or the end of a transfer student’s first year at Mount Mercy, Fine Arts, Graphic Design, Art Education and Visual Arts/Business Interdisciplinary majors are required to have a portfolio review to check progress and be advised on continuing in the Art & Design Program. The portfolio will be the major consideration, but the grade point average in art courses and the grade point average in all courses also will be reviewed. By the end of the sophomore year all Art/Design-related majors should have taken the five basic art curriculum courses: AR 102 Drawing I, AR 103 Design and at least two other studio or graphic design courses. This will give students an opportunity to assemble a varied portfolio for review.

Admission to the Internship

Students should apply for an internship in the winter preceding the internship desired. Deadline dates will be posted. Students should meet the requirements for the internship before making application. Application forms are available from the Art and Design faculty, who make the admission to the internship decision. Acceptance into the internship is based on the following:

1. The minimal admission prerequisite requires completion of the foundational Art & Design courses: AR 102 Drawing I, AR 103 Design, AR 141 Painting I, AR 151 Printmaking I and AR 171 Sculpture I with grades of no less than C (2.00) with a cumulative grade point average of no less than 2.00.
2. An internship in Graphic Design requires that in addition to the minimal admissions prerequisites AR 106 Photography I (Introduction), AR 120 Visual Technology, AR 130 Graphic Design I, AR 206 Photography II, AR 230 Graphic Design II and AR 220 Typography And Production be completed or taken concurrently with the internships with grades of no less than a C (2.00) with a cumulative grade point average of no less than 2.00.
3. A brief summary stating why the student wishes to participate in the internship.
4. Possession of personal qualities considered necessary for a successful art professional including personal and professional integrity; a demonstrated ability to organize work and to work under the pressure of deadlines; craftsmanship in producing artwork; creativity; assertiveness; clarity in speaking, writing, and accurate spelling; and a willingness to cooperate with others and to accept the benefit from criticism.
5. Presentation of a professional quality portfolio that includes art work relative to the internship is desired.

Decisions of Art and Design shall be transmitted to the applicants and to other appropriate persons at Mount Mercy promptly and in writing.

Students whose applications are refused may discuss the matter with the Art and Design Program Coordinator. Further recourse may be
had by contacting the Chair of the Department of Communication, Literature and the Arts.

All Graphic Design majors should elect AR 101 Introduction To Art for their core curriculum fine arts requirement. Though it is not required, the graphic design student should plan to take AR 425 Art Internship Art Internship. Other recommended courses for Graphic Design are CO 180 Introduction to Public Relations; BK 208 Principles Of Marketing Principles of Marketing; and CS 103 Introduction To Web Site Development Introduction to Web Site Development.

**Academic Requirements**

All Graphic Design majors must earn a grade of C- and above in all required courses for the major.

**Healthcare Administration**

The Business Department offers majors in accounting (BC), finance, healthcare administration (HS), marketing (BK), management (BN) human resource management, and business (Adult Accelerated) and minors in accounting, finance, economics (EC), human resources, and business administration (for non-business majors). While offering students the opportunity for specializing in a particular major, the program maintains a broad base that includes exposure to various phases of business and the use of information technology in a business setting.

Upon graduating, Business majors will have the ability to succeed, for example, in: preparing a comprehensive strategic plan; developing a global business perspective; and identifying and interpreting laws affecting labor in the workplace.

The healthcare administration major prepares students for professional administration position in all areas of healthcare and healthcare services. Positions in healthcare facilities could include physicians’ offices and practices, chiropractic clinics, hospital administration, rehabilitation and long-term care facilities. The demand for healthcare professionals and administrators is expected to grow for the foreseeable future. The coursework required for this major provides the students with a well-rounded background in business with a concentration in health services issues including regulation, law, compliance, informatics, and financial issues. Healthcare administration majors are required to complete an internship or practicum experience. A long-term care internship is available for those students pursuing a long-term care license.

The history curriculum provides opportunities for students to investigate the social, economic, political, and cultural development of diverse peoples from the beginnings of civilization to the present. The courses in the history curriculum will enable students to gain a deeper understanding of the human condition and the relationship between historical developments and contemporary social and political trends. Emphasis is placed on reading, writing, researching, speaking, and on critical and analytical thinking. Through their course of study, students will acquire the skills necessary to further their liberal arts education and to become thoughtful participatory members of society.

The history major serves as preparation for careers in education, business, journalism, government, and historic preservation as well as entrance into graduate and law school. The history minor provides an opportunity for students to combine an interest in history with one of the institution's other majors.

As a supplement to their classroom experiences, history students will have the opportunity to do independent study, internships, and to avail themselves of travel courses offered during Winter Term and some summer sessions.

Students in this major acquire knowledge that enables them, for example, to: demonstrate their grasp of historical methodology; gain a deeper understanding of the social, economic, political, and cultural development of diverse people; and connect major historical events to our contemporary world.

Total Hours: 18

Honors Seminars

Honor students are invited to participate in honors seminars. The seminars are interdisciplinary and are taught by faculty from a variety of disciplines. The specific structure of each seminar varies regarding meeting time, length of seminars, and number of class sessions. Successful completion of two honors seminars enables the student to fulfill part of the requirements for graduating in the honors program (see: Honors Program (p. 33)). Honors seminars do not count toward major, minor, or core curriculum credit.

Prerequisites for enrollment in any Honors Seminar:

1. The student must have at least sophomore standing (completed at least 30 credit hours), and
2. The student must have a cumulative grade point average of at least 3.00.
Human Resource Management

The Business Department offers majors in accounting (BC), finance, healthcare administration (HS), marketing (BK), management (BN) human resource management, and business (Adult Accelerated) and minors in accounting, finance, economics (EC), human resources, and business administration (for non-business majors). While offering students the opportunity for specializing in a particular major, the program maintains a broad base that includes exposure to various phases of business and the use of information technology in a business setting.

Upon graduating, Business majors will have the ability to succeed, for example, in: preparing a comprehensive strategic plan; developing a global business perspective; and identifying and interpreting laws affecting labor in the workplace.

The human resource management major prepares students for professional positions in leadership, as well as those who are interested in a career in the human resources field. The ability to lead and understand an organization’s human resources is key to success in today’s knowledge based economy. Students will learn to evaluate ethical, social, civic, legal, cultural, and political issues, and how they impact the human resources of an organization. Students will develop effective human resource strategy for innovation in a global environment. Our human resource management major is endorsed by the Society for Human Resource Management (SHRM), based on the guidelines created by the Association to Advance Collegiate Schools of Business (AACSB). Thirteen major content areas prepare students to lead employees in high performance work practices.

Students in this major develop skills and knowledge that enable them, for example, to: identify and interpret laws affecting labor in the workplace; utilize HR metrics to justify employee programs; and demonstrate an understanding of compensation issues.

1 Can NOT double count as the electives for business, management, or marketing majors.

2 Can NOT double count for a core curriculum requirement.

International Studies

The International Studies major is an interdisciplinary program that combines courses in the social sciences, humanities, arts, and sciences that provide students with both a firm grounding in a
discipline and the flexibility to permit exploration from alternative perspectives. Many faculty members who teach courses in the program are leaders in their fields as well as in interdisciplinary studies, both as educators and researchers.

Major themes presented in this program include globalization and development, global conflicts and issues of peace and justice, cross-cultural communication, international migration, postcolonial relations between the developing and developed countries, and the link between environmental and foreign policy issues.

Objectives established for students in this major include, among others: learn to connect local and global issues for agencies and companies; develop critical thinking and analysis to become responsible citizens in chosen profession; conduct research and communicate findings and ideas effectively.

**Career Opportunities**

The International Studies major will help students prepare for careers in business and with corporations involved in international trade, government agencies (Department of State, diplomatic services, and international aid agencies), non-profit and non-government organizations (NGOs), the United Nations and human rights organizations. Students may wish to pursue their studies at the graduate level and will be prepared for a variety of disciplines, including public administration, international relations, international law, and diplomatic and area studies.

**Study Abroad**

Mount Mercy offers travel courses during the Winter Term. Study abroad for a semester or a year is also a possibility through exchange programs or through other colleges. With the prior approval of the academic advisor these programs may be taken and credits transferred toward the fulfillment of concentration requirements.

Internship and 2 courses in foreign language at the intermediate level 18

Total Hours 36

Students are required to write a proposal for their thesis during the semester preceding their enrollment in SO 441 Senior Seminar, PO 441 Seminar In Political Research or HI 445 History Independent Study. The proposal has to be approved by the International Studies Coordinator, and students will work on their thesis while taking the Senior Seminar (or the Independent Study option).

**Concentration Requirement**

Student must complete an additional nine semester hours in art, history, sociology or political science and at least six of these credit hours must be in courses numbered 200 or above. Suggested Art courses:

The study of communication involves learning how humans employ widely varied media to produce understanding between people (or not). Learning in the field focuses on balancing general, theoretical studies of communication functions with the critical capacity to evaluate real world practice, and adding to this the enhanced ability to perform varied communication skills.

The core of the major emphasizes courses that introduce students to key concepts for communicating in the 21st century. The core courses provide vital foundations for work in the three areas of study (Communication, Journalism, and Public Relations), while the major-specific courses enable students to engage in integration, critical reflection, and application of all they have learned.

As the modes of communication are diverse, so too are the careers in the field, and three majors allow students to choose more specialized areas of study to better prepare them for their chosen careers.

Journalism: This major puts communication in the context of the news media. Courses focus on the skills and background knowledge needed for a writing or editing career in a news medium, such as newspapers or magazines. Students who major in journalism can become beat reporters, specialty reporters, media critics, copy editors, corporate writers or be involved in any number of other professional writing settings. In addition to classroom study and lab work, students gain hands-on experience through the Mount Mercy Times and the internship program.

Students in this major develop skills and knowledge that enable them, for example, to: create a multi-media portfolio that demonstrates several competencies; execute key journalism skills, such as writing a complete story package; and translate the essential defining elements of journalism.

One strength of the communication program majors is that they prepare the individual for a wide variety of careers. The Journalism major prepares students for a career in the news media or related professional writing fields such as corporate communications. It can open the door to working in newspapers, magazines, newsletters and/or specialized media-oriented careers in politics, government or the corporate realm. The Journalism major can also be used in new media, such as writing for Web-based e-publications. Journalism is also the degree of choice for students who are interested in a freelance writing career.

Journalism Major

Study in the field of communication involves learning how humans employ widely varied media to produce understanding between people (or not). Learning in the field focuses on balancing general,

Academic Requirements for the Journalism Major

A grade of C or above (C- does not count) is required in each of the communication department (CO) course requirements.

Legal Studies

The legal studies minor is designed for two groups of students: 1) those interested in pursuing law school; and 2) those who want an introductory understanding of law to supplement their college education. The minor is interdisciplinary, including courses drawn from a variety of relevant disciplines. Some of the courses emphasize the development of skills, such as strong communication and argumentation, which are critical to legal analysis. Still other courses introduce students to legal content or important political, social, or economic contexts for the legal system. The primary emphasis is on the U.S. law and legal system. Students must also complete a major in another area of interest; for pre-law students, this is consistent with recommendations from the American Bar Association; the Law School Admission Council, which administers the Law School Admission Test (LSAT); and most individual law school admissions counselors.

1 Indicates course also satisfies a Core requirement.

Academic Requirements

Transfer students must complete a minimum of 9 semester hours in the legal studies minor at Mount Mercy. A grade of C or above (C- does not count) is required for each course in the minor.

Management

The Business Department offers majors in accounting (BC), finance, healthcare administration (HS), marketing (BK), management (BN) human resource management, and business (Adult Accelerated) and minors in accounting, finance, economics (EC), human resources, and business administration (for non-business majors). While offering students the opportunity for specializing in a particular major, the program maintains a broad base that includes exposure to various phases of business and the use of information technology in a business setting.
Upon graduating, Business majors will have the ability to succeed, for example, in: preparing a comprehensive strategic plan; developing a global business perspective; and identifying and interpreting laws affecting labor in the workplace.

The management major prepares students to lead in a competitive and dynamic business environment. The focus is on developing in students the skills necessary for effective and efficient leadership and management of profit and not-for-profit organizations. The major provides flexibility for students to double major in other business fields including marketing and finance. Minors are also available in economics within the business department and others outside of business. These choices can lead to great career opportunities.

Management majors cultivate specific skills that enable them, for example, to: collaborate with others in analyzing real business cases and developing strategic business plans; correctly identify and employ cognitive motivational theories; and explain the basic management functions in organizations.

Total Hours 18

1 Can NOT double count for the human resource management and finance majors or minors.
2 Can NOT double count with the marketing major.

Students CAN NOT double major between the business major (Adult Accelerated) and the management major.

Academic Requirements for the Management Major

All management majors must achieve a minimum grade of C- in all management courses required for the major (BN 204 Principles Of Management, BN 304 Human Resource Management, BN 384 Strategic Management and BN 380 Organizational Behavior) and the three required electives. This applies to equivalent courses transferred from other institutions.

Characterized by its emphasis on ethical and socially responsible leadership, the Master of Business Administration program at Mount Mercy University challenges students to think globally and strategically while using a multidisciplinary approach to solve business problems.

The block format allows students to complete the program in less than two years, while maintaining full-time employment. Classes are offered on weeknights and Saturdays. In several classes, students work together, to create solutions to real business problems of non-profit organizations in the community as clients and gain an interdisciplinary approach to leadership development in the tradition of Mercy values.

Courses are offered in both 5 and 10 week blocks. Five week classes meet twice a week or all day Saturday and 10 week classes meet once a week or half days on Saturday.

Upon graduating, MBA students should be able to interpret data and employ quantitative methods to evaluate organizations in economic terms, differentiate between effective and dysfunctional team behaviors, and make strategic decisions based on a systematic approach.

Prerequisite Courses

Students must complete the following prerequisite courses with a grade of C or above (C- does not count) prior to enrolling in MBA
courses (the MBA Program Director may make exceptions to this on a case by case basis). The following prerequisites are offered both in the traditional and accelerated format at Mount Mercy:

Total Hours: 9

Additional electives may be added to the schedule – check the current calendar to see all elective offerings.

### Marketing

Marketing is the functional area of business that deals with the creation, communication and delivery of value to customers. As a marketing major students study the core application of identifying market needs, evaluate buying behaviors and develop strategies for successful product introduction. Major elective courses allow students to tailor the program to their individual interests and strengths while focusing on the latest trends in this fast-paced industry. Emphasis is placed on developing effective communication, creative, analytical and problem solving skills. Students use their marketing knowledge and skills in decision making situations with a goal of developing effective solutions. Internships are encouraged.

Career opportunities for students earning a marketing degree include sales, product, category and brand management, retail operations, merchandising, marketing research, creative promotion and marketing communications campaign development, event planning and analytical database management.

This degree prepares students, for example, to: think critically by conducting appropriate research to assess marketing problems, identify market needs and evaluate buying behaviors; identify the link between Mount Mercy University’s mission and the study of the discipline; and design and implement effective results-producing marketing plans.

Academic Requirements for the Marketing Major

All management majors must achieve a minimum grade of C- in all management courses required for the major (BK 208 Principles Of Marketing, BK 310 Consumer Behavior, BK 321 Marketing Research, BK 431 Marketing Management and the three required electives. This applies to equivalent courses transferred from other institutions.

Mathematics

The mathematics major aims to give students insight into the nature of mathematics as an intellectual discipline and to develop the powers of clear and logical thinking, accuracy, flexibility in problem solving, and clarity and precision in expressing mathematical ideas. It further aims to prepare the prospective teacher, provide a sound basis for those students who plan to pursue graduate studies, and provide a background in computing for those students who wish to pursue opportunities in that field.

Mathematics is a requirement for a variety of fields, including actuarial science, operations research, statistics and quality control. In addition, mathematics emphasizes logic and precise communication, providing a good accessory background for students in rational thinking areas such as law and medicine. A Mount Mercy student who wishes to teach secondary mathematics earns the major Mathematics – Education. (See Education section of this Catalog for the major requirements).

Mathematic majors build skills that prepare them, for example, to: understand topics in pure and applied mathematics; perform rigorous mathematical proofs; apply mathematics and technology to solve problems in related fields such as science or business; and express mathematical ideas in standard English to a general audience.

Total Hours: 24

Academic Requirements

Minimum cumulative grade point average of 2.00 in courses required for the major, and must be passed with a grade of C- or better to be counted toward the major.

No major or minor credit is given in mathematics unless the course has the prefix MA and a number 150 or above, excluding MA 160 Business Calculus, with the following exception: one (only one) Computer Science course may be used as a mathematics elective: CS 105 Fundamentals Of Computer Science or higher, excluding CS 203 Information Ethics.
Medical Laboratory Science
(Formerly Medical Technology)
Mount Mercy offers a four-year major leading to the Bachelor of Science degree in medical laboratory science. The first three years are spent at the institution completing curriculum requirements, core curriculum requirements, and electives to total 91 semester hours. The fourth year is spent in a 12-month internship at an affiliated hospital school of clinical laboratory science and technology approved by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS). During this clinical year, a minimum of 32 hours of credit will be earned. An official transcript showing completion of the internship courses must be sent to the Registrar. Courses and grades will be evaluated and added to the student’s official Mount Mercy transcript. Upon satisfactory completion of this year, the BS degree will be awarded by Mount Mercy, and the graduate should then take the National Board examination required for registration as a medical technologist by the American Society of Clinical Pathologists.

Admission to the medical laboratory science program at Mount Mercy does not ensure admission to the fourth year internship at the affiliated hospital. Each hospital internship program may accept or reject applicants on the basis of scholarship, health, personality, suitability for the profession, and enrollment limitations. Most hospital internship programs require a minimum science GPA of 2.50. A criminal background check is required prior to the fourth year internship.

Mount Mercy is affiliated with the NAACLS-approved programs of clinical laboratory science and technology of St. Luke’s Methodist Hospital, Cedar Rapids and Mercy College of Health Sciences, Des Moines. Applicants who have completed a bachelor’s degree which included the required science and mathematics courses may intern at any NAACLS-approved hospital school. Students will need to consent to a criminal background check prior acceptance of internship.

MLS majors should, for example, be able to: recall the fundamentals of chemistry and biology needed to work as a licensed Medical Laboratory Specialist; explain the basic safety principles in handling chemicals; and understand the key techniques of data collection.

Career Opportunities
Hospitals, clinics, and medical laboratories are prime employers of medical technologists.

**Major**
12-month internship program. Also required outside the major:

### Chemistry
- **CH 111** General Chemistry I 4.5
- **CH 112** General Chemistry II 4.5
- **CH 211** Organic Chemistry I 4.5
- **CH 212** Organic Chemistry II 4.5
- **CH 251** Analytical Chemistry 5
- **CH 302** Biochemistry 5

### Biology
- **BI 125** Foundations of Biology & Scientific Inquiry I 3
- **BI 126** Found of Biology & Scientific Inquiry II 4.5
- **BI 243** Immunology 3
- **BI 274** Human Physiology 3
- **BI 274L** Human Physiology Laboratory 1.5
- **BI 303** Genetics 4.5
- **BI 315** General Microbiology 4.5
- **BI 370** Cell and Molecular Biology 5

### Math
- **MA 135** Basic Statistics 3

### Philosophy
- **PL 169** Introduction To Ethics (fulfills Domain IV requirement) 3

### Nursing
- **NU 211** Medical Terminology (Independent study) 1

### Academic Requirements
A grade of C or above (C- does not count) in all required courses and a minimum cumulative GPA of 2.50 in required science courses.

Mercy Experience
Courses designated Mercy Experience (ME) are distinctive offerings within the Reflection and Action Core Curriculum (p. 54). They provide an introduction and a culmination to the liberal arts core, complementing students’ majors while offering a rich grounding in the priorities of a Mercy education. The introductory (100-level) Mercy Experience portal courses engage students in an active learning environment, with course themes derived from critical social justice and global concerns of the Sisters of Mercy. The 400-level Mercy Experience Capstone course is intended as a culminating experience in the liberal studies. Students need to register for this course along with the senior seminar (or another designated course) within their major, typically during the year in which they plan to graduate. During the Mercy Experience Capstone, students will integrate knowledge they have acquired from each of the core domains and will reflect on their Mercy education in the context of their major discipline. In addition, they will examine one of the Mercy critical concerns identified...
by the Sisters of Mercy from a disciplinary, interdisciplinary, and global perspective and will actively participate in a related capstone project.

**Music**

The music major offers two courses of study leading to the baccalaureate degree: the Bachelor of Arts in Music and the Bachelor of Arts in Music Education K-6 or 7-12. Students majoring in music have the option of either a performance or music history concentration. Students wishing to pursue the music history concentration will substitute a bachelor’s thesis for the full senior recital.

The music major prepares the student to continue music studies at the graduate level and to become a studio teacher and performer. The offerings in music education are designed for teacher certification at the elementary and secondary school level (grades K-12). Students majoring in music have two concentration options: 1) Performance, which requires a half recital (30 minutes) during the junior year and a full recital (60 minutes) during the senior year, or 2) Music History, which requires a half recital during the junior or senior years and a substantial research project culminating in a thesis during the senior year. Students with a concentration in music history must enroll for MU 445 Music Independent Study during at least one semester of their senior year.

Students wishing to major in music at Mount Mercy should start the program in their first semester in order to complete all courses in the usual time span. An interview and musical audition with the music faculty is required so proper placement and advice may be given.

As part of their applied music experience, all music and music education majors are required to attend student, faculty, and guest recitals and perform at least once each semester in the weekly music seminar.

All music majors and minors enrolled full-time must register for MU 168 Mount Mercy College Choir or MU 170 University Band.

Objectives established for students in this major include, among others: write 4-part chorales using proper voice leading techniques of the 18th century; critically analyze large-scale musical forms; and distinguish among the major genres of Western art music (e.g. symphony, opera, choral works).

**Career Opportunities**

Teaching in schools, performing or teaching privately are the areas in which most music majors are employed. Many opportunities are also available in fields of music publishing and commercial music.

**Course Offerings**

**Applied Music**

Private lessons are available in the following areas, and may be taken for various duration and credit. All students enrolling for private lessons must obtain approval of the music department chair.

<table>
<thead>
<tr>
<th>Piano</th>
<th>Credit Hours</th>

</tr>
</tbody>
</table>

**Voice**

<table>
<thead>
<tr>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>0</td>
</tr>
</tbody>
</table>

Applied music lessons are free to full-time music majors. Non-music majors may take private lessons as time and schedules of music faculty permit. The following fees are charged for non-major lessons:

- No credit (half-hour lesson per week): $225.00
- One semester hour credit (half-hour lesson per week): $250.00
- Two semester hours credit (one hour lesson per week): $350.00

Students will be assigned teachers by the music faculty. The amount of college credit allowed will be determined by the music faculty.

Appearance in jury examination, recital, or other performance is required of all applied music students who are studying for credit. In addition these students will attend regularly scheduled seminars for performance preparation. Students majoring in music normally enroll for applied lessons in their major area of concentration for two credit hours per semester, they may elect to take up to 4.5 semester hours each year without a fee; those majoring in music education normally enroll for one credit hour per semester.

Students complete degree requirements for the Bachelor of Science in Nursing (B.S.N.). Graduates are prepared to enter the profession of nursing in a variety of areas and are prepared for graduate education.

The baccalaureate curriculum is based on the belief of the faculty that socialization of nursing students into the profession is a journey that continues throughout and beyond their baccalaureate education. The faculty has adopted “the hero’s journey” as presented by anthropologist Joseph Campbell as a unifying theme for the nursing curriculum.

Objectives established for students in this major include, among others: respect and value the dignity of human life; appropriately implement selected nursing interventions; and integrate knowledge derived from liberal arts, science, and nursing in professional nursing practice.

Additional information is available at www.mtmercy.edu/nursing

### Procedure for Admission into the Nursing Major:

Students must complete an application for the nursing major by following the procedures below. (In the spring semester of the first year. Students are required to meet the admission criteria that are most current for the semester in which they wish to be admitted).

1. Complete the application form for the major. Prior to filing this application the student must:
   A. Have completed or be in the process of completing the following prerequisite courses or their equivalent with a grade of C or above (C- does not count) in: BI 125 Foundations of Biology & Scientific Inquiry I, BI 150 Basic Microbiology, CH 113 Organobiochemistry, NU 111 Call To Adventure I, NU 114 Call To Adventure II, or NU 115 Call to Adventure: Transitions, English Composition, and at least two of the following courses: PS 101 Introductory Psychology, PS 124 Developmental Psychology, CO 101 Oral Communication, SO 122 Introduction To Sociology.
   B. Achieve a minimum cumulative grade point average of 2.70 based on a 4.00 scale.

2. The department uses an online document storage and background check database call Certified Background. This company performs the required background check and stores the necessary documents required for admission to the major. There is a fee paid to the company for this service. Each student is required to register with Certified Background when they are admitted to the major. The following items are required to be loaded into the database by the deadline designated each Fall term:
   A. Physical exam and immunization update (physical form is available online at www.mtmercy.edu/nursing-0);
   B. Proof of current Healthcare Provider Basic Cardiac Life Support (CPR);
   C. Proof of current health insurance;
   D. Proof of completion of Certified Nursing Assistant Course;
   E. Proof of completion of Mandatory Reporter Certification (course is available at Mount Mercy); and

| Total Hours | 20 |

### Nursing

The nursing major is approved by the Iowa Board of Nursing and accredited by the Commission on Collegiate Nursing Education to provide an educational program that builds on natural and behavioral sciences and integrates the liberal arts with professional courses. Students complete degree requirements for the Bachelor of Science...
F. Complete background check (to be completed by Certified Background after registering online). Any concerns with background checks will be reviewed on an individual basis.

Fulfillment of these specific requirements for admission does not ensure admission to the Department of Nursing. For those applicants who meet the minimal requirements, the department’s Admissions, Promotion, and Graduation Committee will select the applicants who in its judgment are best qualified physically, emotionally, and scholastically and best meet the standards expected of prospective members of the nursing profession.

The student is responsible for transportation to and from clinical experiences and field trips.

Nursing students may not fulfill prerequisite requirements by taking CLEP exams for credit in place of courses which have been attempted and not successfully completed.

The number of students admitted to the nursing major may be limited due to available faculty and clinical resources. In the event that more students qualify for admission than can be accepted, the Admissions, Promotion, and Graduation Committee will determine the number of students to be admitted.

A student who is not accepted into the nursing major may appeal in accordance with the Academic/Administrative Grievance Procedure for Students as stated in the Good Book.

Students wishing to transfer from another baccalaureate nursing program will be considered on an individual basis. This process begins with a meeting with the chairperson of the department and the application will be considered by the Admissions, Promotion, and Graduation Committee.

Procedure for Continuation in the Major

Once admitted to the Department of Nursing, in order to progress, the student must maintain a C or above (C- does not count) in BI 273 Human Anatomy, BI 274 Human Physiology, PS 124 Developmental Psychology, SO 122 Introduction To Sociology and CO 101 Oral Communication and a C or above (C- does not count) in all nursing courses. The student must maintain a cumulative grade point average of 2.00. The faculty of the nursing department also reserves the right of retaining only those students who in the judgment of the faculty satisfy the requirements of scholarship and health and meet the standards expected of prospective members of the nursing profession.

All nursing courses are expected to be taken in an uninterrupted sequence until completed. If interruptions occur the student must seek readmission to the nursing major. In order to be considered for re-admission to the nursing major following any interruption of progression in the program, the student must have a minimum cumulative grade point average of 2.70 or above and submit in writing to the department of nursing the request to re-enter the nursing program. Each application for re-admission will be reviewed on an individual basis by the department’s Admissions, Promotion, and Graduation Committee.

Specific guidelines for the readmission procedure are described in the Nursing Student Handbook. A student may only repeat a course at the discretion of The Admissions, Promotion, and Graduation Committee based on the student’s application for readmission to the major. Students who are academically unsuccessful in a nursing course may repeat the course once; however, only one nursing course may be repeated.

Additional details about policies and procedures related to the Department of Nursing may be found in the current edition of the Nursing Student Handbook on the department’s web site.

Career Opportunities

Hospitals, public health agencies, and various other community health services represent the major career openings for graduates.

Academic Requirements

Students must maintain a C or above (C- does not count) in all nursing courses, and maintain a cumulative grade point average of 2.00.

Mount Mercy University’s Master of Science in Nursing program is focused on health promotion and disease prevention, and is dedicated to preparing graduates to lead the profession in meeting the challenges of an ever-changing, complex healthcare system. Whether employed in the community or an in-patient setting, nurses will acquire the knowledge and skills to lead, teach, advocate and practice with individuals, families and communities at an advanced level.

The format of the master’s nursing degree program allows students to focus on a specific area of interest with the flexibility of taking one class at a time. A full-time student may complete the MSN program in approximately 18 months. This non-thesis program includes a clinical project to be completed within the practicum experience.

The master’s degree program in nursing at Mount Mercy recognizes the heritage of the Sisters of Mercy in meeting the needs of others as it prepares nurses in advanced roles in education and health advocacy. Two tracks are available: Health Advocacy and Nursing Education.

MSN students build the necessary skills, for example, to: implement appropriate nursing interventions; integrate knowledge gained from a baccalaureate nursing education with advanced knowledge of health promotion and disease prevention; and engage in critical inquiry.

Outdoor Conservation

The Outdoor Conservation major offers two tracks to the bachelor’s degree: a natural resources track and a law enforcement track. Both provide coursework for students who wish to pursue careers in parks, natural resources, environmental education, or outdoor careers. The curriculum includes courses in fundamentals of the natural world, conservation of resources, communication, and analytical thinking.

Students in this major acquire knowledge that enables them, for example, to: analyze environmental problems from various viewpoints; employ various methodologies and equipment for sampling terrestrial and aquatic environments; and use computers to present scientific information.

Total Hours 30

Academic Requirements

A grade of C or higher (C- does not count) in all Mount Mercy University major courses and a cumulative major GPA of 2.25 or higher is required for graduation.

Philosophy

The philosophy major gives students the opportunity to understand and to answer the most important questions of human existence: How do we know what we know? What does it mean to exist? Is there a Supreme Being? What is a human being? What are ethical ways to live? What is the meaning of life? With particular focus on the perennial philosophies of Plato, Aristotle, Augustine, and Thomas Aquinas, who built the foundations of the Catholic intellectual tradition in philosophy, the major assists students in integrating personal experience with philosophical reflection, as these thinkers did.

Career Opportunities

The most obvious career path in philosophy is graduate school and then professorship. However, philosophy students generally excel at a variety of skills, including critical and higher-order thinking, finding key concepts in the midst of complex information, evaluating ideas, clarifying ethical dimensions, and communicating effectively. As a result, our majors have succeeded in graduate schools in many disciplines, especially law school. In addition, philosophy students
have found that these skills have contributed to their success in whatever field they enter.

Major in Applied Philosophy

This major provides a flexible framework for students interested in philosophical questions. The applied philosophy major emphasizes critical thinking and practical ethics, and thus is designed to be a useful second major, which becomes the area of application for interdisciplinary study in the student's senior research.

The philosophy faculty must approve all programs in applied philosophy. The approval procedure requires that each student complete a plan for the major which must explain the reasons why he/she is undertaking this program and include a list of the courses to be taken in philosophy and from other departments.

Physical Science

Physical science is the study of the nature and properties of energy and nonliving matter. “Matter” is the scientific term for anything that has mass and volume. There are two sub-categories in physical science: natural science and earth science. Natural science includes the study of astronomy, chemistry and physics; whereas earth science includes geology and natural history. A basic understanding of physical science is needed for study of the applied sciences (such as computer science and engineering) and life sciences (such as biology and ecology).

Political Science

The political science major seeks to meet student needs for both liberal education and career preparation. Students majoring in political science take foundation courses in four major fields – American politics, comparative politics, international politics, and political theory. A required advanced seminar, normally taken in the senior year, is intended to give students valuable experience in conducting independent study. The remaining five courses required for a major in political science may be chosen by students to fit their varying intellectual interests, educational goals, or career objectives. Two of these elective courses, selected in consultation with departmental staff, must be taken from other departments; they are intended to supplement students’ specific interests in political science and strengthen preparation for career or graduate study.

For students wanting practical experience or a chance to explore their interests in public service careers, the program offers a public service internship, in which students receive academic credit for supervised field training in public agencies.

Upon graduating, Political Science majors will have the ability to succeed, for example, in: concisely verbalizing political science theories, research, analysis, and conclusions; conducting research; and effectively communicating political science concepts in written form.

Career Opportunities

Law; education; public administration; international, state, and local governments; foreign service; journalism; specialized librarianship.

Students planning to pursue teacher education should follow the program guidelines within the education section of this Catalog and contact an adviser in the education division for assistance.

Academic Requirements

Students majoring in political science must achieve at least a final grade of C or above (C- does not count) in each of the five required courses, at least a 2.00 average in the three elective courses in political science (and a passing grade in each); and a least a 2.00 average in the two elective courses chosen from other departments (and a passing grade in each).

### Pre-Law

The legal studies minor is designed for two groups of students: 1) those interested in pursuing law school; and 2) those who want an introductory understanding of law to supplement their college education. The minor is interdisciplinary, including courses drawn from a variety of relevant disciplines. Some of the courses emphasize the development of skills, such as strong communication and argumentation, which are critical to legal analysis. Still other courses introduce students to legal content or important political, social, or economic contexts for the legal system. The primary emphasis is on the U.S. law and legal system. Students must also complete a major in another area of interest; for pre-law students, this is consistent with recommendations from the American Bar Association; the Law School Admission Council, which administers the Law School Admission Test (LSAT); and most individual law school admissions counselors.

### Academic Requirements

Transfer students must complete a minimum of 9 semester hours in the legal studies minor at Mount Mercy. A grade of C or above (C- does not count) is required for each course in the minor.

### Psychology

The psychology major presents a scientific approach to the study of individual behavior and experience. The goal of the major is to provide an empirical and theoretical understanding of the basic knowledge, concepts, and methods of psychology. Though such understanding may lead to greater personal insight, the study of psychology is focused primarily on a body of empirical knowledge and theoretical formulations that aim to predict and explain behavior. The approach emphasizes both critical evaluation of evidence and awareness of the implications of psychological knowledge and theory for the lives of persons. Most psychology courses emphasize self-awareness and critical thinking.

A major in psychology is intended to prepare students for advanced study or entry into pre-professional employment. A psychology major also may function as the core of an educational program in preparation for continuing informal learning. Courses in basic skills for human service workers and internship in psychology are included to facilitate application of basic knowledge in real-life settings.

A minor in psychology may be related to a wide variety of career preparations or may serve as part of a general liberal arts degree program.

Psychology majors use critical thinking to solve human behavioral problems, they develop insight into their values and career goals, they develop good oral and written communication skills, and they develop skills in understanding and using statistics and research methods.
Career Opportunities

Social service agencies, government agencies and businesses are the prime employers of psychology majors.

Academic Requirements

A grade of C or above (C- does not count) in each course counted toward the major or minor including . Other options for the study of psychology include endorsements in Elementary and Secondary Education.

Public Relations

Study in the field of communication involves learning how humans employ widely varied media to produce understanding between people (or not). Learning in the field focuses on balancing general, theoretical studies of communication functions with the critical capacity to evaluate real world practice, and adding to this the enhanced ability to perform varied communication skills.

The core of the major emphasizes courses that introduce students to key concepts for communicating in the 21st century. The core courses provide vital foundations for work in the three areas of study (Communication, Journalism, and Public Relations), while the major-
specific courses enable students to engage in integration, critical reflection, and application of all they have learned.

As the modes of communication are diverse, so too are careers in the field, and the three majors allow students to choose more specialized arenas of study to better prepare them for their chosen careers.

**Public Relations:** This major demonstrates how communication is involved in helping organizations communicate with their publics. Students develop competence through understanding key concepts and strategic planning in public relations, and through mastering skills used in traditional public relations tactics. Real world projects and internships promote the linkage between classroom theory and everyday public relations practice.

Upon graduating, Public Relations majors should be able, for example, to: execute key PR communication skills, such as writing of press releases; identify and engage in the traditional steps of strategic planning for PR; and understand the history and ethical trajectory of the Public Relations field. Students who graduate with a Public Relations major may be employed in a variety of public relations positions, which include: media relations, employee relations, community relations, event planning, fund raising, and corporate communications, as well as others.

### Religious Studies

Religious ideas and symbols contribute to many people a sense of purpose in life. The courses engage students in critical analysis of such ideas and symbols. While this study often brings students personal enrichment, the academic study of religion focuses especially on developing skills of critical thinking and clear communication in relation to knowledge of religions. Because of the way that contemporary scholars in this kind of a Roman Catholic department study religion, courses also include serious learning from other Christian perspectives and World Religions. Each option for the core curriculum required course introduces students to these skills in a significant area of knowledge about religious life. Advanced courses allow deeper study of central issues in Christian thought. These courses help to prepare majors for many career opportunities or graduate school programs and help non-majors develop their thinking and communication skills.

Upon graduating, Religious Studies majors should be able, for example, to: understand how religious belief entails ethical responsibility to seek justice for poor and vulnerable people; explain historical influences on theological theories and beliefs; and appreciate the diversity in our world.

### Career Opportunities

Religious studies majors may enter law school, study politics or engage in political activism for peace and justice, and become journalists or chaplains in campus or hospital settings. They also find church-related careers as teachers of religion, directors of religious education programs, youth or family-life ministers, directors of volunteers or of social justice activities, liturgical ministers and pastoral associates.

### Religious Studies Minor

15 semester hours in Religious Studies electives with at least 6 of the hours numbered at the upper level.

### Service Learning

Serving the common good is at the heart of Catholic social teaching and part of Mount Mercy’s mission and goals. Service learning courses...
have been developed to give students the opportunity to practice service while travelling. Service learning courses are normally offered in the Winter term.

**Social Science**

The curriculum in the social science minor is designed to provide a broad exposure through course selection from several disciplines.

**Minor**

The student is required to complete courses in each of three departments listed below (18 semester hours). Those seeking exceptions to the specified courses, or students wishing to apply courses taken elsewhere to the minor, must receive approval of the chairperson of the department of Psychology, Sociology and Social Work. *(Note: this minor does not satisfy secondary education approval for social studies; see Secondary Education section of this Catalog for courses that do. This does not satisfy the requirements for an elementary education area of concentration/minor).*

**History**

Any two upper division courses, preferably one in American history and one in world history.

**Social Work**

The Social Work major is designed to give students an understanding of human functioning in contemporary society, the challenges and problems people encounter, and the social services available to them. The program endeavors to develop in the students an awareness of the interaction of biological, psychological, and social influences on human behavior within the social and physical environment; understanding of the impact of prejudice, discrimination, and oppression on vulnerable groups within the society; appreciation of and dedication to working for social, political, and economic justice; the ability to determine areas of social work concern and responsibility; and competence in entry level generalist social work practice, with individuals, families, groups, organizations, and communities. This content in social welfare and social work is integrated with a liberal arts base. The primary objective of the program is to prepare students for immediate employment in social work; a secondary objective is preparation for graduate study.

The program is accredited by the Commission on Accreditation of the Council on Social Work Education for the baccalaureate level. The Mount Mercy social work program works cooperatively with other accredited baccalaureate social work programs to evaluate the transferability of courses to satisfy the major. The Mount Mercy transcript shows that the student has earned a Bachelor of Arts degree with the major in Social Work.

Students who graduate from Mount Mercy with an accredited baccalaureate social work major may be eligible for “advanced standing” in many MSW programs. This usually allows a student to complete an MSW in a shorter amount of time than the regular program takes. Students seriously considering graduate school should take a course in statistics and a course that includes the use of computers for data entry and computation. They should also be aware that a 3.00 grade point average is assumed as a minimum entrance requirement by most graduate schools of social work, and at least a grade of B in each social work course.

The social work major aims to develop the student’s ability, for example, to: demonstrate knowledge of the many facets of the social work profession; evaluate situations and determine the most effective interventions; and identify the impact diversity has on transactions between and among systems.

**Career Opportunities**

Graduates with the Social Work major are prepared for professional generalist social work in a variety of fields. They also are eligible to apply for social work licensure in states where it is either mandatory or voluntary at the bachelor level of practice. The majority of graduates are employed in social work or related human service positions, including child protective services, foster care, in-home family services, residential services for children and adults, substance abuse treatment, programs for people with disabilities, juvenile and adult corrections, community development, and programs for elderly people.

**Admission to the Major**

Admission for further study in the social work major is conducted without discrimination on the basis of race, color, gender, age, creed, ethnic or national origin, disability, or political or sexual orientation. In order to be accepted for study in the social work major, students must have earned at least a C (2.00 grade points) in all required social work courses that they have taken and in PS 124 Developmental Psychology Developmental Psychology, SO 215 Methods Of Social Research Methods of Social Research, and PO 326 Politics and Public Policy Politics and Public Policy if completed by the time they make application for acceptance into the major. All other courses specifically required for the major must be passed with no less than a C- grade. Students also must have a cumulative grade point average of 2.25.

Application for acceptance for further study in the major occurs during the Fall term of the junior year. In addition to having completed SW
in the social work as a profession and their personal qualifications for it;
2. A brief analysis of hypothetical case material.

The deadline for submission of the materials is identified at the time the student is provided the application. All materials are reviewed by all full-time program faculty to decide on the extent the materials address the guidelines and standards for acceptance into the major. If necessary, the student is contacted by the program chair and given opportunity to supplement the materials and resubmit the application. Once the materials are in compliance, one of the faculty schedules an interview with the student to discuss his/her application for further study. The student is informed of the departmental decision during that meeting.

Following the interview, the student receives a written confirmation of the outcome of his/her application. The student may be fully accepted, provisionally accepted (with specific requirements and deadline for removal of the provision), or may be denied admission to the program (with specific reasons for the denial listed).

Students who have been accepted into the major but who have not made progress toward completion of the major during any two-year period need to contact the department chair and reactivate their admission for further study.

### Appeals Procedure and Maintaining Good Standings in the Major

A student may appeal a decision considered unjust by submitting a written statement to the program director within ten working days of receiving the decision. In the statement the student must clearly outline the basis of the appeal and indicate if he/she wishes to exercise the right to meet with the program faculty. After reading all written material submitted and weighing the content of any meetings, the faculty will decide on the appeal. The department chair will notify the student in writing of the outcome of the appeal. In the event the student still believes he or she has been unjustly treated, appeal of the decision may be made to the Vice President for Academic Affairs as outlined in the “Grievance Procedure for Students” in the Good Book.

In order to maintain good standing in the program, students must earn at least a 2.00 grade point average in specified courses required for completion of the major. They must also display the ability to practice within accepted ethical guidelines for professional social work consistent with those outlined in the most recent version of the Code of Ethics of the National Association of Social Workers.

Decisions about a student falling below 2.00 grade point average in one or more required courses while maintaining a cumulative average of 2.25 is handled on a case-by-case basis. The social work program follows the institution policies and procedures on handling academic grievances. These procedures are found in the publication the Good Book available through the Enrollment and Student Life office. Those procedures are also found in the Student Handbook of the Social Work Program. Each student majoring in social work is provided a copy of the Handbook when they apply for further study in the major.

Appeals of decisions not related to performance in theory or field courses will follow the same procedure outlined previously.

### Field Instruction

Admission to junior and senior field courses is arranged through the Field Coordinator. This is done the term prior to the student enrolling in the field courses. Appropriate forms and information are distributed to eligible students by the Field Coordinator. Except by special permission from the program, no student on provisional acceptance will be accepted into either junior or senior field instruction.

Because the practice of social work involves a public trust, social workers in professional practice are held to high standards. They are expected to conduct themselves in ways that demonstrate collegial respect and that put their client’s interests first. Professional social workers are to act in accordance with accepted ethical standards (currently as articulated in the NASW Code of Ethics) and can be subject to sanctions if violations occur.

In light of this, social work majors at Mount Mercy will be held to high academic standards and their attitudes and actions are expected to be consistent with professional standards. Course material includes the study of the NASW Code. Materials for junior and senior field instruction identify professional standards and what the faculty considers to be violations of those standards. Those materials also include circumstances in which progress through the field placement and/or the major may be interrupted or terminated. The Social Work Student Handbook and the junior and senior field instruction manuals contain information pertinent to this.

Depending on the nature of the client population and the services delivered, field agencies may do background checks for founded child or dependent adult abuse, and for certain kinds of criminal behavior. The results of these checks may prevent the student from doing a field placement in that agency and from becoming employed in some agencies. Students are required to sign a disclosure statement to identify impediments to obtaining a social work field placement.

### Program Restrictions

The Social Work Program does not participate in the BAA/BAS degree program. In order to participate in Mount Mercy’s second degree program, social work students who have already completed a degree from another college or university must have their core curriculum courses evaluated for equivalency to those required by the Social Work Program. Courses determined to be missing as well as all courses required for the major must be completed. Only courses taken through other accredited baccalaureate social work programs may be evaluated for equivalency of required social work courses. The Social Work program does not waive any of the required coursework based on credit for life experience or for current or past employment.

### Theory and Field Courses for the Social Work Major

Students are encouraged to contact one of the Social Work Program faculty members for advice on the course sequence. Some of the required courses that are not taught in the Social Work Program need to be completed before social work courses.

There are many courses offered by other majors that students are encouraged to take as electives. Social work majors typically find that course work in political science, sociology, psychology, and criminal
justice enhances their knowledge base for professional practice. Program faculty also encourage social work majors to enhance their liberal arts foundation by additional course work in English, religious studies, philosophy, history, the fine arts, and offerings in other departments.

Social work majors may not use SW 265 Minority Groups to satisfy the Self and Society requirement. If students take any of the required, non-program courses at other colleges or universities, they should check with program faculty to assure that the courses are equivalent to those required by the Social Work Program.

**Academic Requirements**

Students are reminded to review the previously stated grade requirements for courses crediting toward the Social Work major.

The following is the typical sequence of courses required for the major:

Total Hours: 74

The required elective may be taken when the student can schedule it and when prerequisites for it are met. Transfer students should contact a department faculty member to be sure of the appropriate sequence.

Sociology

Sociology studies various aspects of human interaction and social phenomena. The sociology major addresses sociological issues pertaining to self; social groups; social and cultural values; family and community relations; economical and political relations; race, ethnic, gender, and class stratification; the city and the nature of social organizations. The comparative/historical approach of the program enables students to analyze these issues in the United States, as well as in other societies with varied cultural values and at different levels of development.

The sociology curriculum addresses the educational objectives of students who wish to: 1) develop skills in critical thinking and analysis; 2) learn the ways in which sociological thinking can contribute to one's active and constructive participation in society; and 3) apply sociological theories to social public policy, planning, and administration.

After completing the sociology requirements, more students will, for example, be able to: apply sociological analysis in real world situations; assess the validity of statements; and employ critical thinking skills in conducting sociological research and conveying ideas and findings to the public.

Career Opportunities

Graduates in sociology will be prepared to seek careers in: 1) local and state governments, planning agencies, community-based organizations; and 2) research positions in government, private businesses and corporations, organized labor and labor-management councils. In addition, the program provides the basis for graduate studies in sociology leading to teaching and research positions in higher education.

Students are strongly advised to complete SO 122 Introduction To Sociology and SO 251 Sociological Theories by the end of their sophomore year.

Analytical/Topical Electives: two courses from each of the following three areas:

1. Social Groups and Organizations:
   - SO 176 Criminology               | 3
   - SO 202 Marriage and Family       | 3
   - SO 320 Sociology of Work         | 3
   - SO 245 Sociology Of Law          | 3

2. Social Stratification:
   - SO 155 Social Problems           | 3
   - SO 235 Social Inequalities        | 3
   - SO 240 Medical Sociology          | 3
   - SO 290 Urban Sociology            | 3
In consultation with an advisor, students may substitute one of the following for one of the analytical/topical electives: CJ 365 Diversity and the Criminal Justice System, or PS 221 Social Psychology. Students preparing for graduate studies in sociology should emphasize skills in quantitative analysis, and may consider electing one of the following: BA 270 Business Statistics, MA 135 Basic Statistics, or PS 325 Statistics For Behavioral Sciences.

Note: Students planning to pursue teacher education should follow the program guidelines within the education section of this Catalog and contact an advisor in the education division for assistance.

**Academic Requirements**

SO 122 Introduction To Sociology is a prerequisite for all sociology courses. Students must maintain a grade of C or above (C- does not count) in each required course for the major and minor, this includes SO 122 Introduction To Sociology.

### Spanish

The Spanish minor introduces students to the language, literature, and cultures of Spanish-speaking populations. Expertise in Spanish will aid preparations for study abroad, service opportunities, graduate school, future occupations, and living in an increasingly global society. The minor requires a minimum of 15 credits. (Courses numbered SP 200 Intermediate Spanish I and above count toward the minor).

Academic Requirements for Business Administration and Interdisciplinary Business Programs

The following academic requirements apply to all students seeking a degree in business administration, or the interdisciplinary business programs:

- **All majors and minors** must achieve a minimum cumulative grade point average of 2.25 in major and minor courses taken at Mount Mercy. A transfer student must achieve a minimum cumulative grade point average of 2.25 in all major and minor courses, including those transferred in as well as those taken at Mount Mercy.

- **All visual arts/business administration-interdisciplinary majors** must complete a minimum of 12 semester hours of business coursework at Mount Mercy. In addition, a minimum of 9 semester hours must be business division upper-level courses (numbered BA/BN/BK/EC 300 or higher) completed at Mount Mercy.

- **An accounting, finance, management, marketing, or interdisciplinary major** may not minor in business administration, but may minor in finance or economics.

- A **marketing, management or interdisciplinary major** may also minor in accounting.

- Mount Mercy accepts a maximum of 75 semester hours from Kirkwood Community College for all Kirkwood transfers planning to pursue either a BBA (Bachelor of Business Administration) degree, a BAS (Bachelor of Applied Science) or a BS (Business of Science) degree with a major in the business area, provided that the student has completed an AA, AS/CO (Career Option) or AAS Degree each with a major in business from Kirkwood. This is an exception to the general policy of accepting a maximum of 63 transfer hours from any community college. The courses comprising the 75 credits will count toward the total 123 semester hours required for graduation with the BBA, BAS, or BS. Kirkwood transfers into Mount Mercy’s BBA, BAS, or BS degree program will be required to meet all the graduation requirements of that degree.

Total Hours 20
Online

As a leader in flexible schedules for all learners, Mount Mercy University is pleased to offer two exciting online bachelor's degree programs in business and human resource management. These online programs provide another avenue for learners to pursue an education built upon the Mercy values of service and leadership. The programs also allow students with some college or an associate's degree to earn their bachelor's degree quickly and affordably. Classes are offered in nine, five-week blocks during the academic year and are taught by faculty members who can connect you with alumni and community leaders who can help you advance in your career.

Admissions

General Admission Requirements to Mount Mercy University Online Programs

For students with less than 12 graded semester hours of prior college coursework:

- Cumulative H.S. grade point average of 2.75 (on a 4.0 scale)
- Composite ACT score of 20 (940 SAT) with sub-scores of 17 or higher
- Class rank in the top half of their graduating class.
- Mount Mercy applicants are encouraged to complete the following high school coursework:
  - Four years of English
  - Three years of Mathematics
  - Three years of Social Studies
  - Three years of Science

For students with 12 or more graded semester hours of prior college coursework:

- GPA requirement of 2.5 on a 4.0 scale*
- Completed online application
- Official transcripts from all schools previously attended
- International transcripts must be evaluated by an independent third party transcript verification company such as World Educational Services (www.wes.org) or International Consultants of Delaware (www.icdeval.com (http://www.icdeval.com)).

*In accordance with articulation agreements, students who have earned an associate degree from Kirkwood Community College or Hawkeye Community College, and who have at least a 2.00 cumulative grade point average are allowed admission to Mount Mercy.

Any student who does not meet the above criteria will be evaluated by the Admissions Committee for closer examination. Admission conditions and/or course recommendations will be determined on an individual basis by the Committee.

Application Procedures for the Online Programs

You may begin the application process by visiting our web site at online.mtmercy.edu. Complete the online application and if you have any previous college coursework, request official transcripts to be sent to: Adult Accelerated Office, 1330 Elmhurst Drive NE, Cedar Rapids, IA 52402-4797.

Federal Regulations require that student files contain a certificate of the highest degree earned. A High School Transcript is required for applicants who have not yet obtained post-secondary associate, or higher degree.

Application Procedure for Readmission to Online Programs

Students who either exit from Mount Mercy, or who do not attend for one or more consecutive semesters, or who have graduated from Mount Mercy and wish to reenter the program; pursue a second major; pursue a second degree or add a minor, must complete a new application prior to resuming coursework at Mount Mercy. The application is available at online.mtmercy.edu. If any coursework has been completed at other institutions since last attending Mount Mercy, official transcripts documenting coursework must be requested by the applicant and sent directly from the institution to the Adult Accelerated Office.

Special Student Application

Students interested in taking just one or two accelerated courses at Mount Mercy may make an application for special student status. If the student is currently pursuing a degree at another institution, it is recommended that the student seek permission from the home college before enrolling at Mount Mercy. Student must first complete the application form available online at online.mtmercy.edu. If a prerequisite course is needed for the course(s), selected to be taken through Mount Mercy, an official transcript must be sent to the Adult Accelerated Office to verify successful completion of that prerequisite. Any special student that wishes to continue at Mount Mercy must complete the regular admission process for the online programs.

Policies

Assessment of Prior Experiential Learning (APEL)

Mount Mercy offers an opportunity for students to request that substantial work-related or other prior learning experiences and accomplishments be evaluated for potential academic credit. The Assessment of Prior Experiential Learning (APEL) process requires that eligible students submit a portfolio documenting specific learning outcomes attained through previous personal or professional experiences. Qualifications for students seeking APEL review include:

1. Must be at least 25 years of age.
2. Must be officially enrolled in a degree program at Mount Mercy.
3. Must be able to demonstrate that the experiential learning for which they intend to seek credit is related to their educational goals at Mount Mercy.
4. Must complete the assessment process, including the credit evaluation, prior to their final semester.

Students participating in the APEL process are allowed to submit a revised portfolio for consideration just one time. The maximum number of credits to be granted through portfolio assessment is 30 semester hours, and it is possible that no credit will be granted. Faculty evaluators will recommend the amount of assessed credit, within the maximum noted above, to the Vice President for Academic Affairs for final approval. The credit may be applied to core curriculum, electives,
or majors or minors depending on: 1) the content and level of learning assessed; and 2) the approval and recommendation of the appropriate academic departments. Credits earned through the APEL process are NOT considered part of the 30 semester hours required to be taken at Mount Mercy.

Once the credit has been approved, it will be recorded on the transcript as credit hours in experiential learning with a title specified by the faculty evaluators. The credit will be listed on the transcript with a grade of Pass (P) and is not calculated in the cumulative GPA. Credit will not be granted when it will duplicate college credits previously earned, nor will students receive Mount Mercy credit when it will duplicate credit previously earned through an assessment or prior experiential learning.

**College Level Examination Program**

Credit may be earned by demonstrating academic achievement as measured by the College Level Examination Program (CLEP).

A full-course credit (3 semester hours) may be earned in each of the 34 subject examinations by scoring at or above a specific score level; course credit varies in the general examinations. Information explaining the procedures and passing test scores can be obtained in the Registrar’s Office, 211 Warde.

Any Mount Mercy student or prospective student is eligible to earn up to a maximum of 60 semester hours through CLEP exams. In those cases where CLEP scores are 10 years old or older, students must petition the Vice President for Academic Affairs. CLEP scores over 10 years old will be considered on a case-by-case basis. Please see CLEP guidelines available in the Registrar’s Office for passing scores, credit awards and fees.

**Military Education/Credit**

Please be sure to identify your military service in your initial advising appointment as credit hours may have been earned for your military training. Military education is evaluated by the Registrar’s Office upon the receipt of an AARTS transcript, a SMART transcript, a DANTES transcript, or official transcript from Community College of the Air Force. Each branch of the service has its own form of documentation, be sure to contact your respective branch office to learn more about having your transcripts sent.

It is important to have your military transcripts reviewed by the Registrar during your initial review prior to admission. The number of hours that you are able to pursue through Mount Mercy’s partner institutions may be affected by the number of hours transferring from your military education. Some military education credits transfer as two-year institutional credits.

For more detailed information, please contact the Registrar’s Office at 319-363-1323 ext. 1553.

**Second Baccalaureate Degree Declaration**

A Mount Mercy graduate or a person who holds a baccalaureate degree from another institution, whose accreditation is comparable to that granted by Mount Mercy, may earn a second baccalaureate degree at Mount Mercy by fulfilling the following requirements:

1. Must be admitted or readmitted to Mount Mercy and to a major other than the major of the original degree.
2. Original degree must be completed and not in progress before the student begins work toward the second degree.
3. Must earn at least 30 consecutive hours at Mount Mercy beyond the original degree, with a cumulative grade point average of 2.00 (or higher, if the designated major requires a higher average).
4. Must fulfill all requirements of a major (different than the original major) as described in this Catalog in effect at the time of admission or readmission to Mount Mercy and at least 12 semester hours, above course number 199, in the major must be completed at Mount Mercy. (Note: the core curriculum requirements are waived).
5. Pass/Fail grades in courses used for completion of the second degree are unacceptable unless the course is designated in this Catalog as solely as a Pass/Fail course.

The student who earns a second baccalaureate degree will receive a Mount Mercy diploma and may participate in graduation ceremonies. The student is not eligible for graduation honors with exceptions granted by petition through the Vice President for Academic Affairs. An important consideration in the decision will be the cumulative GPA from the previous degree.

**Second Major**

If you are interested in pursuing a double major during your program of study be sure to discuss this with your program advisor to strategically plan your course schedule. A student taking two separate majors while working toward a first baccalaureate degree at Mount Mercy earns a second major, not two degrees. Both majors will be recorded on your official transcript, but only one baccalaureate degree shall be granted. If the two majors lead to separate degrees (e.g., BBA and BS), the student shall make the decision of which degree to pursue and that degree shall be recorded on the transcript once the work is completed.

Once you have decided to pursue a second major and/or minor during your program of study, complete the declaration of major/minor form.

Mount Mercy graduates, and/or graduates from other institutions whose accreditation is comparable to that granted by Mount Mercy may earn a second major at Mount Mercy by fulfilling the following requirements:

1. The student must be admitted or readmitted to Mount Mercy and to a major other than his or her original major.
2. The student must complete the requirements for the major as described in this Catalog in effect at the time of admission or readmission to Mount Mercy.
3. Students must earn 12 semester hours or more, at the upper level at Mount Mercy toward the second major, not used toward a previous major.

A second major, whether taken while working toward the first degree or subsequently, is not to be confused with a second baccalaureate degree. Earning a second major is generally more economical in time and money than earning a second baccalaureate degree. A student already possessing a baccalaureate degree and completing a second major will not receive a diploma, will not be eligible to earn honors, nor will the student be eligible to participate in graduation ceremonies.
Second-Grade Option
The second-grade option occurs when a student repeats a course previously taken at Mount Mercy or previously transferred in to Mount Mercy. If the student repeats a course previously taken at Mount Mercy, both grades stay on the permanent record, but the first grade is not calculated into the grade point average and the last grade stands as the official grade and is the only grade calculated into the grade point average. If a student transfers a course from another institution prior to repeating the course at Mount Mercy, both grades stay on the permanent record, but the first grade is not calculated into the grade point average and the Mount Mercy grade stands as the official grade and is calculated into the grade point average. If a student repeats a Mount Mercy course with a course from another institution, transferred into Mount Mercy after the course was taken at Mount Mercy, both grades stay on the permanent record and the grades of the two courses are averaged for the purpose of the cumulative grade point average. Approval for this action must be given by the Registrar.

Students who wish to use the second grade option must complete a form in the Registrar’s Office. If the course was taken for a grade the first time, it must be taken for a grade the second time. If the course was taken pass/fail the first time, it may be taken pass/fail or for a grade the second time.

A student may only use the second grade option ONCE per course. Courses that are a part of the Bachelor’s degree earned at Mount Mercy are not approved for second grade options after the degree has been awarded.

Classification
Students are classified according to number of semester hours earned toward the degree. Those who meet the entrance requirements and have earned 29 semester hours or less are classified as freshman. Students must have 30 semester hours before they may be classified as sophomores, 60 semester hours before they may be classified as juniors and 90 semester hours before they may be classified as seniors.

Applying for Graduation
Students need to submit the Application for Graduation to the Registrar’s Office to be considered a candidate for graduation. The Application for Graduation should be submitted at the time the student registers for the final six blocks in the accelerated format. The application is available in the Registrar’s Office or at the Adult Accelerated Office.

Students must satisfy the following requirements prior to graduation from Mount Mercy:

1. A minimum of 123 semester hours of credit earned toward the degree.
2. A minimum cumulative grade point average of 2.00.
3. A minimum cumulative grade point average of 2.00 for all credits earned at Mount Mercy.
4. Completion of the core curriculum requirements.
5. Completion of a major program of study.
6. At least 12 semester hours, above course number 200, in the major must be completed at Mount Mercy
7. A minimum of 30 semester hours completed at Mount Mercy.
8. Minimum of 30 consecutive semester hours completed at Mount Mercy immediately preceding graduation.
9. If graduating with a minor, 9 semester hours of the minor must be taken at Mount Mercy.

Major-Minor Programs
The major includes 30 or more semester hours, as indicated in individual requirements by field. The minor requires fewer semester hours. The student is, in every case, responsible to see that he or she properly applies for graduation and meets the graduation requirements.

Tuition and Fees

Online Programs — Enrollment Status
To determine enrollment status, blocks 1, 2 and 3 comprise the Fall semester; block 4 is the Winter term; blocks 5, 6 and 7 comprise the Spring semester; and blocks 8 and 9 comprise the Summer semester. Note: Loan Servicers use the enrollment status to defer loans. Students must be enrolled in a minimum of 12 semester hours per semester to be considered full-time status. Enrollment of less than 6 semester hours per semester is considered less than half-time status. Students should contact the Mount Mercy Student Financial Services Office to determine hours needed to be eligible for state or federal financial assistance.

Deferred Billing
Tuition for students in the online program is due the first night of class. If you are reimbursed by your employer, and you have a completed Deferred Payment Plan Enrollment Form on file in the Student Financial Services Office, tuition is due 45 days from the end of each block.

Student Fee
A student fee will be assessed to all student accounts at the start of the Fall and Spring Semesters. This fee is based on a student’s enrollment status on the last day to add classes for each semester. This is generally 7 days after the beginning of the semester. If a student’s enrollment status changes after the last day to add classes for the semester, the student fee will not be refunded.

Online Programs — Add/Drop Policy AND Tuition Refund Policy

Please refer to the academic calendar for specific add/drop dates. To drop a course without charge, a student must drop prior to the first day of the block in order to have the registration dropped and no tuition charge assessed. If the course is dropped on, or after the block start date, but before the first week ends (Sunday 11:59pm CST), the student will receive a grade of “W” on the academic transcript reflecting the withdrawal, but will not be charged. Students dropping a given course during the second week of class or after will be charged 100% of the tuition.

Attendance is taken the first week of class for Department of Education requirements. Online students must actively engage in the course by the end of the first Thursday (11:59pm CST). Simply logging in to the class does not count as engagement for attendance purposes. Students that are “No-Showed” (removed from the class due to non-
attendance) for a given course, after the course has started, will receive a grade of NA and will not be charged.

**Dual Program Enrollment**

Students are not allowed to pursue dual programs – a major or minor in the traditional program and a major or minor in the online program – at the same time. Students desiring to mix programs must first complete one program and then apply to the second program for completion of the second major or minor.

**Online Programs — Withdrawal Policy**

Students exiting from Mount Mercy during a block in which they are registered, will receive a grade of “W” for the course. Students withdrawing during the first week of the block (before Sunday 11:59 pm CST) will receive a tuition refund. Students withdrawing during the second week of the block or after will not receive a tuition refund. Registrations in subsequent blocks will be dropped and there will be no tuition charge for the dropped registrations. Students should contact the Adult Accelerated Office to initiate the exit process. Withdrawing from Mount Mercy will change the student’s enrollment status, and students should consider how the decision to withdraw will impact any of the following: tuition charges, financial aid, social security, employer-reimbursement, veteran’s benefits, or scholarships. (Please refer to the Financial Aid section for more information). The student’s ability to maintain a student visa or to purchase insurance as a student may also be impacted as a result of the decision to withdraw from coursework at Mount Mercy. Students withdrawing from the institution will be required to re-apply for admission if they desire to return.

**Financial Aid**

**Online Programs — Financial Aid**

A student enrolled in any of the online programs at Mount Mercy is eligible to apply for federal and state financial aid. Institutional financial aid is not available for online program students. To qualify for any financial aid at Mount Mercy, students must:

1. Receive notification from the Adult Accelerated Office at Mount Mercy of acceptance as a REGULAR student for admission into an eligible degree program as defined by the U.S. Department of Education.
2. File the Free Application for Federal Student Aid (FAFSA) or Renewal Application to be eligible for most federal and state programs. Iowa applicants must have their application at the processing center by July 1st in order to be eligible for State of Iowa funds.

Currently enrolled students may obtain information and applications for financial aid in the Student Financial Services Office. New students to Mount Mercy must inform the Student Financial Services Office of their interest in receiving financial aid once they are registered for coursework at Mount Mercy. To be eligible for loan assistance, the student is required to be enrolled at least half-time for each semester in which the loan is to be received, and must be half-time to continue deferments on most student loans. The following chart illustrates how the block schedule equates to the semester format:

- Blocks 1, 2, and 3 = Fall Semester
- Block 4 = Winter Term
- Blocks 5, 6, and 7 = Spring Semester

**Blocks 8 and 9 = Summer Semester**

For example, a student must be enrolled in at least 6 credit hours during blocks 1, 2, and 3 combined to be eligible for a loan during the Fall Semester. Taking one 3-credit course in block 1 and one 3-credit course in either block 2 or 3 would satisfy the 6-hour requirement for financial aid.

Block 4 is combined with the Spring Semester to determine financial aid eligibility. Students are encouraged to contact the Student Financial Services Office if they have questions regarding financial aid.

The Summer Semester (blocks 8 and 9) is considered the end of the academic year at Mount Mercy for financial aid purposes. If you are interested in financial aid for the summer blocks, students are required to have completed the FAFSA form for the current school year and are encouraged to register for these blocks up front. During the summer session, only federal financial aid is available. Because the summer session is at the end of the academic year, many students have exhausted their annual eligibility in the federal loan and Pell grant programs. Many students utilize private loan programs for summer funding. For more information contact the Mount Mercy Student Financial Services Office at 368-6467. Please see pg. 15 of this Catalog for complete details regarding financial aid.

**Enrollment Changes**

Students who are enrolled in an online program should speak with a Financial Aid Counselor prior to dropping any courses. Per federal regulations for this program, we are required to revise Pell Grant any time a student adds or drops a course throughout the semester, regardless if the student attended the course or not. For example, if a student is enrolled in 9 credit hours for the semester which makes them eligible for $1500 in Pell grant funds and drops to 6 credit hours, the Student Financial Services Office will be required to reduce the Pell grant to $1000. This may result in a balance owed to Mount Mercy.

**Return of Title IV Funds – Block Programs**

A student earns aid based solely on the length of time he/she attends. Until a student has passed the 60% point of the days they are scheduled to attend only a portion of the student’s dispersible aid has been earned. If a student completely withdraws prior to the 60% point, then the Return of Title IV Funds policy applies.

Title IV funds refer to the Federal financial aid programs authorized under the Higher Education Act of 1965 (as amended) and include the following programs: Direct Subsidized loans, Direct Subsidized loans, Direct PLUS loans, Federal Perkins loans, Federal Pell Grant, Federal SEOG, and Federal TEACH Grant. Though the Federal Work Study program is also included in Title IV funds, it is not included when calculating the Return of Title IV Funds.

A student starts the withdrawal process with their Program Director. This can either be done in person or over the phone. The withdrawal date is the date on which the student starts the withdrawal process or the date that the student otherwise provides notification to Mount Mercy of his or her intent to withdraw. However, if Mount Mercy can document an academically related activity different than the date the student officially withdrew, that date may be used.

If a student leaves school and fails to follow the withdrawal process or fails all of their courses, it is assumed the student withdrew at the midpoint of the period of enrollment unless academically related activity can be documented past the 60% point. The Student Financial
Services Office is responsible for the calculation of the amount of Title IV funds a student has earned at the point of withdrawal. The software provided by the Department of Education is used and review of this software is available upon request from the Student Financial Services Office.

Mount Mercy will return any unearned aid that was applied to a student’s institutional charges. The student must return any unearned funds allocated to a loan program under the terms and conditions of the promissory note. If a student owes a grant overpayment, the student must make satisfactory repayment arrangements with the Student Financial Services Office at Mount Mercy.

In accordance with Federal regulations the student (or parent for a PLUS loan) must return unearned aid for which the student is responsible by repaying funds to the following sources in order: Direct Unsubsidized Stafford loan, Direct Subsidized Stafford loan, Perkins loan, Direct PLUS loan, Pell Grant, FSEOG, and other Title IV programs.

Example of Return of Title IV Calculation

This example is for illustration purposes only. Actual charges and refund amounts may vary. The following is an example of a return of funds for a student who completely withdrew from their courses. This student was enrolled in Blocks 1, 2 and 3 so the total days of attendance for the Fall semester would be 105 days. The student withdrew in the first week of Block 2 and completed 45 days of the semester. The student completed 42.9% of the semester (45/105=42.9%).

The student would have earned 42.9% of the financial aid for the Fall semester. The remaining amount would have to be returned to the appropriate source.

Curriculum

Students transferring courses to Mount Mercy from other institutions will have their coursework evaluated by the Registrar’s Office to determine whether a transfer course will satisfy a specific core requirement. Applicable transfer policies based on degree status will also be considered.

Reflection and Action: The Core Curriculum

The Core Curriculum is the foundational piece of a Mount Mercy education. Regardless of one’s major, every student at Mount Mercy can be assured of a broad course of study in the traditional liberal arts. The courses in the Core are designed to foster inquiry, critical thinking, personal reflection, and a spirit of service and citizenship. The Core emphasizes freedom of choice as each student creates an individualized plan to complete the core requirements according to his or her needs and interests. The Core Curriculum has four components:

· An introductory Portal Course
· A comprehensive survey of the seven Domains of Liberal Study
· A culminating Capstone experience
· Multiple ways to achieve Competency in writing, math, and oral communication

The Mount Mercy Portal

The portal course has two main objectives: to introduce students to the fields of liberal studies, priming them to make informed choices about their future core courses; and to foster a sense of community and service in the class, at Mount Mercy, and in the greater Cedar Rapids area. Students will examine questions from the Mercy Critical Concerns: earth, immigration, non-violence, poverty, racism, and women.

Through an interdisciplinary approach, students will gain experience examining problems from multiple perspectives. The interdisciplinary nature of the course fosters teamwork and leadership in the students. As they encounter questions from various liberal disciplines, students will be asked to reflect, then take action, as they articulate for themselves what it means to be a citizen in their various communities. During the portal course, students will outline an integrated plan for completing their course of liberal studies, as chosen from the Domains.

Transfer students who have an AA degree from an Iowa Community college, earned 60 hours or more transferable college credits, or have used transfer courses to fulfill 7 of the 10 domain requirements, are exempt from the portal course. Portal courses include:

- ME 100 - Sharing The Earth With Animals
- ME 105 - Rogues, Rebels, And Accidental Discoveries: The Crooked Path to Creativity
- ME 110 - Ethnic Iowans: Diversity Issues in the New Millennium
- ME 115 - Cities, Sewers And Shots: Health Protection
- ME 120 - Immigrants and Literacy: In Pursuit of the American Dream
- ME 125 - Avatars Of Good and Evil: Media Stereotypes vs. Reality
- ME 130 - Why A Mercy Education?
- ME 135 - Poor Women, Poor Family, Poor Work
- ME 140 - Screen Icons: A Cultural & Aesthetic Study
- ME 145 - The Religious Roots of Political Involvement
- ME 150 - Talking in "She" and "He": Gender Communication in College and Beyond
- ME 155 - Water - A Shared Responsibility

Note: Portal course waived for RN-BSN students.

Competencies

In addition to completing a Portal Course, a Capstone course and all of the Domains of Liberal Studies, students are required to
demonstrate core competencies. These may be demonstrated by taking and earning at least a C- in particular courses, or a student may demonstrate competencies through previous experience and coursework. Students who think that they may be able to demonstrate a competency need to arrange assessment well in advance of beginning their Mount Mercy coursework. The competencies should be completed within a student’s first two years of college. If a student demonstrates competency and one of the course requirements listed below is therefore waived, that does not grant the student the credit hours listed. Students transferring to Mount Mercy with an AA degree from an Iowa Community College are considered to have met the competency requirements in writing, math and speech.

The competencies are:

1. Writing Competency: Met by successful completion of four hours of college-level English Composition:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>EN 101</td>
<td>Writing And History</td>

</tr>
<tr>
<td>MA 164</td>
<td>Calculus I</td>
</tr>
</tbody>
</table>

4. Technology Competency: Met according to criteria set within the majors. This is one competency that is built into the major curricula, and is thus not waived.

The Mount Mercy Domains of Liberal Studies

The Mount Mercy Domains of Liberal Studies give all students in all majors a sense of breadth and connection among traditional liberal arts disciplines. These courses are grouped according to the overall concepts covered by courses in that domain: Expressive Arts, Global Awareness, Historical Roots, Holistic Health, The Natural World, Self and Society and Ultimate Questions.

Domain Requirements

Domain I: Expressive Arts – Great works of art, music, drama, and literature engage us emotionally and cognitively as they interrogate the ways we perceive and understand ourselves and the world around us. Studying literature and the fine arts strengthens habits of mind – observation, the ability to entertain multiple perspectives and discern significant patterns; envisioning, the ability to imagine and think innovatively; reflection, the ability to evaluate one’s own perceptions; expression, the ability to communicate what is meaningful in the pursuit of purposeful living; and aesthetic judgment, the ability to appreciate the context in which fine art is created – that find application in every discipline of study.

Two courses, one from literature, one from fine arts. The courses included in this domain:

<table>
<thead>
<tr>

</tr>
</thead>
<tbody>
<tr>
<td>AR 101</td>
</tr>
<tr>
<td>MU 189</td>
</tr>
<tr>
<td>GS 151</td>
</tr>
</tbody>
</table>

Domain II: Historical Roots – The courses in this domain will enable students to gain a deeper understanding of the human condition and the relationship between historical developments and contemporary social and political trends. The curriculum provides opportunities for students to investigate the social, economic, political, and cultural development of diverse peoples from the beginnings of civilization to the present. Emphasis is placed on reading, writing, researching, speaking, and on critical and analytical thinking. The courses included in this domain include:

<table>
<thead>
<tr>
<th>History courses:</th>
</tr>
</thead>
<tbody>
<tr>
<td>HI 114</td>
</tr>
<tr>
<td>HI 115</td>
</tr>
<tr>
<td>HI 120</td>
</tr>
<tr>
<td>HI 130</td>
</tr>
<tr>
<td>HI 140</td>
</tr>
</tbody>
</table>

Domain III: The Natural World – Courses in this domain will give students a basic understanding of the natural world and how it functions. Students will learn to employ the scientific method as they engage with specific fields of inquiry, such as the central processes of biological systems, the energetics and chemical reactions underlying all processes in living and non-living systems, the global role of geologic, hydrologic and atmospheric systems in supporting life on earth, and the impact of human activity on the environment. Students are required to take a course and an accompanying lab, but transfer students who have earned at least six hours of approved science
credits do not have to meet the lab requirement. The courses included in this domain:

BI 123  Biology Of Human Concern
BI 125  Foundations of Biology & Scientific Inquiry I
BI 150  Basic Microbiology
CH 111  General Chemistry I
PH 114  Natural Science-Physical
PH 115  Introduction To Earth Science

Domain IV: Ultimate Questions – This domain introduces students to the study of the ultimate questions of human experience. It invites consideration of possible answers to those questions through philosophical or religious reflection about the meaning of human life, ethical responsibility, and social justice. The courses engage students in critical analysis of ideas and symbols and foster a variety of skills including critical thinking, finding key concepts in the midst of complex information, evaluating ideas, and communicating effectively.

Two courses, one from Philosophy, one from Religious Studies. The courses included in this domain:

Philosophy courses:
PL 151  Introduction to Western Philosophy
PL 161  Introduction to the Philosophy of the Human Person
PL 169  Introduction To Ethics

Religious Studies courses:
RS 111  Introduction To The Bible: Old Testament
RS 113  Introduction To The Bible: New Testament
RS 114  Introduction to Christianity
RS 115  Introduction To World Religions
RS 118  Christians Divided:Conservative Versus Liberal Battles

Domain V: Self and Society – This domain is designed to expose students to the study of society and the manner in which people behave and impact the world around us. It introduces students to the concepts and methods of social science, the scientific inquiry into human behavior and social, political and economic problems within institutions. Students will appreciate the interconnectedness and complexity of human interaction as represented in the various social science disciplines. The courses included in this domain:

Two of the following courses from different disciplines:
CJ 101  Introduction To Criminal Justice
EC 251  Macroeconomics Principles
PO 111  Introduction To American Politics
PS 101  Introductory Psychology
SO 122  Introduction To Sociology
SO 155  Social Problems
SW 265  Minority Groups

Domain VI: Global Awareness – Courses in the Global Awareness Domain address the basic question of what it means to live in a globalized world. Courses in this Domain address at least one of three areas: multicultural sensitivity as individuals come in contact with cultures that are different from their own; the interconnectedness of global political and economic policies; and an understanding of ecological and resource issues that transcends national borders.

AR 295  Survey Of Mexican Culture Today
BI 210  Biology And Human Culture
CO 260  Intercultural Communication
EN 190  British Literature and Culture
EN 195  Irish Literature & Culture
GS 260  European Union: Culture, Politics & Economics
HI 213  Recent China In Global Economy
HI 230  Modern East Asia
HI 265  Latin American History
PL 170  Introduction To Asian Thought
PO 102  Government and Politics Around the World
PO 112  Globalization and Human Survival
SO 183  Introduction to Cultural Anthropology
SO 235  Social Inequalities
SO 330  Global Race Relations
SP 200  Intermediate Spanish I

Domain VII: Holistic Health – Courses in this domain explore health-related theories and research and address various aspects of the six dimensions of wellness including physical, emotional, social, environmental, intellectual, and spiritual. Courses aim to increase students' knowledge within the dimensions of wellness to enable them to enhance health-related aspects of their own lives and perhaps the lives of others. The courses included in this domain:

BA 240  Personal Financial Planning
ED 164  Health Awareness and PE Methods
GS 115  Women's Health
GS 119  Healthy Lifestyle
GS 120  Complementary Therapy&Wellness
GS 157  American Food
GS 171  Meditation And Its Benefits
GS 179  Psychology Of Eating
GS 195  Men’s Health
PS 205  Psychology Of Adjustment
SW 250  Human Sexuality

The Mount Mercy Capstone
The 400-level Mercy Experience Capstone course (ME 450 Mercy Experience Capstone) is intended as a culminating experience in the liberal studies. Students need to register for this course along with the senior seminar (or another designated course) within their major, typically during the year in which they plan to graduate. During the Mercy Experience Capstone, students will integrate knowledge they have acquired from each of the core domains and will reflect on their Mercy education in the context of their major discipline. In addition, they will examine one of the Mercy critical concerns identified by the Sisters of Mercy from a disciplinary, interdisciplinary, and global perspective and will actively participate in a related capstone project.
Course counts in only one area in the core requirements, it will not satisfy two core requirements.

For nursing majors only.

Note: Students should consult accelerated and traditional course schedules to determine course availability and delivery format.

**Business**

The business major offers students the opportunity to integrate theoretical constructs with practical experience gained outside of the classroom. Coursework offers students a broader understanding of management, accounting, finance, marketing, communication, economics, legal and ethical practices and research within the context of a business organization. By design, the program prepares students for professional positions in the public or private sectors, or preparation for graduate study within the business discipline.

This minor is available to non-business majors only.

**Human Resource Management**

The Business Department offers majors in accounting (BC), finance, healthcare administration (HS), marketing (BK), management (BN), human resource management, and business (Adult Accelerated) and minors in accounting, finance, economics (EC), human resources, and business administration (for non-business majors). While offering students the opportunity for specializing in a particular major, the program maintains a broad base that includes exposure to various phases of business and the use of information technology in a business setting.

Upon graduating, Business majors will have the ability to succeed, for example, in: preparing a comprehensive strategic plan; developing a global business perspective; and identifying and interpreting laws affecting labor in the workplace.

The **human resource management major** prepares students for professional positions in leadership, as well as those who are interested in a career in the human resource field. The ability to lead and understand an organization’s human resources is key to success in today’s knowledge based economy. Students will learn to evaluate ethical, social, civic, legal, cultural, and political issues, and how they impact the human resources of an organization. Students will develop effective human resource strategy for innovation in a global environment. Our human resource management major is endorsed by the Society for Human Resource Management (SHRM), based on the guidelines created by the Association to Advance Collegiate Schools of Business (AACSB). Thirteen major content areas prepare students to lead employees in high performance work practices.

Students in this major develop skills and knowledge that enable them, for example, to: identify and interpret laws affecting labor in the workplace; utilize HR metrics to justify employee programs; and demonstrate an understanding of compensation issues.

**Human Resource Management Major (Core business requirements plus 18 additional semester hours):**

Academic Requirements for the Human Resource Management Major

All human resource management majors must achieve a minimum grade of C- in all courses required for the major (BN 304, BN 392, BN380, BN386, and BN 305). This applies to equivalent courses transferred from other institutions.

RN to BSN

The nursing major is approved by the Iowa Board of Nursing and accredited by the Commission on Collegiate Nursing Education to provide an educational program that builds on natural and behavioral sciences and integrates the liberal arts with professional courses. Students complete degree requirements for the Bachelor of Science in Nursing (B.S.N.). Graduates are prepared to enter the profession of nursing in a variety of areas and are prepared for graduate education.

The baccalaureate curriculum is based on the belief of the faculty that socialization of nursing students into the profession is a journey that continues throughout and beyond their baccalaureate education. The faculty has adopted “the hero’s journey” as presented by anthropologist Joseph Campbell as a unifying theme for the nursing curriculum.

Objectives established for students in this major include, among others: respect and value the dignity of human life; appropriately implement selected nursing interventions; and integrate knowledge derived from liberal arts, science, and nursing in professional nursing practice.

Additional information is available at www.mtmercy.edu/nursing

Procedure for Admission into the Nursing Major:

Students must complete an application for the nursing major by following the procedures below. (In the spring semester of the first year. Students are required to meet the admission criteria that are most current for the semester in which they wish to be admitted).

1. Complete the application form for the major. Prior to filing this application the student must:

   A. Have completed or be in the process of completing the following prerequisite courses or their equivalent with a grade of C or above (C- does not count) in: BI 125 Foundations of Biology & Scientific Inquiry I, BI 150 Basic Microbiology, CH 113 Organobiochemistry, NU 111 Call To Adventure I, NU 114 Call To Adventure II, English Composition, and at least two of the following courses: PS 101 Introductory Psychology, PS 124 Developmental Psychology, CO 101 Oral Communication, SO 122 Introduction To Sociology.

   B. Achieve a minimum cumulative grade point average of 2.70 based on a 4.00 scale.

2. The department uses an online document storage and background check database call Certified Background. This company performs the required background check and stores the necessary documents required for admission to the major. There is a fee paid to the company for this service. Each student is required to register with Certified Background when they are admitted to the major. The following items are required to be loaded into the database by the deadline designated each Fall term:

   A. Physical exam and immunization update (physical form is available online at www.mtmercy.edu/nursing-0);

   B. Proof of current Healthcare Provider Basic Cardiac Life Support (CPR);

   C. Proof of current health insurance;

   D. Proof of completion of Certified Nursing Assistant Course;

   E. Proof of completion of Mandatory Reporter Certification (course is available at Mount Mercy); and

   F. Complete background check (to be completed by Certified Background after registering online). Any concerns with background checks will be reviewed on an individual basis.

Fulfillment of these specific requirements for admission does not ensure admission to the Department of Nursing. For those applicants who meet the minimal requirements, the department’s Admissions, Promotion, and Graduation Committee will select the applicants who in its judgment are best qualified physically, emotionally, and scholastically and best meet the standards expected of prospective members of the nursing profession.

The student is responsible for transportation to and from clinical experiences and field trips.

Nursing students may not fulfill prerequisite requirements by taking CLEP exams for credit in place of courses which have been attempted and not successfully completed.

The number of students admitted to the nursing major may be limited due to available faculty and clinical resources. In the event that more students qualify for admission than can be accepted, the Admissions, Promotion, and Graduation Committee will determine the number of students to be admitted.

A student who is not accepted into the nursing major may appeal in accordance with the Academic/Administrative Grievance Procedure for Students as stated in the Good Book.

Students wishing to transfer from another baccalaureate nursing program will be considered on an individual basis. This process begins with a meeting with the chairperson of the department and
the application will be considered by the Admissions, Promotion, and Graduation Committee.

Procedure for Continuation in the Major

Once admitted to the Department of Nursing, in order to progress, the student must maintain a C or above (C- does not count) in BI 273 Human Anatomy, BI 274 Human Physiology, PS 124 Developmental Psychology, SO 122 Introduction To Sociology and SD 111 and a C or above (C- does not count) in all nursing courses. The student must maintain a cumulative grade point average of 2.00. The faculty of the nursing department also reserves the right of retaining only those students who in the judgment of the faculty satisfy the requirements of scholarship and health and meet the standards expected of prospective members of the nursing profession.

All nursing courses are expected to be taken in an uninterrupted sequence until completed. If interruptions occur the student must seek readmission to the nursing major. In order to be considered for re-admission to the nursing major following any interruption of progress in the program, the student must have a minimum cumulative grade point average of 2.70 or above and submit in writing to the department of nursing the request to re-enter the nursing program. Each application for re-admission will be reviewed on an individual basis by the department’s Admissions, Promotion, and Graduation Committee.

Specific guidelines for the readmission procedure are described in the Nursing Student Handbook. A student may only repeat a course at the discretion of The Admissions, Promotion, and Graduation Committee. Students who are academically unsuccessful in a nursing course may repeat the course once; however, only one nursing course may be repeated.

Additional details about policies and procedures related to the Department of Nursing may be found in the current edition of the Nursing Student Handbook. A student may only repeat a course at the discretion of the department's Admissions, Promotion, and Graduation Committee.

Career Opportunities

Hospitals, public health agencies, and various other community health services represent the major career openings for graduates.

Adult Accelerated

Mount Mercy has become a leading choice of adult students seeking a baccalaureate degree while maintaining full-time employment. Our accelerated programs are tailored to meet the needs of the non-traditional student, age 23 or older with at least three years of work experience.

Recognizing that life experience is a valid source of knowledge, and the premise that adults are self-directed and intrinsically motivated, accelerated courses are formatted into five or ten week block periods in which students attend class one night per week for three or four hours.

In-class hours are supplemented with a range of cooperative and individual learning opportunities outside of the classroom to allow students an opportunity to maintain the balance between personal and professional life while pursuing a baccalaureate degree.

Admissions

General Admission Requirements to Mount Mercy University Accelerated Programs

1. Must be at least 23 years of age
2. Must have a minimum of three years full-time relevant work experience
3. Minimum cumulative grade point average of 2.50 or higher on 4.00 scale.*

Applicants not meeting the above criteria may qualify for admission upon consideration by the Mount Mercy Admission Committee.

* In accordance with articulation agreements, students who have earned an associate degree from Kirkwood Community College or Hawkeye Community College, and who have at least a 2.00 cumulative grade point average are allowed admission to Mount Mercy.

Application Procedures for the Accelerated Programs

You may begin the application process by visiting our web site at www.mtmercy.edu/adult. Complete the online application and if you have any previous college coursework, request official transcripts to be sent to: Adult Accelerated Office, 1330 Elmhurst Drive NE, Cedar Rapids, IA 52402-4797.

Federal Regulations require that student files contain a certificate of the highest degree earned. A High School Transcript is required for applicants who have not yet obtained post-secondary associate, or higher degree.

Application Procedure for Readmission to Accelerated Programs

Students who either exit from Mount Mercy, or who do not attend for one or more consecutive semesters, or who have graduated from Mount Mercy and wish to reenter the program; pursue a second major; pursue a second degree or add a minor, must complete a new application prior to resuming coursework at Mount Mercy. The application is available at www.mtmercy.edu/adult. If any coursework has been completed at other institutions since last attending Mount Mercy, official transcripts documenting coursework must be requested by the applicant and sent directly from the institution to the Adult Accelerated Office.

Special Student Application

Students interested in taking just one or two accelerated courses at Mount Mercy may make an application for special student status. If the student is currently pursuing a degree at another institution, it is recommended that the student seek permission from the home college before enrolling at Mount Mercy. Student must first complete the application form available online at www.mtmercy.edu/adult. If a prerequisite course is needed for the course(s), selected to be taken through Mount Mercy, an official transcript must be sent to the Adult Accelerated Office to verify successful completion of that prerequisite. Any special student that wishes to continue at Mount Mercy must complete the regular admission process for the accelerated programs.

Admission to the R.N. to B.S.N. Program

Applicants to the R.N. to B.S.N program must meet the following admission criteria:

1. At least 23 years of age.
2. At least three years of work experience and currently working at least part time as a nurse.
3. Cumulative GPA of 2.70 or higher for transferable college credit.
4. Current and valid Iowa R.N. license. Nursing courses with a clinical component may not be taken by a person: a) who has been denied licensure by the Board; b) whose license is currently suspended, surrendered or revoked in any U.S. jurisdiction; c) whose license/registration is currently suspended, surrendered or revoked in another country due to disciplinary action.
5. In consultation with the coordinator of the R.N. to B.S.N. program, select an articulation option.
6. Complete prerequisite courses as appropriate for the articulation option selected.
7. Send a written request for admission to the Admissions, Promotion and Graduation committee of the Department of Nursing.
8. Complete a health examination by a physician or nurse practitioner (within the past two years), receive and/or update the recommended immunization, and forward this information to the Department of Nursing. (Forms for filing this information should be requested from the Department of Nursing prior to the physical examination).
9. Show proof of current certification for Basic Cardiac Life Support (BCLS) from the American Heart Association.
10. Show proof of health insurance coverage and nursing liability insurance coverage.
11. Submit a copy of current Iowa nursing license.
Policies

Assessment of Prior Experiential Learning (APEL)

Mount Mercy offers an opportunity for students to request that substantial work-related or other prior learning experiences and accomplishments be evaluated for potential academic credit. The Assessment of Prior Experiential Learning (APEL) process requires that eligible students submit a portfolio documenting specific learning outcomes attained through previous personal or professional experiences. Qualifications for students seeking APEL review include:

1. Must be at least 25 years of age.
2. Must be officially enrolled in a degree program at Mount Mercy.
3. Must be able to demonstrate that the experiential learning for which they intend to seek credit is related to their educational goals at Mount Mercy.
4. Must complete the assessment process, including the credit evaluation, prior to their final semester.

Students participating in the APEL process are allowed to submit a revised portfolio for consideration just one time. The maximum number of credits to be granted through portfolio assessment is 30 semester hours, and it is possible that no credit will be granted. Faculty evaluators will recommend the amount of assessed credit, within the maximum noted above, to the Vice President for Academic Affairs for final approval. The credit may be applied to core curriculum, electives, or majors or minors depending on: 1) the content and level of learning assessed; and 2) the approval and recommendation of the appropriate academic departments. Credits earned through the APEL process are NOT considered part of the 30 semester hours required to be taken at Mount Mercy.

Once the credit has been approved, it will be recorded on the transcript as credit hours in experiential learning with a title specified by the faculty evaluators. The credit will be listed on the transcript with a grade of Pass (P) and is not calculated in the cumulative GPA. Credit will not be granted when it will duplicate college credits previously earned, nor will students receive Mount Mercy credit when it will duplicate credit previously earned through an assessment or prior experiential learning.

College Level Examination Program

Credit may be earned by demonstrating academic achievement as measured by the College Level Examination Program (CLEP).

A full-course credit (3 semester hours) may be earned in each of the 34 subject examinations by scoring at or above a specific score level; course credit varies in the general examinations. Information explaining the procedures and passing test scores can be obtained in the Registrar’s Office, 211 Warde.

Any Mount Mercy student or prospective student is eligible to earn up to a maximum of 60 semester hours through CLEP exams. In those cases where CLEP scores are 10 years old or older, students must petition the Vice President for Academic Affairs. CLEP scores over 10 years old will be considered on a case-by-case basis. Please see CLEP guidelines available in the Registrar’s Office for passing scores, credit awards and fees.

Military Education/Credit

Please be sure to identify your military service in your initial advising appointment as credit hours may have been earned for your military training. Military education is evaluated by the Registrar’s Office upon the receipt of an AARTS transcript, a SMART transcript, a DANTES transcript, or official transcript from Community College of the Air Force. Each branch of the service has its own form of documentation, be sure to contact your respective branch office to learn more about having your transcripts sent.

It is important to have your military transcripts reviewed by the Registrar during your initial review prior to admission. The number of hours that you are able to pursue through the articulated program of Adult Accelerated with Kirkwood Community College and the program with Hawkeye Community College may be affected by the number of hours transferring from your military education. Some military education credits transfer as two-year institutional credits.

For more detailed information, please contact the Registrar’s Office at 319-363-1323 ext. 1553.

Second Baccalaureate Degree Declaration

A Mount Mercy graduate or a person who holds a baccalaureate degree from another institution, whose accreditation is comparable to that granted by Mount Mercy, may earn a second baccalaureate degree at Mount Mercy by fulfilling the following requirements:

1. Must be admitted or readmitted to Mount Mercy and to a major other than the major of the original degree.
2. Original degree must be completed and not in progress before the student begins work toward the second degree.
3. Must earn at least 30 consecutive hours at Mount Mercy beyond the original degree, with a cumulative grade point average of 2.00 (or higher, if the designated major requires a higher average).
4. Must fulfill all requirements of a major (different than the original major) as described in this Catalog in effect at the time of admission or readmission to Mount Mercy and at least 12 semester hours, above course number 199, in the major must be completed at Mount Mercy. (Note: the core curriculum requirements are waived).
5. Pass/Fail grades in courses used for completion of the second degree are unacceptable unless the course is designated in this Catalog as solely as a Pass/Fail course.

The student who earns a second baccalaureate degree will receive a Mount Mercy diploma and may participate in graduation ceremonies. The student is not eligible for graduation honors with exceptions granted by petition through the Vice President for Academic Affairs. An important consideration in the decision will be the cumulative GPA from the previous degree.

Second Major

If you are interested in pursuing a double major during your accelerated program of study be sure to discuss this with your program
advisor to strategically plan your course schedule. A student taking two separate majors while working toward a first baccalaureate degree at Mount Mercy earns a second major, not two degrees. Both majors will be recorded on your official transcript, but only one baccalaureate degree shall be granted. If the two majors lead to separate degrees (e.g., BBA and BS), the student shall make the decision of which degree to pursue and that degree shall be recorded on the transcript once the work is completed.

Once you have decided to pursue a second major and/or minor during your program of study, complete the declaration of major/minor form.

Mount Mercy graduates, and/or graduates from other institutions whose accreditation is comparable to that granted by Mount Mercy may earn a second major at Mount Mercy by fulfilling the following requirements:

1. The student must be admitted or readmitted to Mount Mercy and to a major other than his or her original major.
2. The student must complete the requirements for the major as described in this Catalog in effect at the time of admission or readmission to Mount Mercy.
3. Students must earn 12 semester hours or more, at the upper level at Mount Mercy toward the second major, not used toward a previous major.

A second major, whether taken while working toward the first degree or subsequently, is not to be confused with a second baccalaureate degree. Earning a second major is generally more economical in time and money than earning a second baccalaureate degree. A student already possessing a baccalaureate degree and is completing a second major will not receive a diploma, will not be eligible to earn honors, nor will the student be eligible to participate in graduation ceremonies.

**Second-Grade Option**

The second-grade option occurs when a student repeats a course previously taken at Mount Mercy or previously transferred in to Mount Mercy. If the student repeats a course previously taken at Mount Mercy, both grades stay on the permanent record, but the first grade is not calculated into the grade point average and the last grade stands as the official grade and is the only grade calculated into the grade point average. If a student transfers a course from another institution prior to repeating the course at Mount Mercy, both grades stay on the permanent record, but the first grade is not calculated into the grade point average and the Mount Mercy grade stands as the official grade and is calculated into the grade point average. If a student repeats a Mount Mercy course with a course from another institution, transferred into Mount Mercy after the course was taken at Mount Mercy, both grades stay on the permanent record and the grades of the two courses are averaged for the purpose of the cumulative grade point average. Approval for this action must be given by the Registrar.

A second major and a minor may be taken while working toward a first baccalaureate degree at Mount Mercy. A student may only use the second grade option ONCE per course. Courses that are a part of the Bachelor's degree earned at Mount Mercy are not approved for second grade options after the degree has been awarded.

**Classification**

Students are classified according to number of semester hours earned toward the degree. Those who meet the entrance requirements and have earned 29 semester hours or less are classified as freshman. Students must have 30 semester hours before they may be classified as sophomores, 60 semester hours before they may be classified as juniors and 90 semester hours before they may be classified as seniors.

**Applying for Graduation**

Students need to submit the Application for Graduation to the Registrar’s Office to be considered a candidate for graduation. The Application for Graduation should be submitted at the time the student registers for the final six blocks in the accelerated format. The application is available in the Registrar’s Office or at the Adult Accelerated Office.

Students must satisfy the following requirements prior to graduation from Mount Mercy:

1. A minimum of 123 semester hours of credit earned toward the degree.
2. A minimum cumulative grade point average of 2.00.
3. A minimum cumulative grade point average of 2.00 for all credits earned at Mount Mercy.
4. Completion of the core curriculum requirements.
5. Completion of a major program of study.
6. At least 12 semester hours, above course number 200, in the major must be completed at Mount Mercy.
7. A minimum of 30 semester hours completed at Mount Mercy.
8. Minimum of 30 consecutive semester hours completed at Mount Mercy immediately preceding graduation.
9. If graduating with a minor, 9 semester hours of the minor must be taken at Mount Mercy.

**Major-Minor Programs**

The major includes 30 or more semester hours, as indicated in individual requirements by field. The minor requires fewer semester hours. The student is, in every case, responsible to see that he or she properly applies for graduation and meets the graduation requirements.

**Tuition and Fees**

**Accelerated Programs — Enrollment Status**

To determine enrollment status, blocks 1, 2 and 3 comprise the Fall semester; block 4 is the Winter term; blocks 5, 6 and 7 comprise the Spring semester; and blocks 8 and 9 comprise the Summer semester. Note: Loan Servicers use the enrollment status to defer loans. Students must be enrolled in a minimum of 12 semester hours per semester to be considered full-time status. Enrollment of less than 6 semester hours per semester is considered less than half-time status. Students should contact the Mount Mercy Student Financial
Deferred Billing

Tuition for students in the Accelerated Program is due the first night of class. If you are reimbursed by your employer, and you have a completed Deferred Payment Plan Enrollment Form on file in the Student Financial Services Office, tuition is due 45 days from the end of each block.

Accelerated Programs — Add/Drop Policy AND Tuition Refund Policy

Please refer to the online calendar for specific add/drop dates. To drop a course without charge, a student must drop prior to the first day of the block in order to have the registration dropped and no tuition charge assessed. If the course is dropped on, or after the block start date, but before the second night of class, the student will receive a grade of “W” on the academic transcript reflecting the withdrawal, but will not be charged.

Students dropping a given course after the course has started, during the second night of class or after will be charged 100% of the tuition. Attendance is taken the first night of the block for Department of Education requirements. Students that are “No-Showed” (removed from the class due to non-attendance) for a given course, after the course has started, will receive a grade of “NA.”

Student Fee

A student fee will be assessed to all student accounts at the start of the Fall and Spring Semesters. This fee is based on a student’s enrollment status on the last day to add classes for each semester. This is generally 7 days after the beginning of the semester. If a student’s enrollment status changes after the last day to add classes for the semester, the student fee will not be refunded.

Dual Program Enrollment

Students are not allowed to pursue dual programs – a major or minor in the traditional program and a major or minor in the accelerated program – at the same time. Students desiring to mix programs must first complete one program and then apply to the second program for completion of the second major or minor.

Accelerated Programs — Withdrawal Policy

Students exiting from Mount Mercy during a block in which they are registered, will receive a grade of “W” for the course and there will be no tuition refund. Registrations in subsequent blocks will be dropped and there will be no tuition charge for the dropped registrations. Students should contact the Adult Accelerated Office to initiate the exit process. Withdrawing from Mount Mercy will change the student’s enrollment status, and students should consider how the decision to withdraw will impact any of the following: tuition charges, financial aid, social security, employer-reimbursement, veteran’s benefits, or scholarships (Please refer to the Financial Aid section of this catalog for more information). The student’s ability to maintain a student visa or to purchase insurance as a student may also be impacted as a result of the decision to withdraw from coursework at Mount Mercy.

Students withdrawing from the institution will be required to re-apply for admission if they desire to return.

Financial Aid

Accelerated Programs – Financial Aid

A student enrolled in any of the accelerated programs at Mount Mercy is eligible to apply for federal and state financial aid. Institutional financial aid is not available for accelerated program students. To qualify for any financial aid at Mount Mercy, students must:

1. Receive notification from the Adult Accelerated Office at Mount Mercy of acceptance as a REGULAR student for admission into an eligible degree program as defined by the U. S. Department of Education.
2. File the Free Application for Federal Student Aid (FAFSA) or Renewal Application to be eligible for most federal and state programs. Iowa applicants must have their application at the processing center by July 1st in order to be eligible for State of Iowa funds.

Currently enrolled students may obtain information and applications for financial aid in the Student Financial Services Office. New students to Mount Mercy must inform the Student Financial Services Office of their interest in receiving financial aid once they are registered for coursework at Mount Mercy. To be eligible for loan assistance, the student is required to be enrolled at least half-time for each semester in which the loan is to be received, and must be half-time to continue deferments on most student loans. The following chart illustrates how the block schedule equates to the semester format:

- Blocks 1, 2, and 3 = Fall Semester
- Block 4 = Winter Term
- Blocks 5, 6 and 7 = Spring Semester
- Blocks 8 and 9 = Summer Semester

For example, a student must be enrolled in at least 6 credit hours during blocks 1, 2, and 3 combined to be eligible for a loan during the Fall Semester. Taking one 3-credit course in block 1 and one 3-credit course in either block 2 or 3 would satisfy the 6-hour requirement for financial aid.

Block 4 is combined with the Spring Semester to determine financial aid eligibility. Students are encouraged to contact the Student Financial Services Office if they have questions regarding financial aid.

The Summer Semester (blocks 8 and 9) is considered the end of the academic year at Mount Mercy for financial aid purposes. If you are interested in financial aid for the summer blocks, students are required to have completed the FAFSA form for the current school year, and are encouraged to register for these blocks up front. During the summer session, only federal financial aid is available. Because the summer session is at the end of the academic year, many students have exhausted their annual eligibility in the federal loan and Pell grant programs. Many students utilize private loan programs for summer funding. For more information contact the Mount Mercy Student Financial Services Office at 368-6467. Please see pg. 15 of this Catalog for complete details regarding financial aid.

Return of Title IV Funds – Block Programs

A student earns aid based solely on the length of time he/she attends. Until a student has passed the 60% point of the days they are...
scheduled to attend only a portion of the student’s dispersible aid has been earned. If a student completely withdraws prior to the 60% point, then the Return of Title IV Funds policy applies.

Title IV funds refer to the Federal financial aid programs authorized under the Higher Education Act of 1965 (as amended) and include the following programs: Direct Unsubsidized loans, Direct Subsidized loans, Direct PLUS loans, Federal Perkins loans, Federal Pell Grant, Federal Pell Grant, Federal TEACH Grant. Though the Federal Work Study program is also included in Title IV funds, it is not included when calculating the Return of Title IV Funds.

A student starts the withdrawal process with their Program Director. This can either be done in person or over the phone. The withdrawal date is the date on which the student starts the withdrawal process or the date that the student otherwise provides notification to Mount Mercy of his or her intent to withdraw. However, if Mount Mercy can document an academically related activity different than the date the student officially withdrew, that date may be used.

If a student leaves school and fails to follow the withdrawal process or fails all of their courses, it is assumed the student withdrew at the midpoint of the period of enrollment unless academically related activity can be documented past the 60% point. The Student Financial Services Office is responsible for the calculation of the amount of Title IV funds a student has earned at the point of withdrawal. The software provided by the Department of Education is used and review of this software is available upon request from the Student Financial Services Office.

Mount Mercy will return any unearned aid that was applied to a student’s institutional charges. The student must return any unearned funds allocated to a loan program under the terms and conditions of the promissory note. If a student owes a grant overpayment, the student must make satisfactory repayment arrangements with the Student Financial Services Office at Mount Mercy.

In accordance with Federal regulations the student (or parent for a PLUS loan) must return unearned aid for which the student is responsible by repaying funds to the following sources in order: Direct Unsubsidized Stafford loan, Direct Subsidized Stafford loan, Perkins loan, Direct PLUS loan, Pell Grant, FSEOG, and other Title IV programs.

Example of Return of Title IV Calculation

This example is for illustration purposes only. Actual charges and refund amounts may vary. The following is an example of a return of funds for a student who completely withdrew from their courses. This student was enrolled in Blocks 1, 2 and 3 so the total days of attendance for the Fall semester would be 105 days. The student withdrew in the first week of Block 2 and completed 45 days of the semester. The student completed 42.9% of the semester (45/105=42.9%).

The student would have earned 42.9% of the financial aid for the Fall semester. The remaining amount would have to be returned to the appropriate source.

Enrollment Changes

Students who are enrolled in an accelerated program should speak with a Financial Aid Counselor prior to dropping any courses. Per federal regulations for this program, we are required to revise Pell Grant any time a student adds or drops a course throughout the semester, regardless if the student attended the course or not. For example, if a student is enrolled in 9 credit hours for the semester which makes them eligible for $1500 in Pell Grant funds and drops to 6 credit hours, the Student Financial Services Office will be required to reduce the Pell Grant to $1000. This may result in a balance owed to Mount Mercy.

Curriculum

Students transferring courses to Mount Mercy from other institutions will have their coursework evaluated by the Registrar’s Office to determine whether a transfer course will satisfy a specific core requirement. Applicable transfer policies based on degree status will also be considered.

Reflection and Action: The Core Curriculum

The Core Curriculum is the foundational piece of a Mount Mercy education. Regardless of one’s major, every student at Mount Mercy can be assured of a broad course of study in the traditional liberal arts. The courses in the Core are designed to foster inquiry, critical thinking, personal reflection, and a spirit of service and citizenship. The Core emphasizes freedom of choice as each student creates an individualized plan to complete the core requirements according to his or her needs and interests. The Core Curriculum has four components:

- An introductory Portal Course
- A comprehensive survey of the seven Domains of Liberal Study
- A culminating Capstone experience
- Multiple ways to achieve Competency in writing, math, and oral communication

The Mount Mercy Portal

The portal course has two main objectives: to introduce students to the fields of liberal studies, priming them to make informed choices about their future core courses; and to foster a sense of community and service in the class, at Mount Mercy, and in the greater Cedar Rapids area. Students will examine questions from the Mercy Critical Concerns: earth, immigration, non-violence, poverty, racism, and women.

Through an interdisciplinary approach, students will gain experience examining problems from multiple perspectives. The interdisciplinary nature of the course fosters teamwork and leadership in the students. As they encounter questions from various liberal disciplines, students will be asked to reflect, then take action, as they articulate for
Transfer students who have an AA degree from an Iowa Community college, earned 60 hours or more transferable college credits, or have used transfer courses to fulfill 7 of the 10 domain requirements, are exempt from the portal course. Portal courses include:

Note: Portal course waived for RN-BSN students.

**Competencies**

In addition to completing a Portal Course, a Capstone course and all of the Domains of Liberal Studies, students are required to demonstrate core competencies. These may be demonstrated by taking and earning at least a C- in particular courses, or a student may demonstrate competencies through previous experience and coursework. Students who think that they may be able to demonstrate a competency need to arrange assessment well in advance of beginning their Mount Mercy coursework. The competencies should be completed within a student’s first two years of college. If a student demonstrates competency and one of the course requirements listed below is therefore waived, that does not grant the student the credit hours listed. Students transferring to Mount Mercy with an AA degree from an Iowa Community College are considered to have met the competency requirements in writing, math and speech.

The competencies are:

1. Writing Competency: Met by successful completion of four hours of college-level English Composition:
   - EN 101 Writing And History
   - EN 106 Writing And The Environment
   - EN 107 Writing And Popular Culture
   - EN 108 Writing and Issues of Health & Mortality
   - EN 111 Writing And Film
   - EN 112 Writing And Gender Studies
   - EN 114 Writing And Social Issues

3. Mathematics competency: Met by successful completion of the three-hour college-level math course including:
   - MA 120 Mathematics In Arts And Humanities
   - MA 125 Fundamentals Of Arithmetic & Logic
   - MA 130 Finite Mathematics
   - MA 135 Basic Statistics
   - MA 139 Pre-Calculus
   - MA 142 Mathematics Modeling
   - MA 164 Calculus I

4. Technology Competency: Met according to criteria set within the majors. This is one competency that is built into the major curricula, and is thus not waived.

**The Mount Mercy Domains of Liberal Studies**

The Mount Mercy Domains of Liberal Studies give all students in all majors a sense of breadth and connection among traditional liberal arts disciplines. These courses are grouped according to the overall concepts covered by courses in that domain: Expressive Arts, Global Awareness, Historical Roots, Holistic Health, The Natural World, Self and Society and Ultimate Questions.

**Domain Requirements**

**Domain I: Expressive Arts** – Great works of art, music, drama, and literature engage us emotionally and cognitively as they interrogate the ways we perceive and understand ourselves and the world around us. Studying literature and the fine arts strengthens habits of mind – observation, the ability to entertain multiple perspectives and discern significant patterns; envisioning, the ability to imagine and think innovatively; reflection, the ability to evaluate one’s own perceptions; expression, the ability to communicate what is meaningful in the pursuit of purposeful living; and aesthetic judgment, the ability to appreciate the context in which fine art is created – that find application in every discipline of study.

Two courses, one from literature, one from fine arts. The courses included in this domain:

**Literature courses:**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>EN 133</td>
<td>Topics In American Multiculture Lit</td>
</tr>
<tr>
<td>EN 154</td>
<td>Major World Writers</td>
</tr>
<tr>
<td>EN 170</td>
<td>Introduction To Literature</td>
</tr>
<tr>
<td>EN 175</td>
<td>American Drama</td>
</tr>
<tr>
<td>EN 176</td>
<td>American Literature Survey: Colonial to 1914</td>
</tr>
<tr>
<td>EN 178</td>
<td>Major American Writers</td>
</tr>
<tr>
<td>EN 180</td>
<td>Literature and Gender</td>
</tr>
</tbody>
</table>

**Notes:**

- Portal course waived for RN-BSN students.
- Note: the writing course is a prerequisite to the literature courses.
courses included in this domain:

Two courses, one from Philosophy, one from Religious Studies. The courses included in this domain:

Domain II: Historical Roots – The courses in this domain will enable students to gain a deeper understanding of the human condition and the relationship between historical developments and contemporary social and political trends. The curriculum provides opportunities for students to investigate the social, economic, political, and cultural development of diverse peoples from the beginnings of civilization to the present. Emphasis is placed on reading, writing, researching, speaking, and on critical and analytical thinking. The courses included in this domain include:

- HI 114 History of Early America
- HI 115 History Of Modern America
- HI 120 Origins Of The Western Tradition
- HI 130 Emergence Of The West, 800-1648
- HI 140 Hist Of Western World Since 1648

Domain III: The Natural World – Courses in this domain will give students a basic understanding of the natural world and how it functions. Students will learn to employ the scientific method as they engage with specific fields of inquiry, such as the central processes of biological systems, the energetics and chemical reactions underlying all processes in living and non-living systems, the global role of geologic, hydrologic and atmospheric systems in supporting life on earth, and the impact of human activity on the environment. Students are required to take a course and an accompanying lab, but transfer students who have earned at least six hours of approved science credits do not have to meet the lab requirement. The courses included in this domain:

- BI 123 Biology Of Human Concern
- BI 125 Foundations of Biology & Scientific Inquiry I
- BI 150 Basic Microbiology ²
- CH 111 General Chemistry I
- PH 114 Natural Science-Physical
- PH 115 Introduction To Earth Science

Domain IV: Ultimate Questions – This domain introduces students to the study of the ultimate questions of human experience. It invites consideration of possible answers to those questions through philosophical or religious reflection about the meaning of human life, ethical responsibility, and social justice. The courses engage students in critical analysis of ideas and symbols and foster a variety of skills including critical thinking, finding key concepts in the midst of complex information, evaluating ideas, and communicating effectively.

Two courses, one from Philosophy, one from Religious Studies. The courses included in this domain:

Philosophy courses:

- PL 151 Introduction to Western Philosophy

Religious Studies courses:

- RS 111 Introduction To The Bible: Old Testament
- RS 113 Introduction To The Bible: New Testament
- RS 114 Introduction to Christianity
- RS 115 Introduction To World Religions
- RS 118 Christians Divided:Conservative Versus Liberal Battles

Domain V: Self and Society – This domain is designed to expose students to the study of society and the manner in which people behave and impact the world around us. It introduces students to the concepts and methods of social science, the scientific inquiry into human behavior and social, political and economic problems within institutions. Students will appreciate the interconnectedness and complexity of human interaction as represented in the various social science disciplines. The courses included in this domain:

Two of the following courses from different disciplines:

- CJ 101 Introduction To Criminal Justice
- EC 251 Macroeconomics Principles
- PO 111 Introduction To American Politics
- PS 101 Introductory Psychology
- SO 122 Introduction To Sociology
- SO 155 Social Problems
- SW 265 Minority Groups

Domain VI: Global Awareness – Courses in the Global Awareness Domain address the basic question of what it means to live in a globalized world. Courses in this Domain address at least one of three areas: multicultural sensitivity as individuals come in contact with cultures that are different from their own; the interconnectedness of global political and economic policies; and an understanding of ecological and resource issues that transcend national borders.

Two of the following courses from different disciplines:

- AR 295 Survey Of Mexican Culture Today
- BI 210 Biology And Human Culture
- CO 260 Intercultural Communication
- EN 190 British Literature and Culture ¹
- EN 195 Irish Literature & Culture ¹
- GS 260 European Union: Culture, Politics & Economics
- HI 213 Recent China In Global Economy
- HI 230 Modern East Asia
- HI 265 Latin American History
- PL 170 Introduction To Asian Thought
- PO 102 Government and Politics Around the World
- PO 103 Introduction to International Relations
- PO 112 Globalization and Human Survival
- SO 183 Introduction to Cultural Anthropology
- SO 235 Social Inequalities
The Mount Mercy Capstone

The 400-level Mercy Experience Capstone course (ME 450 Mercy Experience Capstone) is intended as a culminating experience in the liberal studies. Students need to register for this course along with the senior seminar (or another designated course) within their major, typically during the year in which they plan to graduate. During the Mercy Experience Capstone, students will integrate knowledge they have acquired from each of the core domains and will reflect on their Mercy education in the context of their major discipline. In addition, they will examine one of the Mercy critical concerns identified by the Sisters of Mercy from a disciplinary, interdisciplinary, and global perspective and will actively participate in a related capstone project.

1 Course counts in only one area in the core requirements, it will not satisfy two core requirements.
2 For nursing majors only.

Note: Students should consult accelerated and traditional course schedules to determine course availability and delivery format.

Accounting

The Business Department offers majors in accounting (BC), finance, healthcare administration (HS), marketing (BK), management (BN) human resource management, and business (Adult Accelerated) and minors in accounting, finance, economics (EC), human resources, and business administration (for non-business majors). While offering students the opportunity for specializing in a particular major, the program maintains a broad base that includes exposure to various phases of business and the use of information technology in a business setting.

Upon graduating, Business majors will have the ability to succeed, for example, in: preparing a comprehensive strategic plan; developing a global business perspective; and identifying and interpreting laws affecting labor in the workplace.

The accounting major prepares students for professional positions in all areas of accounting. Recent graduates are currently employed as staff accountants in CPA firms, financial and management accountants for corporations, controllers for small to medium-sized businesses, financial analysts, accounting managers for larger businesses, and agents for the Internal Revenue Service. The accounting major at Mount Mercy is designed to give students the necessary course work for preparation for all professional exams including the Certified Public Accountant (CPA) and Certified Management Accountant (CMA) exams. Mount Mercy offers a Master of Business Administration degree and has an articulation agreement with the University of Iowa’s Master of Accountancy program providing attractive options for satisfying the 150-hour requirement for CPA certification in the State of Iowa.

Objectives established for students in this major include, among others: organize and process complex financial information; apply knowledge to reach appropriate fact-based decisions; and communicate information effectively and professionally.

This degree prepares students, for example, to: apply strategic planning principles to a technical specialty area; prepare a comprehensive strategic plan; and develop analytical and critical-thinking skills and apply those skills to the management of a business.

- BC 443 Advanced Tax Accounting
- BC 444 Advanced Accounting

Total Hours 27

Applied Management

The applied management major is designed for students transferring to Mount Mercy from a two-year institution who have a background in a technical specialty with an Associates of Applied Science degree. The major provides students the opportunity to broaden their knowledge of business environments and to understand and manage the forces of change affecting organizations in a business environment. The applied management major prepares students for a broad variety of career options by building on their previous technical training and/or work experience.

This degree prepares students, for example, to: apply strategic planning principles to a technical specialty area; prepare a comprehensive strategic plan; and develop analytical and critical-thinking skills and apply those skills to the management of a business.

The applied management major is offered at both Cedar Rapids and Waterloo campuses.

Applied Management Major

BA 203 Principles Of Law 3
BA 250 Technology & Communication In Business 3

BA 379 Financial Management 3
BA 435 Senior Sem - Business 3
or BA 436 Applied Business Strategy

BC 202 Accounting: Information Decisions 4
BK 208 Principles Of Marketing 3
BN 204 Principles Of Management 3
BN 304 Human Resource Management 3
EC 251 Macroeconomics Principles 3
MA 135 Basic Statistics 3
One upper-level business elective 3
Total Hours 34

Completion of an AA degree or AAS degree in one of the following programs from an approved Community College – Construction Management, Information Systems Management, Restaurant Management, LAN Management, Agricultural Production Management, Legal Assistant/Paralegal, Web Design and Development, Natural Resources Management, Legal Office Assistant, Ag Business Management, Architectural and Construction.

Business

The business major offers students the opportunity to integrate theoretical constructs with practical experience gained outside of the classroom. Coursework offers students a broader understanding of management, accounting, finance, marketing, communication, economics, legal and ethical practices and research within the context of a business organization. By design, the program prepares students for professional positions in the public or private sectors, or preparation for graduate study within the business discipline.

Business Major

BN 204 Principles Of Management 3
BN 304 Human Resource Management 3
BN 380 Organizational Behavior 3
BC 202 Accounting: Information Decisions (or BC 265 and BC 266) 4
BA 379 Financial Management 3

EC 252 Microeconomic Principles 3
BA 203 Principles Of Law 3
BA 270 Business Statistics 3
BA 305 Employment Law and Labor Relations 3
PL 169 Introduction To Ethics 3
BA 436 Applied Business Strategy 3
MA 130 Finite Mathematics 3
Select two business electives 6
Total Hours 56

1 Cannot double count as an elective in the marketing major.
Computer Science

Computer Science Major (CS)

The computer science major prepares students to be professional computer programmers and (with the proper area of specialization) to enter graduate school in Computer Science. Students will learn both the theory and practice of the profession, how to work in groups to complete large software projects and appropriate ethical standards. Computer science is a rapidly changing profession and the Mount Mercy computer science program endeavors to teach, model and demonstrate the most modern professional practices. Students with a computer science degree find excellent employment opportunities in almost all industries.

* NOTE: Computer science courses taken seven or more years ago are subject to review by the department before awarding credit for a major or minor in computer science.

Objectives established for students in this major include, among others: use programming languages to explain fundamental computer science concepts; design and analyze algorithms; and understand the process of software engineering (i.e. writing specifications.)

Career Opportunities

Graduates of the computer science program may be employed in business and industry.

</tbody>
</table>

1 NOTE: The student will have a chance to take challenge test to get credit for CS 112.

Area of specialization

CS electives 6-12 semester hours (2-4 courses) and specialization courses 11-16 semester hours (4-6 courses in a discipline other than CS).

The intent of the "Area of Specialization" is to allow students to create their own programs of study in Computer Science. A traditional computer science program is possible by selecting the Computational Science Specialization. Other programs of study are outlined beginning on the next page, but this list is incomplete. Potential students are encouraged to "think outside the box" as they, with the advice and approval of their advisors, create their personal computer science majors at Mount Mercy.

The area of specialization must be declared by the end of the Spring term of your sophomore year (can be changed later).

Sample Areas of Specialization for the Computer Science Major

Computational Science

This specialization is intended for those considering graduate school in computer science.

## Academic Requirements

A grade of C or above (C- does not count) is required in all courses in the major and their prerequisites. A cumulative grade point average (all courses) of 2.00 or higher is required for graduation with a major in Computer Science.

## Economics

The curriculum in the economics minor is designed to provide our students with an understanding of the US economics systems of production and distribution with an emphasis on the political and social context of economics.

Total Hours: 21

1 Can NOT double count these courses for the management, marketing, or business majors or the finance major or minor.

## Finance

The Business Department offers majors in accounting (BC), finance, human resource management, and business (Adult Accelerated) and minors in accounting, finance, economics (EC), human resources, and business administration (for non-business majors). While offering students the opportunity for specializing in a particular major, the program maintains a broad base that includes exposure to various phases of business and the use of information technology in a business setting.

Upon graduating, Business majors will have the ability to succeed, for example, in: preparing a comprehensive strategic plan; developing a global business perspective; and identifying and interpreting laws affecting labor in the workplace.

The **finance major** prepares students to work in any of the major areas of the field of finance. These areas include commercial banking, financial planning, investment analysis, corporate financial analysis, investment banking, etc. Many of these areas are expected to grow in demand for the foreseeable future. The coursework required for this major gives students a well rounded background in business and finance. Students will learn core financial skills and how to apply them. They will also learn to think analytically and solve problems in an uncertain environment.

Upon graduating, Finance majors should be able, for example, to: compute the cost of capital for a company and make capital budget decisions; make financial forecasts and analyze financial statements; and use metrics to value companies and their stocks.

## Core Requirements for all Business Majors

2 Cannot double count for management or business majors but does double count for economics minors.

Human Resource Management

The Business Department offers majors in accounting (BC), finance, healthcare administration (HS), marketing (BK), management (BN) human resource management, and business (Adult Accelerated) and minors in accounting, finance, economics (EC), human resources, and business administration (for non-business majors). While offering students the opportunity for specializing in a particular major, the program maintains a broad base that includes exposure to various phases of business and the use of information technology in a business setting.

Upon graduating, Business majors will have the ability to succeed, for example, in: preparing a comprehensive strategic plan; developing a global business perspective; and identifying and interpreting laws affecting labor in the workplace.

The human resource management major prepares students for professional positions in leadership, as well as those who are interested in a career in the human resources field. The ability to lead and understand an organization’s human resources is key to success in today’s knowledge based economy. Students will learn to evaluate ethical, social, civic, legal, cultural, and political issues, and how they impact the human resources of an organization. Students will develop effective human resource strategy for innovation in a global environment. Our human resource management major is endorsed by the Society for Human Resource Management (SHRM), based on the guidelines created by the Association to Advance Collegiate Schools of Business (AACSB). Thirteen major content areas prepare students to lead employees in high performance work practices.

Students in this major develop skills and knowledge that enable them, for example, to: identify and interpret laws affecting labor in the workplace; utilize HR metrics to justify employee programs; and demonstrate an understanding of compensation issues.

1 Can NOT double count as the electives for business, management, or marketing majors.

Management

The management major prepares students to lead in an ever more competitive and dynamic business environment. The focus is on developing those skills necessary for managerial success in for-profit and nonprofit organizations: analytical, decision making, conceptual, interpersonal, and communication.

This major is only offered at the Waterloo campus.

1 Can NOT double count for the human resource management and finance majors or minors.
2 Can NOT double count with the marketing major.

Students CAN NOT double major between the business major (Adult Accelerated) and the management major.
Academic Requirements for the Management Major

All management majors must achieve a minimum grade of C- in all management courses required for the major (BN 204, BN 304, BN 384 and BN 380) and the three required electives. This applies to equivalent courses transferred from other institutions.

Management Information Systems

Management Information Systems (MIS), sometimes referred to as Information Management and Systems, is the discipline covering the application of people, technologies, and procedures — collectively called information systems — to solve business problems. Management Information Systems are distinct from regular information systems in that they are used to analyze other information systems applied in operational activities in the organization.

Career opportunities for students earning a marketing degree include sales, product, category and brand management, retail operations, merchandising, marketing research, creative promotion and marketing communications campaign development, event planning and analytical database management.

This degree prepares students, for example, to: think critically by conducting appropriate research to assess marketing problems, identify market needs and evaluate buying behaviors; identify the link between Mount Mercy University’s mission and the study of the discipline; and design and implement effective results-producing marketing plans.

Marketing Information Systems Major

Marketing

Marketing is the functional area of business that deals with the creation, communication and delivery of value to customers. As a marketing major students study the core application of identifying market needs, evaluate buying behaviors and develop strategies for successful product introduction. Major elective courses allow students to tailor the program to their individual interests and strengths while focusing on the latest trends in this fast-paced industry. Emphasis is placed on developing effective communication, creative, analytical and problem solving skills. Students use their marketing knowledge and skills in decision making situations with a goal of developing effective solutions. Internships are encouraged.
1. At least 23 years of age.
2. At least three years of work experience and currently working at least part time as a nurse.
3. Cumulative GPA of 2.70 or higher for transferable college credit.
4. Current and valid Iowa R.N. license. Nursing courses with a clinical component may not be taken by a person: a) who has been denied licensure by the Board; b) whose license is currently suspended, surrendered or revoked in any U.S. jurisdiction; c) whose license/registration is currently suspended, surrendered or revoked in another country due to disciplinary action.
5. In consultation with the coordinator of the R.N. to B.S.N. program, select an articulation option.
6. Complete prerequisite courses as appropriate for the articulation option selected.
7. Send a written request for admission to the Admissions, Promotion and Graduation committee of the Department of Nursing.
8. Complete a health examination by a physician or nurse practitioner (within the past two years), receive and/or update the recommended immunization, and forward this information to the Department of Nursing. (Forms for filing this information should be requested from the Department of Nursing prior to the physical examination).
9. Show proof of current certification for Basic Cardiac Life Support (BCLS) from the American Heart Association.
10. Show proof of health insurance coverage and nursing liability insurance coverage.
11. Submit a copy of current Iowa nursing license.
12. Complete a background check done by a third party company selected by the Department of Nursing. Any Issues will require a meeting with the program director.

Graduate Programs

Building on our tradition of excellence in undergraduate education, in 2008 Mount Mercy began offering graduate programs. These fully accredited programs are designed for working professionals with classes conveniently scheduled in the evening, weekends, and summer. Grounded in best practices, our programs prepare students for leadership in their chosen career.

Graduate Degrees

Master of Arts in Education with Emphasis in Special Education
Educators are trained with a deep understanding of the needs of students with learning and/or behavior disorders and are in high demand. This degree allows teachers to obtain an advanced degree in Special Education whether or not they are seeking an endorsement.

Master of Arts in Education with Emphasis in Reading
This degree is designed to prepare teachers as reading specialists with a dynamic understanding of the reading process and to equip teachers with a variety of resources for enhancing literacy for all learners. The emphasis is designed for teachers with or without a prior endorsement in the field.

Master of Arts in Marriage and Family Therapy
Training highly qualified professionals at the Master’s level who possess the knowledge, skills and dispositions to improve the lives of individuals, couples and families. This degree prepares students for licensure eligibility as a Marriage and Family Therapist.

Master of Business Administration (MBA)
Characterized by its emphasis on ethical and socially responsible leadership, the Mount Mercy Master of Business Administration program challenges students to think globally and strategically while using a multi-disciplinary approach to solving business problems.

Master of Science in Nursing (MSN)
Focused on health promotion and disease prevention, the MSN program is dedicated to preparing graduates to lead the profession in meeting the challenges of an ever-changing, complex healthcare system.

Admission

Admission as a Degree Seeking Student
Applicants desiring admission to Mount Mercy graduate programs apply through the Graduate Admissions Office and must meet the graduate admissions criteria. Final admission decisions rest with the academic program. To be considered for admission an applicant must:

1. Hold an undergraduate degree from a regionally accredited college or university or an equivalent degree from an accredited institution outside of the United States. Documentation of degree equivalencies must be submitted by an agency authorized to do so.
2. Have a minimum cumulative grade point average of 3.00 and an undergraduate record that reflects ability to be successful in graduate studies. (Students with a GPA less than 3.00 will be considered on a case-by-case basis).
3. Provide a personal statement that demonstrates solid writing skills and motivation for graduate studies. (See application form for further instruction).
4. Submit two letters of recommendation, preferably from faculty and/or work supervisors, who can attest to an applicant’s ability to be successful in graduate studies. (See application form for further instruction).
5. Complete any requirements from the specific area of study.

Program specific requirements are as follows:

Master of Arts in Education
1. Bachelor’s degree in education.
2. A valid teaching license or be eligible for a teaching license.
3. Resume that lists past and current teaching experience.

Master of Arts in Marriage and Family Therapy
1. Personal interview with program director.
2. Resume that documents volunteer or professional experience in a human service area.

Master of Business Administration
1. At least 24 years old.
2. Three (3) years of full-time work experience. (Provide a resume to document this work experience).

Master of Science in Nursing
1. Licensure as a registered nurse. This includes a current and valid Iowa registered nurse (RN) license. NOTE: Nursing courses with a clinical component may not be taken by a person: a) Who has been denied licensure by the Board; b) Whose license is currently suspended, surrender or revoked in any U.S. jurisdiction; c) Whose license/registration is currently suspended, surrendered or revoked in another country due to disciplinary action.
2. Currently working at least part-time as a nurse (ongoing requirement for at least part-time work during program).
3. Bachelor of Science in Nursing (B.S.N.) from an accredited nursing program or other undergraduate degree from a regionally accredited college or university, or an equivalent degree from an accredited institution outside of the United States. Undergraduate record should reflect ability to be successful in graduate studies. If undergraduate degree is not a B.S.N., an associates degree in nursing, and the Mount Mercy RN-BSN courses, NU 460 and NU 461.
4. Undergraduate statistics course with a minimum grade of C (C- does not count).

5. All MSN students must meet administrative requirements to include criminal background check, health assessment, immunization status compliance, CPR, and malpractice insurance prior to starting their capstone practicum.

Note: A student may be admitted to the MSN program prior to completing the prerequisite courses (statistics or NU 460 and NU 461 for those who do not have a BSN). However, students must complete the prerequisite courses with a C or above prior to beginning to take MSN courses.

An application is complete when the applicant submits the following required items:

1. A completed Mount Mercy application, including personal statement, and two letters of recommendation.
2. Official transcripts of all previous academic work from which undergraduate and graduate grade point averages can be computed. Transcripts should be mailed directly to the Graduate Admissions Office. Official transcripts must be submitted in a sealed envelope and display the appropriate seal and signature of the institution.

MBA Admissions

A student may be admitted to the MBA program prior to completing the prerequisite courses. Upon admission, the student will meet with his/her academic advisor who will provide the student with an advising form that indicates the prerequisite courses that need to be completed and in what order. The student may enroll in either accelerated or traditional classes to complete prerequisite course at the tuition rate for those classes. However the MBA grading policies will be in effect for all MBA and prerequisite classes taken at Mount Mercy.

MSN Admissions

A student may be admitted to the MSN program prior to completing the prerequisite courses (statistics or nursing courses for those RN students who do not have a BSN). Students will need to complete all prerequisite courses with the designated grade, prior to beginning to take MSN courses. NOTE: Prior to starting their capstone practicum, all MSN students must meet administrative requirements to include criminal background check, health assessment, immunization status compliance, CPR, and malpractice insurance.

International Students

Mount Mercy welcomes international students to its campus, recognizing that they enrich the educational experience for all students by contributing to the intellectual, social and cultural diversity of the Mount Mercy community. The following additional items are required for admission for international students.

1. Official or true certified transcripts of all previous academic work from which undergraduate and graduate grade point averages can be computed. Transcripts should be mailed directly to the Graduate Admissions Office. Official transcripts must be submitted in a sealed envelope and display the appropriate seal and signature of the institution.

Graduate Special Student Status (or Non-degree Status)

A student with a baccalaureate degree who wishes to earn graduate credit, but not a graduate degree, may be accepted for admission to study as a graduate student with special status. Up to 9 semester hours earned as a graduate student with special status with a grade of "B" or above may be applied to a graduate degree at Mount Mercy upon admission to the program and with the approval of both the Dean of Graduate Studies and the Program Director. Special student status students are not eligible for financial aid.

Transfer Policies

Upon admission to the program, students may transfer in graduate courses with the approval of the Program Director. The maximum number of transferable credit hours is 9. Credit allowance for graduate courses is considered on an individual basis, however, students must have earned a “B” or higher for the course to be considered. Course syllabi, college catalog, and a sample of previous course work may be requested for consideration of a class. While enrolled at Mount Mercy, students should not enroll for academic credit at other institutions without the permission of the Associate Provost. Approval, via a petition, must be granted prior to a course being taken at another institution and will only be granted for extenuating circumstances.

Readmission

When a student withdraws or is terminated from any of the graduate programs at Mount Mercy, a recommendation will be made by the Program Director at the time of withdrawal or termination about whether the student will be eligible for readmission. Documentation of this recommendation will be maintained. The student who has withdrawn or has been terminated from any graduate program and wishes to be readmitted will be considered for readmission by the Program Director according to the following criteria: the recommendation made by the Program Director at the time of the student’s withdrawal or termination; evidence the student has improved in all needed areas. Students who wish to be readmitted to a graduate program must complete the application process. Policy on Undergraduate students taking graduate classes Mount Mercy seniors who meet the following criteria may take graduate courses for credit. Students must have: 1. Senior status 2. Be eligible for admission to graduate study, or secure permission from the Program Director 3. Limit their load to a maximum of 15 credits for the semester, including undergraduate and graduate credits 4. Secure approval of the department in which they wish to earn graduate credit Undergraduate students permitted to study as a graduate student with special status. Up to 9 semester hours earned as a graduate student with special status with a grade of "B" or above may be applied to a graduate degree at Mount Mercy upon admission to the program and with the approval of both the Dean of Graduate Studies and the Program Director. Special student status students are not eligible for financial aid.
Delayed Admissions
Students have one year from date of acceptance to begin classes. Students who do not enroll for classes within the year deadline must reapply for admission.

Graduate Policies

Grading Policies

Graduate courses are graded as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points/Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.00</td>
</tr>
<tr>
<td>A-</td>
<td>3.67</td>
</tr>
<tr>
<td>B+</td>
<td>3.33</td>
</tr>
<tr>
<td>B</td>
<td>3.00</td>
</tr>
<tr>
<td>B-</td>
<td>2.67</td>
</tr>
<tr>
<td>C+</td>
<td>2.33</td>
</tr>
<tr>
<td>C</td>
<td>2.00</td>
</tr>
<tr>
<td>C-</td>
<td>1.67</td>
</tr>
<tr>
<td>F</td>
<td>Failure: no credit earned. A student earning an “F” grade may not repeat the course for which the “F” was received without the approval of the Program Director.</td>
</tr>
<tr>
<td>I</td>
<td>Incomplete: a temporary grade given only when extenuating circumstances prevent completion of all course work on time.</td>
</tr>
<tr>
<td>IP</td>
<td>Incomplete in Process: a temporary grade given when a practicum and/or thesis work has not been completed on time.</td>
</tr>
<tr>
<td>P</td>
<td>Pass: a mark used to show satisfactory performance.</td>
</tr>
<tr>
<td>W</td>
<td>Withdraw: A non-punitive grade which will be entered on the permanent record if a student withdraws from a class within the published withdrawal period.</td>
</tr>
<tr>
<td>NA</td>
<td>Non-attendance</td>
</tr>
</tbody>
</table>

The cumulative grade point average is calculated by dividing cumulative grade points by cumulative hours graded.

Academic Standing/Probation

A student is required to achieve a minimum grade point average of 3.00. A student whose cumulative grade point average falls below 3.00 will be placed on probation, and the student will have two enrolled terms to remove that status. If the student fails to earn a minimum grade point average of 3.00 within that time, the student will be dismissed from the program.

Only two “C” grades (C+, C or C-) are permitted in the graduate program. A third grade of “C+” or below will result in academic dismissal from the program. No course with a grade of “C-” or below will count toward a graduate degree. Any grade of “F” may be cause for dismissal from the program. A second “C+” or below in a repeated course may cause for dismissal from the program. Dismissals may be appealed through the appeal process.

Departments can identify courses in which a “B” is the minimum grade required.

Incomplete Grades

The incomplete (I) is a temporary grade given only when extenuating circumstances prevent completion of all course work on time. To remove an incomplete grade, a student must complete all required work in the course no later than 30 days from the close of the term. Failure to do so automatically results in failure in the course. Extensions may be given by the course instructor. An Incomplete in Process is given for practicum or thesis work that has not been completed by the end of the semester. The Incomplete in Process must be completed within six months of the close of the term in which it was given.

Repeating Courses

A student receiving a “C+”, “C” or “C-” may repeat a graduate course once. For the MSN program, a maximum of one course may be repeated. For the MBA, MFT and Education program, a maximum of two different courses in a student’s degree program may be repeated. Both the original course and the repeated course remain on the transcript. The cumulative grade point average will include only the second grade.

Academic Policies

Add/Drop and Tuition Refund Policy

Programs on the Block Calendar (MBA, Marriage and Family Therapy, MSN)

The block calendar add/drop dates are located on the inside back cover of this Catalog. Students enrolled in these programs must drop a course prior to class beginning in order to avoid being charged for the class. If the course is dropped on or after the start of the block, but prior to the second day of class, the student will receive a grade of “W” on the academic transcript reflecting the withdrawal but will not be charged. Students dropping the course during the second day of class or thereafter, will be charged 100% of the tuition. Students who never show up to a class but do not drop the course will receive a grade of “NA” and will be charged 100% of the tuition for the course.

Education Program

The education program runs on the semester calendar, and add/drop dates are located on the inside front cover of this catalog. Courses must be dropped prior to the last day to drop. A student’s final bill will be determined on the last day to add classes for each term. This is generally seven (7) days after the beginning of the term and is referred to as the final bill date. Before the final bill date, students may adjust their class schedule without incurring add/drop fees. Students who withdraw from Mount Mercy after the final bill date may be eligible to receive a refund of a portion of the tuition charged for the semester. The tuition refund schedule follows the Federal financial aid guidelines. Please contact the Student Financial Services Office for more information regarding tuition refund amounts.

After conclusion of the add/drop or withdrawal period, all change requests must be approved by the Program Director. Late adds and
In order to safeguard its scholastic integrity and its moral atmosphere, Mount Mercy reserves the right to remove and/or suspend any student who violates the stated policies for behavior and academic integrity outlined in the Good Book.

**Full-Time Status**

Students enrolled in at least 6 credit hours per semester will be considered full-time. A student has to be enrolled in at least 3 credit hours per semester to be considered part-time.

**Leave of Absence**

Students desiring a Leave of Absence must meet with the Program Director to complete the appropriate paperwork. If the leave is granted, the student must return to Mount Mercy within one year. Students who do not return at the end of the leave will be withdrawn from the program. An exception to this time period will be made for students who violate the stated policies for behavior and academic integrity. A Leave of Absence will only be granted if the student has no course work in process.

**Second Master's Degree**

A student may pursue a second Master's Degree at Mount Mercy. The degree must be significantly different from the initial degree. A maximum of 12 credits from the initial degree may be accepted toward the Mount Mercy degree.

**Statute of Limitations**

Students enrolled in a graduate program must complete all degree requirements no later than six years after the date of first enrollment in the program. A student may petition the Associate Provost for an extension for a limited period if such extension is sought before the six-year limit expires.

---

**Independent Study (IS)**

Independent study courses, which are specially designed by the student and the instructor, are listed under course numbers identified by each program and are subject to the following regulations:

1. Not more than 2 courses may be taken independently.
2. Independent study credit is not given for a paid job.
3. The application form, which can be obtained from the Advisor or Instructor, must fully describe the rationale and objectives of the course, the content and sources from which the content is to be obtained, methods and activities to be used, evaluation procedure and any pertinent deadlines to be met by the student. The form is to be completed by the student in conference with the instructor who has agreed to direct the study.
4. The student discusses the course with their advisor, who arranges for the additional approvals from the Program Director and Provost/Dean.
5. The application form with all the necessary signatures must be delivered to the Registrar’s Office in order for the registration to be completed.
6. Faculty members are not required to direct an independent study.

**Directed Study (DS)**

A Directed Studies course is an individualized delivery of an existing course found in the Catalog and is only offered in exceptional circumstances. Course outcomes and objectives for the DS course are the same as if the course was being taken in the normal, classroom delivery mode. Contact the program director for the approval form prior to registering for the class.

**Thesis Continuation**

Master of Arts in Education students are required to complete an education thesis in order to graduate. After finishing the action research class, students must continuously enroll in a 0-1 credit Education Thesis (ED 602 Education Thesis) course until the thesis receives final approval from the student’s thesis committee. Students will receive 1 credit hour the first semester registered for the course and 0 credit hours each semester after that (Fall, Spring, and Summer) until the student is finished. A continuation fee, equivalent to one credit hour, will be assessed for every semester the student is enrolled in ED 602 Education Thesis. An incomplete will be given in Education Thesis until the final thesis is approved by the committee. Upon approval of the thesis, the grade will be changed to a pass. If a student does not enroll in Education Thesis once the project has begun, the incomplete grades will turn to a Fail (F).

**Graduation Requirements**

In order to be eligible to graduate, a student must meet the following requirements:

1. Minimum GPA of 3.0
2. Complete all course work with no incompletes
3. Meet all program specific requirements
4. Apply for graduation
Tuition and Fees

Financial Information

Tuition

Tuition is charged per semester hour. Current tuition rates are:

<table>

<tr>
<td>Master of Science in Nursing</td>
<td>$545 semester hour</td>
</tr>
</tbody>
</table>

Tuition for students in the MBA, MFT, or MSN Programs is due the first night of class. If you are reimbursed by your employer, and you have completed a Deferred Payment Plan Enrollment Form on file in the Student Financial Services Office, tuition is due 45 days from the end of each block. Tuition for students in the MA in Education Program is due August 15th for the Fall Semester and January 15th for the Spring Semester. Students in the MA in Education Program may enroll in the Mercy Payment Plan.

Education Students may take advantage of the Mercy Payment Plan which allows tuition to be paid in four (4) equal installments due on the 15th day of August, September, October and November for fall semester and the tenth of January, February, March, and April for spring semester. Students are eligible for the Mercy Payment Plan unless:

1. The student is reimbursed by his/her employer,
2. The student account is considered delinquent, and/or
3. A student at anytime has declared bankruptcy in which a Mount Mercy account has been written off.

Student Fee

A student fee will be assessed to all student accounts at the start of the Fall and Spring Semesters. This fee is based on a student’s enrollment status on the last day to add classes for each semester. This is generally 7 days after the beginning of the semester. If a student’s enrollment status changes after the last day to add classes for the semester, the student fee will not be refunded.

Delinquent Accounts

All students, except those on employer reimbursement, are required to have their entire account paid in full by the last day of class. Any balance remaining after this date will be considered delinquent.

Students who are reimbursed by their employers are required to have their entire account paid in full within 45 days of receiving their grade report for each class or their account will be considered delinquent. It is the student’s responsibility to notify the Student Financial Services Office that s/he is eligible for employer reimbursement as well as notify them of any changes in reimbursement status.

Students with delinquent accounts may be subject to the following actions until the balance is paid in full:

1. All current and future registrations will be cancelled
2. All financial aid for future terms will be cancelled
3. All student account privileges will be revoked
4. Official transcripts will not be made available
5. Interest of 18% per annum will be assessed on the unpaid balance
6. Accounts will be turned over to a collection agency unless arrangements have been made for the timely payment of the delinquent amount due.

Additional Fees

(All fees are non-refundable)

Financial Aid

A student enrolled in any of the graduate programs at Mount Mercy is eligible to apply for federal financial aid. Institutional financial aid is not available for graduate program students. To qualify for any financial aid at Mount Mercy, students must:

1. Receive notification from the Graduate Office at Mount Mercy of acceptance as a REGULAR student for admission into an eligible degree program as defined by the U. S. Department of Education.
2. File the Free Application for Federal Student Aid (FAFSA) or Renewal Application to be eligible for most federal programs.

Currently enrolled students may obtain information about financial aid in the Student Financial Services Office. New students to Mount Mercy must inform the Student Financial Services Office of their interest in receiving financial aid once they are registered for coursework at Mount Mercy. To be eligible for loan assistance, the student is required to be enrolled at least half-time for each semester in which the loan is to be received, and must be half-time to continue deferments on most student loans. The following chart illustrates how the block schedule equates to the semester format:

- Blocks 1, 2, and 3 = Fall Semester
- Block 4 = Winter Term
- Blocks 5, 6 and 7 = Spring Semester
- Blocks 8 and 9 = Summer Semester

For example, a student must be enrolled in at least 3 credit hours during blocks 1, 2, and 3 combined to be eligible for a loan during the Fall Semester. Taking one 3-credit course in any block would satisfy
the 3-hour requirement for financial aid. A student must be enrolled in at least 6 credit hours per semester to be considered full-time.

Block 4 is combined with the Spring Semester to determine financial aid eligibility. Students are encouraged to contact the Student Financial Services Office if they have questions regarding financial aid.

The Summer Semester (blocks 8 and 9) is considered the end of the academic year at Mount Mercy for financial aid purposes. If you are interested in financial aid for the summer blocks, students are required to have completed the FAFSA form for the current school year, and are encouraged to register for these blocks up front. For more information contact the Mount Mercy Student Financial Services Office at 368-6467. Please see pg. 15 of this Catalog for complete details regarding financial aid.

Return of Title IV Funds

A student earns aid based solely on the length of time he/she attends. Until a student has passed the 60% point of the days they are scheduled to attend only a portion of the student’s dispersible aid has been earned. If a student completely withdraws prior to the 60% point, then the Return of Title IV Funds policy applies.

Title IV funds refer to the Federal financial aid programs authorized under the Higher Education Act of 1965 (as amended) and include the following programs: Direct Unsubsidized loans, Direct Subsidized loans, Direct PLUS loans, Federal Perkins loans, Federal Pell Grant, Federal SEOG, and Federal TEACH Grant. Though the Federal Work Study program is also included in Title IV funds, it is not included when calculating the Return of Title IV Funds.

A student starts the withdrawal process with their Program Director. This can either be done in person or over the phone. The withdrawal date is the date on which the student starts the withdrawal process or the date that the student otherwise provides notification to Mount Mercy of his or her intent to withdraw. However, if Mount Mercy can document an academically related activity different than the date the student officially withdrew, that date may be used.

If a student leaves school and fails to follow the withdrawal process or fails all of their courses, it is assumed the student withdrew at the midpoint of the period of enrollment unless academically related activity can be documented past the 60% point. The Student Financial Services Office is responsible for the calculation of the amount of Title IV funds a student has earned at the point of withdrawal. The software provided by the Department of Education is used and review of this software is available upon request from the Student Financial Services Office.

Mount Mercy will return any unearned aid that was applied to a student’s institutional charges. The student must return any unearned funds allocated to a loan program under the terms and conditions of the promissory note. If a student owes a grant overpayment, the student must make satisfactory repayment arrangements with the Student Financial Services Office at Mount Mercy.

In accordance with Federal regulations the student must return unearned aid for which the student is responsible by repaying funds to the following for their loans.

---

**Example of Return of Title IV Calculation**

This example is for illustration purposes only. Actual charges and refund amounts may vary. The following is an example of a return of funds for a student who completely withdrew from their courses. This student was enrolled in Blocks 1, 2 and 3 so the total days of attendance for the Fall semester would be 105 days. The student withdrew in the first week of Block 2 and completed 45 days of the semester. The student completed 42.9% of the semester (45/105 = 42.9%).

The student would have earned 42.9% of the financial aid for the Fall semester. The remaining amount would have to be returned to the appropriate source.

<table>

**Enrollment Changes**

Students who are encouraged to speak with a Financial Aid Counselor prior to dropping any courses.

**Programs**

Mount Mercy offers high-quality, high-demand graduate programs for working adults who need to balance graduate school with full-time employment and family. With accelerated night and weekend classes, you can earn your degree quickly without sacrificing the face-to-face interaction of real classroom instruction. Click on any of the programs to the left to see a listing of course work within each of our graduate programs.

**Master of Arts in Education**

**Master of Arts in Education Program**

**Core: 13 semester hours**

A five-course core provides a vibrant shared experience for all Master of Arts in Education students. These courses focus on developing the broader perspectives needed for leadership in the profession. Understanding legal and policy issues, building leadership skills, examining cultural and ethical implications, and applying the tools of research are but a few of the outcomes targeted by the program’s core experiences. All Master’s students will complete an independent Action Research Project and will present the project to the Mount Mercy community in a poster session.

This graduate degree prepares students to: effectively use researched instructional strategies; conduct, interpret and evaluate assessments; acquire and apply the skills needed to become reflective practitioners and teacher leaders; formulate and evaluate action research; and analyze research results and communicate the results in written and oral presentations.

**Emphasis in Special Education: 34-39 semester hours**

The Master of Arts in Education with emphasis in Special Education program is designed to prepare teachers to provide appropriate levels of instruction to students with disabilities at the elementary and secondary levels. Four options are available under this program:

- Instructional Strategist I K-8 endorsement
- Instructional Strategist I 5-12 endorsement
- Instructional Strategist II K-12 endorsement
- Special Education – no endorsement

The goal of this degree is to provide teachers with updated research, legal procedures, knowledge, and best practices to be successful with students who struggle to learn and/or behave appropriately in general and special classroom settings.

Graduate courses from the emphasis in reading

Total Hours: 34

**Emphasis in Reading: 34-35 semester hours**

The Master of Arts in Education with emphasis in Reading program is designed to prepare teachers for K-8 or 5-12 reading instruction. Students pursuing this degree will also be eligible for the K-8 or 5-12 reading endorsement from the State of Iowa upon completion of the program. Students may take this emphasis with or without an endorsement option.

The goal of the program is to prepare teachers as reading strategists who have a dynamic understanding of the reading process and who take with them a variety of resources for enhancing literacy for K-12 learners that goes beyond the undergraduate experience. Candidates will add to their existing knowledge base by engaging in an in-depth analysis of current research as well as their own individual action research. Three options are available under this program:

**Reading (K-8) Endorsement**

Required Core Courses:
Program Core
ED 510 Foundations of Reading 3
ED 515 Children’s Literature: Enhancing Instruction 3
ED 520 Language, Literacy and Culture 3
ED 525 Content Area Reading and Writing 3
ED 530 Diagnostic Assessment of Reading & Writing 3
ED 535 Prescriptive Reading 4
ED 540 Reading Research Seminar 3
Total Hours 35

Reading (5-12) Endorsement
Required Core Courses:
Program Core
ED 510 Foundations of Reading 3
ED 516 Young Adult Literature 3
or ED 516 Young Adult Literature 3
ED 520 Language, Literacy and Culture 3
ED 525 Content Area Reading and Writing 3
ED 530 Diagnostic Assessment of Reading & Writing 3
ED 535 Prescriptive Reading 4
ED 540 Reading Research Seminar 3
Total Hours 35

Reading No Endorsement
Required Core Courses:
Program Core
ED 510 Foundations of Reading 3
ED 515 Children’s Literature: Enhancing Instruction 3
or ED 516 Young Adult Literature 3
ED 520 Language, Literacy and Culture 3
ED 525 Content Area Reading and Writing 3
ED 535 Prescriptive Reading 4
ED 540 Reading Research Seminar 3
Electives chosen from the following: *
ED 545 Topics in Literacy Instruction 3
ED 599 Response To Intervention 3
Graduate courses from the emphasis in special education
Total Hours 35

* May be used to fulfill the semester hours required for the emphasis in reading when students have already taken a required course for endorsement work at the undergraduate level.

Master of Arts in Marriage and Family Therapy
The Master of Arts in Marriage and Family Therapy at Mount Mercy has a mission to develop highly qualified professionals at the Master’s level, who possess the knowledge, skills and dispositions to use a systemic perspective to improve the lives of individuals, couples and families. Marriage and Family therapists believe that individuals, couples and families are complex systems influenced by a wide variety of biopsychosocial dynamics. All human systems are subject to occasionally becoming sufficiently disorganized that they need outside help to become stable again. Students in our program will be trained to help these human systems through a deep understanding of systems, human development and intimate human relationships. The program provides the academic and experiential training needed for students to apply for licensure as Marriage and Family Therapists. To become fully licensed in Iowa students are required to complete a two year post-graduate supervised clinical experience, the completion of 3,000 clinical hours (1500 direct client contact) and the passage of the National MFT examination. Graduates will be prepared for work as therapists and consultants in clinical and counseling settings, in private practice as therapists, and in businesses, schools, hospitals and churches.

The MFT program aims to develop the student’s ability, for example, to: assess, evaluate, and create treatment plans and goals for individuals, families and couples experiencing distress; cultivate empathic, respectful and congruent interpersonal skills; and research and evaluate the latest advances in the field.

Course requirements:

MFT Specialization Courses
MF 503 Family Systems 3
MF 518 Models of Marriage and Family Therapy 4
MF 545 Micro-Counseling 3
MF 546 Pre-Practicum 3
MF 569 Ethical and Professional Issues in Marriage and Family Counseling 3
MF 582 Models of Couples Therapy 4
Total Hours 20

General Courses
MF 524 Human Development and the Family 3
MF 550 Human Sexuality and Family Systems 3
MF 602 The Cross-Cultural Family 3
MF 626 Psychopathology and the Family 4
MF 640 Research Methods for Marriage and Family Therapy 3
MF 671 Therapeutic Techniques with Parents and Children 3
Total Hours 19

Elective Course
MF 605 Neuroscience for Marriage and Family Therapy 3
MF 655 Spirituality and the Family 3
MF 678 Intro to the Theory & Practice of Marriage and Family Therapy 3
MF 695 Thesis 0
Total Hours 9

Clinical Courses
MF 590 Practicum in Marriage and Family Therapy I 4
MF 690 Practicum in Marriage and Family Therapy II 4
MF 692 Practicum in Marriage and Family Therapy III 4
Total Hours 12
MFT Specialization Courses must be passed with a “B-” or higher to receive credit.

Master of Business Administration

Characterized by its emphasis on ethical and socially responsible leadership, the Master of Business Administration program at Mount Mercy University challenges students to think globally and strategically while using a multidisciplinary approach to solve business problems.

The block format allows students to complete the program in less than two years, while maintaining full-time employment. Classes are offered on weeknights and Saturdays. In several classes, students work together, to create solutions to real business problems of non-profit organizations in the community as clients and gain an interdisciplinary approach to leadership development in the tradition of Mercy values.

Courses are offered in both 5 and 10 week blocks. Five week classes meet twice a week or all day Saturday and 10 week classes meet once a week or half days on Saturday.

Upon graduating, MBA students should be able to interpret data and employ quantitative methods to evaluate organizations in economic terms, differentiate between effective and dysfunctional team behaviors, and make strategic decisions based on a systematic approach.

Prerequisite Courses

Students must complete the following prerequisite courses with a grade of C or above (C- does not count) prior to enrolling in MBA courses (the MBA Program Director may make exceptions to this on a case by case basis). The following prerequisites are offered both in the traditional and accelerated format at Mount Mercy:

Master of Science in Nursing

Mount Mercy University’s Master of Science in Nursing program is focused on health promotion and disease prevention, and is dedicated to preparing graduates to lead the profession in meeting the challenges of an ever-changing, complex healthcare system. Whether employed in the community or an in-patient setting, nurses will acquire the knowledge and skills to lead, teach, advocate and practice with individuals, families and communities at an advanced level.

The format of the master’s nursing degree program allows students to focus on a specific area of interest with the flexibility of taking one class at a time. A full-time student may complete the MSN program in approximately 18 months. This non-thesis program includes a clinical project to be completed within the practicum experience.

The master’s degree program in nursing at Mount Mercy recognizes the heritage of the Sisters of Mercy in meeting the needs of others as it prepares nurses in advanced roles in education and health advocacy. Two tracks are available: Health Advocacy and Nursing Education.

MSN students build the necessary skills, for example, to: implement appropriate nursing interventions; integrate knowledge gained from a baccalaureate nursing education with advanced knowledge of health promotion and disease prevention; and engage in critical inquiry.

NU 644  Organizational Effectiveness

Post-Master’s Certificates

The post-master’s certificates in nursing at Mount Mercy University assist post-graduate nurses who seek to enhance their expertise and gain competency in an area of nursing not previously studied. Mount Mercy University’s post-master’s certificate programs in nursing will also strengthen the capability of master’s or doctorally prepared nurses who are planning on, or are already involved in, a role expansion or change. Graduate students currently enrolled in the Mount Mercy University MSN program who seek to expand their area of expertise may also obtain a certificate in a program of study in a track in which they are not currently enrolled.

Post-graduate certificates in nursing are available in the following areas:
- Nursing Education
- Health Advocacy
- Nursing Education

Admission Requirements to All MMU Post-Graduate Certificate Nursing Program

- Master’s or doctoral (PhD or DNP) degree in nursing from a program accredited by the Collegiate Commission on Nursing Education (CCNE) or National League for Nursing Accrediting Commission (NLNAC)
- Completed online application (includes the following):
  - Resume with evidence of relevant professional experience
  - Personal statement
  - Current RN licensure
- Official transcripts from all schools previously attended. Transcript must include documentation of coursework in statistics
- Criminal background check (prior to the initiation of the practicum experience)
- Two recommendations from professional supervisors, instructors, peers, or colleagues qualified to assess candidate’s strengths
- Additional admission requirements related to international students are listed below

*Do not need to be repeated for current MMU MSN students or within one year of graduation from MMU.

Awarding of Certificate

Students must complete all courses required for the certificate they are seeking with a B- or above. Post-graduate certificate programs may be completed in less than 7 months, but must be completed within 6 years. Time to completion may vary by student, depending on individual progress and credits transferred.

Transfer of Graduate Courses

Upon admission to the post-graduate certificate program in nursing, students may transfer in one graduate course with the approval of the Program Director. The maximum number of transferable credit hours is 3. Credit allowance for graduate courses is considered on an individual basis, however, students must have earned a “B” or higher for the course to be considered.

Course syllabi, college catalog, and a sample of previous course work may be requested for consideration of a class. While enrolled in the post-graduate certificate program at Mount Mercy, students should not enroll for academic credit at other institutions without the permission of the Dean of Graduate Studies. Approval, via a petition, must be granted prior to a course being taken at another institution and will only be granted for extenuating circumstances.

Academic Development (AD)

Courses

**AD 006 Learning Strategies: 1 semester hour**
The course focuses on balancing student roles and responsibilities with college demands. Content covers self analysis and meta cognitive exercises such as learning styles and study skills inventories. The course also emphasizes the development and application of academic writing and oral communication skills.

English (EN)

Courses

**EN 011 Inquiry and Expression: 1 semester hour**
This course offers direct experiences in exploring, formulating, and evaluating ideas through oral and written communication. The communication process, revision, and individualized instruction are emphasized throughout the semester; proofreading competence is studied in the context of student writing. The main focus is on developing the students’ abilities in writing, reading, speaking, and listening. This course is also highly recommended for returning students who may need to refresh their skills. (Offered spring semester).

**EN 012 Writing & Inquiry: 4 semester hours**
This college developmental writing course emphasizes reading and writing skills essential to college success while stressing the writing process and revision. The key focus is on learning to question, evaluate, and rethink concepts through dialogue, exploring and listening to the ideas of others. Students study, through intensive reading and writing, the factors that shape and influence a writer’s life: decisions, events, culture, media and technology.

**EN 101 Writing And History: 4 semester hours**
By examining a period of historical topic, students will have the opportunity to discover how history is relevant to contemporary life. The course will focus on a different topic each semester such as the Vietnam War, the Holocaust, or the American Frontier, using it as a focus for writing and research. Fulfills the competency requirement in writing.

**EN 106 Writing And The Environment: 4 semester hours**
Our national culture is firmly rooted in the ways we treat the land and wildlife. Many writers have responded to our changing environment in a multitude of ways. This course will examine that literature in order to stimulate student writing and research. Fulfills the competency requirement in writing.

**EN 107 Writing And Popular Culture: 4 semester hours**
This course will study how television, movies, and music influence our everyday lives and shape our values, showing how popular culture has increasingly been used in fiction and poetry. Assignments will allow students to examine different perspectives about popular culture. Fulfills the competency requirement in writing.

**EN 108 Writing and Issues of Health & Mortality: 4 semester hours**
Frequently, the impulse behind writing come from the awareness of our mortality and our desire to care for one another. Writers, including those who are doctors and nurses, know this and have created a rich trove of literature from all genres about these experiences. This course will examine that literature in order to stimulate students writing and research in writing.

**EN 111 Writing And Film: 4 semester hours**
This course will use cinema from around the world to stimulate student writing. Specific versions of the course might center around important American films, films of directors, films from a particular genre, or films dealing with a major theme. Students will explore different perspectives about how film can entertain, educate, and provoke an audience. Fulfills the competency requirement in writing.

**EN 112 Writing And Gender Studies: 4 semester hours**
Gender is a concept that refers to the cultural sources of our identities as women and men. This writing course will explore gender in conjunction with socialization, stereotypes, intimacy, the media, the workplace, and the family. Fulfills the competency requirement in writing.

**EN 114 Writing And Social Issues: 4 semester hours**
This course examines social issues such as racism, poverty, and crime. Students may participate in brief service projects. Fulfills the competency requirement in writing.

**EN 115 Writing And Other Cultures: 4 semester hours**
This course includes reading and writing about people from diverse cultural positions, and focuses on understanding the various social, political, and economic factors that shape a culture. Fulfills the competency requirement in writing.

**EN 116 Writing And Memoirs: 4 semester hours**
While examining their own family histories and personal recollections, as well as the memoir writing of published authors, students will write expository essays and longer, research papers that require investigation and documentation. Fulfills the competency requirement in writing.

**EN 117 Writing And Sports: 4 semester hours**
Given the emphasis placed on sports in the life of a college student, as well as in our culture in general, this course will stress the fundamentals of college writing and research while using sports as a thematic focus. The course will examine such topics as participation in sports, historical developments of professional sports, individual versus team sports, and the broad area of sports literature. Fulfills the competency requirement in writing.

**EN 118 Writing And Place: 4 semester hours**
An understanding and a belonging to a place can give us a sense of community and purpose. This class will explore issues connected with places both familiar and foreign while using them as a focus for writing and research. Fulfills the competency requirement in writing.

**EN 120 Grammar: 1 semester hour**
A study of grammar with an emphasis on revising and editing.

**EN 123 Professional Writing: 4 semester hours**
Designed to help students understand the basic resources and techniques of writing pertinent to their chosen professions. Writing assignments and discussions covering such areas as occupational letters, reports, and letters of job application are geared to the student’s individual professional needs. Prerequisites: One course selected from the core curriculum writing courses and sophomore standing.
EN 125 Introduction To Language: 3 semester hours
An introduction to the principles and basic structure of the English language with an emphasis on grammar, the history of English, and sociolinguistics.

EN 133 Topics In American Multiculture Lit: 3 semester hours
This course will examine various topics in American multicultural literature. Course content will vary. (Specific topics could include literature by African-Americans, Native Americans, Asian-Americans, Jewish-Americans or Hispanic-Americans; or the class might be a survey examining works from a number of these literatures). This course fulfills the core curriculum requirement in literature. When the course has a different content, it may be repeated. Prerequisite: One course selected from the core composition courses or equivalent.

EN 145 Major World Writers: 3 semester hours
This course introduces the basics of literary analysis while examining works of poetry and prose by major writers from around the world. This writing-intensive course fulfills the literature requirement in the Expressive Arts domain. Prerequisite: completion of the writing competency course.

EN 170 Introduction To Literature: 3 semester hours
This course will provide an introduction to poetry and fiction, emphasizing reading, analysis, and interpretation. Students will be asked to read a variety of literature that reflects both the history and the diversity of the genres and to respond orally and in writing. Fulfills the core curriculum requirement in literature. Prerequisite: One course selected from the core composition courses or equivalent.

EN 175 American Drama: 3 semester hours
Selected dramas from 1920 to the present ranging from classic American plays by Williams and Miller to more offbeat, contemporary works. Students may be required to attend productions outside class. Fulfills the core curriculum requirement in literature. Prerequisite: One course selected from the core composition courses or equivalent.

EN 176 American Literature Survey: Colonial to 1914: 3 semester hours
This survey course will examine the major topics/trends/movements in American literature from our nation's beginnings to World War I through reading a variety of genres: poetry, short fiction, autobiography, and the novel. Topics will include American Romanticism, Realism, and Naturalism. This writing intensive course fulfills the literature requirement in the Expressive Arts domain. Prerequisite: one course selected from the core composition courses or equivalent.

EN 178 Major American Writers: 3 semester hours
This course will examine works (fiction, poetry, drama, and non-fiction) from important American writers. Some of the writers that may be included: Franklin, Hawthorne, Douglass, Thoreau, Dickinson, Whitman, Twain, Chopin, Hemingway, O'Neill, Faulkner, Frost, Morrison, Miller, A. Wilson, O'Connor, Wright, Kingston, Erdrich, Tan, and Cisneros. Will satisfy requirement for Expressive Arts domain. A writing intensive course.

EN 180 Literature and Gender: 3 semester hours
The literature in this course explores what it means to be a man or a woman. Students will examine the ways in which poets, novelists, short story writers, playwrights, and memoirists create, explore, and challenge social constructions of gender. This writing intensive course fulfills the literature requirement in the Expressive Arts Domain.

EN 190 British Literature and Culture: 3 semester hours
This travel course examines selected works of British literature in conjunction with the art, history, cities, and political and economic realities that helped produce them. The course includes a 7-10 day trip to London, Canterbury, Bath, and Oxford. This writing-intensive course fulfills either the literature requirement in the Expressive Arts Domain or the Global Awareness Domain. Students must specify to which Domain they wish this course to be applied. Prerequisites: payment of travel deposit and one course selected from the core composition courses or equivalent.

EN 195 Irish Literature & Culture: 3 semester hours
This travel course examines selected works of Irish literature in conjunction with art, history, cities, and political and economic realities that helped produce them. The course includes a 1-2 week trip to Dublin, Belfast, and Derry. The writing-intensive course fulfills either the literature requirement in the Expressive Arts Domain or the requirement in the Global Awareness Domain. Students must specify to which Domain they wish this course to be applied. Prerequisites: payment of travel deposit and one course selected from the core composition courses or equivalent.

EN 203 Creative Writing: 3 semester hours
Writing of short stories, poems and creative nonfiction using a workshop format. Prerequisite: One course selected from the core composition courses or equivalent.

EN 204 The Art Of The Essay: 4 semester hours
A study of the art form of the essay from Montaigne to the present with a focus on the student's own writing. Prerequisites: One course selected from the core composition courses; at least sophomore standing.

EN 210 Writing And Analysis Of Literature: 4 semester hours
An intensive writing course required of English majors and minors. Also covers the critical analysis of the major genres and the study of various theoretical approaches. Must be taken at Mount Mercy before the senior year. The CLEP exam does not apply. Prerequisite: One course selected from the core composition courses or equivalent.

EN 215 Major English Writers: 3 semester hours
Selected writings from such authors as Chaucer, Shakespeare, Milton, Wordsworth, Charlotte Bronte, Keats, Browning, and Joyce. English majors must take this course before their senior year. Prerequisite: One course selected from the core composition courses or equivalent.

EN 225 Chaucer And The Middle Ages: 3 semester hours
An introduction to the Middle English literature with a concentration on Chaucer's The Canterbury Tales. Prerequisite: One lower division literature course or permission of the instructor.

EN 234 Shakespeare: 3 semester hours
Selected histories, comedies, and tragedies; Shakespeare's London and his stage. Required for all English majors. Prerequisite: One lower division literature course or permission of the instructor.

EN 236 Milton and the 17th Century: 3 semester hours
Emphasis on Milton's verse and prose; also selected works of the Cavalier and metaphysical poets, especially Donne. Prerequisite: One lower division course or permission of the instructor.

EN 243 18th Century Literature: 3 semester hours
Major works from 1660-1780, showing the development of poetry, drama, and the novel. Prerequisite: One lower division literature course or permission of the instructor.
EN 254 The English Romantic Age: 3 semester hours
Prose and verse, 1780-1832, especially works by Blake, Wordsworth, Coleridge, Byron, Shelley, Keats, Scott, Austen, Lamb. Prerequisite: One lower division literature course or permission of the instructor.

EN 265 The Victorian Age: 3 semester hours
Poetry and fiction by such authors as Tennyson, Browning, Hopkins, Dickens, Eliot, Gaskell, and Hardy. Prerequisite: One lower division course or permission of the instructor.

EN 278 American Literature Survey: 1914 to Present: 3 semester hours
This course will examine the major topics/trends/movements in American Literature from World War I to the present through reading a variety of genres: poetry, short fiction, drama, and the novel. Topics will include Modernism, Postmodernism and Deconstruction, and Multiculturalism.

EN 300 Topics in Literature: 3 semester hours
This course will examine specific topic in literature. Course content will vary. The course with different content may be repeated. Prerequisite: One lower division literature course or permission of the instructor.

EN 303 Topics In American Literature: 3 semester hours
This course includes an examination of a specific topic in American literature. Course content will vary. The course with different content may be repeated. Prerequisite: One lower division literature course or permission of the instructor.

EN 309 20th Century British Literature: 3 semester hours
Major works and novels by such authors as Yeats, Auden, Shaw, Joyce, Conrad, Woolf, Lessing, and Greene. Prerequisite: One lower division literature course or permission of the instructor.

EN 320 Intermediate Creative Writing: 3 semester hours
An advanced creative writing course focusing on the student portfolio, a collection of original poems, stories and creative nonfiction written for the class. Prerequisite: One course selected from the core composition courses or equivalent.

EN 321 Topics In Creative Writing: 3 semester hours
Students will study and practice one specific type of creative writing, such as poetry, mystery novels, or creative non fiction. Students may repeat the course when it features a different type of writing. Prerequisite: EN 203 or permission of the instructor.

EN 325 Seminar: Independent Research: 3 semester hours
A capstone seminar which asks that students demonstrate through independent research and in-class activities a proficiency in critical, verbal, and written skills. Since this class is process oriented the instructor and students will collaborate on selecting the theme(s) for the seminar. Students will also explore career development. Required of all English majors. Prerequisites: Senior English major status; one course selected from the core composition courses; and at least one upper-level English literature course at Mount Mercy.

EN 424 Internship: 1 semester hour
This class is a supervised work experience in various profit/non-profit organization. It is required of all English majors who have not had another internship experience through Mount Mercy University and who are not Education majors. It is open to English majors of junior or senior status. All students must receive the approval/consent of the English Program before participating in this internship. If students do not receive this approval, they will take EN 455, focusing on career preparation. To count toward the English major, the internship must be taken for three credits.

EN 445 Independent Study: 3 semester hours
Study topic will be arranged by the student and the English Department best able to direct the work. An independent study gives the English major the opportunity to pursue authors, genres, and literary periods not developed in regular courses.

Mathematics (MA)

Courses

MA 004 Beginning Algebra: 1 semester hour
This course is designed to provide remedial work for those students who enter college poorly prepared in mathematics. Class will focus on basic computational skills, dimensional analysis, irrational numbers, scientific notation, interpretation of graphs, basic geometric concepts, and an introduction to basic algebra. Emphasis will be on problem solving and reading for math.

MA 006 Intermediate Algebra II: 2 semester hours
The class covers the topics of intermediate algebra including inequalities, linear equations, systems of linear equations, quadratic equations, exponents, ratio, proportion, variation, and graphing. Returning students who have not been in a math class for a number of years might find this course a good choice in preparation for their statistics or core curriculum mathematics course. It offers a review of mathematics concepts. For students placed in the class, it is a prerequisite for their core curriculum class choice.

MA 120 Mathematics In Arts And Humanities: 3 semester hours
Many mathematicians see their field not as a science, but as close kin, at least in part, to both philosophy and the arts. This course will include readings and appropriate mathematics, especially geometry, to portray mathematics as part of the liberal arts. Mathematically, the course will focus on problem solving skills while introducing the field in a way other than algebraic: What is calculus? Why is mathematics so abstract? What do we mean by the beauty of mathematics? What is the relationship between non-Euclidean geometry and the art of the Renaissance? These are the kinds of questions considered in this course. Prerequisite: Two years of high school algebra or MA 006.

MA 125 Fundamentals Of Arithmetic & Logic: 3 semester hours
This course will introduce some key concepts of mathematics: sets, logic, and numbers. We will use these to understand the Hindu Arabic numeralization system, arithmetic, and measurement. In particular, we look at how numbers and operations correspond to reality and why our computational algorithms work. This course is designed to cover ideas of interest to the elementary education major; it does not prepare a student for the computational portion of the GRE. Elementary Education of majors are given preference in enrolling in this course. Prerequisite: Two years of high school algebra or MA 006.

MA 130 Finite Mathematics: 3 semester hours
Finite mathematics will look briefly at a variety of topics, including systems of linear equations, matrices, linear programming, combinatorics, probability, sequences and series, and interest on money. Prerequisite: Two years of high school algebra or MA 006.
MA 132 Basic Mathematical Modeling: 3 semester hours
A mathematical model is a simplification of reality that is mathematically manageable. This course examines some specific models that are widely useful, but most of its focus is on choosing or creating a model, using the model to draw conclusions and refining a model when it is not sufficiently useful. Hence, mathematics is used to solve real life problems. Technology (e.g. Excel) will be used frequently. While algebra skills are needed, additional mathematics will be developed within the course; in particular, difference equations are necessary and logarithms are useful. Prerequisite: high school algebra 2 or MA 006 Intermediate Algebra, or departmental approval.

MA 135 Basic Statistics: 3 semester hours
This course is an introduction to the basics of probability as well as descriptive and inferential statistics. Topics include measures of central tendency, measure of dispersion, histograms, the normal and binomial distributions, hypothesis testing, confidence intervals, chi-square distribution, correlation, and prediction. Prerequisite: two years of high school algebra, MA 006, or departmental approval.

MA 139 Pre-Calculus: 4 semester hours
Pre-Calculus is a collection of topics necessary for the successful completion of a year of calculus. Basically, a good knowledge of pre-calculus is a comfortable familiarity with the idea of function and with most of the basic functions, including polynomials, rational functions, exponential, logarithmic and trigonometric functions. This comfortable familiarity allows one to solve equations and inequalities involving these various functions and to produce function rules from graphs or functions from function rules. Prerequisite: three years of high school mathematics (including Algebra 2 and Geometry), an A- in MA 006, or the consent of the instructor.

MA 142 Mathematics Modeling: 3 semester hours
A mathematical model is a simplification of reality that is mathematically tractable. This course does examine some specific models that are widely useful, but most of its focus is on choosing or creating a model, using the model to draw conclusions and refining a model that is not sufficiently useful. It briefly reviews, and then uses, the tools learned in Pre-calculus: functions and graphs, logarithms, and trigonometry. Prerequisite: MA 132 or MA 139, or its equivalent in high school, or consent of the instructor.

MA 145 History Of Math For Elem Edu: 3 semester hours
This is a combination of the mathematics that elementary education majors have already seen with the history of mathematics. The goal is for elementary teachers to have a sense of what mathematics is and how the skills they will teach connect to modern mathematics. The course will include a study of the evolution of mathematics from ad hoc empirical techniques to the Greek notion of mathematics as a theoretical structure which gives certain knowledge about reality, which in turn yielded to modern mathematics - an abstract construct, possibly consistent, which does not of necessity illuminate reality. Prerequisite: At least 18 hours of the mathematics required for the original endorsement in elementary mathematics.

MA 150 Discrete Mathematics: 3 semester hours
The purpose of this course is to present various mathematical topics that are applicable to computer science. Topics to be covered include non-decimal numeration systems; prefix and postfix notation; the basic operations of sets, relations, and functions; induction and recursion; equivalence and congruence relations; propositional logic, truth tables, logical equivalence, and implications; Boolean algebra and switching theory; matrices and determinants; permutations and combinations; graph theory and directed graphs. Prerequisite: MA 139 or equivalent, or permission of instructor.

MA 160 Business Calculus: 3 semester hours
Business Calculus is a course treating standard one-variable calculus and its applications for business students, as well as selected other business applications, and an introduction to multivariable calculus. Calculus topics include the derivative, methods of finding derivatives, applications of derivatives, the integral, methods of integration, applications of integration, and the calculus of the exponential and logarithmic functions. Multivariable calculus topics include partial derivatives and finding local extrema. The course stresses applications in business and economics, and is intended to give business students the appropriate conceptual and computational mathematical background for future study in business.

MA 164 Calculus I: 4 semester hours
Introduction to Calculus I begins with a review of analytical geometry and basic functions. It then introduces limits, continuity, the derivative, and the antiderivative. Also included are the techniques of differentiation and applications of the derivative. Prerequisite: grade of C or better in MA 139 or equivalent course or permission of instructor.

MA 165 Calculus II: 4 semester hours
This course introduces the definite integral and its applications along with the techniques of integration. It also includes logarithmic and exponential functions, the trigonometric functions, and their universes. Prerequisite: grade of C or better in MA 164.

MA 166 Calculus III: 3 semester hours
Calculus III includes the more advanced topics of basic calculus. Included are polar coordinates, approximate integrations, indeterminate forms and improper integrals, solid analytic geometry, infinite series and functions of several variables. Prerequisite: grade of C or better in MA 165.

MA 202 Linear Algebra: 4 semester hours
This course introduces the basic topics and techniques of linear algebra. Topics include linear systems, matrices, determinants, general vector spaces, subspaces, basic and dimension, inner product spaces, orthonormal bases, changing bases, linear transformations and their properties, eigenvalues, eigenvectors, diagonalization. Students will gain mathematical maturity in writing proofs. Prerequisite: MA 164.

MA 210 Introduction To Graph Theory: 3 semester hours
This course introduces concepts of graph theory and some of the most interesting and important theoretical results in the field. Concepts discussed include directed and undirected graphs, trees and general graphs, planarity in graphs, graph colorings, network flow and connectivity, matching and independent sets, and graph algorithms and applications. Prerequisite: MA 150.

MA 214 Probability And Statistics: 3 semester hours
The basic concepts of probability theory and mathematical statistics will be examined. Topics to be discussed include probability spaces, random variables, multivariate distributions, expectation, random sampling, central limit theorem, and confidence intervals. Prerequisite: MA 165 and MA 150 or MA 202.

MA 245 Differential Equations: 3 semester hours
Methods of solution for the first-order as well as higher order differential equations will be discussed. Other topics to be covered include problems in mechanics, rate problems, series solutions, and systems of linear differential equations. Corequisite: MA 166.
MA 266 Intro To Numerical Methods: 3 semester hours
The purpose of this course is to introduce the numerical techniques used in the solution of mathematical problems. Topics include interpolation, non-linear equations, systems of linear equations, error analysis and norms, matrix inversion, differentiation, integration, and curve fitting. Prerequisite: MA 165.

MA 323 Foundations Of Modern Geometry: 3 semester hours
This course aims at showing the student the need for a rigorous, abstract, deductive treatment of geometry. It includes a study of geometry developed without using a parallel postulate and goes on to show how separate geometries evolve when different parallel postulates are added, in turn, to common body definitions, axioms, and theorems. Prerequisites: Grade of C or better in MA 202.

MA 364 Modern Algebra: 3 semester hours
Modern algebra introduces the student to groups, rings, integral domains, and fields using as examples the ring of integers and the fields of rational, real, and complex numbers. Also included are isomorphisms and homomorphism. Prerequisite: grade of C or better in MA 202.

MA 374 Analysis I: 3 semester hours
Analysis develops the theoretical underpinnings of calculus. The key idea is a precise definition of limit, one which never used the words "infinitely close" or infinitely small." Using this fundamental definition, we revisit the ideas of calculus: continuity, the derivative and the integral. In addition, we consider sequences and the topology of the real numbers. Prerequisite: grade of C or better in MA 202.

MA 380 History Of Mathematics: 3 semester hours
This course will give an account of how mathematics, one of the oldest of all intellectual instruments, has developed over the past 5000 years. The content will be basically chronological, beginning with the origins of mathematics in the great civilizations of antiquity and progressing through the first few decades of this century. The emphasis will be on mathematics-how its various branches like geometry, trigonometry, algebra, and calculus developed and became interwoven and how famous mathematicians including Pythagoras, Euclid, Fibonacci, Descartes, Newton, Leibniz, Pascal, and Gauss contributed to the development. Prerequisite: senior standing and at least 27 semester hours of math major credit or 14 semester hours of math minor credit.

MA 399 Special Topics: Mathematics: 3 semester hours
This course gives students the opportunity to take electives in areas of special interest to them since the topic covered varies from one semester to the next. Topics selected from both pure and applied mathematics such as real analysis, complex analysis, number theory, set theory, optimization theory, graph theory, coding theory, fractals, and operations research will be taught. This course may be taken more than once provided a different topic is being taken each time. Prerequisite MA 166 and MA 202 or permission of the instructor. (Offered every year).

MA 425 Internship in Mathematics: 3 semester hours
Special opportunities may be available with area businesses for an internship involving topics in mathematics. These internships include off-campus supervision at the business and periodic meetings with the on-campus instructor who will also determine any additional requirements on an individual basis. (Maximum of one semester credit for each forty hours worked at the business, up to a maximum of 6 semester hours, a maximum of 3 of which can count for a mathematics major elective.).

MA 445 Independent Study: 3 semester hours
Study topics will be negotiated by the student and his/ her advisor.

Accounting (BC)

Courses

BC 202 Accounting: Information Decisions: 4 semester hours
This course provides a fundamental knowledge of accounting for individuals who do not expect to become practicing accountants but who need a basic understanding of accounting concepts. This course will emphasize accounting as a communication system involving analysis and interpretation of data. Accounting concepts will be covered as they relate to the user of financial information rather than a preparer’s perspective. Emphasis will be placed on the use of accounting information for both financial and managerial decisions. Prerequisite: none.

BC 265 Principles Of Accounting I: 3 semester hours
This first course in accounting provides an introduction to the elements of financial accounting including the accounting cycle and the four basic financial statements-the balance sheet, the income statement, the statement of owner’s equity, and the statement of cash flows. The various asset accounts-cash, accounts receivable, inventories, and property, plant, and equipment, will be studied in depth. Accounting for payables and other current liabilities also will be explored. Students should possess basic algebra skills.

BC 266 Principles Of Accounting II: 3 semester hours
This course is a continuation of BC 265 and includes further study of financial accounting along with an introduction to management accounting. Financial accounting topics include: partnership accounting, stockholder’s equity, long term investments, bonds payable, the time value of money, the statement of cash flows and basic financial statement analysis. The introduction to management accounting includes the following topics: financial statements specific to a manufacturing concern, cost allocation, product costing including job order and process costing, cost-volume-profit analysis and budgeting. Prerequisite BC 265.

BC 315 Cost Accounting: 3 semester hours
The interpretation and use of accounting information for management planning, coordination and control with emphasis on cost analysis in problem solving and decision making are covered in this course. Topics include: product costing systems, cost behavior, budgeting, standard costs, and control of decentralized operations, this course also explores relevant costs for decision-making, capital budgeting, and the tax effects of investment decisions. Prerequisite: BC 266.

BC 316 Advanced Cost Accounting: 3 semester hours
This course covers a study of accounting for inventory valuation and income determination. Topics include process costing, spoilage, joint products, by-products, cost allocation schemes, and inventory management tools. The course also explores regression analysis, learning curves, linear programming, proration of variances, and decision-making under uncertainty. Prerequisite: BC 315.
**BC 325 Intermediate Accounting I: 3 semester hours**
This course begins the rigorous coverage of generally accepted accounting principles as they relate to financial accounting. There will be a quick review of the accounting cycle, the format of the financial statements and the time value of money. This will be followed by in depth coverage of accounting for cash, accounts receivable, notes receivable, inventories, property, plant and equipment, and current liabilities. Students will be expected to complete at least for complex spreadsheet assignments. Students will also be expected to participate in a few activities outside of class. Prerequisite: BC 325.

**BC 326 Intermediate Accounting II: 3 semester hours**
As a continuation of BC 325, this course includes an in-depth study of bonds payable, notes payable, long term investments and stockholder’s equity, including earnings per share calculations. In addition, issues related to revenue recognition will be covered along with accounting for pensions, capital leases and income taxes. The statement of cash flows will be examined in detail. Students will be expected to complete at least for complex spreadsheet assignments. Students will also be expected to participate in a few activities outside of class. Prerequisite: BC 325.

**BC 330 Government & Not-for-Profit Accounting: 3 semester hours**
This course involves the study of accounting for logical government units, health care organizations and not-for-profit entities. Other topics include budgeting and performance analysis for governmental and not-for-profit entities and the regulation of not-for-prophet entities. Students will complete a comprehensive computerized practice set. In addition, each student will be required to complete a final project on a local government or not-for-prophet entity including an oral presentation about the entity. This course should be of particular interest to students who are planning to work in the government or non-prophet sector and for those preparing for the CPA exam. Prerequisite: BC 326.

**BC 425 Accounting Internship: 3 semester hours**
Students may take advantage of internship opportunities, which become available in the area of accounting. These internships include off-campus supervision at local business and periodic conferences with the on-campus instructor. The on-campus instructor will determine any further requirements on an individual basis. (Maximum of one semester credit for each three hours per week for the semester spent at and outside agency up to a maximum of six semester hours).

**BC 440 Auditing Principles and Practices: 3 semester hours**
This is a study of the audit function primarily from the independent CPA viewpoint. Emphasis is upon auditing standards, preparation of audit working papers, and the final audit report. Topics include internal control structure study and evaluation, audit sampling, auditing transaction cycles, tests of controls, substantive tests, Sarbanes-Oxley financial reporting and audit requirements and subsequent events responsibility. Prerequisite: BC 440.

**BC 441 Advanced Auditing: 3 semester hours**
This course covers an in-depth analysis of advanced topics in auditing with special attention to professional standards, the role of the technology in auditing, and current auditing topics. Additional topics include: quality standards, variables sampling, special audit reports, non-audit services, professional ethics and auditor’s legal liability. This course is designed to supplement a student’s preparation for the auditing and law content of the CPA exam. Prerequisite BC 440.

**BC 442 Tax Accounting: 3 semester hours**
This course involves the study of basic concepts and theory of the federal income taxation applicable to individuals and sole proprietorships. Topics include: The elements of gross income, exclusions, deductions from income, capital gains and losses, passive losses, tax free exchanges, depreciation and the sale of assets used in trade or business (including depreciation recapture). Students will complete a basic tax research memo, a complex individual income tax return by hand and a second individual income tax return using computerized tax return preparation software. Prerequisite: BC 266.

**BC 443 Advanced Tax Accounting: 3 semester hours**
This course involves an in-depth study of the tax laws applicable to corporations, partnerships, “S” corporations, estates, and trusts. Topics include: corporate formation and taxation, “S” corporation considerations, and gift and estate taxation. In addition, tax planning opportunities and additional areas of tax research will be covered. Prerequisite: BC 442.

**BC 444 Advanced Accounting: 3 semester hours**
This course includes a study of partnerships, business combination, consolidated financial statements, accounting for foreign currency transactions, and translation of foreign financial statements. It also includes an introduction to governmental and nonprofit accounting. Prerequisite: BC 326.

**BC 445 Independent Study: 3 semester hours**
If a student wishes to do individual study and/or research of a particular topic, he/she should contact the appropriate member of the department as supervising instructor, as well as register through and obtain consent of his/her advisor.

**Economics (EC)**

**Courses**

**EC 230 Humanistic Economics: 3 semester hours**
Initially this course will focus on an elaboration of humanistic economic principles by describing an economy based on needs, material and otherwise, and how humanistic ideas differ from the orthodox: an economy based on wants. The remainder of the course will then explore some current attempts at outlining economic systems that are neither exclusively free market or centrally planned; these will be presented and evaluated in terms of humanistic principles.

**EC 251 Macroeconomics Principles: 3 semester hours**
An introduction to the study of economics along with some facts about the U.S. economic system; theoretical analysis of the determination of total output employment and price levels; use of monetary and fiscal policy weapons to influence economic activity, money and the banking system; economic growth and development; and international finance. Prerequisite: sophomore standing or First Year Honor Student.

**EC 252 Microeconomic Principles: 3 semester hours**
An analysis of the market system as it determines prices, output and employment of the individual products and resources, application of market theory to some current domestic economic issues and international trade. While not an absolute prerequisite, EC 251 is normally taken before EC 252. Prerequisite: sophomore standing or First Year Honor Student.
EC 366 Money and Banking: 3 semester hours
A study of the nature of money, role of banks and the central bank in the economy, central bank control of the supply of money, effect of money on the economy, Monetarist vs. Keynesian views on monetary and fiscal policies, and the role of money in international finance. This course will emphasize financial markets and monetary policy, not bank operation and management. Prerequisites: EC 251 and EC 252.

EC 376 International Economics: 3 semester hours
The course offers an introduction to the theory and practice of international trade and finance. It will evaluate the principle of comparative advantage of nations. Students will learn about International Trade Barriers, Trade Zones (such as NAFTA and the EU), Trade Agreements, The Balance of Payment and The Balance of Trade. The course will discuss the U.S. trade policy in light of the Free Trade VS Protectionism argument. The role of International trade institutions such as the IMF, WTO and foreign exchange markets will be evaluated. The course will discuss globalization and its impacts on Labor markets, Income Distribution, The Environment, and consumers, in the U.S. and abroad. Prerequisite: EC 251.

EC 445 Independent Study: 3 semester hours
The student will select a topic of interest for in-depth, individual study or research under the instructor’s supervision. Prerequisites: EC 251 and EC 252, junior standing and consent of the instructor.

ECE 170 KCC: Child Growth and Development: 3 semester hours
Reviews typical and atypical development of children from conception to adolescence in all developmental domains. Presents interactions between child, family and society within a variety of community and cultural contexts. Examines theories associated with our understanding of children.

ECE 243 KCC: Early Childhood Guidance: 3 semester hours
See Kirkwood Community College catalog for course description.

ECE 290 KCC: ECE Program Administration: 3 semester hours
See Kirkwood Community College catalog for course description.

Art (AR)

Courses

AR 101 Introduction To Art: 3 semester hours
A general survey of art from a historical and aesthetic frame of reference. The course will include lecture/discussion and studio projects designed to increase understanding and appreciation for the value of art regardless of the cultures, time period, or individuals from which it may have come. One required field trip.

AR 102 Drawing I: 3 semester hours
An introduction to the concepts, materials, and techniques of drawing. Instruction and practice in basic media will increase seeing ability, visualization, communication, and personal expression. Most drawing is done from life and emphasis is placed on visual communication. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors. Lecture/critique: one hour per week. Studio: four hours per week. $50 lab fee.

AR 103 Design: 3 semester hours
A study of the elements and principles of design in two- and three-dimensional works based upon design found both in nature and human-made art, which provides the student with opportunities for creative application. The design problems cover line, value, texture, color, and space. Various traditional and non-traditional techniques are used. Lecture: one hour per week. Studio: four hours per week. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors.

AR 106 Photography I (Introduction): 3 semester hours
An introduction to photography. The course covers cameras and photographic techniques, composition, processing and darkroom printing, lighting and matting photographs and an introduction to digital photography. A broad overview of the work of accomplished photographers, exploring many different styles and approaches will be presented along with the history of photography. Assignments stress composition, lighting, documentation, and experimentation. Recommended for students with little or no experience. Students should supply their own digital camera and a limited number of film cameras are available for loan. Students supply their own film and photo paper. Lecture: one hour per week. Studio: four hours per week. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors. $50 lab fee.

AR 109 New Genres: 3 semester hours
This interdisciplinary arts course is for both non-Art & Design and Art & Design majors. Students will use a variety of non-traditional media and techniques to stretch their definition of the visual arts. Emphasis will be placed on studio experimentation with the arts of time, space, and concept. Students will use found materials, video, film, sound, language, and performance art to create objects, environments, and events. Emphasis is placed on questioning the processes by which meaning is constructed. Students interested in experimental music, writing, theatre, and visual arts (but have no previous experience) are encouraged to enroll. Lecture/critique: one hour per week. Studio: four hours per week. $30 lab fee.

AR 120 Visual Technology: 3 semester hours
This course will emphasize fluency in industry-standard software tools relating to graphic design and computer-based illustration. Course will focus on raster image editing, vector-based illustration, and page layout. Peripherally, students will explore technical challenges such as server-based file management, font usage, and proper PDF proofing strategies. $20 lab fee required.

AR 130 Graphic Design I: 3 semester hours
An exploration into two-dimensional design beginning with conceptual foundations and continuing through to methods of practical application. A foundation of design language and space relationships is allied with creative problem-solving. Page layout, logo design, typography, computer graphics, and web page design are some of the practical areas covered. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors. Lecture/critique and studio: four hours per week.
AR 141 Painting I: 3 semester hours
An introductory course in oil and acrylic painting. Students will investigate both traditional and non-traditional solutions to compositional, technical, and aesthetic problems in painting. Lecture: one hour per week. Studio: four hours per week. No prerequisites. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors. $90 lab fee.

AR 145 Watercolor: 3 semester hours
This course investigates the watercolor medium that includes materials, techniques, and creation of original watercolor paintings. It is an introduction to traditional and contemporary watercolor art and can be a springboard for personal expression in the medium. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors. $90 lab fee.

AR 146 Silkscreen: 3 semester hours
This studio course is designed to explore the possibilities of composing artwork in the various silkscreen printmaking techniques. Emphasis will be placed on the use of silkscreen as a contemporary fine arts medium and as a versatile and practical art skill. Processes such as the paper stencil, blockout resist, and direct photographic method are used. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors. Lecture/critique: one hour per week. Studio: four hours per week. $60 lab fee.

AR 151 Printmaking I: 3 semester hours
Investigation of graphic processes including woodcut, collagraph, monotype and intaglio. Development of the image in black and white and color. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors. Lecture: one hour per week. Studio: four hours per week. $90 lab fee.

AR 161 Beginning Ceramics: 3 semester hours
An introductory course in the ceramic arts providing students with an opportunity to use clay as a three-dimensional medium for self-expression. Both hand-building and wheel-throwing techniques will be taught. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors. Lecture: one hour per week. Studio: four hours per week. $50 lab fee.

AR 171 Sculpture I: 3 semester hours
The study of three-dimensional art as a basis for artistic sculptural experiences in a variety of basic media. The three-dimensional works will be developed in both additive and subtractive approaches using wood, clay, plaster, wire, and other material. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors. Lecture/critique: one hour per week. Studio: four hours per week. Prerequisite: sophomore standing and AR 103. $50 lab fee.

AR 181 Fiber Arts: 3 semester hours
This course includes two- and three-dimensional studio problems in tie-dye, batik, weaving, printing on fabric, and a variety of contemporary fiber art techniques. Emphasis is placed on taking both traditional and contemporary approaches to fiber media, concepts, and processes. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors. Lecture: one hour per week. Studio: four hours per week. $80 lab fee.

AR 191 Jewelry: 3 semester hours
This course is an opportunity to create original adornment for covering the head to foot. It is designed to help beginners learn how to design and make jewelry from a variety of materials including metals, wood, and handmade papers. All the processes are based on hand construction that involves a minimum of hand tools. Attention will be given to the production of jewelry by various cultures and artists throughout the world. Lecture: one hour per week. Studio: four hours per week. No prerequisites. $70 lab fee.

AR 202 Drawing II: 3 semester hours
This course is an extension of Drawing I. An exploration of various traditional and non-traditional drawing media, as well as a continuation of the student’s search for personal vision through direct observation, memory, fantasy, and media experimentation. Emphasis is placed on development of personal imagery and work from live models. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors. Lecture: one hour per week. Studio: four hours per week. $80 lab fee.

AR 206 Photography II: 3 semester hours
This course is an extension of Photography I. It is designed to increase artistic and technical ability in the black and white photographic medium and to further explore digital photography. Photo II also includes studio lighting techniques, copywork, photographic imagery on nontraditional materials, and an investigation of non-silver photographic processes. Recommended for Art & Design, Public Relations and Communication majors, and others interested in photography. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors. Lecture and studio: five hours per week. Prerequisite: AR 106. $55 lab fee.

AR 212 Art History 1: 3 semester hours
A survey of the major visual arts of the Western world from the prehistoric to the Gothic era. Lecture: three hours per week. Prerequisite: sophomore standing and AR 101 or permission of the instructor. AR 212 and AR 213 may be taken in any order.

AR 213 Art History II: 3 semester hours
A survey of the major visual arts of the Western world from Renaissance to Modernism. Prerequisite: sophomore standing and AR 101 or permission of the instructor. AR 212 and AR 213 may be taken in any order.
AR 216 History Of Non-Western Art: 3 semester hours
This survey course introduces non-Western cultural perspectives and artistic practices. Students will explore the major forms, styles, and purpose in the art and architecture of the Americas, Africa, India, China, Japan, Korea, and Australia and the Pacific Islands from prehistoric to contemporary periods. More than just studying the artworks themselves, students will gain an understanding of how these artworks are situated within the philosophical, religious, and political contexts of the cultures in which they were created. Prerequisites: Sophomore standing and AR 101, AR 212, AR 213, or permission of the instructor. Field trips are a required course component.

AR 220 Typographic And Production: 3 semester hours
The focus of this course is on the design and use of type and reproduction methods. Type fonts, typesetting, printing methods and video generation are covered. A survey of lettering styles and type history is included. Projects designed to acquaint students with various ways of using type are an integral part of the course. No prerequisite, but priority in class registration is given to Art and Design and Communication majors. $25 lab fee.

AR 230 Graphic Design II: 3 semester hours
An extension of Graphic Design I with emphasis on refined design sense, creative solutions to design problems, and practical application. Artwork from conception to completion as printed work is the goal of each project. Layout techniques, computer page publication, photomorphology programs, illustration software, and web design are all used as vehicles to create work for the portfolio. Lecture: one hour per week. Studio: four hours per week. Prerequisite: AR 130.

AR 241 Painting II: 3 semester hours
An advanced study in painting and composition with an emphasis on experimentation in media, technique, and concept. Lecture: one hour per week. Studio: four hours per week. Prerequisite: AR 141. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors. $40 lab fee.

AR 245 Relief Printmaking In Oaxaca: 3 semester hours
Produce relief prints inspired by the rich cultural tradition and beauty of Oaxaca, Mexico. Students will observe and draw ruins at the archeological site of Monte Alban, artifacts at the regional museum and handsome handicrafts at the city markets. The drawings will be translated into relief prints by choosing from a variety of color processes including: the subtractive wood block, the multi-block linoleum, or cardboard collagraph. Students will also visit graphic arts galleries, museums, and artist’s workshops. During their free time, students will have the opportunity to explore Oaxaca and the surrounding villages known for their handicrafts. Estimated additional travel costs: $1800 plus meals.

AR 246 Silkscreen II: 3 semester hours
An advanced studio course offering an opportunity to increase technical abilities and artistic concepts. The student will develop a series of prints using the various silkscreen techniques. Investigation into the history and use of silkscreen as an art form is encouraged. Individual critiques with the instructor are part of the course. Offered concurrently with AR 146. Prerequisite AR 146. $60 lab fee.

AR 251 Printmaking II: 3 semester hours
A continuation of study and investigation of graphic process including woodcut, collagraph, lithography, and all intaglio methods in both black and white and color. Investigation into the history and use of printmaking as an art form is required. Lecture one hour per week. Studio four hours per week. Prerequisite: AR 151.

AR 261 Advanced Ceramics: 3 semester hours
This intermediate-level ceramics course will provide students who have had a beginning ceramics course with further opportunity to use clay as a medium of self-expression. Students may work with hand-building and wheel-throwing techniques in creating both utilitarian and non-utilitarian ceramic objects. A variety of firing processes and glaze chemistry will be available. Lecture: one hour per week. Studio: four hours per week. Prerequisite: AR 161. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors.

AR 271 Sculpture 2: 3 semester hours
A course offering students an opportunity to develop further work in three dimensions. Wood, clay, plaster, wire, hand workable metal, cloth, and ceramics are the materials that can be used. Growth in concepts and techniques is the heart of the work. Investigation into the historical and contemporary sculptural work is part of the study. There are individual critiques with the instructor. Lecture: one hour per week. Studio: Four hours per week. Prerequisite: AR 171.

AR 280 Video on the Computer: 3 semester hours
This course is designed to acquaint students with video production and translation of video material into various presentation formats. A conceptual background and practical applications are interwoven to help understanding of the process. Topics included are organization of presentation and program material, visual communication principles, screen design and typography, video camera usage, video and audio recording techniques, creating and presentation. Recommended prerequisite: sophomore status. $25 lab fee.

AR 290 Visual Arts Topics: 3 semester hours
This course allows examination of a specific visual art or art history topic. The course content and subtitles will vary at each presentation. Subjects as diverse as the interaction of color, 20th Century Painting, 19th and 20th Century Architecture and Mid-Eastern and Asian Art may be offered. A course with a different content may be repeated. Prerequisites: AR 101 or AR 212 or permission of the instructor.

AR 295 Survey Of Mexican Culture Today: 3 semester hours
Despite Mexico’s proximity and its strong cultural influence on the southwestern United States, Mexico’s Indian and Spanish traditions have made it a “distant neighbor.” This course will attempt to bridge this gap between our two cultures with on-campus lectures on the history and art of Mexico followed by a 14 day travel experience to Mexico. During the Winter Term, students will travel to Mexico City, and Oaxaca. These Cities represent various aspects of Spanish colonial influence and will serve as a means to contrast large metropolitan centers with smaller scenic sites. Students will visit archaeological sites including Teotihuacan, Monte Alban and Maitla near Oaxaca. Students will be responsible for the completion of a course workbook and summary of required readings. Students also will have the opportunity to do a research paper or studio art project depending on one’s interest. No prerequisites.
AR 315 Contemporary Art and Theory: 3 semester hours
This course introduces students to worldwide contemporary artists, movements and the ideas that shaped them during the last fifty years. How have artists responded to cultural, social, economic and technological changes? What are the roles of art and artists right now? Life in the 21st century is increasingly complex as digitization and globalization force us to consider larger contexts in which art is made and viewed/used. We will explore some of these critical debates through visual lectures, readings, discussions, media presentations, and required field trips to cultural institutions. We'll examine contemporary art from a global perspective. Pre-requisite AR 213 or permission of instructor.

AR 330 Web and Motion Graphics: 3 semester hours
Web and Motion Graphics builds on the software foundation learned in AR 120 Visual Technology. Web and Motion Graphics focuses on software proficiency, specifically as it relates to web design and motion graphics production. Students will learn about web site organization, web interface design/page design, and page coding. Students will also receive an introduction to industry standard web animation and video editing software. Pre-requisite: AR120 Visual Technology. $25 lab fee.

AR 341 Painting III: 3 semester hours
An advanced study of painting stressing independent work with an emphasis on creativity and critical thinking. Lecture one hour per week. Studio: four hours per week. Prerequisites: AR 141 and AR 241. Since this is a required course for Art & Design majors the priority for acceptance in this course is: 1) Art & Design majors, 2) Art & Design minors, and 3) non-Art & Design majors. $40 lab fee.

AR 410 Senior Thesis Preparation: 1 semester hour
Senior thesis prep is required for all senior Art and Design majors the fall semester before taking AR415 Senior Thesis and Exhibit. This course is designed to help seniors develop their thesis concept and media. Students do research and studio experiments as well as written statements related to their developing body of work. Weekly meetings involve all-faculty critiques as well as time for individual help with conceptual and technical problems. Students also gain experience presenting and installing artwork in a gallery setting. Prerequisite: Senior standing and the major portion of required are courses completed. $15 lab fee.

AR 415 Senior Thesis & Exhibit: 3 semester hours
A course consisting of an in-depth work on an aesthetic problem in the student's area of concentration. It is the examination of a total experience that establishes the basis for the aesthetic. Work is done independently with weekly group meetings and faculty checks of progress and portfolio development culminating in a thesis project and exhibition. Opportunities for participation in shows will be offered in the course. Prerequisite: All studio courses required for the major and AR 410. $80 lab fee.

AR 425 Art Internship: 3 semester hours
The student intern will be placed in and art workplace. Placements will vary according to the student's interests and Art faculty recommendations. The internship is designed to give practical, on-the-job experience to complement academic studies and will be evaluated on a pass/fail basis. Three credits = 25 hours a week for five weeks or six credits = 25 hours a week for ten weeks. In addition to workplace hours, weekly contact with the supervision instructor is required throughout the duration of the internship. Please refer to the internship approval requirements in the catalog.

AR 445 Art Independent Study: 3 semester hours
Study topic will be arranged by the student and his/her advisor. Students should be Art and Design majors/minors and have taken all available courses in the general area of study. Priority will be given to juniors and seniors. Lab fee dependent on topic.

Biology (BI)

Courses

BI 110 Natural World Domain Lab: 1 semester hour
A laboratory that fulfills the requirement of the Natural World domain for transfer students who have taken a non-laboratory based non-major course before transferring into Mount Mercy. This course is only offered to this group of students. (Offered winter term on a temporary basis as long as needed).

BI 123 Biology Of Human Concern: 4 semester hours
For non-science majors. Study of the broad general principles of biology and of current environmental and ethical problems arising as our knowledge and technological competencies increase. Three hours of lecture and one two-hour lab per week. (Cannot be taken by Biology majors after successful completion of BI 143 Principles of Biology). Fulfills requirement of Natural World Domain for non-major students.

BI 125 Foundations of Biology & Scientific Inquiry I: 3 semester hours
An introduction to the unifying principles of modern biology with an emphasis on introductions to the interrelationships of cell physiology and anatomy, biochemistry, genetics, evolution, and development. No prerequisites. Three hours of lecture per week. Biology majors/minors, medical laboratory science majors, outdoor conservation majors and education majors must concurrently enroll in the BI 125 lab. Fulfills requirement of Natural World Domain when taken with the BI 125 lab.

BI 125L Biostatistics and Scientific Investigation I: 1.5 semester hour
A laboratory course designed to reinforce BI 125 through experimentation, data analysis, inquiry, discussion of readings, and communication. The course will include fundamentals of interpretation of scientific writing, introduction to scientific writing, and the foundations of statistical analysis. Students enrolled in BI 125 are not required to take BI 125L, but students enrolled in the laboratory must take BI 125 concurrently or get permission of the instructor to enroll. (Offered each fall semester).

BI 126 Found of Biology & Scientific Inquiry II: 4.5 semester hours
A laboratory course designed to reinforce BI 125 that focuses on additional topics in inheritance, population genetics, speciation and classification, introduction to ecosystems, and evolution of prokaryotes, protists, and fungi. Additional topics in statistics and scientific communication will also be integral to the course. Prerequisite: A grade of C or better in BI 125 and BI 125L. Three hours lecture and three hours of laboratory per week.

BI 127 Foundations of Biology & Scientific Inquiry III: 4.5 semester hours
The evolution of plants and animals will be surveyed focusing on physiologial and anatomical adaptations. Additional topics in statistics and scientific communication will also be integral to the course. Prerequisite: A grade of C or better in BI 125 and the BI 125 lab (C does not count). Three hours of lecture and three hours of laboratory per week.
BI 150 Basic Microbiology: 4.5 semester hours
Introduction to the study of microorganisms, with special emphasis on medically important bacteria, viruses, and fungi; includes practical applications for control of pathogens, epidemiology and diagnosis, mechanisms of infection and host resistance. Weekly 3 hours lecture and 3 hours laboratory. Prerequisite: BI 143, not for major/minor credit in biology or medical technology and may not substitute for BI 315. fulfills requirement of Natural World Domain for nursing majors.

BI 210 Biology And Human Culture: 3 semester hours
The course will explore the interaction between culture, evolution, and biology from a variety of perspectives in a seminar format. The customs of different cultures are often determined by and/or affected by biological factors. These will be studied from a proximate and ultimate (evolutionary) standpoint in a comparison of both non-Western and Western culture to better understand and appreciate different cultural practices and beliefs, how they evolved, and what implications they have for the world. Students also will investigate a custom of their choice to ascertain the biological and cultural origins and significance of the custom. This course will not count for major/minor biology credit. Prerequisites: One course selected from a core curriculum writing courses, sophomore standing. Fulfills requirement of Global Awareness Domain.

BI 225 Global Environmental Issues: 4.5 semester hours
This course examines the human impacts on the global environment in a lecture, discussion and applied approach. Current research will be studied on the causes and effects of environmental change and environmental conservation. Prerequisites: A grade of C or better in BI 125 or BI 123 or equivalent or permission of instructor. Three hours of lecture and one three-hour lab per week.

BI 242 Iowa Natural History: 4.5 semester hours
A survey of the natural history of Iowa focusing on geological forces, plant communities, and animal communities, and the impact of early humans, the first European settlers and present residents. The lab will focus on identification of skills. Weekend field trips will be an important component of the course. Prerequisites: A grade of C or better in BI 125, BI 146 or BI 127, or permission of instructor. Three hours of lecture and one three-hour lab per week.

BI 243 Immunology: 3 semester hours
This course introduces students to the major basic concepts operating in the functioning of the immune system and the immunopathologies that arise due to the hyperfunction, hypofunction, or malfunction of this system. Major topics to be covered include non-specific immunity, specific immunity (cellular and humoral) hypersensitivities, immunologic deficiencies, tolerance, enhancement, immunogenetics, autoimmunity, cancer immunology, and transplantation. This introductory course gives students a basic understanding of the system as well as some basic concepts and terminology on which to build further knowledge in this area. Prerequisites: A grade of C or better in BI 125 and BI 144 or BI 126; or BI 125 and BI 150.

BI 260 Professional Development for the Sciences: 1 semester hour
A seminar course designed to prepare future graduate and professional school science majors during early in their junior year. Students will learn about different career choices, how to prepare for standardized exams, the timing of application, interview skill, post-graduate admissions expectations, cover letters, and how to develop a resume to present.

BI 273 Human Anatomy: 4.5 semester hours
A lecture and laboratory course designed to give basic information for understanding normal structure and development of the human body. A regional approach to anatomy is used, complimented with dissection and examination of preserved human cadavers, practical applications, and discussions of basic concepts. Three hours of lecture and one three-hour lab per week, plus 45 hours of supervised dissection per term. Prerequisite: A grade of C or better in BI 125 for Biology majors, and a D- or better for other majors.

BI 274 Human Physiology: 3 semester hours
A lecture course designed to introduce students to the physiological systems of the human body. Emphasis is given to the interactive nature of these systems that result in normal physiological function. The medical implication of abnormalities and failure of these systems is also briefly covered. Three hours of lecture per week. A non-required option is BI 274, Basic Human Physiology Lab in which Biology majors may concurrently enroll. Prerequisite: A grade of C or better in BI 125 for Biology and Medical Technology major, and a grade of D- or better for other majors.

BI 274L Human Physiology Laboratory: 1.5 semester hour
A laboratory course designed to provide demonstrations, experiments, and discussion to reinforce and supplement BI 274. Biology majors, especially those who intend to pursue medically-oriented programs, graduate programs, or education should take this laboratory concurrently with BI 274. Students enrolled in BI 274 are not required to take the laboratory, but students enrolled in the laboratory must take BI 274 concurrently or get permission from the instructor to enroll. One three-hour laboratory a week. (Offered each spring semester).

BI 303 Genetics: 4.5 semester hours
An exploration of the three main branches of heredity: transmission (classical), molecular, and population genetics. Transmission genetics examines how genes and genetic traits are passed from generation to generation. Molecular genetics probes the structure, function, and regulation of genes, while population genetics investigates through mathematical models and the distribution and behavior of genes in populations. Three hours of lecture and three hours of laboratory each week. Prerequisites: A grade of C or better in BI 125 and BI 144 or BI 126, or BI 125 and BI 146 or BI 127.

BI 305 Evolution: 3 semester hours
Analysis of the theory of evolution, evidences of organic evolution provided by the various subdisciplines of biology and its mechanism and results. Three hours per week. Prerequisites: A grade of C or better in BI 143 and BI 144; or BI 143 and BI 146 or permission of instructor.

BI 310 Ecology: 4.5 semester hours
A study of the relationships of organisms to each other and to their environment from an evolutionary perspective. Aquatic and terrestrial ecosystems will be studied form the perspective of the individual, the population, and the community. Three hours of lecture and three hours of laboratory per week. Prerequisite: A grade of C or better in BI 144/BI 126 or BI 146/BI 127 or permission of the instructor. Statistics is recommended as is senior status.

BI 315 General Microbiology: 4.5 semester hours
This course studies the major fields of microbiology with an emphasis on bacteria and viruses. Topics include bacterial cell structure, metabolism, genetics, ecology and pathogenesis. Three hours of lecture and three hours of laboratory per week. Prerequisites: A grade of C or better in BI 125, BI 144 or BI 126, CH 111, and CH 112.
BI 327 Histology: 4.5 semester hours
An intensive study of the embryologic origin, the development and the structure and function of the tissues of the human body. Lecture three hours per week, lab three hours per week. Prerequisites: A grade of C or better in BI 125 and BI 144 or BI 126.

BI 332 Comparative Vertebrate Anatomy & Embryology: 5 semester hours
Phylogenetic study of the structure and function of the vertebrate animals. Lecture three hours per week. Two two-hour labs per week. Prerequisite: A grade of C or better in BI 125 and BI 144 or BI 126.

BI 355 Exercise Physiology and Biomechanics: 3 semester hours
A course to introduce fundamentals of exercise physiology and biomechanics. Topics explored include: application of basic physiology knowledge to athletic training and exercise, review of nutrition for athletes, and concepts of physics as they relate to movement. This course will not count for major or minor biology credit. Prerequisites: PH 151, BI 274 or permission of instructor. Recommend BI 273 and either a course in Evolution or a basic background.

BI 357 Animal Behavior: 4.5 semester hours
A comparative study of the evolution of animal behavior centering on the principles and mechanisms of behavior. Three hours lecture and one three-hour lab per week. Prerequisites: A grade of C or better in BI 125 and BI 144/BI 126, or PS 101 or permission of instructor.

BI 370 Cell and Molecular Biology: 5 semester hours
This course studies the cell structure and functions common to all eukaryotic organisms including: metabolism, organelle activity, gene expression, cell growth and division, and cell communication. The laboratory component will include learning to use various equipment and protocols scientists use to manipulate and visualize DNA, RNA, and protein in and from cells for research experiments. Three hours of lecture and four hours of laboratory per week. Prerequisites: A grade of C or better in BI 125 and BI 127 or permission of instructor.

BI 405 Directed Readings in Biology: 3 semester hours
A course initiated by a student, a group of students, or an instructor based upon a topic of interest or a special need. The course will involve readings on the topic, discussion, and projects based upon the topic. Library research and internet research may also be a component along with written summaries of research and/or projects. Under ordinary circumstances this course cannot be used as one of the required electives for the biology major or minor. Prerequisites: Junior or Senior status, grades of C or better in appropriate background courses, and permission of instructor.

BI 440 Biology Internship: 3 semester hours
Directed educational experiences in employment situations under joint sponsorship by a faculty member and an employer. This course cannot be used as one of the three upper division electives.

BI 445 Independent Study: 3 semester hours
Readings and/or research. Course to be designed by the student in consultation with the instructor on a subject of special interest to the student. This course cannot be used as one of the three upper division electives.

BI 450 Independent Research: 3 semester hours
Independent research conducted at Mount Mercy or another recognized institution or research facility. Students will be responsible for collection, analysis, and presentation of original data. Presentation will be in both oral and written format, with the oral portion to be given at a recognized state or national scientific meeting. This course cannot be used as one of the three upper division electives.

Business Administration (BA)

Courses

BA 101 Business 101: 1 semester hour
In preparation for their entry into the business department, students will explore skills necessary for success in the business world. They will explore all the business majors offered here so students gain an overall understanding of careers and courses of different majors and minors. This course will define professionalism and employer expectations. They will write two business orientated communications: email and two-page research project using APA. They will write a resume for an internship and prepare an elevator speech. They will explore the skills of teamwork, goal setting, assertive communication, and time management necessary to establish success in college and in the business environment. There will be a brief overview of all business department majors and associated careers, presented by the major coordinator, as well as introduction to business clubs, organizations, and Mount Mercy University volunteer missions.

BA 203 Principles Of Law: 3 semester hours
This course provides a broad look at the American legal system. It includes a discussion of legal reasoning, the structure of the legal system, and several substantive areas of the law that are general practical interest. These specific topics include contracts, torts, administrative law, and agency law. Prerequisite: sophomore standing.

BA 240 Personal Financial Planning: 3 semester hours
This course examines basic financial skills which each of us must develop over our lifetime. Personal financial statements, calculating net worth, cash management tools, wise use of credit, and managing credit card debt are explored first. Also included is an overview of the federal tax system, tips to minimize the "tax bite", tax-deferred savings plans (IRA’s and 401K’s) and personal investing strategies for stocks, bonds, and mutual funds. In addition, topics will include the benefits of home ownership (tax savings and appreciation), use of escrow accounts, the benefits of mortgage and home equity debt, and the services a real estate broker can provide. The course also explores a variety of insurance products available (term life, permanent life, auto, medical), social security and retirement benefits, the basic provisions of a will, the use of trusts, and how to minimize gift/estate/inheritance taxes. The course may not be applied to any major or minor within the Business Administration Division.
Classes will include role-plays and group projects to practice the resolution processes such as litigation, mediation, and arbitration. We will also discuss other dispute agreement that satisfies all parties. We will also discuss other dispute

BA 250 Technology & Communication In Business: 3 semester hours
In this course, students will study technology, research and communication as it relates to the business environment. Students will be expected to demonstrate proficiency in the use of computer software including word processing, spreadsheet, database and presentation. In addition, students will be required to complete a research paper using a specified format and to make a professional presentation using presentation software (i.e. PowerPoint). Research using the Internet will be required. The various communication skills required of professionals in the business area will also be studied. This includes, but is not limited to, e-mail, team building, conducting a meeting and cooperative problem solving. This course is required of all business majors at Mount Mercy and must be taken at Mount Mercy. Prerequisites: Completion of the speech and freshman writing core curriculum requirements. Four-year Mount Mercy students take BA 250 during their sophomore year. All transfer students take BA 250 in their first semester at Mount Mercy or in the sophomore year if a freshman transfer.

BA 270 Business Statistics: 3 semester hours
Study of descriptive and inferential statistics with an emphasis on business applications. Topics include: measures of central tendency, measures of dispersion, probability and probability distributions, confidence intervals, hypotheses testing, and an introduction to correlation and regression. Prerequisites: one year of high school algebra or MA 008 or departmental approval.

BA 300 Entrepreneurship: 3 semester hours
This course will teach students how to start and run their own business. Students will learn what constitutes an attractive investment opportunity, where to go for financing, how to keep accurate accounting records, and how to comply with state and federal tax laws. They will also learn about management, law, marketing, etc. Individual business owners will be utilized as speakers in the class. There will be a group project in which students will be required to develop a business plan. Prerequisites: BC 265, BC 266, BN 204, and BK 208.

BA 304 Principles of Law II: 3 semester hours
This course builds on the understanding of the legal system developed in BA 203, to cover additional areas of civil law. The course includes a discussion of property, debtor-creditor, commercial paper, partnership and corporate law. Formerly BA 204. Prerequisite: BA 203.

BA 305 Employment Law and Labor Relations: 3 semester hours
This is a survey course that looks at the history and development of employment law in the United States. We will look closely at the current legal issues found in case law, statutory law and regulations. We will also study the labor relations and collective bargaining system addressing issues such as wages, benefits and grievance procedures. Formerly BA 205. Prerequisite: BA 203.

BA 310 Dispute Resolution: 3 semester hours
Conflict is a fact of life. How we resolve our differences with our friends, neighbors, bosses, employees, customers, government, spouse and children makes a difference. In this course we will look at the techniques of principled negotiation that will help reach a wise agreement that satisfies all parties. We will also discuss other dispute resolution processes such as litigation, mediation, and arbitration. Classes will include role-plays and group projects to practice the techniques studied. Formerly BA 210. Prerequisite: BA 203.

BA 320 Applied Financial Reporting: 3 semester hours
This course will teach students how to analyze financial statements in detail. The financial statements will be approached from the users’ perspective rather than the preparers’ perspective. The course will combine the case approach with the lecture approach so students can apply the concepts learned to real businesses. This course is not open to accounting majors. Prerequisites: BC 265 and BC 266.

BA 344 Investments: 3 semester hours
This course covers the theory of investment analysis and the development and management of an investment portfolio with attention to valuation as determined by yield and risk. Prerequisites: BC 265 and BC 266.

BA 350 Risk Management: 3 semester hours
This course involves an overview of the managerial and administrative processes designed to minimize loss and the impact on the organization. This includes general liability, product liability, property damage, and worker’s compensation. In this course students also examine methods used to evaluate both business and personal risk with particular emphasis on which methods can be used to minimize such risk in a cost-effective manner. Prerequisite: sophomore standing.

BA 360 Securities Analysis: 3 semester hours
This course is intended to be a follow-up course to the Investments course. This course will involve a very hands-on approach to valuing entire entities. Additionally, students will learn to value both fixed income securities and equity securities from a multidimensional perspective. Finally, this will all be done within the framework of an overall portfolio so portfolio theories will be addressed as well. Prerequisite: BA 344.

BA 370 Quantitative Methods For Business: 3 semester hours
This course will expand on the material covered in the introductory course and introduce the topics of multiple regression and correlation, nonparametric methods of analysis, index numbers, time series analysis, decision making under uncertainty, and statistical quality control. Prerequisite: BA 270.

BA 379 Financial Management: 3 semester hours
This is a decision-oriented course that emphasizes maximization of shareholder wealth. It includes a study of such concepts as cash flow, ratio analysis, financial forecasting, leverage, the time value of money, the capital budgeting process, and growth. Prerequisites: BC 265 and BC 266.

BA 420 Cases In Finance: 3 semester hours
This course will teach students how to analyze financial cases. The case method of instruction simulates the "real world" by exposing students to actual situations where financial decisions must be made. Students must use their prior knowledge of finance and common sense to arrive at recommendations for each case. This process should enable students to sharpen their technical finance skills and enhance their ability to use subjective judgment in decision-making. Prerequisite: BA 379.

BA 425 Finance Internship: 3 semester hours
Students may take advantage of internship opportunities which become available in the field of finance. These internships include off-campus supervision at local businesses and periodic conferences with the on-campus instructor. The on-campus instructor will determine any further requirements on an individual basis. (Maximum of one semester credit for each 3 hours per week for the semester spent at an outside company up to a minimum of 6 semester hours).
BA 430 Selected Topics in Business: 3 semester hours
This course includes an examination of major issues or topics in business. Course content and subtitle will vary. The course may be repeated with consent of the instructor.

BA 435 Senior Sem - Business: 3 semester hours
Capstone course designed to integrate knowledge of marketing, finance, economics, management, and accounting to be applied to various types of business and institutional situations. The method of instruction includes case studies, class discussion and readings. Prerequisites: BA 250, BA 379, BK 208, BN 204 and senior standing.

BA 436 Applied Business Strategy: 3 semester hours
This is a capstone course designed to assist the student to integrate and apply knowledge of marketing, finance, economics, management, and accounting in the student's field of interest. Students will develop strategic plans using theoretical and actual case studies. This course is the required capstone course in the Business major in the Advance program. Prerequisites: BN 204, BK 208, BA 379.

BA 445 Bus Adm Independent Study: 3 semester hours
If a student wishes to do individual study and/or research of a particular topic, he/she should contact the appropriate member of the department as a supervising instructor, as well as register through and obtain consent of his/her advisor.

Career Development (CD)

Courses

CD 004 Career Exploration Through Self Discovery: 1 semester hour
Students will gain insight into personal values, interests, skills, and personality types that will assist in choosing a major or career. Participants will research careers and conduct off-campus informational interviews with area professionals. This course is recommended for students who are undecided on a major or career.

CD 007 Strategies for a Successful Job Search: 1 semester hour
This course will feature topics such as interviewing, job search correspondence, and researching companies. It will prepare students to enter a competitive employment market. This course is recommended for any student interested in increasing employment-seeking skills.

Chemistry (CH)

Courses

CH 110 Introduction to General Chemistry: 4.5 semester hours
This course is recommended for students with no previous knowledge or with inadequate preparation in high school chemistry. Emphasis is given to the following concepts: atomic and molecular structure, the nature of chemical bonding, chemical reactions, and stoichiometry, nomenclature, basic knowledge of thermodynamics and equilibrium, acids and bases. This course meets the needs of students not planning to take chemistry courses beyond CH 113. Students with minimal mathematical skills can use CH 110 as a preparatory course for CH 111 - General Chemistry I. Three hours lecture and one three-hour laboratory weekly.

CH 111 General Chemistry I: 4.5 semester hours
An introduction to the field of chemistry, providing an understanding of the structures of atoms, molecules and ions and their interactions, and a foundation for the further study of chemistry. Three lectures and one three-hour lab weekly. Prerequisite: A Mathematics Pre-Algebra and Elementary Algebra Enhanced ACT subscore of 16 or higher; or a Mathematics score of 16 or higher on the former ACT; or completion of MA 008 with a grade of C or higher.

CH 112 General Chemistry II: 4.5 semester hours
Continuation of CH 111. Topics covered are: chemical kinetics; equilibrium and thermodynamics; acids and bases; electrochemistry; survey of metals, nonmetals, and transition metals; complexes; nuclear chemistry. Three lectures and one three-hour lab weekly. Prerequisite: CH 111.

CH 113 Organobiochemistry: 4.5 semester hours
Designed for nursing and non-science majors. A terminal course, not to be used as a prerequisite to further courses in chemistry, except CH 203. Basic structure, formulas, nomenclature, and reactions of organic compounds. Fundamental concepts of biochemistry and metabolism of major molecules and their roll in biological processes. Three lectures and one two-hour lab weekly. Prerequisite: high school chemistry.

CH 203 Nutritional Biochemistry: 3 semester hours
The study of nutrients, their metabolic roles and biochemical effects on various tissues and organs of the body; role of the diet in promoting optimal health and performance. Prerequisite: CH 111, CH 112.

CH 207 Inorganic Qualitative Analysis: 3 semester hours
The course emphasizes descriptive inorganic chemistry (properties, structures, and reactions) of common elements and their compounds. Through the process of learning descriptive chemistry in the format of a scheme of analysis in the laboratory, students are challenged to bring to bear their manipulative and observational skills as the basis for indentifying substances. Theoretical and practical aspects of qualitative analysis are covered. Prerequisite: CH 111, CH 112.

CH 211 Organic Chemistry I: 4.5 semester hours
An introduction to organic chemistry; an integrated presentation with emphasis on the theoretical aspects and mechanisms of reactions. Detailed discussion of alkanes, alkenes, alkynes, and stereochemistry. Three lectures and one three-hour lab weekly. Prerequisite: CH 111, CH 112.

CH 212 Organic Chemistry II: 4.5 semester hours
A continuation of CH 211. Functional groups discussed in detail. Introduction to absorption spectroscopy and qualitative identification of organic compounds; aromatic and heterocyclic compounds; macromolecules. Three lectures and one three-hour lab weekly. Prerequisite: CH 111, CH 112, CH 211.

CH 251 Analytical Chemistry: 5 semester hours
Theory and application of basic methods in quantitative analysis: titrimetric, gravimetric, chromatographic, potentiometric, and spectrophotometric determinations. Three lectures and one four-hour lab weekly. Prerequisites: CH 111, CH 112, MA 142 or MA 164.

CH 302 Biochemistry: 5 semester hours
Study of life at the molecular level. The course examines chemical reactions in living cells; central metabolic pathways; energy transformations, signal-transduction pathways; transmission of hereditary characteristics; molecular basis of certain diseases and other biological phenomena. Three hours of lecture per week. Prerequisites: CH 111, CH 112, CH 211, CH 212.
Communication (CO)

Courses

CO 101 Oral Communication: 3 semester hours
This course aims to develop competency in basic oral communication skills necessary in the workplace and all of life. The focus is upon interpersonal, group, and public speaking, and based upon a core of theory students will engage in a variety of skill-based activities and assignments designed to enhance their capacities as oral communicators. This course meets the university oral communication competency requirement.

CO 102 Public Speaking: 3 semester hours
This course focuses on the development of public speaking competency necessary for success in the workplace and all of life. Based upon a foundational understanding of the nature of communication and the role of public speaking in society, the course will focus on skill development through varied exercises and speech assignments.

CO 111 Introduction to Communication Studies: 3 semester hours
Introducing Communication majors and minors to the conceptual foundations and occupational parameters of the field of communication is the aim of this class. Students will review core concepts involving the common elements and diverse forms of communication, become acquainted with the areas and methods of study in the field, and explore the range of career options for those with a college education in Communications.

CO 120 Introduction to Journalism: 3 semester hours
This is a basic course in journalistic writing that covers the role and responsibility of the press in a free society as well as the fundamentals of news gathering and news writing for the print, broadcast, and online media. Writing assignments will progress from basic news gathering and news stories to human-interest stories, trend stories, and in-depth feature stories. In addition to class assignments, students will write stories for the Mt. Mercy Times. Students majoring in English, education, speech, those working for the Mt. Mercy Times, or other publications, or who have career aspirations in journalism, and publishing or writing should find this course beneficial. Prerequisite: core curriculum writing course.

CO 130 Basic Media Grammar for Professional Writing: 1 semester hour
Basic Media Grammar for Professional Writing reviews formal rules of English grammar as applied by media writers. This is a required course for journalism and public relations students. The course surveys formal rules of grammar using a text that puts these rules in a media context.

CO 140 Introduction to Mass Media in the United States: 3 semester hours
A critical analysis of the role of mass media in American life, including aspects of culture, politics, education, and child development. It examines the impact of radio, television, films, newspapers, magazines and new media such as the internet and tablet computers. It also examines communication research on media.

CO 180 Introduction to Public Relations: 3 semester hours
Public relations is a much misunderstood profession, and this course seeks to orient students towards an authentic understanding of the actual practice. Students will be introduced to fundamental concepts of public relations, catch a brief glimpse of past and contemporary practice, and be encouraged to choose their own emphasis from among the many types of public relations. The course serves as a foundation for all the other theory and skill classes in the major/minor. Prerequisite: one course selected from core curriculum writing course.

CO 242 Media Theory: 3 semester hours
In the 21st century we are all immersed in media, as both consumers and producers. The effective practice of both requires not just comprehension of mechanics (software, machines, etc.), but a broader understanding of how media, in all forms, works as a mode of communication and medium of culture. This class is framed with an overview of the different perspectives on the nature of theory, and proceeds through an investigation of key theories of both mass and social media. Prerequisite: CO 111.

CO 250 Effective Group Communication: 3 semester hours
Working in teams to analyze and solve problems is common in most careers today. In most careers it is important to learn certain skills of group communication if one is to contribute to the success of work teams. This course will utilize a core of theory in enabling students to learn such skills by putting them into practice. Prerequisite: CO 111 or SD 111.

CO 260 Intercultural Communication: 3 semester hours
Cross cultural contact is a fact of everyday life, and its frequency will only increase. To assist students in successfully navigating such encounters this course will introduce the theoretical background and problems involved with contemporary attempts to communicate between cultures, with a special focus on the attendant problems of interacting with specifically non-western cultures. In addition to theory, students will be exposed to certain skills necessary to make such encounters succeed in everyday life.

CO 270 Interpersonal Communication: 3 semester hours
This course integrates theory and practice. Students study the premise of symbolic interaction theory - it is only through our interactions with others that we define ourselves as individuals. The course deals with the basic concepts of person-to-person communication, such as the relationship between verbal and nonverbal language, the intent and result of message sharing, and the variables in communicative efforts. Students will learn and apply relational/interactional theory and perceptual, dramaturgical, and dialogic theory as they engage in practical education experiences. Knowledge of theoretical perspectives of communication enables students to create, assign meaning to and disseminate and evaluate messages as they interact in relationships. Prerequisites: SD 111 or SD 112, CO 111.
CO 280 Writing For Public Relations: 3 semester hours
This course covers basic writing techniques common to public relations, such as writing news releases and writing for newspapers, magazines, institutional publications; writing for broadcast and electronic media; writing features for publications. Prerequisite: core curriculum writing course.

CO 281 Newspaper Reporting: 3 semester hours
This is an intensive course covering the role, functions and responsibilities of a newspaper or magazine writer. Students will gain experience with interviewing covering events and writing stories under deadline. Topics covered will include news beats, public affairs reporting, meeting and speech coverage, sports writing, obituaries, news analysis editorials and columns. Students will gain experience through classroom exercises and by writing stories for the Mount Mercy Times or other approved media outlet. Students will also be able to complete a freelance article to submit for an off-campus publication. Prerequisite: CO 120 or approval of instructor.

CO 282 Research In Public Relations: 3 semester hours
The PR practitioner needs to be capable of a wide variety of tactics, and in the 21st century research is fast becoming vital to the practice. The course will overview the unique role of quantitative and qualitative research work in the public relations process, focusing on research as a tool enabling the effective planning of relationship enhancement strategies between organizations and their publics. Within this framework, the course will introduce students to the construction, administration, and interpretation of surveys and focus groups. To enable the appropriate interpretation necessary for application of data to PR planning, this course will introduce students to basic features of SPSS. Prerequisites: MA 135 or BA 270 or instructor permission, CO 111, CO 180.

CO 280 Writing for Journalism and Public Relations: 4 semester hours
This course covers the process of taking materials and organizing them into coherent publications. Topics include: editing, writing headlines, magazine and newsletter layout and production, processing of news and features for print and for the web, the printing process, an intensive review of Associated Style, and a review of the copy editor and copy editing roles. This course is a follow-up application course to CO 280 or CO 120. Prerequisites: CO 280 or CO 120 and AR 130.

CO 311 Communication Analysis: 3 semester hours
Fully understanding the nature of communication involves being able to analyze the qualities of communication acts. This course will overview various means of examining a wide range of communication acts, with the aim of achieving competency in working critically with communication texts. Prerequisites: CO 280 or CO 120 and AR 130.

CO 330 Music and Communication: 3 semester hours
Beyond its status as art or entertainment, music communicates, and in this role does different kinds of work in human affairs: from selling products, to protest, to sustaining culture, and more. This course will survey some of these functions, review the dimensions and elements of music that allow it to work as a communication medium, and develop in students the ability to discern the communicative function of a given piece of music.

CO 340 Newspaper/Magazine Copy Editing and Design: 3 semester hours
This is a detailed introduction to the functions of a copy editor and page designer on a newspaper and magazine. The role of the copy desk is to coordinate, finish and design all the elements that comprise the editorial content of the "news hole" in a newspaper or magazine. This course builds on the experience a student gains in CO 290 by focusing on the role of copy editing specifically in a news media context. Students will learn how to recognize and correct common writing errors, how to spot sloppy reporting, how to write snappy headlines and how to design attractive newspaper pages and magazine layouts. Prerequisites: CO 120, CO 290, AR 130.

CO 345 Strategies and Tactics in Public Relations: 3 semester hours
Whether maintaining or initiating relationships with key publics, public relations professionals need to be able to creatively combine theory and skills into coherent plans that meet situational needs. Through case study and practical application, students will gain experience in devising strategies of public relations action, as well as developing their ability to utilize the specific tactic of special event planning. Prerequisites: CO 120, CO 180, CO 280, CO 282.

CO 350 Contemporary Perspectives on Public Relations: 3 semester hours
An education in Public Relations should go beyond skills and tactics to include an ability to think beneath and beyond practice - to explore why things work the way they do and what they can become. This advanced class focuses on contemporary theory and research regarding the nature and practice of PR, and includes a specific focus on PR ethics. Prerequisite: CO 345.

CO 360 Law, History and Ethics of Mass Media: 4 semester hours
This course is designed to provide students with an internal look at the professional media industry from a historical and legal perspective. The class emphasizes key legal concepts that all professional communicators should understand, such as libel, trademark and copyright. Students will also learn the internal structure of the media industry from a historical perspective, and study media ethics. Junior status recommended.

CO 372 Communication Practicum: 1 semester hour
This course is designed to provide Journalism Majors or other Communication Majors practical experience and leadership experience through an editing role on the Mount Mercy Times or other approved media outlet or project. This course is designed to give students a professional-level experience that will prepare them for CO 280: Internship in Communication. Students enrolled in CO 372 will undertake a specific leadership role to include planning story assignments, overseeing beats within the editorial area of responsibility overseeing the editing of pages and providing ongoing strategic planning for the Times or other approved media outlet. Besides working on the Mount Mercy Times, students may arrange a leadership or creative experience through other outlets. Prerequisites: Approval of the instructor. Normally, students should complete CO 290 before enrolling in this course.
**CO 380 Internship in Communication: 3 semester hours**
Placement in offices and organizations that will give students exposure to the field of communication. Examples are: public relations, corporate communication, design, multimedia positions in companies, non-profit organizations, etc. Students will spend a minimum of 10 hours per week for 12 weeks in a professional setting arranged through the Communication Department. Instructor approval is required before registration. Prerequisites: completion of all 100 and 200 level required courses in the communication major.

**CO 445 Independent Study: 3 semester hours**
Directed readings and research in the communication discipline. Topics to be determined by the student and faculty director.

**CO 480 Seminar in Communication: 3 semester hours**
This is the capstone course in the Communication major, and so is typically the last class students take in the major. At that point students stand at a junction: looking back over all they’ve learned in their college years, and looking ahead at their imminent career. This course aims to assist students in developing their vision for both directions. Through discussion, a major senior project, and preparation of career materials (resume, portfolio) students will recognize and demonstrate their accumulated mix of knowledge and skills and how that orients them toward their future.

## Computer Science (CS)

### Courses

**CS 101 Intro Comp:Bas 1: 1 semester hour**
The course is designed to make students fluent in the use of common office applications in professional settings. We will learn these skills in the context of the analysis and interpretation of real-world data sets that come from the research of the faculty and students of Mount Mercy University. Students who complete this course will be able to be more productive here at Mount Mercy, and more prepared to enter careers or to attend graduate school.

**CS 103 Introduction To Web Site Development: 3 semester hours**
In Introduction to Web Site Development, students will learn a wide range of web-based technologies and scripting languages that are used for the development of internet web sites. The tools discussed in the course will vary in order to stay current with the rapidly changing environment of web development. These tools could include (but are not limited to): wysiwyg html editors, html, css, xml, Flash, java script and dynamic web programming languages. The intent of the course is to give students a broad experience with a wide range of web-based technologies. This course is intended for non-majors who are interested in careers focused on the development of web sites. Computer Science majors may take the course as an elective, but it cannot be used to fulfill any CS graduation requirement or to complete an area of specialization.

**CS 105 Fundamentals Of Computer Science: 4 semester hours**
This course focuses on the concepts and constructs of computer programming, including program design and decomposition, data types, interactive and file input/output, control structures, and graphical user interface development. Formerly CS 175.

**CS 106 Data Structures: 4 semester hours**
This course introduces basic concepts of software development, elementary data structures (including sets, lists, stacks, queues, trees, and graphs), recursion, and elementary algorithm analysis. Formerly CS 205. Prerequisites: CS 105, MA 150 (the latter may be taken as a co-requisite).

**CS 112 Introduction to Object Oriented Programming: 3 semester hours**
This course teaches the concepts and skills of object oriented programming. Topics to be covered include inheritance, abstract fields, methods and classes, encapsulation and polymorphism. Demonstration of significant experience and skills in object oriented programming can be used to pass out of the course. Prerequisite: CS 105.

**CS 190 Computer Organization: 4 semester hours**
This course covers various hardware aspects of computers. Topics to be covered include number representation, digital logic, Boolean algebra, memory technologies, and management techniques, interrupts, CPU structure, microprogramming, assembly language, and input/output devices. Prerequisite: CS 106.

**CS 203 Information Ethics: 3 semester hours**
In this course, students will learn to define and analyze ethical, moral, social, and professional issues related to computing and information technology. Topics to be discussed include ethical frameworks for decision making, regulation of the Internet, intellectual property, privacy, security, and codes of conduct. Prerequisite: sophomore standing or consent of instructor.

**CS 226 Programming in Visual Basic: 4 semester hours**
This course is an introduction to programming using Visual Basic and the .NET development environment. Topics to be covered include control structures, input/output, graphical user interfaces, and interface with other Microsoft Office applications. This course is for MIS majors.

**CS 235 Systems Programming Concepts: 4 semester hours**
This course explores topics related to operating systems and network programming, including shell programming, programming with operating systems calls, and programming using network sockets. Other topics include basic structure of operating systems and network software. Prerequisite: CS 190.

**CS 302 Programming Languages: 4 semester hours**
This course considers the evolution of programming languages. Topics to be discussed include language specification and analysis, syntax, semantics, parameter passing techniques, scope, binding, paradigms (including imperative, functional, and object-oriented), and translation techniques. Prerequisite: CS 190.

**CS 315 Web Programming: 4 semester hours**
This course explores the development of web-based applications and dynamic web pages using modern development tools and languages. Topics to be covered include basic web site design, scripting languages, web servers, use of databases and SQL in the development of dynamic web sites and web security. Prerequisite: CS 190.
Courses

CS 326 Information Systems Analysis: 3 semester hours
This course will focus on management issues in the creation and management of information systems. Broad topics will include system investigation, system feasibility analysis, system design, system implementation, and system maintenance. Various approaches to systems analysis and design will be considered, as well as tools. Prerequisites: CS 106 for CS students or CS 226 and BN 204 for MIS students.

CS 388 Database Systems: 4 semester hours
This course emphasizes the concepts and structures necessary to design and implement a database management system. Topics to be covered include the evolution of database systems, the relational database model, query languages, triggers, constraints, views, and other advanced topics as time permits. Prerequisite: CS 326.

CS 389 Algorithm Analysis: 4 semester hours
This course is an introduction to advanced data structures and algorithm analysis techniques. Topics to be covered include asymptotic notation, empirical and theoretical analysis techniques, complexity classes, algorithmic approaches (divide and conquer, greedy), and advanced tree structures. Prerequisites: MA 150, CS 106.

CS 399 Special Topics in Computer Science: 3 semester hours
This course provides students the opportunity to take electives in an area of special interest in computer science. When possible, the course will be taught by experts from the field. Topics may include educational software development, artificial intelligence, robotics, embedded systems, bioinformatics, and cryptography. Prerequisite: permission of instructor.

CS 415 Field Experience: 3 semester hours
This course provides students the opportunity to take advantage of internship opportunities that become available. The internships include off-campus supervision at local employers and periodic conferences with the on-campus instructor. One semester hour of credit is assigned for each 45 hours of work per semester at the outside agency.

CS 420 Mgmt Info Systems Senior Thesis: 3 semester hours
The MIS Senior Thesis is intended to be one option for the MIS capstone course specifically suited to students with significant professional experience as a team member on at least one large enterprise software development project. Students in this course will work with a faculty member to select a topic relevant to their education and professional experience, design a plan for researching the topic and produce a thesis that reviews and analyzes the research and integrates the research, the learning they have gained from their educational program and from their professional experience into a solution of the problem defined by the chosen topic.

CS 430 Senior Project: MIS: 4 semester hours
This is the capstone course for management information system majors. The student will complete a broad and deep software development project as part of a multi-disciplinary team as project managers. Prerequisites: CS 226, CS 326 and BN 377.

CS 435 Senior Project: CS: 4 semester hours
This is the capstone course for computer science majors. The student will complete a broad and deep software development project as part of a multi-disciplinary team. Prerequisites: CS 235 and at least one 300-level CS course.

Criminal Justice (CJ)

CS 430 Senior Project: MIS: 4 semester hours
This is the capstone course for management information system majors. The student will complete a broad and deep software development project as part of a multi-disciplinary team as project managers. Prerequisites: CS 226, CS 326 and BN 377.

CS 435 Senior Project: CS: 4 semester hours
This is the capstone course for computer science majors. The student will complete a broad and deep software development project as part of a multi-disciplinary team. Prerequisites: CS 235 and at least one 300-level CS course.

Criminal Justice (CJ)

CJ 101 Introduction To Criminal Justice: 3 semester hours
This course is a review of the delivery of criminal justice services in the United States. Particular attention will be devoted to a modeling of the criminal process, the control of discretion within the various subprocesses, and the role of criminal justice in a democratic social order that emphasizes public accountability and the rule of law.

CJ 154 Criminal Justice Theory: 3 semester hours
This course is the study of crime control. In contrast to traditional criminal justice courses which mainly focus on the study of how crime is defined and the strategies use by the criminal justice system to control crime, this course will examine various orientations that focus on how the criminal justice system behaves instead of how it works. This course will cover such topics as the behavior of law, the behavior of criminal justice organizations, historical trends in crime control, the social construction of crime, oppression, the growth of the criminal justice system, and consequences of crime control practices.

CJ 203 Policing: 3 semester hours
This course includes an examination of the role of police and law enforcement strategies in a free society. The goals of this course include an understanding of the concept of the rule of law, police behavior and subcultures, enforcement strategies, and relevant procedures dealing with the police, including arrest, interrogation, and search and seizure of evidence. Ethical issues related to the police and law enforcement will include case histories and current events.

CJ 228 Juvenile Justice: 3 semester hours
This course includes an examination of juvenile delinquency and the juvenile justice process. The study includes an analysis of the evolution of parens patriae, and case law of the juvenile process from taking into custody through disposition.

CJ 244 Corrections: 3 semester hours
This course is the study of the history, philosophy, and practice of corrections. This course will include an analysis of corrections history and philosophy along with an examination of jails, prisons, probation, intermediate sanctions, and parole. The course will also cover legal developments in corrections, correctional trends, management and treatment of correctional populations, and problem facing correctional systems.

CJ 246 Criminal Investigation: 3 semester hours
This course includes a survey of the theory of scientific crime detection, investigation, interrogation, case presentation, and problems in criminal investigation. The content will include coverage of recent developments in forensic investigation such as DNA fingerprinting.

CJ 297 Criminal Law: 3 semester hours
This course includes an analysis of criminal law from a social science perspective. Emphasis will be upon historical development, strictures on criminalizing in light of constitutional guarantees, and a review of the classification of crimes through an analysis of selected criminal offenses. The content includes criminal jurisprudence, the historical origins of key criminal law concepts, constitutional structures on lawmakers, relevant social scientific research on the criminal process, and a review of the traditional categories of crime.
CJ 299 Criminal Justice Information, Communication and Ethics: 3 semester hours
This course is an opportunity for students to improve and apply critical thinking skills in the criminal justice context, establishing a foundation for upper-level coursework. The course requires students to refine writing, oral presentation, and information research skills. Students will become adept at finding, evaluation, and properly crediting research materials for the field of criminal justice. Likewise, students will demonstrate their learning through writing and oral presentation, which will be refined throughout the course. Special attention will also be given to ethical issues faced in criminal justice. For criminal justice majors, CJ 299 is a prerequisite for all 300 and 400 level criminal justice courses. All majors, including transfer students must receive at least a grade of C- in this course before taking criminal justice courses at the 300 level or above. Prerequisite: Grade of at least C- in core curriculum writing course.

CJ 302 Criminal Justice Research Methods: 3 semester hours
This course will consist of an examination of qualitative and quantitative research in the field of criminal justice. Specifically, the course will include, but is not limited to research design, data collection, secondary data analysis, levels of measurement, and hypothesis testing. Students will also learn how to read and interpret empirical criminal justice articles and SPSS output. Prerequisites: CJ 154 and CJ 299. A course in basic statistics is also suggested, but not required.

CJ 305 White Collar Crime: 3 semester hours
This course is a general survey reviewing both the nature and scope of white-collar crime. This course will explore crimes upon which society has placed little focus, yet at the same time have significant physical, fiscal, and social costs. The primary emphasis of this class will consist of an examination of various forms of the elite deviance. Particular attention will also be given to applicable theories of elite deviance. Prerequisite CJ 299.

CJ 340 Crime & Punishment in England 1550-1875: 3 semester hours
The course explores crime, policing, and punishment in England, 1550-1875. Major topics include the use of public shame, professionalization of police, obstacles to prosecution, and the evolving use of prisons. Changes in penal culture are studied in relation to England’s transformation from a rural kingdom into an urbanized and industrial center. Cross-listed with HI 340.

CJ 350 Trial Evidence: 3 semester hours
This course is a study of the law governing the presentation of evidence at trial. Focus will be upon the various types of evidence, questions of competency, relevancy, and materiality, with special emphasis on the hearsay rule and its exceptions. The content will include the role of evidence in striking a theoretical balance between the defendant and the state in the pre-trial and trial adversary process. Prerequisites: CJ 297, CJ 299 and suggest CJ 355.

CJ 355 Criminal Procedure: 3 semester hours
This course is an examination of constitutional criminal procedure related to arrest, search and seizure, and pre-trial and trial processes. Special emphasis will be upon the role of criminal procedure in controlling discretion. A survey of social scientific research related to criminal procedure will be included. The content includes an analysis of the role of procedure in a democratic social order. Government accountability and the control of discretion in light of Bill of Rights guarantees are constant topics. The fourth, fifth, and sixth amendments will be analyzed in some depth. Prerequisite: CJ 299, suggest CJ 297.

CJ 365 Diversity and the Criminal Justice System: 3 semester hours
This course explores relationships between society and the criminal justice system. Particular attention is given to both past and contemporary relationships between the criminal justice system and historically marginalized groups (e.g. based upon race and ethnicity, gender, sexual orientation). Issues of dissent and divergent perspectives on the role of the criminal justice system will be explored. The changing policies and practices of criminal justice agencies in a diverse and democratic culture will also be examined. Prerequisite: CJ 299.

CJ 372 Drugs and Crime: 3 semester hours
This is a course which focuses on the relationship between legal and illegal drugs and crime. This includes an examination of different perspectives on drug use and an examination of the historical characterization of legal and illegal drugs. Students will also examine how illegal drugs, legal and illegal drug use and crime are correlated. The extent of drug use, including types of drugs and patterns of drug use within the constructs of criminal offending will also be covered in the course. Students will also learn about the enforcement of drugs and the control of drug users including correctional programs offered within the criminal justice system, specifically for drug offenders and drug users. Prerequisite: CJ 299.

CJ 380 Sex Offenders: 3 semester hours
This course is a seminar on the contemporary topic of sex offenders. We will explore what constitutes a sex offense, examine different types of sex offenders, and study how society responds to these acts, victims, and offenders.

CJ 390 Special Topics in Criminal Justice: 3 semester hours
This course provides the opportunity for a study of a significant topic, problem, or issue in criminal justice. This course may be repeated once for credit when content varies. Prerequisite: CJ 299.

CJ 410 Senior Seminar: 3 semester hours
This course is a study of select and highly contemporary criminal justice issues. The course format allows students to draw upon and integrate knowledge gained from previous courses and apply it in an area of individual, intensive research. The content will vary. Prerequisites: CJ 154, CJ 299, CJ 302.

CJ 420 Victims of Crime: 3 semester hours
This course focuses on the study of crime victims including the types, extent, patterns, and consequences of victimization. This will include an introduction to victimology and the victim right’s movement. Students will learn about the role(s) of the victim in the criminal justice process and policies and programs designed to address the needs of crime victims. This will include a focus on local victim service agencies. Special attention will be paid to “special classes” of victims of domestic violence, sexual assault, and hate crimes. Prerequisite: CJ 299.

CJ 422 Women and Crime: 3 semester hours
This course is the study of women as criminal offenders, victims of crime, and workers in the criminal justice system. The course content will include an examination of female offending patterns and explanations for those offending patterns, along with an examination of the treatment of female offenders and female crime victims by the criminal justice system. The course will also focus on women as criminal justice professionals working in law enforcement, the courts, and corrections. Prerequisite: CJ 299.
**CJ 426 Media and Crime: 3 semester hours**
This course will focus on the interrelationships among media, crime, and the criminal justice system. Particular attention will be given to the construction of crime in the news and entertainment media, and how those constructions affect citizens’ perception of the crime and the criminal justice system. Policy and legal implications of these perceptions will also be considered. Prerequisite: CJ 299.

**CJ 428 Internship: 3 semester hours**
This is an academically oriented practical experience gained through supervised work assignments with various governmental and private criminal justice-related agencies. The student will have the opportunity to contrast theory and practice. The internship is open to criminal justice majors of junior or senior status and with the consent of the internship coordinator. A student may enroll in and complete a maximum of six (6) semester hours for CJ 428 although only three (3) semester hours may be counted toward the major. Applications for summer and fall semesters must be submitted to the department by February 15. Applications for winter and spring semesters must be submitted to the department by September 15. Prerequisites: CJ 299, junior or senior in good standing, approved application, and consent of the internship coordinator. (1-6 semester hours).

**CJ 445 Independent Study: 3 semester hours**
Independent study courses are specially designed by the student and the instructor. This allows criminal justice majors to pursue research and/or study of a specific area of interest in criminal justice. Prerequisite: CJ 299 and instructor permission.

**Education (ED)**

**Courses**

**ED 100 Reading Tutor: 2 semester hours**
This course is designed for individuals with little or no experience in teaching reading or writing but who have a strong desire to help others become literate. It provides students with an opportunity to tutor in a school setting. As part of a federal literacy initiative, it may by possible to receive work-study funding to act as a tutor. Please contact the course instructor(s) for more information. Open to all students.

**ED 102 Foundations of Education: 3 semester hours**
A basic historical, philosophical, and sociological orientation to the whole field of American education, including a study of contemporary issues and problems; a field experience of thirty hours in an elementary or secondary school is required. This course must be completed with a minimum grade of C (2.00). Prerequisite: Cumulative grade point average of 2.40. (Spring semester, freshman year or fall or spring semester, sophomore year).

**ED 106 An Invitation to Teaching: 1 semester hour**
This course provides an orientation to the Teacher Education Program (TEP) at Mount Mercy. Required training in mandatory reporting and blood borne pathogens is included. This course is required for all education majors. Enrollment along with the first education course at Mount Mercy is recommended. This course must be completed with a minimum grade of C (2.00).

**ED 117 Instructional Programs and Methods in Early Childhood Education: 3 semester hours**
A basic course for early childhood teachers designed to present the history, philosophy and purposes of early childhood education; introduction to procedures in observing, recording, and interpreting behavior of young children; study of various contemporary programs including comparison of theoretical foundations, methods of implementation, and evaluative data; a broad overview of all aspects of setting up and managing a program for young children. This course must be completed with a minimum grade of C (2.00). This course can be taken at Kirkwood Community College as ECE 107: Foundations in Early Childhood. (Fall semester, sophomore year).

**ED 132 Children’s Literature: 3 semester hours**
This course provides a broad survey of children’s literature (birth-12 years). Students will be exposed to a wide variety of genres, authors, illustrators, teaching techniques, and literature response appropriate to the elementary school. This course must be completed with a minimum grade of C (2.00). Prerequisite: minimum cumulative grade point average of 2.40. (Fall or spring semester, sophomore year).

**ED 135 Storytelling: 3 semester hours**
This course will investigate the history and universal nature of storytelling. Through wide reading the students will explore contemporary and traditional literature and a variety of ways to share stories. Students will refine their skills in storytelling and oral interpretation by sharing stories and poetry in area schools/libraries.

**ED 143 Child and Family Nutrition: 3 semester hours**
Examination of the function of nutrition in the child’s development and in maintaining good health; study of factors influencing family eating patterns and the formation of eating habits of the young child; review of government funded nutrition programs affecting young children and their families; exploring techniques for planning group eating experiences and nutrition education for young children. This course must be completed with a minimum grade of C (2.00). This course can be taken at Kirkwood Community College as ECE 133: Child Health, Safety and Nutrition the fall semester of freshman, sophomore or junior year.

**ED 164 Health Awareness and PE Methods: 3 semester hours**
This course will focus on the importance of health, wellness, and physical education for children and those who work with children and families. This course focuses on the research and theories of physical education, wellness, and movement with an analysis of the teaching and learning processes involved. It will provide students with the necessary knowledge to teach fundamental and developmentally appropriate lessons for elementary children in the areas of physical education and wellness. A specific focus will be given to promoting healthy lifestyles in self and others.

**ED 165 Art Methods K-8 for Classroom Teachers: 1.5 semester hour**
A course for the elementary teacher providing a study of the basic theories of child art as well as opportunities to experience the various media and concepts appropriate for use at the elementary level. Students meet one day a week for two hours. Recommended for elementary education majors of sophomore standing or above. This course must be completed with a minimum grade of C (2.00). $20 lab fee.
**ED 166 Art Methods Majors K-8 with reading: 2 semester hours**
A course for art majors who wish to teach art in the elementary school. Special emphasis will be on planning the program, setting up the classroom, and examining current methods of teaching. A field experience in an elementary art classroom is required. This course is open to art minors with the permission of the instructor. The course includes one hour of lecture, two hours of laboratory experience and three hours of school observations each week. This course is required for art majors seeking K-8 teaching certification for art. This course must be completed with a minimum grade of C (2.00). Prerequisites: Art major, junior standing and ED 232.

**ED 203 Theory and Development of Multiple Intelligences: 3 semester hours**
This course will focus upon Howard Garner’s research surrounding the eight intelligences, as distinct, unique but interrelated in nature. Using research in this new area as a basic working framework, classroom exploration of teaching strategies, application techniques and evaluation methods will be the major emphases. Prerequisite: Sophomore standing.

**ED 210 English Language Learner: Reading/Writing Tutor: 3 semester hours**
This course provides students with an overview of working with English Language Learners (ELL). The emphasis is identification of effective strategies for teaching reading/writing to ELL, as well as to develop awareness and sensitivity to their academic needs. Students must complete 20-26 hours of tutoring with individuals experiencing difficulties with reading/writing based on cultural and/or language differences. (It might be possible to receive financial aid from Reading First - Federal Initiative grant). Prerequisites: ED 106 and PS 124, or permission of the instructor. Cumulative GPA of 2.40. This course must be completed with a minimum grade of C (2.00).

**ED 232 Principles of Early Childhood and Elementary Education: 3 semester hours**
This course must be taken at Mount Mercy. This course includes a study of instructional planning, patterns, and strategies. In-class practice will be provided for writing goals and objectives, designing learning activities, and peer teaching. A field experience of thirty hours in kindergarten or elementary school is required. This course must be completed with a minimum grade of C (2.00). Prerequisites: ED 102. ED 253 and ED 232 may be taken concurrently. Cumulative grade point average of 2.70. (Fall semester, junior year).

**ED 234 Principles of Secondary Education: 4 semester hours**
This course must be taken at Mount Mercy. This course includes a study of instructional planning, patterns, and strategies. In-class practice will be provided for writing goals and objectives, designing learning activities, and peer teaching. A field experience of forty hours secondary school is required. This course must be completed with a minimum grade of C (2.00). Prerequisites: ED 102. ED 253 and ED 234 may be taken concurrently. Cumulative grade point average of 2.70. (Fall semester, junior year).

**ED 237 Language Development and Learning Experiences for Young Children: 3 semester hours**
An examination of current research and theories related to speech and language development and relationship of language and thought processes, consideration of children’s conceptual development in relation to their direct experiences; exploration of current programs and curricula designed to foster language acquisition and cognitive development; emphasis on creating an environment where language is encouraged, including design and implementation of language stimulation activities. This course must be completed with a minimum grade of C (2.00) prior to early childhood student teaching. Prerequisites: PS 124 or equivalent. Cumulative GPA of 2.40. (Spring semester, sophomore or junior year).

**ED 253 Educational Psychology: 3 semester hours**
This course examines the psychological conditions and research underlying educational practice. It introduces theories of learning, motivation, pupil variability, assessment, and classroom management. No formal field experience is required, but students will be expected to complete assignments involving up to 10 hours in the schools during semester. This course must be completed with a minimum grade of C (2.00). Prerequisites: PS 101, PS 124. ED 102 or ED 253 prior to or in conjunction with ED 263, and cumulative GPA of 2.40.

**ED 263 Educating the Exceptional Person: 3 semester hours**
An introductory course for students to acquire a general knowledge of each type of exceptionality and available support systems. Emphasis on identification, assessment, and programming for children in a regular classroom. A field experience in a special education setting is required. This course must be completed with a minimum grade of C (2.00). Prerequisites: PS 101, PS 124, ED 102 or ED 253 prior to or in conjunction with ED 263 and cumulative GPA of 2.40.

**ED 267 Introduction to Gifted Learners: 3 semester hours**
This course is an introduction to the unique issues related to teaching high ability students. Emphasis will be on cognitive and affective characteristics of this population, appropriate programming for those needs, and the differentiated integration of such programming into the regular school format.

**ED 268 Music Methods Majors K-8 with reading: 2 semester hours**
Procedures, materials, and methods in teaching music in the elementary school. Lesson planning and practical teaching demonstrations by students. A widely-used textbook series will be surveyed, and music appreciation material suitable for children will be presented. This course includes a field experience in an elementary music classroom. Content area reading component included. This course must be completed with a minimum grade of C (2.00). (Spring semester).

**ED 269 Music Methods K-8 Classroom Teachers: 1.5 semester hour**
A course for elementary school teachers who are not majoring in music. Students will be assisted in increasing their ability to sing and play classroom instruments. Methods and content appropriate for the various grades will be studied. Content area reading component included. This course must be completed with a minimum grade of C (2.00). (Fall and spring semesters).
ED 270 Care & Education of Infants & Toddlers: 3 semester hours
This course will provide students with a basic understanding of infant and toddler development and of principles for establishing appropriate programs for this age group. Emphasis will be placed on cooperation with parents, the caregiver’s role, use of routines, and developmental issues as key elements in effective home and group-based programs. The class will include a field experience component. This course can be taken at Kirkwood Community College as ECE 221: Infant/Toddler Care and Education. This course must be completed with a minimum grade of C (2.00). (Winter term, sophomore or junior year).

ED 272 Creative Experiences for Young Children: 4 semester hours
A review of young children’s physical, intellectual, social, emotional, and spiritual growth with implications for instructional procedures, assessments, and guidance practices; Study of the value of play and creative activities in facilitating children’s development; using evidence based practice in planning, implementing, managing and evaluating learning experiences to meet individual and group needs of children ages three through six with emphasis on Iowa Early Learning Standards 7,8,9, and 12. weekly field experience in a prekindergarten setting. This course must be completed with a minimum grade of C (2.00) prior to or in conjunction with ED 272; Cumulative GPA of 2.40, (spring semester, Sophomore or Junior year).

ED 290 Education Travel Abroad: 1 semester hour
This course will allow students in Education to explore, compare, and contrast the education system and teacher preparation programs in the United Kingdom with that of the United States. Students will attend classes at Christ Church in Canterbury in Education. Additionally, they will visit local schools to examine curricula and routines/policies. Students will finally visit London and experience cultural exhibits to determine the value these exhibits might bring to their classrooms here in the Midwest.

ED 305 Adolescent Literature: 3 semester hours
This course emphasizes the role of the classroom teacher in the selection of appropriate literature for middle and high school learners. Students will be exposed to a variety of teaching techniques for reading and responding to literature. Class assignments will provide the opportunity to read and evaluate contemporary as well as classical literature for adolescents. (Alternating spring semesters).

ED 306 Learning Environments for Young Children: 3 semester hours
A review of history, theory, research, policies, organizational practices, and contemporary curriculum models impacting preschool and kindergarten programs; employing developmentally appropriate assessments and early learning standards to plan and implement challenging learning experiences with application to literacy, mathematics, and science for children ages three to six (Iowa Early Learning Standards 8,10, and 11); supporting key cognitive skills and positive approaches to learning that acknowledge individual differences, support competence, and promote school success of young children. Emphasis on evidence-based practice as a foundation for professional decision making and on identified dispositional qualities on effective educator this course must be completed with a minimum grade of C (2.00) prior to student teaching. Prerequisites: PS 124, ED 117 required, ED 237 recommended. Cumulative GPA of 2.40.

ED 309 Reading and Language Arts in the Primary Classroom: 3 semester hours
This course is designed to offer the prospective Early Childhood teacher a developmental overview of methods, assessments and instructional techniques to support and develop early literacy and the teaching of reading and language arts in an integrated manner. Emphasis is given to both theoretical and practical development as students work in a primary classroom applying various methods and instructional techniques. A field experience of thirty hours in a primary classroom is required. This course must be completed with a minimum grade of a C (2.00) prior to student teaching. Prerequisites: ED 132, Cumulative GPA of 2.60 prerequisite or corequisite of ED 232. (Fall semester, junior year).

ED 311 Reading and Language Arts in the Intermediate Classroom: 3 semester hours
This course is designed to offer the prospective teacher an overview of methods, assessments, and techniques of teaching content area reading and the language arts in an integrated manner. Emphasis is given to both theoretical and practical developments as students work in the classroom applying various techniques. A field experience in an intermediate or middle school is required. This course must be completed with a minimum grade of C. Prerequisites: ED 233, acceptance into the Teacher Education Program.

ED 313 Prescriptive Reading Instruction: 4 semester hours
This course deals with the nature and cause of reading disability and remedial treatment of reading difficulties. Current techniques as well as research in the field will be discussed. Students will use remedial reading techniques in tutoring children in the schools. A field experience in an elementary reading classroom is required. This course must be completed with a minimum grade of a C (2.00) Prerequisites: ED 237, ED 309, ED 311 prerequisites or corequisite; ED 314 recommended. Cumulative GPA of 2.6. (Spring semester Junior or Senior year).

ED 314 Diagnostic Reading: 3 semester hours
The major emphasis in this course is on diagnosis of reading difficulties. Tests, testing procedures, and informal diagnostic techniques are examined and discussed. Students will have practice administering and interpreting test results. Current research in the area of diagnostic reading will be studied. This course must be completed with a minimum grade of a C (2.00). Prerequisites: ED 237 and ED 309 prior to or in conjunction with ED 314. Cumulative GPA of 2.6. (Spring semester, junior or senior year).

ED 315 Middle School Methods: 3 semester hours
The middle school educational philosophy focuses on meeting the unique developmental needs of the early adolescent. This course will prepare the student to implement the middle school philosophy through the study of innovative curricula design and appropriate teaching methods and strategies. This course includes a middle school field experience. This course must be completed with a minimum grade of C (2.00). Prerequisite: ED 233 or permission of the instructor. Recommend PS 214, characteristics unique to the middle school student, prior to ED 315. (Every other winter term).

ED 319 Social Studies Methods for Elementary Teachers: 3 semester hours
This course concerns the objectives, concepts, and procedures of teaching social studies in the elementary and middle school. Emphasis is given to problems involved in developing and implementing a social studies program as well as considering recent trends in social studies education. This course must be completed with a minimum of a C (2.00). Prerequisite: ED 233 and GPA of 2.60.
**ED 323 Art Methods Majors 5-12 (with reading): 2 semester hours**
A study and practicum in current theories and methods for teaching art in the secondary classroom. This course includes one hour of lecture, two hours of laboratory experience and field experience. Content area reading component included. This course is required for art majors seeking teacher certification 5-12 in art. This course must be completed with a minimum grade of C (2.00). Prerequisites: Art major, junior standing and ED 234. $30 lab fee. (Spring semester).

**ED 324 Music Methods Music Majors 5-12 (with reading): 2 semester hours**
A study and practicum in current theories and methods for teaching music in the secondary classroom. This course includes a field experience. Content area reading component included. This course is required for music majors seeking teacher certification 5-12. This course must be completed with a minimum grade of C (2.00). Prerequisites: music major, junior standing and ED 234. (Spring semester).

**ED 325 Methods - Business 5-12 (with reading): 4 semester hours**
This course provides prospective secondary school business teachers with instruction in recommended methods and content standards pertinent to the academic subject area. Content area reading skills and teaching techniques are also examined. A field experience in a middle school or high school is required. This course must be completed with a minimum grade of C (2.00). Prerequisite: Acceptance into the teacher education program and ED 234.

**ED 326 Methods - English Language Arts 5-12 (with reading): 4 semester hours**
This course provides prospective secondary school English/Language Arts teachers with instruction in recommended methods and content standards pertinent to the academic subject area. Content area reading skills and teaching techniques are also examined. A field experience in a middle school or high school is required. This course must be completed with a minimum grade of C (2.00). Prerequisite: Acceptance into the teacher education program and ED 234.

**ED 327 Methods - Mathematics 5-12 (with reading): 4 semester hours**
This course provides prospective secondary school mathematics teachers with instruction in recommended methods and content standards pertinent to the academic subject area. Content area reading skills and teaching techniques are also examined. A field experience in a middle school or high school is required. This course must be completed with a minimum grade of C (2.00). Prerequisite: Acceptance into the teacher education program and ED 234.

**ED 329 Methods - Social Sciences 5-12 (with reading): 4 semester hours**
This course provides prospective secondary school social science teachers with instruction in recommended methods and content standards pertinent to the academic subject area. Content area reading skills and teaching techniques are also examined. A field experience in a middle school or high school is required. This course must be completed with a minimum grade of C (2.00). Prerequisite: Acceptance into the teacher education program and ED 234.

**ED 331 Parent-School Relationships: 3 semester hours**
Study of factors within the home setting which may influence a child's development and behavior with an emphasis on the importance of parent involvement in early childhood and elementary programs; a study of factors affecting parent-school interaction and the need for cooperative effort in encouraging and guiding the learning experiences of children with and without disabilities; examination of techniques for parent involvement and methods of working with home and community resources to enhance development of the child's potential. An elective for elementary education students, offered concurrently with ED 332 but does not include a field experience. Prerequisites: PS 124, senior status or consent of instructor. (Spring semester, senior year).

**ED 332 Parent-School Relationships: 3 semester hours**
Study of factors within the home setting which may influence a child's development and behavior with an emphasis on the importance of parent involvement in early childhood and elementary programs; a study of factors affecting parent-school interaction and the need for cooperative effort in encouraging and guiding the learning experiences of children with and without disabilities; examination of techniques for parent involvement and methods of working with home and community resources to enhance development of the child's potential. Required for the Teacher-Prekindergarten through Grade 3 including Special Education endorsement and for the Teacher - Prekindergarten endorsement. Includes a field experience. This course must be completed with a minimum grade of C (2.00). Prerequisites: PS 124, senior status or consent of instructor and cumulative GPA of 2.70. (Spring semester, senior year).

**ED 333 Methods 5-12 Journalism: 2 semester hours**
This course provides prospective secondary school journalism teachers with instruction in recommended methods pertinent to the subject area. Field work will be included. This course must be completed with a minimum grade of C (2.00). Students must also complete one (1) of ED 325 to ED 330. Prerequisite: Acceptance into the teacher education program.

**ED 340 Educ Internship: Non-Licensure: 6 semester hours**
Supervised internship in school or community agency working in an education capacity with children. This option does not lead to Iowa teaching license.

**ED 341 Educ Internship: Non-Licensure: 12 semester hours**
Supervised internship in school or community agency working in an education capacity with youth. This option does not lead to Iowa teaching license.

**ED 342 Educ Internship: Non-Licensure: 3 semester hours**
Supervised internship in school or community agency working in an education capacity with youth. This option does not lead to Iowa teaching license.
ED 345 Math Methods for Elementary Teachers I: 3 semester hours
This course is designed to offer Elementary teachers an introduction to what it means to teach math for understanding including the essential skills and characteristics this entails. Emphasis will be placed on the pedagogical content knowledge necessary for the elementary teacher within the following mathematical strands: number and operation (including early number concept development, building meaning for the operations place value concepts and rational numbers) and measurement. An associated field experience which exceeds state mandated hours is required. This course must be completed with a minimum grade of C (2.0) prior to student teaching. Pre or co-requisite: ED 232.

ED 346 Math Methods for Elementary Teachers II: 3 semester hours
This course is designed to offer elementary teachers a continuation of the work completed in Math Methods for Elementary Teachers I, to further develop the principles of mathematics education within the strands of algebra, geometry, and data analysis & probability. Focus will be upon integration of the content, teaching strategies and unique content knowledge for teaching necessary for the elementary teacher. Additionally, students will integrate and apply research-based processes to develop student learning including problem-solving, reasoning and proof, communication, connections, and representation. An associated field experience which exceeds state mandated hours is required. This course must be completed with a minimum grade of C (2.0) prior to student teaching.

ED 347 Science Methods for Elementary Teachers: 3 semester hours
This course examines the instructional methods and associated science content, skills, and attitudes needed in the elementary classroom across the content strands of life, physics and earth/space science. Inquiry and technology opportunities as well as science education issues are explored. Enrollment concurrent with the methods field experience is required. This course must be completed with a minimum grade of C (2.00) prior to student teaching. Prerequisite: ED 232 and a GPA of 2.60.

ED 350 Classroom Management: Behavior Strategies: 2 semester hours
This course will provide students with a basic understanding of principles of effective classroom management and preventive approaches. Observation techniques will be taught as a basis for analyzing and addressing special needs. Classroom observations will be required. This course is an elective course for students majoring or minoring in Education. It is a required course for students seeking a special education endorsement. This course must be completed with a minimum of a C (2.00) for endorsement consideration. Prerequisites: ED 102 (ED 253 can be taken concurrently).

ED 351 Student Teaching - Art K-8: 6 semester hours
Student teaching.

ED 352 Student Teaching in the Elementary School: 6 semester hours
Student teaching.

ED 353 Student Teaching in the Elementary School: 12 semester hours
Student teaching.

ED 354 Student Teaching in the Secondary School: 6 semester hours
Student teaching.

ED 355 Student Teaching in the Secondary School: 12 semester hours
Student teaching.

ED 356 Student Teaching - Art 5-12: 6 semester hours
Student teaching.

ED 357 Student Teaching - Music K-8: 6 semester hours
Student teaching.

ED 358 Student Teaching - Music 5-12: 6 semester hours
Student teaching.

ED 359 Student Teaching in Kindergarten: 6 semester hours
Student teaching.

ED 360 Student Teaching in Pre-Kindergarten: 3 semester hours
Student teaching.

ED 361 Student Teaching - Instructional Strategist I K-8: 6 semester hours
Student teaching.

ED 362 Student Teaching - Instructional Strategist I 5-12: 6 semester hours
Student teaching.

ED 363 Student Teaching in Prekindergarten: 6 semester hours
Student teaching.

ED 364 Student Teaching - Art K-8: 12 semester hours
Student teaching.

ED 365 Student Teaching - Art 5-12: 12 semester hours
Student teaching.

ED 366 Student Teaching in Music K-8: 12 semester hours
Student teaching.

ED 367 Student Teaching in Music 5-12: 12 semester hours
Student teaching.

ED 368 Student Teaching - Instructional Strategist II K-8: 6 semester hours
Student teaching.

ED 369 Student Teaching - Instructional Strategist II 5-12: 6 semester hours
Student teaching.

ED 370 Education Leadership Seminar: 2 semester hours
This course focuses on topics of special importance to students culminating their undergraduate preparation and assuming leadership roles in classroom and school settings. Key topics include: classroom management techniques; participating in professional meetings; managing and supervising adults as well as students; conducting parent conferences; developing a professional portfolio; interviewing and resume development; and understanding professional contracts and licensure. This is the capstone seminar in the Teacher Education program, and it is required in conjunction with the appropriate student teaching course(s). Prerequisites: ED 232/234 and ED methods courses with at least a grade of C (2.00) in each. Acceptance into student teaching required. (Fall semester, senior year).

ED 371 Special Education Foundations: 3 semester hours
This course will focus on current trends and issues facing teachers who work in multicrogical programs. Theory and practice and the importance of multidisciplinary teams in special education will be examined. This course must be completed with a minimum grade of C (2.00). Prerequisite: ED 263 or permission of instructor, cumulative GPA of 2.40.
ED 372 Collaborating with Parents and Professionals: 2 semester hours
Emphasis will be on the development of methods and techniques for working with parents, professionals and paraprofessionals using a team approach. An understanding of the needs of families raising children with special needs and partnership strategies will be stressed. This course must be completed with a minimum grade of C (2.00). Prerequisite: ED 263 or permission of instructor, cumulative GPA of 2.40.

ED 373 Teaching the Learning Disabled Student: 3 semester hours
This course focuses on specific strategies and methods to use with students who are learning disabled. Students will have opportunities to examine and develop appropriate curricular materials for the learning disabled student in the areas of reading, language arts, social studies, science and math. Strategies to help students develop appropriate social skills also will be explored. This course must be completed with a minimum grade of C (2.00). Prerequisites: ED 263 and ED 371 or permission of instructor.

ED 374 Teaching the Student with a Behavioral Disorder: 3 semester hours
This course focuses on the characteristics and treatment of students with behavior disorders. Curriculum and techniques appropriate for students with behavioral disorders will be examined. This course must be completed with a minimum grade of C (2.00). Prerequisites: ED 263 and ED 371 or permission of instructor.

ED 375 Classroom Management for Education Majors: 1 semester hour
This course is designed to provide students with a basic understanding of the principles and techniques for establishing a positive learning environment that encourages positive social interaction, active engagement, and self-regulation for all students. In addition, this course will provide pre-service teachers a variety of techniques for implementing classroom procedures and routines that supports safety, high learning expectations and effective use of instructional time. Course must be completed with a minimum grade of C (2.00). Co-requisite: Student Teaching.

ED 376 Methods for Instructional Strategist I K-8: 3 semester hours
Curriculum and instructional techniques for working with the mildly handicapped will be studied. Environmental considerations, teaching methods, and instructional variables will be considered. Ways to design, implement and adapt lessons for the K-8 student with learning problems will be examined. A field experience component is required. This course must be completed with a minimum grade of C (2.00). Prerequisites: ED 371, ED 380, and ED 232, cumulative GPA of 2.4.

ED 377 Methods for Instructional Strategist I 5-12: 3 semester hours
Curriculum and instructional techniques for working with the mildly handicapped will be studied. Goals, content, materials, and teaching strategies for specific subject matter at the 5-12 level will be emphasized. Ways to adapt subject materials will be analyzed. A field experience component is required. This course must be completed with a minimum grade of C (2.00). Prerequisites: ED 371, ED 380, and ED 234, cumulative GPA of 2.70.

ED 378 Transition: 2 semester hours
This course will explore various models used for training students with special needs as they move from school to adulthood. Career assessment, transition planning, supported empoloyment, and interagency services will be examined. This course must be completed with a minimum grade of C (2.00). Prerequisite: ED 371.

ED 379 Human Relations: 3 semester hours
This course must be taken at Mount Mercy or an approved 4-year college. A study of cultural diversity in America with emphasis on the development of sensitivity to and appreciation of the ethnic, religious, and socio-economic backgrounds of persons and groups found in our pluralistic society. Methods include lectures, discussions, case studies, interviews, and field experiences. The course is designed to satisfy the human relations requirement for teacher certification in Iowa. The Iowa Department of Education will not recognize a letter grade of less than C (2.00) in human relations. Prerequisites: ED 232/234. (Spring semester, junior or senior year).

ED 380 Characteristics of Learners with Mild/Moderate Disabilities: 3 semester hours
This course will introduce students to those common traits and characteristics of students with disabilities that would typically be found in the Level I special education programs in the state of Iowa. Students will develop an understanding of the etiologies of these disabilities, be given an overview of current trends in educational programming for individuals with mild and moderate disabilities, and explore the characteristics of individuals with mild and moderate disabilities. This course must be completed with a minimum grade of C (2.00). Prerequisites: ED 263 and ED 371 or permission of instructor.

ED 382 Methods for Instructional Strategist II K-12: 3 semester hours
Curriculum and instructional techniques for working with students in Instructional Strategist II programs will be studied. Environmental considerations, teaching methods, management, and instructional variables will be considered during this course. In addition, ways in which to adapt curriculum, implement instruction at the Level II setting, and materials available to use at this level will be examined. Students will be exposed to a functional curriculum. A field experience component is required. This course must be completed with a minimum grade of C (2.00). Prerequisites: ED 262, ED 232, and ED 371, cumulative GPA of 2.70.

ED 383 Methods for Teaching LD & BD Students: 3 semester hours
This course is designed for the study of those characteristics of students with learning disabilities and/or behavior disorders. Study will include strategies for teaching those with these disabilities. Students will participate in projects, discussions, and activities that will require they apply this knowledge. Students will complete a field experience in a Level II or III Special Education classroom. Co-requisites: ED 232/234, ED 263, ED 371 and cumulative GPA of 2.70.
ED 385 Tests, Measures, and Assessment: 3 semester hours
This course will introduce students to topics in the field of psychological testing and assessment. Topics will include the criteria by which tests are judged, discussion of ethical concerns in testing, and a review of norm referenced and criterion referenced tests used to assess students in special education programs. Students also will explore other diagnostic measures such as progress monitoring and procedures. Classroom assessment will be examined, especially as it relates to the special education process. In addition, students will administer practice tests and probes. This course must be completed with a minimum grade of C (2.00). Prerequisites: ED 263 and ED 371 or permission of instructor.

ED 391 Student Teaching - Instructional Strategist II K-8: 3 semester hours
Student teaching.

ED 392 Student Teaching - Instructional Strategist II 5-12: 3 semester hours
Student teaching.

ED 393 Student Teaching - Art (K-8): 3 semester hours
Student teaching.

ED 394 Student Teaching - Art 5-12: 3 semester hours
Student teaching.

ED 395 Student Teaching - Music K-8: 3 semester hours
Student teaching.

ED 396 Student Teaching - Music 5-12: 3 semester hours
Student teaching.

ED 415 Field Experience: 1 semester hour
This course is designed primarily for transfer students who may need a course to satisfy one of the field experience requirements. This course would fulfill the field experience requirement for ED 102 Foundations of Education. Students desiring additional field experience also may enroll in this course with permission of the instructor. Students enrolling in this class will receive placement to work in a community school during the semester. This placement will be in an elementary, middle school or secondary school classroom.

ED 416 Field Experience Exceptional Persons: 1 semester hour
This course is designed primarily for transfer students who may need a course to satisfy one of the field experience requirements. This course would fulfill the field experience requirement for ED 263 Educating the Exceptional Person. Students desiring additional field experience also may enroll in this course with permission of the instructor. Students enrolling in this class will receive a placement to work in a special education classroom during the semester.

ED 417 Field Experience for Education: 1 semester hour
This course is designed primarily for students who may wish to complete a field experience in a term when they are not placed in the field in association with another education course. Students may also be advised/required to complete this course when taking ED 232 - Principles of Early Childhood and Elementary Education) in conjunction with another course requiring a field placement. Students enrolling in this course will be placed in an early childhood, elementary, middle or high school classroom.

ED 430 Special Topics: 3 semester hours
This course will focus on important topics and issues in education.

ED 441 Independent Study: 1 semester hour
Study topics will be designed by the student in consultation with the instructor.

ED 442 Independent Study: 2 semester hours
Study topics will be designed by the student in consultation with the instructor.

ED 443 Independent Study: 3 semester hours
Study topics will be designed by the student in consultation with the instructor.

Film Studies (FS)

Courses

FS 101 Introduction To Film Studies: 3 semester hours
This course will talk about how and why people respond to film by examining the fundamentals of film by examining the fundamentals of film analysis (the various language systems and techniques used by film makers to generate meaning). The primary emphasis will be on feature-length narrative fiction films, with occasional study of documentaries, animation, and experimental cinema.

FS 150 Introduction to Film Adaptation: 3 semester hours
This course will study the common practice of creating film adaptations of all kinds: form literature, graphic novels, musicals, telev ision scipts, history, etc - for instance, adapting works such as Pride and Prejudice, No Country for Old Men, the short story "Million Dollar Baby", the musical Chicago, the Sherlock Holmes mysteries, the graphic novel Persepolis, the comic book series of Batman. This writing intensive class fulfills the literature requirement in the Expressive Arts domain.

FS 210 Major Film Directors: 3 semester hours
This course will study the films of some of the most important directors from the beginning of film to the present. This course may take a number of different approaches: it may study many different directors from many countries, one specific director, or directors from one country. In the process, it will talk about what a director does and about the distinct careers of these important filmmakers.

FS 220 Film Genres: 3 semester hours
This course will study Genre filmmaking by focusing on one or more of the major film genres. Genre cinema has always been one of the more prolific, profitable, and sometimes artistic arenas for all kinds of filmmakers and has led to the creation of some of the world's greatest films (Singin’ in the rain, The Godfather, and Raging Bull as examples) and to some of the worst. Students will examine the characteristics of genre filmmaking, look at how the genre film has been one of America’s most constant social exports, and identify the thematic/structural concerns with the specific genres.

FS 230 Studies In Foreign Film: 3 semester hours
This course will study some of the most important foreign films (including films for the United Kingdom) that have been produced since the beginning of cinema history until the present. This course may study films from many different countries or concentrate on the cinema of only one country.

FS 240 History of Film: 3 semester hours
This course examines the history of film, especially the narrative film from its advent at the end of the 19th century up until the present. It will look at films from many different countries as it examines the silent era of cinema, the coming of sound and color, the growth of the major studios in Hollywood, Post World War II cinema, The French New Wave, Third World Cinema, and the New American Cinema. Cross listed with HI 240.
FS 260 Spanish Conversation, Film and Culture: 3 semester hours
The main objective of this course is to provide students the possibility to converse while expanding their vocabulary and widening their cultural perspective on Latin America and Spain through the study of film. Conducted in Spanish. Prerequisite: SP 201 proficiency.

FS 265 Politics and Film: The Art of the Message: 3 semester hours
This is not a popcorn and movies class; it is a course to introduce students to a range of political films and to develop their skills in understanding and analyzing their political significance and influence. Film has a broad and persuasive appeal to a significant cross-section of the public. Whether through intentional documentary, dramatic renderings of historical events or timely issues, fictional drama dealing with big issues, or though satire, the cinema has been a powerful medium in influencing public views on the events, people, and places that make up our complex political world. The purpose of this class is to introduce the student to the portrayal of that complex political world through film, its effect on the thinking and attitudes of the public, and ultimately its role in shaping public policy and decision-making.

FS 280 Topics In Film Studies: 3 semester hours
This course will study a specific major topic in film studies. Course content will vary. The course with different content may be repeated.

FS 441 Independent Study: Film Studies: 1 semester hour
Independent Study.

FS 442 Independent Study: Film Studies: 2 semester hours
Independent Study.

FS 443 Independent Study: Film Studies: 3 semester hours
Independent Study.

General Studies (GS)

Courses

GS 102 Paper Making: 3 semester hours
There is something special about the beauty and quality of handmade paper. In this course the student will discover that making paper is both enjoyable and rewarding. Processes that were similar to those started over 2,000 years ago by the Chinese will be used. Students will learn how to beat pulp, make a screen consisting of a cold and deckle, size and press paper. Students will have the opportunity to make paper for albums, portfolios, diaries and notepapers. Experimental approaches will be introduced such as laminating, shaping, embossing and casting. Reference will be made to historical examples throughout the course. A field trip to a paper-making facility is planned. Also a guest artist will demonstrate processes and provide “hands-on” experiences. No prerequisites.

GS 105 Advanced Spreadsheet Applications I: 3 semester hours
Computer spreadsheet programs have many applications across numerous disciplines. This course explores the many features of Microsoft Excel in detail. Included will be a review of basic spreadsheet techniques along with an in-depth study of planning and formatting spreadsheets, database and charting functions included in spreadsheet software and macros which are “mini” programs that make spreadsheets easier to use. Students will be required to participate in a scheduled computer lab in which they will work on various required assignments. Class will be held in the computer classroom. This course may not be applied to any major or minor. It is recommended that students taking this course have a basic understanding of math, accounting or finance. This course is not recommended for freshmen.

GS 107 Pers Investing For Non-Bus Maj: 3 semester hours
All people make investments, but most people do not really know if their investment choices are appropriate. Hence, many people invest way too conservatively while others blindly follow the advice of investment professionals who may be more concerned with their commissions than their customers’ well-being. This course will help individuals choosing an overall investment portfolio to meet various long-term and short-term goals. Various investments will be examined, including: CD’s, savings bonds, treasury issues, corporate bonds, real estate, preferred stock, common stock and mutual funds. The risks and returns of each type of investment will be discussed in terms of specific goals and time frames. This course may be taken by marketing, management or accounting majors by petition only.

GS 109 Health Care Dilemmas: 3 semester hours
The purpose of this course is to heighten the student’s awareness of some current health care dilemmas confronting our society. Using the case study approach, this course will explore the ethical aspects of these dilemmas that result from our modern medical technology, a technology that makes almost anything possible today in terms of health care. With this kind of possibility, the dilemma soon arises: what should we do when there is very little we can do? Further complicating this issue today is the growing concern over health care costs and attempts to keep these costs down through various managed care plans. The dilemmas explored in this course include: 1) quality versus quantity of life, 2) care of the hopelessly ill and the right to die, 3) mercy killing/euthanasia and assisted suicide, 4) health care costs and accessibility and 5) the impact of technology on our health care delivery and options. The purpose of the course is to provide the student a framework within which to analyze these issues based on ethical theories, principles and rules. These are issues which individuals and society must address. Audiovisuals and guest speakers will be used. No prerequisites.

GS 112 Corporal & Spiritual Acts Of Mercy: 3 semester hours
The purpose of this course is to enhance spiritual development. Students also are invited to explore how God works through the “poorest of the poor” to strengthen faith and offer opportunities for grace. While exploring the corporal and spiritual acts of mercy as modeled by Jesus Christ, Mother Teresa of Calcutta, and others, students will have opportunities to perform such acts, gain a deeper understanding of personal abilities and beliefs, and explore how society treats the poor. During a week-long travel experience, students will assist indigent persons from various cultural backgrounds within an urban environment, such as inner-city Chicago.
**GS 114 Women In Third World: 3 semester hours**
A socio-political analysis of women’s role in the developing world. The course primarily deals with issues like gender equality, political and social participation, the role of the women in traditional and modern settings, and how the social change has altered the role and responsibilities of the women in the developing world.

**GS 115 Women’s Health: 3 semester hours**
Women’s health and health issues are a concern of women and health care providers. Women are living longer and want to remain healthy over their lifetimes. For healthy aging, a woman must develop good life-style habits while young. Some of the topics included are: healthy living, sexuality (puberty, family planning, sexually transmitted infections, childbearing, and menopause), mental health, eating disorders, violence, and cancer.

**GS 119 Healthy Lifestyle: 3 semester hours**
This course will help students recognize personal health habits and explore methods to establish healthy lifestyles. Strategies for improving overall health and physical fitness will be utilized. The classroom component addresses a variety of topics related to emotional physical health. An aerobic exercise component to this class is included.

**GS 120 Complementary Therapy&Wellness: 3 semester hours**
Over the past 20 years, American health care has shifted from a biomedical model toward a holistic approach that incorporates physical, emotional, social, environmental, intellectual and spiritual dimensions of wellness. Therapies from non-western medicine (such as acupuncture, herbal supplements, yoga, massage, medication) are used in conjunction with traditional western medicine as “complementary therapies” with the goal of health promotion. As current or potential future users of complementary therapy, college students will benefit from defining various complementary therapy modalities, exploring current research, and evaluating practitioners’ qualifications. To enhance cultural sensitivity, healing practices from other cultures and cultural influences on health beliefs and health practices will be addressed.

**GS 122 Mental Illness: 3 semester hours**
In this course, students are given the opportunity to learn about mental disorders from the perspective of patients, families and professional caregivers as described in popular films and in literary works such as autobiographies and novels, as well as from personal accounts by guest speakers and from case studies.

**GS 123 Introduction To Business: 3 semester hours**
This is a survey course designed for non-business or undecided majors desiring an understanding of the fundamentals of business. Topics covered in the course will include the current business environment, the functional areas of business, practical business skills, core business terminology and current issues in business. Contemporary business issues to be discussed include business ethics and social responsibility, doing business in a global environment, e-business and customer relationship management. Not recommended for business majors and does not count toward any of the business majors.

**GS 127 On Fatherhood: 3 semester hours**
A child’s relationship with his/her father is one of the most influential in his/her life. Fathers are the first men children ever love, and fathers ultimately teach children what men are. This course is designed to enable students to develop an understanding of a wide range of issues related to fatherhood and the father-child relationship in contemporary America. The course will examine the impact father have on children’s development, various styles of fatherhood, father/daughter and father/son relationships, single and divorced fathers, gay fathers and stepfathers. The class will include lecture/discussion, speakers, and films. There will be required readings, a final exam, and a short documented paper. No prerequisite.

**GS 128 Strength Training With Weights: 3 semester hours**
This course will involve both lectures and weight-training sessions. The lectures will address such topics as free weights versus weight machines, high reps versus low reps, various routines and exercises, diet, dietary supplements like amino acids, potential benefits from aerobic exercise, the dangers of steroids, and what muscles are affected by various exercises. This course is designed for students who are primarily interested in gaining strength rather than doing aerobic exercise. Also it is designed for the beginning to intermediate lifter and not for the advanced lifter. No prerequisites.

**GS 132 Cartooning: College Educated Doodling: 3 semester hours**
Are you a closet cartoonist? If you have cute or even weird little works of art - better known as doodles - filling the margins of the class notebooks you are using this term, you just may be a closet cartoonist. In a workshop format, this course will explore the basics of how to turn your doodles into finished cartoons. We will discuss and enjoy the humor of published single-panel magazine cartoons, focusing on aspects such as drawing style, facial expressions, effective composition, caption writing, what makes the cartoon work, and many other elements. However, because practice and more practice is the most important element in producing effective cartoons, we will spend a significant amount of time creating and rendering original cartoons. Interspersed with the practice we will view select videos that demonstrate various techniques of cartooning. We will also view several videos where several professional cartoonists discuss their style, their simulations, and other interesting aspects of their professional careers.

**GS 136 End Of Life: Caring For the Caregiver: 3 semester hours**
This course is designed for students who utilize a range of skills in their work. This course will address the impact of death on the professional, the family members and the patient. Death will be discussed through the life cycle with focus on steps following death of a patient, the grieving process, staying positive in handling emotions, and other topics related to death. The class will utilize panel discussions, field trip to local funeral home, in class discussion, and reflections.
GS 140 Film Noir: 3 semester hours
Flashing neon signs reflecting from the wet pavement of dimly lit streets, shady characters lurking in doorways, cynical anti-heroes and dangerous women - these are the ingredients of film noir, a uniquely American style of movie making first identified by French film critics in the early 1950s. Essentially a "B" picture genre existing at the fringes of mainstream Hollywood during the forties and fifties, film noir nevertheless attracted major directors as diverse as Jogn Huston, Billy Wilder, Orson Welles, and Alfred Hitchcock, artists whose contributions to the genre are counted among the masterpieces of American film. This course will trace, through the screening of 11 films and an examination of two short novels, the history of film noir from its roots in the detective fiction of the twenties and thirties through its influence on present day film directors, who continue to find inspiration in the shadowy world of moral ambiguity tucked away in the dark corners of our collective subconscious.

GS 151 Introduction to Dramatic Art: 3 semester hours
This course is designed to sharpen the lens through which you view a theatrical production or film, with the aim of creating a more deeply satisfying experience as a participant or audience member. Through the reading of plays covering many styles, periods and genres, and guided in-class analysis of these texts, you will learn how the pieces of the play work together to support the overall telling of the story. We will also discuss how the theatre functions as a body, the roles of the designer, director, playwright and actor, and how each individual's artistic contribution works to create an effective piece of dramatic art. Through the completion of this course you will gain a deeper appreciation for the work of the theatre and also a deeper understanding of its role in humanity and its impact on society. This course counts as an expressive arts domain fine arts course.

GS 157 American Food: 3 semester hours
The course will explore the health and sustainability of the American diet. What goes into growing and processing the food we eat? How do food marketers and regulators influence what we choose to consume? How do those choices in turn impact our health? We will look at fast food, organic food, and the global food market as we talk about the impacts on the environment, public health, and personal nutrition. Through lectures, films, and field trips we will see first hand where our food comes from and we will be able to make informed, purposeful choices about what we decide to eat.

GS 158 Culture And Biology Of Belize: 3 semester hours
A travel course that will spend part of the term in Belize. Points of interest will include Mayan ruins, lowland tropical rainforest, how the Mayans use the plant and animals, visits to a Mayan village, snorkeling in coral reefs to study the ecosystem, and other sites in Belize. Prerequisites: permission of the instructor and deposits at appropriate times.

GS 160 Scrapbooking: 3 semester hours
Scrapbooking has become a very popular form of documenting one's life utilizing pictures and journaling to pass on to future generations. For many, it is a creative outlet to express themselves, who they are, what is important to them, and their relationships with others. Students will learn about the basics supplies, tools and quality of materials used in scrapbooking as well as be introduced to new tools and techniques available today. Students will also learn to recognize and practice utilizing elements of art (the use of space, color, lines, shapes, texture) and art principles (unity, balance, rhythm, proportion, and point of interest) as they relate to the composition of scrapbook pages. In addition, specific assignments will challenge students to utilize art elements and principles to effectively communicate feelings and emotions in their scrapbook pages. Some examples include pages that express what is important and not important to you, what does family mean to you, what kinds of relationships you have with different people, and how you deal with difficult situations.

GS 164 Fryer Oil to Freeways: Biodiesel: 3 semester hours
Millions of gallons of petroleum diesel fuel are sold annually in Iowa for use in transportation vehicles, agricultural equipment, and as home heating oil. Fossil fuels are nonrenewable and their use contributes to greenhouse gas emissions that are closely linked to the important issue of global warming. A renewable fuel such as biodiesel is a viable alternative. This course will introduce students to this renewable fuel and will examine North American energy consumption, efficiency and how these relate to pollution and climate change. We will also examine the geopolitics of oil and its production limits. The pros and cons of biodiesel will be examined and we will consider feed stocks used for production of biodiesel, including use of waste vegetable oil. The elementary chemistry of biodiesel production will be covered, as will quality control testing of the final product. Students will actually produce a mini batch of biodiesel fuel.

GS 170 Czech Language and Culture: 3 semester hours
This intensive, summer four-week course in the Czech language is taught at Palacky University in the Czech Republic through its Summer School of Slavonic Languages. Classes include a foundation of Czech grammar, and intensive practice in reading and developing conversational skills. Language classes are augmented by lectures and seminars on Czech history, language, and culture, and by excursions to Czech cultural sites such as Prague, national parks, and castles. A final exam and reflective journal are required. The student is responsible for additional costs, including travel to the Czech Republic. Special application and permission of the Office of International Programs is required.

GS 171 Meditation And Its Benefits: 3 semester hours
This course is designed to explore meditation from various disciplines. We will look at meditation to understand its physiologic, socio-psychological and spiritual benefits. The course is open to all interested students. However, research suggests that individuals with psychotic illnesses should not participate in meditation. Students with a history of mental illness should seek advice from their physician prior to enrolling. This course is open to all majors.

GS 172 Materialism In Modern America: 3 semester hours
This course is an examination of the concept of materialism. This includes a reflection and analysis of how contemporary culture and consumerism affects overall life satisfaction and health. Students will learn what the empirical literature suggests regarding the effects of a preoccupation with material, rather than intellectual and spiritual pursuits.
GS 179 Psychology Of Eating: 3 semester hours
This course focuses on understanding the psychological processes underlying eating behavior. Topics studied will include: food choice, the development of food preferences, motivation to eat, cultural influences on eating patterns, weight regulation and the relationship between eating and mental health. Students will have the opportunity to modify their own eating behavior during the course. Prerequisite: PS 101.

GS 190 Championship Habits: 3 semester hours
Winning, losing, success, and failure all reveal their own set of characteristics. The big decision we make in life is which traits we choose to embrace and make our own. In this class students study the habits of people who are champions at the game of life and learn how to model those winning traits. If you want to become more effective, get more focused in you academic work, experience lower levels of stress, and set yourself on a path toward personal success, then this class is for you. Students are required to 1) exhibit knowledge of modeling a performance task, 2) catch and correct negative self-talk, 3) build positive self-talk, 4) develop sound routines for their most important work, and 5) develop a context-based model of success as a culminating activity.

GS 195 Men’s Health: 3 semester hours
Men’s health and health issues are a concern of men and health care providers. Men are living longer and want to remain healthy over their lifetimes. For healthy aging, a man must develop good life-style habits while young. Some of the topics include healthy living, sexuality (puberty, sexually transmitted infections, infertility, fatherhood, healthy relationships and mental health, cancers, cardiovascular wellness, and the mid-life crisis.

GS 205 Advanced Spreadsheet Applications II: 3 semester hours
Computer spreadsheet programs have many applications across numerous disciplines. This course is a continuation of GS 105, Advanced Spreadsheet Applications I. Included will be a review of spreadsheet techniques covered in GS 105 along with an in-depth study of the more advanced features of excel, including application development, designing custom forms, and using pivot tables. Students will be required to participate in a scheduled computer lab in which they will work on various required assignments. Class will be held in the computer classroom. The course may not be applied to any major or minor. Prerequisite: GS 105, or permission of instructor.

GS 223 The Religion, Art And Culture of Nepal: 3 semester hours
This is a travel/study course to Nepal, a predominantly Hindu and Buddhist country. There, religion, art, architecture and culture are intertwined. On our way to Nepal we will spend several days in Delhi, India, where the historical mix of Hindu and Muslim cultures is everywhere. We will visit some of the major religious sites valued by these cultures and study the visual manifestations (art) that make these beliefs come alive for practices. Other excursions will give students a more complete sense of the daily life of Nepalese and Indians. Assignments include readings, daily reflective journals, and an end-of-term public presentation. Please contact the professors for travel and financial requirements. Prerequisite: Sophomore standing preferred.

GS 250 Business Etiquette: 3 semester hours
Although technical skills are important for career success, the total image projected by candidates can often overshadow even the best of skills. This course is designed to prepare students for success in today’s business environment. Learning how to navigate the corporate culture that will enhance interpersonal relationships.

GS 260 European Union: Culture, Politics & Economics: 3 semester hours
This travel course will provide students the opportunity to experience other cultures by visiting countries within the European Union. The course will include visits to businesses, governmental institutions and artistic centers. Assignments will include the role of the European Union in the current political and economic arenas. The tentative itinerary will include visits in Brussels, Paris, Strasbourg and London.

GS 350 Directed Study Abroad: 12 semester hours
This course is for students enrolled in an approved J-term, summer, semester, or academic year study abroad program, including study through Mount Mercy’s exchange partnerships, through a study abroad provider, or through a foreign institution. A required pre-departure orientation is included in the course. Credit hours will be adjusted based on completed work and transferred from the host institution abroad.

Healthcare Administration (HS)

Courses

HS 200 Organization of Health Care Services: 3 semester hours
Relates organizational principles to the operation of health care facilities, including personnel management, communication structures, and governance with emphasis on leadership and motivation.

HS 201 Quality Patient/Resident Care: 3 semester hours
Relates physical, psychological and sociological needs of residents/patients to services provided by health care facilities and the role of leadership. Prerequisites: PS 101, SO 122, PL 169 and HS 200.

HS 203 Health Services Admin Prac: 3 semester hours
This course provides application of concepts and practical experience in an appropriate health care setting. Skills required: Interpersonal communication, business writing, general writing, understanding of research methods, ability to think critically, ability to translate theory into practice, ability to evaluate and predict outcomes, analytical thinking. Prerequisite: Completion of HS 200 Organization of Health Care Services, HS 201 Quality Patient/ Resident Care, HS 320 Health Services Regulations and HS 420 Health Services Financial Management preferred.

HS 320 Healthcare Law, Regulations and Compliance: 3 semester hours
This course provides an overview of federal, state and other regulatory agencies’ policies for health care facilities. Areas covered include: labor issues, liability, licensure requirements, environmental management, policy and procedure writing. Agencies covered will include: JCAHO, NCQA, Medicaid and Medicare. Prerequisites: completion of HS 200 with a minimum grade of C, BA 203, and PL 169.

HS 415 Health Care Informatics: 3 semester hours
In preparation for healthcare leadership in rapidly changing, complex health care delivery systems, students will examine clinical informatics models, electronic-based patient records, health information technology standards (HIT), health information exchange (HIE), clinical decision support systems, and evaluation of technology that influences healthcare delivery models, practices, and patient outcomes.
History (HI)

Courses

HI 100 Basic Geographic Principles: 1 semester hour
An introduction to basic principles of geography, beginning with reading and understanding various types of topographical maps and identifying major global areas. Emphasis on the various ways in which geography influences history, environments, and culture in global arena, and on concepts of geographic determinism.

HI 114 History of Early America: 3 semester hours
The first half of the American History survey. Begins with a brief overview of pre-Columbian America, and emphasizes the impact of eventual European settlements in North America. Traces the founding of an independent United States, concluding with the consequences of the Civil War.

HI 115 History Of Modern America: 3 semester hours
The second half of the American history survey. Begins in the immediate post-Civil War era, and introduces students to Major themes and events in United States history in the late nineteenth century and through most of the twentieth century. No prerequisite.

HI 120 Origins Of The Western Tradition: 3 semester hours
A survey of the development of the Western tradition from its early roots in the ancient Middle East until the age of Charlemagne. Introduces students to the contributions of the peoples of the ancient Middle East, Greece, Rome, and the early medieval West to the formation of western civilization.

HI 130 Emergence Of The West, 800-1648: 3 semester hours
A survey of the socio-economic, political, and cultural forces that have shaped the West from the age of feudalism to the triumph of absolute monarchy in the mid-seventeenth century. Explores such topics as the Medieval origins of the modern state, evolving religious beliefs of the West, the intellectual ferment of the Renaissance and Reformation, and economic and social development during the era.

HI 140 Hist Of Western World Since 1648: 3 semester hours
A survey of the major socio-economic, political, and intellectual movements in modern western history since the Age of Absolutism. Emphasizes the rise of nation-states, the Scientific Revolution and the Enlightenment, the French Revolution, industrialization, and the major ideologies of the twentieth century.

HI 205 Colonial And Revolutionary America: 3 semester hours
A history of North America from European settlement through the post-Revolutionary era, beginning with the cross-cultural encounters of Natives, Europeans, and Africans. Emphasizes the socio-cultural, political, and economic development of colonial America; the events that led to the American Revolution; and the immediate consequences of the Revolution in political and social terms.

HI 213 Recent China In Global Economy: 3 semester hours
China from the 1970s to the present. Emphasis on the economic, social, cultural, and political developments of recent China; the opening of China to the world; and the emerging of China into the global economy and market. Special attention to the intersection of Chinese and U.S. interests and trade in the global context. Satisfies global awareness domain of the core curriculum.

HI 215 The American Nation, 1789-1877: 3 semester hours
The history of the United States from the founding of the federal republic through the 1870s. Emphasizes the politics and diplomacy of the early republic; Jacksonian democracy and reform, national economic and territorial expansion; regionalism and sectional conflict; the institution of slavery; the Civil War; the immediate post-war society; and federal efforts to reconstruct the nation.

HI 225 History Of Iowa: 3 semester hours
The history of Iowa from pre-territorial days until the present, beginning with an emphasis on Native Iowans and their encounters with European immigrant settlers. Traces changes in the landscape and farming patterns from the nineteenth century until the present, while also considering changes in the daily lives of Iowans affected by moves from agriculture to industry and from farm to town during this era.

HI 230 Modern East Asia: 3 semester hours
Covers the period since the beginning of the twentieth century, concentrating on the era since the Second World War. Focuses primarily on the history of China or Japan, with inclusion of the recent histories of other East Asian entities (North Korea, South Korea, Hong Kong, and Taiwan) in an alternating format. Covers the selected East Asian countries' relationship with the U.S. in the global context. Satisfies global awareness domain of the core curriculum.

HI 240 History of Film: 3 semester hours
This course examines the history of film, especially the narrative film from its advent at the end of the 19th century up until the present. It will look at films from many different countries as it examines the silent era of cinema, the coming of sound and color, the growth of the major studios in Hollywood, Post World War II cinema, The French New Wave, Third World Cinema, and the New American Cinema. Cross listed with FS 240.

HI 245 Recent American History: 3 semester hours
The development of contemporary America during World War II, the Cold War, Vietnam, and the civil rights and women's movements. Examines changes in political, social, and popular culture.
HI 285 US And The Vietnam War: 3 semester hours
A study of the Vietnam War, with special emphasis on the reasons for American involvement in the conflict, the consequences of that involvement, reactions to the war, and an assessment of its legacy in American history.

HI 295 History of Medicine and Disease in the West: 3 semester hours
The course covers the history of four aspects of medicine and disease that powerfully influenced western history. These are: major diseases, evolution of medical expertise, institutionalization of medical care, and the relationship of public health initiatives with the prevailing level of biological knowledge. Coursework will begin at the late Middle Ages (leprosy and Black Death) and proceed toward current issues in public health. Most class meetings will concern European history, and the chronology will emphasize the nineteenth century.

HI 400 Seminar In Historical Research: 3 semester hours
An introduction to the concepts and methods of historical investigation. Emphasis on evaluation of historical documents through the preparation of major research paper on a selected topic in history. (Capstone course for History majors. Recommended for the senior year. Must be taken at Mount Mercy.)
Performing arts will be used.

Considerable use of poetry, literature, and printed material from the student to achieve wisdom about mirth and self. Primarily the major spent reviewing pertinent literature, observing humorous archetypes, culture, and anatomy of humor, as well as laughter. Our time will be is it funny? This course introduces students to the philosophy, history, of being human? What is funny to us? Why

Honors Seminars (HO)

Courses

HO 204 Hrs: Political Syst:Decision Making: 3 semester hours
This course will examine three specific historical moments that played a key role in the development of modern political systems. Students will conduct their examination by participating in a series of games designed to take them into each historical moment. The games combined research of primary texts with role playing in the classroom, so that students experience how ideological stances are translated into human actions and political structures within the context of historical circumstances. We will play three games from the Reacting to the Past series: The Threshold of Democracy Athens in 403 B.C.; Confucianism an the Succession Crisis of the Wanli Emperor; and Rousseau, Burke and Revolution in France.

HO 215 Honors: Revolutionary Christianity: 3 semester hours
This course investigates ways that victims of societal oppression are reinterpreting Jesus and his message in our time. The perspectives of blacks, women, and the Latin American poor are used to explore the revolutionary potential of the biblical story. These perspectives call for a critical analysis of the Christian tradition to test its ability to address needs of oppressed people in their daily struggles for survival and human dignity. The course examines Christianity as a possible inspiration and impetus to create radically new kinds of relationships between races, sexes and classes of people at the societal level. Prerequisites: At least junior class standing at least a minimum cumulative grade point average of 3.00.

HO 216 Honors: The Holocaust: 3 semester hours
This course will examine the Holocaust and its impact on the history of the twentieth century. The approach will be interdisciplinary using historical, literary, cinematic, philosophical, and popular sources. To create a context for the specific study of this major event of the twentieth century, the course will include discussions about the phenomenon of Anti-Semitism in Western Culture, the specific events leading up to the Holocaust, the nature of the bureaucratic mass murder, the religious crisis caused by this event, and the continuing and profound effect of this tragedy.

HO 217 Honors: Humor & Human Life: 3 semester hours
Is humor an intrinsic part of being human? What is funny to us? Why is it funny? This course introduces students to the philosophy, history, culture, and anatomy of humor, as well as laughter. Our time will be spent reviewing pertinent literature, observing humorous archetypes, and actually creating our own examples. The objective is to enable the student to achieve wisdom about mirth and self. Primarily the major content areas of the course are philosophy and psychology. However, considerable use of poetry, literature, and printed material from the performing arts will be used.

HO 218 Honors: Social Power & Architecture: 3 semester hours
Within a historical context, this course addresses the role and function of spatial design and the built environment in shaping our lives, defining social class boundaries, and reinforcing economic, political and religions power bases in society. By critically examining various schools of modern architecture and urban planning and their rise and fall in conjunction with various stages of capital development, the role of commissioned artists, architects and planners in serving specific interests as well as alternative approaches to designing the built environment will be discussed. The course format is a combination of intensive class discussions of assigned readings, guest speakers, hands-on experience with architectural design using CAD software and conventional techniques, films/videos, and field trips to various local/ regional sites of architectural significance.

HO 219 Honors: Intel In Non-Human Primates: 3 semester hours
Are humans unique? Are we truly superior to other primates? Are humans the only species that produce and understand language? This course is designed to examine evidence of intelligence in non-human primates. Species studied will include chimpanzees, bonobos, gorillas, and humans. Major topics will include language acquisition, cooperation, tool use, mathematical reasoning, and other forms of intelligence including the evolution of consciousness. The course includes a there-day fieldtrip to the primate center in Madison, Wisconsin and the Milwaukee Zoo.

HO 220 Honors: Life/Legacy Martin Luther King: 3 semester hours
This course will seek to understand the life and thought, and the work and legacy of Martin Luther King Jr. To do this we will study the historical background of the civil rights movement, subsequent events and their consequences for race relations today. We will begin with an overview of race relations in the United States starting with the Emancipation Proclamation of 1862, through the progressive era and the influence of Booker T. Washington and William Dubois, the Harlem Renaissance, World War II and then on to the Civil Rights Movement of the 1950’s and the 1960’s. We will examine the life of Martin Luther King Jr., with an emphasis on his own spiritual journey and the influence of this religious background and beliefs on his civil rights activities. We will also consider the overall religious ties of the movement including the origins, practice and goals of passive resistance and non-violent confrontation. Finally, we will consider the effects of these things on past and present race relations within our country. This course may be petitioned to count toward the history or Religion Studies major.

HO 222 Honors: Gender Issues:Past,Present,Futur: 3 semester hours
There are many pre-conceived ideas and stereotypes regarding gender roles. This course asks the questions: What are the origins of our traditions about feminity and masculinity? What are the realities of being men, of being women? To find the answers we will be studying historical, social/ philosophical writings about men and women. This course is about issues that affect our lives, e.g. marriage and its alternatives, a society without definite sex roles. This course is designed for men and women who wish to go beyond both “revolutionary feminist rhetoric” and sex role stereotypes to study their own gender identity and that of the other half of the human race.

**HO 231 Hrs: Happiness: Phil/Psych Perspec: 3 semester hours**
Recent studies have suggested that, although Americans generally have more money, pleasure, and power than they had fifty years ago, significantly fewer of us report that we are happy. Perhaps this surprising development is related to the growing number of authors, from social science and other academic backgrounds, who are studying and writing about happiness today. This course is designed to help participants read some of the best of this material, compare it to some ideas about happiness from other time periods, and apply our findings to our own lives. Topics will include the definition of ‘happiness’, the demographics of happy people, and the relationship between happiness and cognition, biology, personal relationships, and religious faith, among others. Students should expect to be active daily readers, writers, and knowledgeable participants in discussion. Prerequisite: completion of core curriculum requirement in philosophy and PS 101.

**HO 235 Hrs: City As Text: Soc Of Cedar Rapids: 3 semester hours**
This course will utilize field-based urban observation, presentations by city and community leaders, class discussion and critical analysis to help students comprehend the complexity of the city of Cedar Rapids as a “living social organism.” Topics include the city’s urban history and structure such as the social class boundaries, neighborhoods, land values and unequal distribution of urban services; Economic base including industries, service and retail activities, downtown business and shopping malls; political government and its functions; spatial distribution of schools; and various cultural and religious institutions that make Cedar Rapids ‘tick.” There are no texts for this class in a conventional sense. Rather, students will be required to read packets of locally produced primary sources such as newspaper and online articles an reports, census data, and booklets produced by local companies and various urban agencies.

**HO 238 World Cinema: The Major Directors: 3 semester hours**
Students will study films by major directors form around the world. They will learn how to read a film, to analyze and interpret visual images. They will learn about film technique, including mise-en-scene, point of view, narrative, premise of adaption, etc. Students will use film to interpret, reveal, and interrogate their cultural and historical contexts, especially by comparing American filmmakers with directors from other countries. Students will be expected to reserve 2-3 hours per week to view films outside of class. Prerequisite Sophomore standing in the Honors program or permission of instructor.

**HO 244 Hrs: America’s Cities: Chicago & NY: 3 semester hours**
The course will look at America’s “first and second cities” during two distinct historical periods: Chicago (1890-1975) and New York City (1890-1975). The class will examine the social, cultural, literary and political life of these cities during these critical periods. Included in this course will be a weekend trip to Chicago to view significant cultural and social sites.

**HO 248 Hrs: Cultural Study Of American Family: 3 semester hours**
This course will examine the American family as a social system and how the family is portrayed in literature (fiction, drama and memoirs), film and television. This course will offer a strengths perspective (how families support and nurture individual members). The course will cover a wide range of issues including the evolution of the American family, immigration, ethnicity, substance abuse, social class, divorce, family violence, alternative families and death.

**HO 257 Economics/Culture of Food Distribution: 3 semester hours**
This course will examine the production, processing, distribution and consumption of food with an emphasis on Cedar Rapids. We will study the food economy and how it affects its cost and price. The students will survey the environmental, cultural and health implications of modern food production and distribution systems and how these systems can evolve in the future. Students will be able to see the food economy from a social welfare as well as a business perspective. Prerequisite: junior standing in the honors program or permission of instructor.

**HO 260 Honors: Evolutionary Psychology: 3 semester hours**
The class is a seminar that investigates the fundamentals of evolutionary psychology, including issues of natural and sexual selection, adaptation, and domain-specific psychological mechanisms as they relate to human behaviors, cognition, and emotions. Reading and discussion will be the main format of the class.

**HO 270 Modern Chinese Politics and Society: 3 semester hours**
This course will combine historical and political science perspectives on the rise of Modern China and its prospects as a political and economic superpower in the 21st Century.

**HO 310 Ethical/Social Implications Human Genome: 3 semester hours**
This course is an exploration of the ethical, legal and social implications of the Human Genome Project. Students will acquire knowledge of the basics of genetics and an understanding of the role science plays in our society and the great potential scientific knowledge has to improve or harm life on our fragile planet. Students will reflect on the ethical implications of genetic research and on their role as citizens in determining governmental funding for and use of scientific knowledge. Students will understand the implications of genetics for our socially constructed concept of race. Students will be challenged to write on the following questions: What is considered acceptable diversity and who should decide that? Who owns and controls genetic information? How does genomic information affect members of minority communities and indigenous populations? Related to one’s ethnic identity, how does personal genetic information affect an individual and society’s perception of that individual? Do people’s genes make them behave in a particular way? Who determines what behavior is “particular”?.

**HO 320 Media and Voters: 3 semester hours**
This honors seminar will investigate the 2012 presidential election and how it and mass media interact. It will include ways in which public opinion is measured and shaped by media messages, and how news coverage of the election shapes perception of the race. This is a joint communication and political science course, and will include topics from both disciplines.
**Legal Studies (LW)**

**Courses**

**LW 420 Legal Studies Internship: 6 semester hours**
This is an academically oriented practical experience gained through supervised work assignments with various law firms and legal-related placements. The student will have the opportunity to contrast their studies in the minor with practice in the field. The internship is open to legal studies minors of junior and senior status and with the consent of the pre-law advisor. A student may enroll in and complete a maximum of (6) semester hours, although credit does not apply to the minor (but does apply toward credits for graduation). Prerequisites: at least one of BA 203, CJ 297 or PO 203; junior or senior in good standing; completed and approved application; and consent of the pre-law advisor.

**LW 450 Legal Research Seminar: 3 semester hours**
Students will refine legal and general research skills, producing a final paper and presentation that examines a legal issue related to their respective majors (or other approved topic). Prerequisites: PL 141, one of BA 203, CJ 297 or PO 203; and EN 210.

**Management (BN)**

**Courses**

**BN 204 Principles Of Management: 3 semester hours**
This course includes a systematic examination of the following four functions and processes within an enterprise: Planning - development of objectives and plans; Organizing - structuring work relationships; Leading - activating coordinated efforts; Controlling - measuring progress and taking corrective action. The course emphasizes an overall framework for effective integration of the distinct processes.

**BN 304 Human Resource Management: 3 semester hours**
This course includes a study of the place and function of the human resource management department in business and industry. Topics include equal opportunity programs, employment planning, recruitment, selection, performance evaluation, and compensation. Also included are training/development, safety/health and work scheduling. Prerequisite BN 204.

**BN 340 Management Information Systems: 3 semester hours**
This course addresses the ongoing process of gathering, storing, and retrieving the information that managers need to make immediate business decisions and to prepare long-term business plans. The concepts learned in this course apply to may functional areas including finance, marketing, manufacturing, production, and human resources. Topics include operational, tactical, and strategic decision making as well as design, analysis, and implementation of management information systems. Prerequisites BN 204 and BA 250.

**BN 350 International Management: 3 semester hours**
Organizations today are competing in a global marketplace that poses new challenges for managers. It is crucial that students of management be knowledgeable about the international dimensions that affect all businesses. This course will study the development of appropriate strategies for multinational companies. The environment and cultural context for international management will be examined along with world wide developments. Prerequisites: BN 204 and Junior standing or approval of instructor.

**BN 360 Business & Society: 3 semester hours**
Business exists and business people work in an environment that includes relationships with other institutions such as government, public interest groups, and unions as well as with the individuals who are customers, workers, and fellow citizens. In this course these relationships and responsibilities to society as a whole and individual ethics are explored. Prerequisites: BN 204 and EC 251.

**BN 364 Production & Operations Management: 3 semester hours**
This course will provide students with and introduction to the field of production and operations management. It will cover both manufacturing and service organizations with a balanced overview of quantitative and qualitative material. Particular emphasis will be placed on the subject of quality and its impact on the competitive position of goods and services in the domestic and world markets. Prerequisites BA 270 and BN 204.

**BN 370 Advanced Topics in Management Information Systems: 3 semester hours**
This course is an advanced study of contemporary and emerging management information systems issues. Students will examine and focus on the strategic impact and competitive advantage of information technologies on the business (for profit and nonprofit) environment. Students will develop a firm understanding of the strategic, tactical, technical and management issues surrounding both consumer e-commerce and business-to-business systems, and explore emerging issues related to supply chain management, business process reengineering, enterprise resource planning, and internet privacy and security. Prerequisite: BN 340.

**BN 377 Project Management: 3 semester hours**
This course is an introductory study of contemporary project management practices and issues designed for juniors or seniors. Students will examine the strategic value and competitive advantage of project management in the business environment. Students will gain a first-hand understanding of initiating, planning, executing, controlling and closing out a project. Students will develop an understanding of the strategic, technical, and management issues of project management. Emerging issues related to critical chain scheduling, parametric cost estimation, and PM licensure are also reviewed. Lectures will be derived from Project Management Institute’s (PMI) Project Management Body of Knowledge (PMBOK) and the assigned textbook. Prerequisites: BN 204 and BA 250.
BN 380 Organizational Behavior: 3 semester hours
This course examines human behavior in the work environment at the individual and group levels. Emphasis areas include: group behavior/dynamics, theories for motivation, leadership, decision making process, corporate culture, organizational behavior in the global setting and values and attitudes affecting work behavior. Prerequisites: BN 204 and junior standing.

BN 384 Strategic Management: 3 semester hours
This course includes a study and application of the formulation, implementation, evaluation and control of corporate strategies. Lecture, discussion, and case analysis will be used in applying the strategic management concepts. Prerequisites: BA 250, BN 204, BK 208, BA 279, and junior standing.

BN 386 Compensation, Benefits, and Evaluations: 3 semester hours
This course covers the fundamental concepts of compensation theory and application related to hiring, growing, and retaining organizational talent. Other areas of focus include government, legal, and union influences; job analysis and evaluation, building and maintaining compensation and benefit structures, and effectively evaluating employee performance. Students will gain an understanding of how to assess reward systems for equity and cost effectiveness; as well as how to access and diagnose compensation management issues and develop appropriate solutions. Prerequisites: BN 204 and BN 304.

BN 392 Advanced Topics in Human Resource Management: 3 semester hours
This course is an advance topics study of contemporary HRM practices and issues designed for juniors or seniors. Students will examine the strategic value and competitive advantage of HRM in the business environment. Students will gain a first-hand understanding of the assumption that all managers are accountable to their organizations in terms of the impact of their HRM activities, and they are expected to add value by leading their employees ethically and effectively. This course includes hands-on application of the learning theories, principles, and methods involved in all phases of employment in an increasingly knowledge-based and global work environment. Topic focus will include the best people-centered practices of high performing organizations, the personal and cultural implications of mergers and acquisitions, and how to develop sustainable workforce practices for the future. Prerequisites: BN 204 and BN 304.

BN 424 Management Internship: 3 semester hours
Students may take advantage of internship opportunities that become available in the area of management. These internships include off-campus supervision at local establishments and periodic conferences with the on-campus instructor. The on-campus instructor will determine any further requirements on an individual basis. (Maximum of one semester credit for each three hours per week for a semester spent at an outside agency up to a maximum of six semester hours).

BN 425 Human Resource Internship: 3 semester hours
Students may take advantage of internship opportunities in the area of Human Resource. These internships include periodic conferences with the instructor. The instructor will require that students submit a paper summarizing their activities as well as their learning outcomes upon completion of the internships experience. (Maximum of 1 semester hour of credit for each 40 hours worked up to a maximum of 6 semester hours).

Courses

BK 208 Principles Of Marketing: 3 semester hours
As a general introduction to the ever expanding field of marketing, students study how professionals anticipate consumer needs that guide the organization to develop appropriate strategies. Examining how marketers add value to a company, students will learn that a thorough analysis of the marketing environment includes anticipating and evaluating buyer behaviors while helping the firm recognize key marketing decision areas to develop successful strategies.

BK 300 Advertising and Creative Campaign Strategies: 3 semester hours
This course examines advertising and marketing communications as a creative process. Exploration of mass mediums and interpersonal communication processes and the role they play in an integrated marketing communications program is critical to developing one clear unified voice and image. The study of creative application and its implementation across a continually evolving spectrum is explored.

BK 301 Product Management: 3 semester hours
This course examines the role of the product manager through new product idea generation, product development, research, test markets, and the stages of introduction, growth, maturity, and decline. It covers strategies and tactics required at each level. Prerequisite: BK 208.

BK 305 Professional Selling: 3 semester hours
This course is designed to provide students with a basic understanding of the selling function and its vital role in organizations. Students will learn that a systematic approach to satisfying customer needs and solving problems is the goal to achieve mutually beneficial long-term partnerships. Exposure to a variety of sales professionals and the environments in which they exist helps students understand the challenges found in this wide ranging field.

BK 310 Consumer Behavior: 3 semester hours
This course examines the theoretical and applied dimensions of consumer behavior and how these principles impact marketing strategy. A comprehensive study of the consumer decision-making process and the variables that affect it including memory, learning, perception, lifestyles, culture, groups and attitudes is explored. Additional emphasis is placed on the application of consumer behavioral concepts and their impact on marketing decision-making. Pre-requisite: BK 208.

BK 311 International Marketing: 3 semester hours
This course focuses on marketing management problems, techniques and strategies necessary to apply the marketing concept to the world market place. The necessity of understanding the impact of a country’s culture and environment on a marketing program is emphasized as well as the problems of competing in markets of different cultures. Lecture, discussion and case analysis will be used. Prerequisite: BK 208.

BK 321 Marketing Research: 3 semester hours
This course includes marketing research methods and the role of marketing information as a management tool in decision-making. It includes the study of secondary data, focus groups, surveys, experiments, and observations. It addresses the problems inherent in sampling, data collection and analysis of data. Prerequisites: BK 208 and BA 270.
**BK 331 Retail Management: 3 semester hours**
This course identifies the important economic aspects of retail business and the role of retailing in the distribution of goods and services. Emphasis is placed on strategy, planning and development for a retail operation. Prerequisites: BK 208 and BC 265.

**BK 340 Contemporary Topics In Marketing: 3 semester hours**
This is a contemporary topics course focusing on technology and marketing. Technology has changed the business model for many organizations and has had a profound impact on marketing decisions. This course will analyze and evaluate the uses of technology in developing marketing strategy and tactics. Topics covered in the course will change as the technology evolves and will reflect the issues most relevant to marketing decisions. Current topics will include e-commerce, new media, customer generated content, mobile marketing, viral marketing, and CRM. Best practices will be identified through company research, readings and application projects. Prerequisite: BK 208.

**BK 421 Marketing Internship: 3 semester hours**
Students may take advantage of internship opportunities that become available in the area of marketing. These internships include off-campus supervision at local establishments and periodic conferences with the on-campus instructor. The on-campus instructor will determine and further requirements on an individual basis. (Maximum of one semester credit for each three hours per week per semester spent at an outside agency up to a maximum of six semester hours).

**BK 431 Marketing Management: 3 semester hours**
This course focuses on the major decisions facing a marketing manager when developing a marketing plan and carrying out the marketing process. These decisions include analyzing market opportunities, researching and selecting target markets, and developing marketing strategies. Case analysis and/or a simulation are used, requiring both tactical and strategic decisions. Prerequisites BA 250, BK 321, BA 379, BN204 and senior standing.

**Marriage and Family Therapy (MF)**

**Mercy Education (ME)**

**Courses**

**ME 100 Sharing The Earth With Animals: 3 semester hours**
What are our responsibilities to animals? Do animals have rights? What do our religious traditions tell us about our responsibility to animals? What does it mean to ask and try to answer these questions from the perspective of an educated person? This class addresses these questions as it prepares students to begin their studies in the liberal arts tradition. Experiences in the course promote understanding of the status of animals within religious and philosophical traditions, with an emphasis on Christianity, while fostering understanding of the impact of human actions on animals.

**ME 105 Rogues, Rebels, And Accidental Discoveries: The Crooked Path to Creativity: 3 semester hours**
Creativity is a powerful force in human beings that has shaped our civilization. In all disciplines form food preparation and actuary science to chemistry and the arts, human race made intentional and accidental discoveries. Even games like chess require a flexible mind in which a creative and strategic thought process leads to problem solving. International capitals have been the center of creativity, like Berlin in the 1920’s. creativity erupts in unlikely places as well, like the concentration camps of Nazi Germany. Dreams, nature, and colleagues also inspire creativity. This course examines individuals who have made significant discoveries and the context for those discoveries. As the course focuses on how creativity is revealed in many areas, students make their own discoveries about contributions to our development as a civilized and progressive world.

**ME 110 Ethnic Iowans: Diversity Issues in the New Millennium: 3 semester hours**
This portal course is a unique sociological journey that enables students to canvass Iowa’s colorful and diverse ethnic fabric from its earliest period in it 19th century to the present time. By analyzing various ethnic groups and immigrant population’s manner of entry, socio-economic and political status, and contributions to Iowa’s globalized economy and culture, students are challenged to search for answers for Iowa’s spatial/ethnic stratification, state of race relations and periodic outbursts of prejudicial attitudes and discriminatory practices. Students engage in critical analysis, complete a historical map, and share their skills in service-learning projects that aim to help support immigrant and refugee populations getting settled in Iowa. Field trips are anticipated in the Greater Cedar Rapids area, with one extending to another Eastern Iowa Community.

**ME 115 Cities, Sewers And Shots: Health Protection: 3 semester hours**
Awareness of public health issues in important to all students in their roles as educated citizens, regardless of their intended undergraduate majors. This course uses and interdisciplinary approach to explore historical context and current issues related to health protection in the United States. The focus is on the health of an entire community rather than on an individual or family. Students are introduced to national, state, and local health concerns identified in major students and reports. Field trips to public health sites may be scheduled.

**ME 120 Immigrants and Literacy: In Pursuit of the American Dream: 3 semester hours**
This course provides students with an interdisciplinary approach to learning about immigrants and their pursuit of literacy. Students encounter the historical, sociological, and political perspectives on U.S. immigration laws and policies, immigrants’ countries of origin, and factors promoting immigration to the U.S. Literary works and films and/or documentaries featuring the lives and stories of immigrants help students understand the immigrant experience tutoring immigrant children and/or adults who are learning English. Students have opportunities to work together, become oriented to Mount Mercy services, take part in student-led presentation to the Mount Mercy community, and participate in educational field trips.
ME 125 Avatars Of Good and Evil: Media Stereotypes vs. Reality: 3 semester hours
A lot of research has been done about media representations of stereotypical characters and ideas. This course looks at media "avatars," or personifications, of good and evil, compared to what research and real world service activities reveal to be complex realities. The course will be roughly divided into three parts; Part I examines the role of personalities in politics and the news, Part II examined media stereotypes in popular narrative entertainment, and Part III concerns symbolic representations of people in advertising. Immigration and racism are featured in the first part of this course, followed by participation in a service project as the course proceeds.

ME 130 Why A Mercy Education?: 3 semester hours
This course introduces the students to the distinctiveness of a Mercy education. Insights into the values and experiences inspiring the founder of the Sisters of Mercy, Catherine McAuley, are gained from stories of her life and times. Reading Courage and Change, a history of Mount Mercy College through 1978, and interviewing current Sisters of Mercy enrich students' understanding of the special characteristics and opportunities associated with higher education in the Mercy tradition. The course addresses issues of immigration, non-violence and poverty as it prepares students to begin their studies in the liberal arts tradition. A service learning project at one of the Mercy sponsored institutions in Cedar Rapids is another highlight of this journey into a Mercy education.

ME 135 Poor Women, Poor Family, Poor Work: 3 semester hours
This course introduces the problem of poverty as women in the U.S. experience it and seeks to discover its causes and consequences for women, their families, and their communities. Students learn to apply a range of sociological concepts and theories to critically examine attempts to explain why women have an increased risk of poverty. Social institutions such as family, education, work and policy are critically examined as they correlate to the poverty of women as well as to possible solutions. The unique experiences of women of color are included as are those of immigrant women.

ME 140 Screen Icons: A Cultural & Aesthetic Study: 3 semester hours
This course analyzes how we can understand the phenomena of the cinema icon, through study of such figures as Marlon Brando, Marilyn Monroe, Paul Newman, Jane Fonda, Denzel Washington, Audrey Hepburn, John Wayne, and some contemporary film stars. Students encounter star performances and star images historically, aesthetically, and ideologically by examining how their films, along with magazines, the studio system, their personal lives, and advertising, contributed to making them important cultural figures. The course pursues the idea that they became icons because they tapped into and fulfilled, for better and worse, substantial emotional needs within their cultures. Students also will examine the whole nature of celebrity in our culture, while also critically addressing concerns related to non-violence, racism, and women.

ME 145 The Religious Roots of Political Involvement: 3 semester hours
What responsibilities do religious persons or groups have in the political sphere? How are religiously-motivated forms of political involvement different from or similar to their secular counterparts? What are the various motivations, historical precedents and theological or other theoretical paradigms or justifications for different forms of religiously-informed behavior in the political sphere across religious traditions? This course will explore these questions through examining the theoretical and the historical or theological justifications for political involvement across religions. It will also explore these questions through the lives and writings of exemplary religious personalities from different religious affiliations - Martin Luther King, Jr., Dietrich Bonhoeffer, Mahatma Gandhi, Daniel Berrigan, Dorothy Day and others. This class will have a service learning component consistent with the course content.

ME 150 Talking in "She" and "He": Gender Communication in College and Beyond: 3 semester hours
You've always "known" that women and men talk differently, but you may not have realized that academic research agrees. The aim of this course, however, is to show how studies in gender communication do more than confirm your intuition: they detail differences, explain why they occur and their consequences, and suggest some routes for improving your interactions, both now and throughout your life. Moreover, through means of a final public education project, the course will encourage recognition of how informed gender communication is a key means of maintaining and enhancing relationships among all in the community.

ME 155 Water - A Shared Responsibility: 3 semester hours
In "Water - A Shared Responsibility" students will be introduced to the fundamental chemical and physical properties of water, which make water essential to all life. Because water is vital to human existence, it inextricably links all humanity: through time and space. The use and abuse of water as a natural resource has shaped human culture and history—indeed it continues to do so. Students will be exposed to the issues that surround water, such as equitable treatment of minority groups and their water needs, water access and poverty, the disproportionate effect of water scarcity on women and children, global climate change and increasing water needs in this country and around the world. Students will be required to go on field trips.

ME 160 Law Ungendered: History of the Legal Status of U.S. Women: 3 semester hours
This is a portal course that focuses on the history of the legal status of women in the United States. Particular attention will be paid to the development of laws in the early republic based on the common law concept of coverture, and students will track the evolution of American women's legal position through the Married Women's Property Acts, the struggle for suffrage, the definition of female citizenship, and equal treatment in realms such as inheritance, jury duty, work, etc. Students will balance their study of these issues with service projects in the community directed toward helping immigrant women learn English and prepare for citizenship exams.
ME 165 Terrorism, Violence and Conflict Resolution: 3 semester hours
This is a portal course that focuses on issues of terrorism, violence, and conflict resolution. The course will explore the spectrum of violence faced in modern society, including examination of historical, political, economic, and social contexts for that violence. The course will also consider various means of nonviolent conflict resolution as alternatives to violence. Students will engage in and reflect on community service as a part of their portal experience. They will become acquainted with support services on campus, such as the library and Career Services, and design a plan for their liberal arts studies in the Core curriculum at Mount Mercy University.

ME 450 Mercy Experience Capstone: 1 semester hour
This course is intended as a culminating experience in the liberal studies. It is required of all students in conjunction with a designated senior course within their major. Students will integrate knowledge they have acquired from each of the core domains and will reflect on their Mercy education in the context of their major discipline. In addition, they will examine one of the Mercy critical concerns indentified by the Sisters of Mercy from a disciplinary, interdisciplinary and global perspective and will actively participate in a related capstone project.

Music (MU)

Courses

MU 100 Seminar: 0 semester hours
A weekly seminar which allows students to gain performing experience and discuss issues related to performance.

MU 101 Music Theory I: 4 semester hours
Fundamentals of notation, rhythm, intervals, simple triads, three and four-part writing including figured bass, sight singing, keyboard harmony, melodic and rhythmic diction. Deficiencies in rudiments must be made up during the first two weeks of the term. Two lectures and two one-hour labs per week. (Offered alternate years during the spring semester).

MU 102 Music Theory II: 4 semester hours
Follows MU 101 and includes more advanced writing, sight singing, and chord construction. Harmonic dictation is now included. Two lectures and two one-hour labs per week. Prerequisite: MU 101. (Offered alternate years during the fall semester).

MU 107 Instrumental Music Methods: 2 semester hours
An introduction to basic instrumental techniques intended to enable students to become minimally proficient on a variety of wind, brass, string, and percussion instruments.

MU 127 Woodwinds: 2 semester hours
Applied music lessons (additional fees may apply).

MU 145 Piano: 0 semester hours
Applied music lessons.

MU 146 Piano: 1 semester hour
Applied music lessons.

MU 147 Piano: 2 semester hours
Applied music lessons.

MU 155 Voice: 0 semester hours
Applied music lessons.

MU 156 Voice: 1 semester hour
Applied music lessons.

MU 157 Voice: 2 semester hours
Applied music lessons.

MU 168 Mount Mercy College Choir: 0 semester hours
Open to all students. The organization is dedicated to the development of an appreciation of choral music through participation. All styles of choral music are rehearsed, and concerts are presented on and off campus throughout the school year. This is a performing ensemble, and students are expected to attend all rehearsals and concerts. Prerequisite: audition with the director.

MU 169 Mount Mercy Jazz Choir: 0 semester hours
Open to all students. This vocal ensemble specializes in singing jazz arrangements of popular music. Frequently called upon to be Mount Mercy’s musical ambassadors, the group performs numerous times at both school and community functions. Prerequisite: audition with the director.

MU 170 University Band: 0 semester hours
Open to all students who play a musical instrument; no audition is necessary. This ensemble is dedicated to rehearsing and performing all styles of band repertoire (seasonal music, pep band, jazz and concert band). The band will perform with other university ensembles and alone, both on and off campus. Every effort will be made to assist students with the acquisition of instruments if the student doesn’t own his own instrument.

MU 178 Mount Mercy College Choir: 1 semester hour
Open to all students. The organization is dedicated to the development of an appreciation of choral music through participation. All styles of choral music are rehearsed, and concerts are presented on and off campus throughout the school year. This is a performing ensemble, and students are expected to attend all rehearsals and concerts. Prerequisite: audition with the director.

MU 179 Mount Mercy Jazz Choir: 1 semester hour
Open to all students. This vocal ensemble specializes in singing jazz arrangements of popular music. Frequently called upon to be Mount Mercy’s musical ambassadors, the group performs numerous times at both school and community functions. Prerequisite: audition with the director.

MU 180 University Band: 1 semester hour
Open to all students who play a musical instrument; no audition is necessary. This ensemble is dedicated to rehearsing and performing all styles of band repertoire (seasonal music, pep band, jazz and concert band). The band will perform with other university ensembles and alone, both on and off campus. Every effort will be made to assist students with the acquisition of instruments if the student doesn’t own his own instrument.

MU 189 Introduction To Music: 3 semester hours
A general survey of vocal and instrumental forms, terminology, and style of characteristics of composers from the medieval period to the present. Emphasis is upon the musical experience (listening) and historical significance of Western art music. Taught each term with some live performances by faculty and guest artists. Can be used to satisfy core curriculum requirements.

MU 202 Music Theory III: 3 semester hours
Continuation theory study with chromatic and altered chords. Analysis of compositions and original four-part writing. Keyboard harmony at sight in four parts. Prerequisite: MU 102. (Offered alternate years during the fall semester).
MU 203 Music Theory IV: 3 semester hours
More advanced theory with a study of ninth, eleventh, and thirteenth chords, their origin and application to music of the 19th and 20th centuries. The last part of this course is devoted to original compositions in the 20th century style. Prerequisite: MU 202. (Offered alternate years during the spring semester).

MU 251 Conducting: 3 semester hours
Conducting principles and techniques combined with a study of choral and instrumental literature. Prerequisite: MU 102.

MU 257 Vocal Techniques: 3 semester hours
The principles of voice production, the selection of voices by range, and a study of procedures and problems in developing vocal ensembles and the solo singer. Prerequisite: MU 102.

MU 315 Piano Literature And Pedagogy: 3 semester hours
An examination and analysis of piano literature from 1700 through the late twentieth century along with an investigation of current and historical pedagogical methods. Prerequisites: Completion of, or concurrent enrollment in MU 333.

MU 322 Counterpoint: 3 semester hours
A study of the polyphonic techniques of the 18th century, including analysis of the music of J.S. Bach and his contemporaries. Original composition in 18th style is required. Prerequisite: MU 203.

MU 324 Form and Analysis: 3 semester hours
Forms from the simple one-part song to avant garde 20th century compositions are discussed and analyzed by examination of scores from every style period. Prerequisite: MU 203.

MU 332 Music History: 3 semester hours
A survey of the development of music from pre-Christian times to the present. MU 332 will be devoted to history of music up to 1750. Prerequisite: MU 102 and sophomore standing.

MU 333 Music History: 3 semester hours
A survey of the development of music from pre-Christian times to present. MU 333 will emphasize the literature written since 1750. Prerequisite: MU 102 and sophomore standing.

MU 445 Music Independent Study: 3 semester hours
Study topic will be negotiated by the student and his/her advisor.

Nursing (NU)

Courses

NU 110 Exploring Complementary Therapies: 1 semester hour
This elective course offers students the opportunity to explore various alternative therapies that may be encountered when determining treatment options for oneself or another. The course is designed to inform the student of current modalities available in the community for persons seeking to take greater responsibility for their health status. Reflective judgement will be required as one responds to the theory and practice of alternative therapies thus enabling the student to draw conclusions that are holistic and accurate. This is a course in directed studies with reading found on the Internet for each topic covered. One field trip is scheduled.

NU 111 Call To Adventure I: 0.5 semester hours
Education of nursing students can be understood as a journey toward integration of the values, knowledge, skills, meaning and experiences that will sustain the future practitioner. This course is a “call to adventure” that provides the opportunity to embark on that journey.

NU 114 Call To Adventure II: 0.5 semester hours
Education of nursing students can be understood as a journey toward integration of the values, knowledge, skills, meaning and experiences that will sustain the future practitioner. This course is a “call to adventure” that provides the opportunity to embark on that journey. NU 114 is a continuation of NU 111.

NU 115 Call To Adventure: Transitions: 1 semester hour
Education of nursing students involves the reflection of values that can be understood as a journey toward the integration of knowledge, truth, meaning, and service for the well-being of all humanity according to the sisters of Mercy’s mission. Reflection of the role of the Sisters of Mercy provides students with a foundation to develop a philosophy that instills a commitment of services to local, national and world populations. This course is a “call to adventure” that provides transfer students the opportunity to embark on their journey.

MU 201 Physical Assessment for Advance RN - BSN Students: 1 semester hour
This course is designed to validate the RN’s knowledge base and skills of physical assessment through completion of a health history and a comprehensive physical assessment under the guidance of clinical instructors. Prerequisite: R.N. status.

NU 211 Medical Terminology: 1 semester hour
This self-directed elective course provides an overview of terminology used in the health professions. The course is recommended for students who have not taken NU 111 and for student interested in the health professions. Students will independently study a text of terminology and progress through a series of assignments and a final examination.

NU 224 Nursing Skills for the Journey: 3 semester hours
This course provides theoretical and clinical application content for nursing students. Students will have the opportunity for hands-on experiences, working independently and closely with faculty and peers learning from a variety of teaching methodologies. Upon completion of this course students will be expected to perform selected nursing skills safely and accurately under the direct supervision in the clinical setting. Equipped with skills and knowledge, students are empowered to continue their journey with confidence and competence. Prerequisite: 75 hour CNA course and NU 232.

NU 230 Pharmacotherapeutics: 3 semester hours
This course provides an introduction to the broad field of pharmacology. Several concepts will be covered with particular emphasis on pharmacotherapeutics, the use of drugs for therapeutic purposes. Major drug groups will be addressed in relation to specific drug prototypes, actions, therapeutic and adverse effects, uses, interactions, contraindications, methods of administration, and consumer information. Principles of safe administration of medications, including drug calculations, will be reinforced. In addition, drug effects on specific populations will be addressed. Prerequisite: NU 224, NU 232, NU 240, NU 260, or permission of instructor.

NU 232 Holistic Human Assessment: 4 semester hours
This course is designed to provide students with the knowledge and skills necessary to perform assessments of humans as holistic persons. Lecture will provide theory to guide the students in developing subjective and objective assessment skills. Clinical application in the acute care setting will focus on assessment, communication and nursing skills. Prerequisite: admission to major.
NU 240 Disease Paths: 4 semester hours
Pathophysiology is the study of altered physiological functioning caused by disease. This course provides an overview of the biologic basis for disease in adults and children. The focus will be on the etiological factors, pathogenesis, and clinical manifestations of altered physiological processes. Students will examine how altered physiological functioning impacts the individual’s personal journey. Prerequisite: NU 232, NU 224, and BI 274.

NU 242 Concepts in Baccalaureate Nursing Education: 4 semester hours
This course is designed for Advance R.N.-B.S.N. students seeking a baccalaureate degree with a major in nursing. The purpose of the course is to provide a transition between the student’s basic nursing education, associate degree or diploma and nursing education. Students will explore the philosophy of nursing along with studying the current issues in nursing practice and nursing education. The focus of the course is the nursing process. Concept development will also be studied. Students will also complete a family assessment, study cultural diversity in the community as well as participate in service/volunteer activities. Prerequisite: Current and valid Iowa R.N. licensure.

NU 260 Pathways To Professional Nursing: 5 semester hours
This course facilitates the integration of knowledge for the liberal arts, sciences and nursing as the foundation for the professional nursing practice. A variety of clinical experiences within the health care environment will be encountered as the students journey across the threshold toward professional nursing. Prerequisites: NU 224 and NU 232.

NU 320 Essentials of Nutrition: 2 semester hours
This course will provide the student with essential foundational nutrition background and the knowledge necessary for evaluation of the nutritional status of clients across the lifespan. This course will focus on nutritional applications and intervention for health promotion and disease/illness. Prerequisites: NU 224, NU 232, NU 240, and NU 260.

NU 330 Beginnings: Maternal Newborn Nursing: 3 semester hours
This course focuses on the nursing care of families as they journey through the childbearing experiences. Junior level nursing students are introduced to the normal process of pregnancy and delivery in addition to typical complications. Knowledge acquired from this course and previous learning experiences is applied in health care settings. Prerequisites: NU 224, NU 232, NU 240 and NU 260.

NU 332 Challenges Along the Journey: Nursing Interventions for Clients with Mental Illness: 3 semester hours
This course is designed to prepare the student to provide competent nursing care to patients experiencing mental illness. Concepts will include etiological theories, diagnostic terminology and criteria, and therapeutic nursing interventions. Therapeutic use of self and the nursing process are utilized in providing care to individuals with mental illness in a variety of settings. A field trip to the Mental Health Institute in Independence, IA, will proceed a historical perspective on treatment of mental illness. Prerequisites: NU 224, NU 232, NU 240 and NU 260.

NU 350 Challenges Along the Journey: Interventions for Core Body System Alterations: 6 semester hours
This course will prepare students to meet the challenges associated with caring for adults and children experiencing acute and chronic illness involving core body systems. Nursing interventions for persons across the lifespan will be a central theme. The focus will be on nursing interventions for persons with alterations involving respiratory, cardiovascular, neurological, genital/reproductive, and gastrointestinal systems, as well as those interventions required for persons experiencing multi-system failure. Relevant history and theories, standards of care, prevention, current research, and legal-ethical and end-of-life implications will be addressed as applicable for each alteration. The impact of the environment, culture, and technology will also be considered. Prerequisites: NU230, NU 232, NU 240, and NU 260.

NU 352 Challenges Along the Journey: Intervention for Alterations in Regulatory and Protective Mechanisms: 6 semester hours
This course will prepare students to meet the challenges associated with caring for adults and children experiencing acute and chronic illnesses involving alteration in regulatory and protective mechanisms. The initial focus will be on health promotion, children’s response to illness and family support. Nursing interventions for persons across the lifespan will be a central theme. Interventions for persons with alterations in cell functions, fluid, electrolyte, and acid-base balance, inflammation, immunity, and infections, as well as those required for alterations in the endocrine, renal, musculoskeletal systems will be included. Interventions will be discussed in theory and applied in a variety of clinical settings. Relevant history and theories, standards of care, prevention, current research, and legal-ethical and end-of-life implications will be addressed as applicable for each alteration. The impact for the environment, culture, and technology will also be considered. Prerequisites: NU 230, NU 232, NU 240 and NU 260.

NU 360 Nursing Clinical Internship: 1 semester hour
This elective course will provide nursing students with oversight by a Mount Mercy faculty member while they participate in an established internship offered by a health care facility in Iowa. The student will be permitted to perform as a nursing student during the internship starting at the Junior level under the supervision of the clinical agency staff. Students will be expected to apply for the internship on their own and verify that they have been accepted by the clinical agency.

NU 405 Nursing Program: 6.5 semester hours
Escrow credits for RN-BSN Program.

NU 406 Nursing Program: 6.5 semester hours
Escrow credits for RN-BSN Program.

NU 411 Professional Preparation: 1 semester hour
In anticipation for graduating and taking the NCLEX-RN licensure examination, students will work with the faculty to develop and carry out individual plans for preparing for the exam. In addition, the students will be introduced to the responsibilities associated with maintaining a professional license and communicating with professional licensing boards and organizations. To be completed in the final semester of the nursing program.
**NU 422 Clinical Preceptorship: 2 semester hours**

Students will work with a professional nurse to learn the specific duties and challenges for daily responsibilities of the nurse. Through this preceptorship, the student and nurse will collaborate to identify opportunities for the student to provide direct patient care, to enhance critical thinking skills and to hone clinical skills to be well-prepared for passing the NCLEX-RN and beginning one’s first professional role. Prerequisites: NU 330, NU 332, NU 350, NU 352.

**NU 441 Independent Study: 1 semester hour**

Independent studies are open to students applying to the nursing major and whose qualifications and academic achievements meet with faculty approval.

**NU 442 Independent Study: 2 semester hours**

Independent studies are open to students applying to the nursing major and whose qualifications and academic achievements meet with faculty approval.

**NU 443 Independent Study: 3 semester hours**

Independent studies are open to students applying to the nursing major and whose qualifications and academic achievements meet with faculty approval.

**NU 460 Extending the Journey: Population Based Nursing: 6 semester hours**

This course is specifically designed for senior level baccalaureate nursing students who have completed their basic preparation for registered nurse licensure and advance R.N.-B.S.N. students. This course will focus on population-based concepts and application to practice. The course will explore global health care issues and address influences on care of populations. A focus on evidence based nursing practice will also be included in the course. The course will include both theory and clinical components. Prerequisite: senior level status. Prerequisites: NU 320, NU 330, NU 350 and NU 352.

**NU 461 Extending the Journey: Professional Aspects of Nursing: 6 semester hours**

This course is organized around issues that are key to the success of professional nurses in today’s constantly changing health care environment. This course is specifically designed for senior level baccalaureate nursing students and Advance RN-BSN students who have completed their basic preparation for registered nurse licensure. Course content will address leadership and management, professional development, and legal and workplace issues. The course includes both theory and clinical components. Clinical experiences will provide opportunities for application of theory content in a variety of community-based settings. Prerequisites: NU 320, NU 330, NU 350 and NU 352.

**NU 465 Integrating Journey: Complex Concepts and Clinical Immersion: 5 semester hours**

This course will prepare students to provide care for adult and geriatric clients with complex needs. Students will apply curricular content in a 192 hour clinical immersion experience. The focus will be in the integration of knowledge and skills required for client situations involving multiple system pathologies and/or critical incidents. The classroom portion of the course is three hours per week and will be conducted in a discussion format using evolving case scenarios that require students to utilize high level clinical reasoning. Prerequisites: NU 230, NU 320, NU 330, NU 350, NU 352.

**NU 470 Population Based Nursing: 3 semester hours**

This course is specifically designed for senior level baccalaureate nursing students who have completed their basic preparation for registered nurse licensure and advance R.N.-B.S.N. students. This course will focus on population-based concepts and application to practice. The course will explore global health care issues and address influences on care of populations. A focus on evidence based nursing practice will also be included in the course. The course will include both theory and clinical components. Prerequisite: senior level status. Prerequisites: NU 320, NU 330, NU 350 and NU 352.

**NU 471 Professional Aspects of Nursing: 4 semester hours**

This course is organized around issues that are key to the success of professional nurses in today’s constantly changing health care environment. This course is specifically designed for senior level baccalaureate nursing students and Advance RN-BSN students who have completed their basic preparation for registered nurse licensure. Course content will address leadership and management, professional development, and legal and workplace issues. The course includes both theory and clinical components. Clinical experiences will provide opportunities for application of theory content in a variety of community-based settings. Prerequisites: NU 320, NU 330, NU 350 and NU 352.

**Philosophy (PL)**

**Courses**

**PL 141 Logic: 3 semester hours**

This course offers a combination for skills in a critical thinking, introductions to two types of formal logic, and a survey of informal logical fallacies, all with the aim of finding uses for those skills in real life. The goal for the class is to develop the ability to distinguish between successful and unsuccessful arguments by learning the structure for good thinking and evaluation the quality of evidence used to support an argument. There are not prerequisites.

**PL 151 Introduction to Western Philosophy: 3 semester hours**

This course introduces students to the origin of the western philosophical tradition. It traces the development of Western philosophy for Socrates to its first Christian expressions and examines the contribution made to Western culture by the philosophers of the classical period, especially Plato and Aristotle. Discussions focus on applying the insights of classical philosophers to contemporary issues. Both primary and secondary sources will be used. Prerequisite: sophomore standing.

**PL 161 Introduction to the Philosophy of the Human Person: 3 semester hours**

This course is an introduction to the philosophy of human nature. It examines some major theories that treat the nature fo the human person. Such key issues as knowledge, freedom, immortality, and person are discussed. Pre requisite: sophomore standing.

**PL 169 Introduction To Ethics: 3 semester hours**

This course is an introduction to the philosophical discipline of ethics. Among the topics covered are: the nature of ethical inquiry, theories of happiness, an analysis of moral activity, the growth of personal moral character, differing approaches to normative evaluation (such as duty ethics and consequences ethics), and selected moral problems. Prerequisite: sophomore standing.
**PL 170 Introduction To Asian Thought: 3 semester hours**
This is an introductory survey of the general philosophical themes of Indian, Chinese, and Japanese thought. Classical and contemporary sources will be studied. Prerequisite: Sophomore standing.

**PL 172 Chinese Thought and Culture: 3 semester hours**
This course introduces students to the thought and culture of China from earliest times through the twentieth Century. The main focus is on the three great streams of Chinese thought: Confucianism, Daoism (Tao-ism) and Buddhism. The course emphasizes the role of these philosophies/religions in the social-political life and on the artistic expressions (from calligraphy to film) for the peoples of East Asia. Prerequisite: Sophomore standing.

**PL 210 Special Topics in Applied Ethics: 3 semester hours**
This course applies ethical theories to areas of work-related and social morality. We will examine the ethical responsibility of professional and several codes of professional ethics. We also will analyze select problems from the areas of business ethics, biomedical ethics, environmental ethics or other areas of contemporary interest. This course may be repeated if the area f application differs. Prerequisite: PL 169 or its equivalent.

**PL 222 Philosophy of Art and Beauty: 3 semester hours**
This course explores areas in aesthetics from a philosophica point of view, with an emphasis on relating aesthetics consistently to other philosophical concepts. Areas of discussion can include whether or not there is an objective basis for claims about art and beauty, definitions of art and beauty, qualities of an artist, and various aesthetic theories throughout the history of philosophy and art. Prerequisite: Completion of the core curriculum requirement in philosophy.

**PL 360 Special Topics in the History of Philosophy: 3 semester hours**
This course is an examination of important philosophical problems or issues. Course content will vary according to student interest. This course with different content may be repeated. Prerequisite: completion of the core curriculum requirement in philosophy.

**PL 371 Contemporary Thought: 3 semester hours**
This course is a critical study of how philosophers today have attempted to comprehend our humanness and our place in the universe. This course emphasizes the insights of contemporary philosophers into the unique problems of our time. Prerequisite: completion of core curriculum requirement in philosophy.

**PL 375 Faith And Reason: 3 semester hours**
This course examines issues in the philosophy of religion and application of the techniques of philosophical investigation to problems in Judeo-Christian and ecumenical theologies. Topics include argumentation for and against God’s existence, as well as the nature of faith, the problem of Evil, the problem of truth and religious language, the question of the afterlife, a philosophical perspective on the nature of faith, and Revelation and religious experience. Prerequisites: Completion of the Core curriculum requirements in both philosophy and religious studies and at least a junior standing.

**PL 400 Senior Independent Research/Writing: 3 semester hours**
This is the capstone course for the major in applied philosophy. Students are required to write a philosophical paper on the topic of “My Personal Ethical Philosophy and My On-going Search for Truth” as an integral part of the capstone experience. Students are also required to do independent research using both primary and secondary sources and to apply their own philosophical reflection in writing a major paper. This course is open only to students majoring in applied philosophy. Prerequisite: Permission of the instructor.

**PL 445 Philosophy Independent Study: 3 semester hours**
Independent study under faculty guidance of selected topic. Prerequisite: Permission of instructor.

**Physics (PH)**

**Courses**

**PH 114 Natural Science-Physical: 4 semester hours**
This course is designed for students whose major interests lie outside the field of science. It provides a basis for appreciating the contributions of science to modern society through the development of an understanding of some of the basic laws and theories of physics, chemistry, and astronomy. No previous chemistry or physics is required. Weekly three hour lecture and two hour lab.

**PH 115 Introduction To Earth Science: 4 semester hours**
An introductory course in earth science that covers geologic origins, history and evolution of the earth along with basic identification of minerals. Topics included are: origins and history of the mineral layers, plate tectonics, geologic time, fossil record, and landform regions in Iowa. Field trips will be included, probably on weekends. Weekly three hour lecture and two hour lab.

**PH 151 Principles of Physics I: 4.5 semester hours**
The first of a 2-semester introductory physics sequence using algebra and trigonometry; covers mechanics, fluids, heat and thermodynamics, vibrations, waves, and sound. Fall semester, weekly three hours of lecture and three hours of laboratory. Prerequisite: C or better in MA 139 or more advanced mathematics course.

**PH 152 Principles of Physics II: 4.5 semester hours**
A continuation of PH 151 that covers electricity and magnetism, optics, relativity, and selected topics in modern physics. Spring semester, weekly three hours of lecture and three hours of laboratory. Prerequisite: C or better in PH 151.

**Political Science (PO)**

**Courses**

**PO 101 Introduction To Political Philosophy: 3 semester hours**
An examination of main ideas, methods, and perspectives of some of the major Western political theorists from Plato to the modern period. Drawing upon study of the original texts, the course aims to convey an understanding of political philosophy as a tradition of inquiry into fundamental questions of human nature, the origins of ethical codes, the role and limitations of government, and social justice. The course also encourages assessment of the relevance of the theories studied for understanding and evaluating politics today.

**PO 102 Government and Politics Around the World: 3 semester hours**
This course aims to illustrate the diversity of political life, institutional alternatives, and differences in political processes and policy outcomes in the context of foreign countries representing different cultures and regions of the world and different stages of development. The course introduces basic methods and concepts of comparative study and examines similarities and differences in such areas as political parties, elections, executive and legislative institutions, as well as economic, social, and welfare policies.
PO 103 Introduction to International Relations: 3 semester hours
An introduction to the basic principles underlying the interaction between nation states, such as war, trade, alliances, balance of power, and international law. Students will become familiar with major theories of international politics and will evaluate these theories in the context of major events in international politics, including the collapse of the Soviet Union, the global financial crisis, terrorism, environmental degradation, and the rise of new international structures such as the European Union.

PO 111 Introduction to American Politics: 3 semester hours
A broad survey of American politics, including political behavior of the American electorate, the theory and practice of constitutional government, the structure and functioning of American political institutions, and contemporary issues.

PO 112 Globalization and Human Survival: 3 semester hours
An introductory examination of some problems that confront all people today and will require global attention and cooperation for their amelioration. Some problem areas considered include war, peace and security, ecology and resources, and poverty and development. The course also highlights the interconnectedness of the emerging global problems, considers various proposals, which have been made for addressing them, and treats the complications arising from differences of culture and values.

PO 201 The Presidency: 3 semester hours
An examination of the office, powers, and roles of the American presidency, the relationships of the presidency with other elements of the American political system and issues and problems raised by the presidency’s performance today. Recommended: PO 111.

PO 202 Congress: 3 semester hours
An examination of the powers, activities, and functions of the American Congress, the relationships of Congress with constituents and other elements of the American political system leading up to an analysis of issues and problems raised by Congress’ performance today. The course highlights the tension that exists between Congress as a representative assembly and as a national policy-making institution. Recommended: PO 111.

PO 203 The U.S. Supreme Court and the American Judiciary: 3 semester hours
An introductory course to the structure and characteristics of the U.S. legal system at both state and federal level, with special consideration given to the interaction between law and politics. The course will cover topics such as the evolution of the judiciary and its effects on the other branches of government, the institutional structure of the Supreme Court and of the state and federal courts, models of judicial decision-making, as well as the role of judges, lawyers, litigants in the judicial process. Recommended: PO 111.

PO 204 Political Parties, Voters and Elections: 3 semester hours
The core elements of any democratic political life are political parties and election; this course examines both. Topics to be discussed include the causes and evolution of the U.S. two-party system, voting for President and Congress, how voters decide, voter turnout, and the electoral foundations of divided government. Recommended PO 111.

PO 205 History of American Political Thought: 3 semester hours
An examination of writings by selected political theorists throughout American history. Two goals of the course are identification of the distinctive features, themes, and preoccupations of American political theory and assessment of the relevance of the theories studied for understanding and evaluating American politics today. Recommended: PO 101 and PO 111.

PO 209 Interest Groups: the Good, the Bad and the Ugly: 3 semester hours
This course is designed to provide an introduction to the many roles of interest groups in American politics. It begins with a discussion of the reasons for and obstacles to formation of interest organizations. The majority of the course is then dedicated to the analysis of the ways in which organized interests pervade American politics, including elections, legislative action, public policy implementation, judicial decisions, and public opinion formation and persuasion. The course concludes with a discussion of the benefits and detriments to democracy of our current interest group system and proposals for reform. Recommended: PO 111.

PO 265 Politics and Film: the Art of the Message: 3 semester hours
This is not a popcorn and movies class; it is a course to introduce students to a range of political films and to develop their skills in understanding and analyzing their political significance and influence. Film has a broad and persuasive appeal to a significant cross-section of the public. Whether through intentional documentary, dramatic renderings of historical events or timely issues, fictional drama dealing with big issues, or though satire, the cinema has been a powerful medium in influencing public views on the events, people, and places that make up our complex political world. The purpose of this class is to introduce the student to the portrayal of that complex political world through film, its effect on the thinking and attitudes of the public, and ultimately its role in shaping public policy and decision-making.

PO 301 Constitutional Law I: Structure of Government: 3 semester hours
Learn the principles, doctrines and controversies regarding the basic structure and division of powers in American government as defined through the text of the Constitution and its interpretation by the Supreme Court. Specifically, we inquire about the exercise of judicial review, the scope of congressional powers, the nature of executive prerogatives, as well as the tug of war that characterizes the balance of power among these the three branches of government and the balance of authority between the national and state governments. The Constitution is primarily a legal document, but the historical and political context of constitutional interpretation is inseparable from the legal analysis, so the course will explore each of these areas in detail. Prerequisite: sophomore standing or consent of instructor; PO 111 or PO 203 recommended but not required.

PO 302 Constitutional Law II: Civil Rights and Liberties: 3 semester hours
This course introduces students to the constitutional principles that govern the relationship between individuals and the state. It explores the concept of national citizenship and examines the limits on governmental action imposed by the Due Process and Equal Protection Clauses of the Fourteenth Amendment, as well as by the First Amendment. The student will be expected to learn about freedom of speech and press, freedom of assembly, guarantee of the free exercise of religion, privacy, discrimination, and capital punishment. The primary goal of the course is to discuss our rights, therefore, emphasis is on the Constitution and the United States Supreme Court cases, which delineate the legal doctrines relevant to defining the Constitution’s guarantees of liberty. Prerequisite: sophomore standing or consent of instructor; PO 111 or PO 203 recommended but not required.
PO 307 Political Science Research Methods: 3 semester hours
Students will learn the basic qualitative and quantitative research methods used in the social sciences. The course will begin with an introduction to the foundations of scientific research, hypothesis construction and testing, along with the strengths and weakness of different methodological approaches. Students will use a statistical analysis program (SPSS) to create and manipulate data sets. This computer assisted data analysis will permit students to understand and report basic descriptive statistics, a variety of difference of means tests, bivariate correlations, and basic multiple regression analysis. Students will also learn to read and understand literature from academic journals in the social sciences, including (but not limited to) political science, political/social psychology and political sociology. This course has no prerequisite courses. Familiarity with algebra is a plus, but not a requirement. Prerequisites: PO 111, PO 102 or PO 103 or consent of the instructor.

PO 311 American Foreign Policy: 3 semester hours
Analysis and evaluation of American foreign policy since 1945, the institutions and processes involved in its making and the historical and cultural factors affecting it. Prerequisite: PO 111 or 103.

PO 312 Politics of International Economic Relations: 3 semester hours
Analysis of reciprocal relations between global politics and economics, examining such topics as North/South conflict, the emergence of multinational non-state actors, problems of global resource allocation, the institutional framework of international development, and the growing interconnectedness of a global economy. Prerequisite: PO 103 or an introductory course in economics.

PO 313 International Law and Organization: 3 semester hours
Analysis of the history, role, and future of international law and organizations in the social, economic, and political development of the world community. Prerequisite: PO 103 or permission of instructor.

PO 314 Contemporary Political Ideologies: 3 semester hours
A comparative study of conservative, liberal, socialist, religious, fascist, and other ideologies prominent in contemporary national and world politics. Prerequisite: sophomore standing.

PO 326 Politics and Public Policy: 3 semester hours
An analysis of the different policy-making processes incorporated in the American political system and the different kinds of political actors, patterns of conflict, and outcomes found in each. The course also treats policy-making, current policies, and policy debate found in several major areas of public policy, such as business regulation, civil rights, and economic, defense, welfare, and health policies. Prerequisite: PO 111 or equivalent.

PO 335 State and Local Government: 3 semester hours
The course deals with the theories, principles, and practices of the state and local governments in the United States with an emphasis on Iowa. The topics include scope and functions of the state local government, capacity, federalism, institutions, participation, public administration, and budgetary matters. Prerequisite: PO 111.

PO 342 Politics Public Administration: 3 semester hours
The course is designed to develop an understanding of the relationship between the American politics and public administration. It primarily focuses on public administration, including policy analysis, budgeting, personnel, organization, leadership, decision making, and ethics in a political environment. Prerequisite: PO 111 or consent of instructor.

PO 353 Politics and Economic Policy in the United States: 3 semester hours
The course is designed to develop an understanding of the politics of economic policy making and the institutional infrastructure of policy implementation in the United States. The course aims at exploring the complexities of fiscal, monetary, regulatory, and distributive policies in the United States. Prerequisite: PO 111 or consent of instructor.

PO 359 Advanced Studies in Law and Politics: 3 semester hours
Seminar-style course designed to employ various academic perspectives and methodologies to the study of legal issues, shedding light on both the understanding of law as well as debates central to other disciplines. The course is designed to offer a great deal of flexibility to adapt its content to current and contentious issues relevant to law, society, and politics. The scope of legal concerns ranges from the local (states and communities), to the national, and to the global (regions and international bodies). The course topics change from semester to semester and may be repeated with change of content (maximum 9 credit hours). The course does not require prior knowledge of the specific areas or topics covered and is open to all majors. Prerequisites: PO 111, PO 102, PO 103 or PO 104 required, or consent of the instructor.

PO 406 Major Political Problems: 3 semester hours
An examination of a general problem or issue in politics today. Course content and subtitle will vary. The course may be repeated with consent of the instructor.

PO 425 Public Service Internship: 3 semester hours
A supervised introduction to public service through placement in a public agency. It develops an understanding of agency functions and of employees in the public sector. Prerequisite: It is open to non-majors upon completion of PO 111.

PO 441 Seminar In Political Research: 3 semester hours
A seminar having variable content and emphasizing oral and written presentation of independent study and research done by participants. Required for political science majors. Prerequisites: sophomore standing and PO 307.

PO 445 Independent Study: 3 semester hours
Directed readings and research in political science. Topics to be determined by the student and instructor.

Psychology (PS)

Courses

PS 101 Introductory Psychology: 3 semester hours
This first course gives a broad overview of the field of psychology. Major areas studied include the physiological basis of thought and action, perception of the environment, learning, motivation, behavior disorders, and behavior in groups. Though basic concepts and principles are stressed, the student is introduced to a variety of approaches to the subject matter of psychology. The student also becomes acquainted with some of the methods psychologists use to answer questions about behavior and mental processes. Students may have the opportunity to serve as research participants. Prerequisite for all other psychology courses. (Offered fall and spring semesters).
**PS 102 Orientation To Psychology: 1 semester hour**
This course includes an introduction to the psychology department’s curriculum and objectives, opportunities for campus involvement and community service, and career exploration in psychology. Topics include strategies for a successful transition to Mount Mercy and for achieving academic success, exploration of careers in psychology, strategies for resolving career indecision and strategies for implementing a career choice. (Offered fall semester).

**PS 124 Developmental Psychology: 3 semester hours**
This course provides a comprehensive overview of normal human development throughout the entire life span. Similarities and differences in the normal biological, cognitive, social and emotional development of humans will be studied. Prerequisite: PS 101. (Offered fall and spring semesters).

**PS 205 Psychology Of Adjustment: 3 semester hours**
The focus of this course is on the study of the problems and processes of psychological adjustment to the stresses, conflict, anxieties, and frustrations of life today. This course focuses on several topics in depth: Stress and stress management, self-esteem, communication, relationships, and work adjustment. Student participation is required. (This course does not count toward the major. It counts toward the holistic health domain of the core curriculum).

**PS 214 Psychology of the Middle School Student: 3 semester hours**
This class will examine the social, emotional, physical and cognitive development of children in middle school. Students in this course will learn about the unique needs, abilities, and interests of middle school-aged students as they experience conflicting societal expectations and options. Prerequisites: PS 101 and PS 124. (Students can not receive credit for both PS 214 and PS 215).

**PS 215 Adolescent Psychology: 3 semester hours**
The focus of this course will be on the social, emotional, physical, and cognitive development of persons aged 13-20. The course will examine how the concept of adolescence has changed over the years, and how families, peers, school, and the culture influence adolescent development. In addition the course will examine in depth a number of problems facing today’s teenager like drug use, sexual activity, and violence. Prerequisite PS 101 and PS 124. (Students can not receive credit for both PS 214 and PS 215).

**PS 221 Social Psychology: 3 semester hours**
Social psychology focuses on human social relationships. This course studies the influence of others on individual behavior and attitudes, various sorts of interaction between individuals, and behavior of people in groups. Topics include conformity, helping behavior, persuasion, social cognition, attitude formation and change, aggression, sex roles, prejudice, and attraction. Prerequisite PS 101. (Offered fall and spring semesters).

**PS 259 Health Psychology: 3 semester hours**
Health psychology is the field within psychology devoted to understanding psychological influences on how people stay healthy, why they become ill, and how they respond when they get ill. This course will explore the interface between psychological theory, research, and health-related issues such as stress, coping, prevention models, death and dying, patient compliance, and the relationship between health-care providers and patients. Prerequisite: PS 101.

**PS 286 Biological Psychology: 3 semester hours**
This course involves an overview of biological explanations of behavior. The course begins with a description of the dynamic activity of neurons and the basic anatomy of the nervous system. Building upon this foundation, topics include: methods of investigation, drugs and behavior, development and evolution of the brain, sensory and motor processes, waking and sleeping, hunger and thirst, sexual behavior, learning and memory, emotions, mood disorders, and schizophrenia. Prerequisites: PS 101 and BI 125 or BI 126 or Permission of instructor. (Offered spring semester).

**PS 306 Abnormal Psychology: 3 semester hours**
This course is an overview of disorganized states of human functioning, including disorders of mood, thought, and behavior. This course follows the DSM system of classification, while explaining disorders from various perspectives. Prerequisites: PS 101 and at least two other psychology courses, plus junior or senior status. Students are strongly encouraged to take PS 286 and PS 319 prior to taking PS 306. (Offered fall semester).

**PS 319 Classic Theories of Personality: 3 semester hours**
The study of major personality theorists who did most of their theorizing prior to 1970 including early key psychoanalysts, behaviorists, trait theorists, and humanist. The focus will be on the theories of individual theorists. Topics include normal and abnormal psychology functioning, personality development, and research done on these theories. Representative assessment devices will be demonstrated and selected research will be noted. Along with textbook, students will be asked to read selected portions of theorists own writings. Prerequisite: PS 101. (Offered fall semester).

**PS 325 Statistics For Behavioral Sciences: 4 semester hours**
This course involves application observational and survey methods, and it includes use of statistical procedures within the context of correlation research. Reading empirical literature and writing summaries of statistical analyses are emphasized. Use of computer software (SPSS) is integrated throughout the course. Topics include descriptive statistics, estimation, hypothesis testing, t tests effect size, power analysis, bivariate correlation/regression, multiple correlation/regression and a brief introduction to nonparametric tests. A student-designed project will include research design, data collection, statistical analysis, preparation of a research report, and a formal presentation. Prerequisite: PS 101. Students should have the equivalent of one year of high school algebra before enrolling in PS 325. Completion of MA 135 (Basic Statistics) before PS 325 is strongly recommended. (Offered fall semester).

**PS 345 Psychological Research Methods: 4 semester hours**
This course includes use of statistical methods within the context of experimental research. Emphasis includes reading and evaluation of research articles, written summaries of statistical analyses, proposing and conducting experimental research, and APA-style research reports. Use of computer software (SPSS) is integrated throughout the course. Topics include hypothesis testing, one-and two-way analysis of variance, multiple-comparison tests, power analysis, effect size, and several research designs: randomized groups, within-subjects, and mixed factorial. A student-designed project will include research design, data collection, statistical analysis, preparation of a research report, and a formal presentation. Prerequisite: PS 101 and PS 325 (with a letter grade of at least a C-). (Offered spring semester).
**PS 349 Industrial/Organizational Psychology: 3 semester hours**

This course involves a general orientation to the field and is designed to familiarize students with application of psychological principles and theory in the workplace. Topics include methods of investigation, job analysis, employee selection, training, performance appraisal, employee motivation and job satisfaction. Prerequisites: PS 101. (Offered winter term).

**PS 371 Introduction To Counseling: 3 semester hours**

This course introduces students to various aspects of the counseling field. The course will focus on professional and ethical issues in counseling, and on major theoretical approaches to individual counseling. Attention will be given to evidence-based practice in counseling. Various approaches to counseling will be demonstrated. Prerequisites: PS 101, and junior or senior status. It is strongly recommended that students have completed SW 245, PS 306, and PS 319 prior to taking PS 371. (Offered spring semester).

**PS 385 Cognitive Psychology: 3 semester hours**

This course includes a study of mental processes. Models of information processing and cognitive neuroscience will be emphasized. Topics include methods of investigation, visual perception, selective attention, working memory and long-term memory, representation of knowledge, language, reading, and executive processing. Assessment, explanation of phenomena, and application of knowledge will be emphasized. Prerequisite: PS 101 and BI 123 or BI 143. (Offered fall semester).

**PS 401 Directed Reading in Psychology: 1 semester hour**

This course may be initiated by an instructor or by a student or group of students on a topic of special need or interest. Prerequisites: PS 325, 345 (with a grade of B- or better), psychology major, junior or senior status, courses related to reading objectives, and written consent of the instructor and the Department of Psychology. Formal application must be made to the department during or at the end of the semester preceding expected enrollment (no later than one week after final exams). Credit is variable (up to 3 semester hours), depending upon the scope of the topic.

**PS 402 Directed Reading Psychology: 2 semester hours**

This course may be initiated by an instructor or by a student or group of students on a topic of special need or interest. Prerequisites: PS 325, 345 (with a grade of B- or better), psychology major, junior or senior status, courses related to reading objectives, and written consent of the instructor and the Department of Psychology. Formal application must be made to the department during or at the end of the semester preceding expected enrollment (no later than one week after final exams). Credit is variable (up to 3 semester hours), depending upon the scope of the topic.

**PS 403 Directed Readings Psychology: 3 semester hours**

This course may be initiated by an instructor or by a student or group of students on a topic of special need or interest. Prerequisites: PS 325, 345 (with a grade of B- or better), psychology major, junior or senior status, courses related to reading objectives, and written consent of the instructor and the Department of Psychology. Formal application must be made to the department during or at the end of the semester preceding expected enrollment (no later than one week after final exams). Credit is variable (up to 3 semester hours), depending upon the scope of the topic.

**PS 411 Psychology in Practicum: 1 semester hour**

This course provides the student an opportunity for professional interaction in selected agencies or institutions under the supervision of a field professional. The student could take PS 411 in addition to this course, but for no more than four semester hours of internship in total. The amount of credit signifies the amount of time the student is at the agency. PS 411 (1 credit hour) implies being at an agency for three to four hours per week. This course will require weekly meetings with the instructor and is designated Pass/Fail by the instructor. Prerequisites: Permission of the department, sophomore or higher standing, and completion of at least three psychology courses with a C or better. Formal application must be made in the semester prior to the internship. (Offered fall semester).

**PS 413 Internship in Psychology: 3 semester hours**

This course provides the student an opportunity for professional interaction in selected agencies or institutions under the supervision of a professional in the field. The student could take PS 411 in addition to this course, but for no more than four semester hours of internship in total. PS 413 (3 credit hours) implies being at an agency for ten to twelve hours per week. This course requires meeting in a group with the instructor to discuss ethical issues in practice, to review and practice clinical skills, and to process the internship. This course is designated Pass/Fail by the instructor. Prerequisites: students must have permission of the department, have completed at least five psychology courses, including PS 306 and SW 245 or have permission of the instructor, have a minimum of 2.00 in both overall GPA and in all psychology courses. Formal application must be made in the semester prior to he internship. (Offered spring semester).

**PS 425 Research Seminar: 3 semester hours**

This course will give students experience with the entire research process. As a class, students will design and implement a research study. In addition, the class will gain experience at analyzing data and preparing the study for presentation at a psychological conference. Prerequisite: Psychology major or minor, junior or senior standing, and PS 325 and 345 with a grade of B- or better. This course is offered every couple of years.

**PS 441 Independent Study in Psychology: 1 semester hour**

Prerequisites: PS 325, 345, (with a grade of B- or better), psychology major and junior or senior status. Formal application must be made to the department during or at the end of the semester preceding enrollment (no later than one week after final exams). Credit is variable (up to 3 semester hours), depending upon the scope of the topic. (See Independent Study section).

**PS 442 Independent Study in Psychology: 2 semester hours**

Prerequisites: PS 325, 345, (with a grade of B- or better), psychology major and junior or senior status. Formal application must be made to the department during or at the end of the semester preceding enrollment (no later than one week after final exams). Credit is variable (up to 3 semester hours), depending upon the scope of the topic. (See Independent Study section).

**PS 443 Independent Study in Psychology: 3 semester hours**

Prerequisites: PS 325, 345, (with a grade of B- or better), psychology major and junior or senior status. Formal application must be made to the department during or at the end of the semester preceding enrollment (no later than one week after final exams). Credit is variable (up to 3 semester hours), depending upon the scope of the topic. (See Independent Study section).
Religious Studies (RS)

Courses

**RS 111 Introduction To The Bible: Old Testament: 3 semester hours**
A survey of the origin, development, and principal themes of the Old Testament to gain a basic understanding of the foundations of Israelite faith. Methods of contemporary biblical interpretation will be explored and applied in the process of analyzing various types of Old Testament writings.

**RS 113 Introduction To The Bible: New Testament: 3 semester hours**
A survey of the New Testament, presented within the historical and cultural perspectives of the first-century Christian communities. Methods of contemporary biblical interpretation will be explored and applied in the process of analyzing Paul’s letters and the gospels.

**RS 114 Introduction to Christianity: 3 semester hours**
An analysis of the phenomenon of Christianity in both its Roman Catholic and Protestant forms in terms of history, major doctrines, rituals and the contributions of seminal theologians.

**RS 115 Introduction To World Religions: 3 semester hours**
A consideration of each of the great religions in the context of contemporary society. Variations in the structure, organization, and function of the religions are systematically examined.

**RS 118 Christians Divided:Conservative Versus Liberal Battles: 3 semester hours**
This course is an investigation of the reasoning behind different Christians’ views on controversial issues. Possible issues include these: 1) Did God create exactly the way the Bible says? 2) Can god be called “Mother” as well as “Father”? 3) Can non-Christians be saved? 4) Is homosexuality sinful? 5) Are people born into a state of “original sin”? 6) Is God responsible of evils like wars, earthquakes, and cancer? Students will learn about the different assumptions and arguments employed to defend each of the opposing views on such issues, sharpen the critical thinking skills that investigate the origins of ideas, and analyze different views as to the shared assumptions that make them all expressions of Christian faith.

**RS 119 Christian Action:Moral Responsibility, Charitable Service, Social Justice: 3 semester hours**
An examination of what it means to live Christian faith in three spheres: Personal moral responsibility, charitable service to others (especially needy individuals), and organized efforts to transform societal structures toward greater justice for all. In the first sphere students will analyze different views on what Christianity requires in areas such as sexuality, honesty, non-violence, etc. Students will explore the second sphere through stories of people who devote some or all of their lives to serving others; students will reflect on how far all Christians may be called to go in following these examples. The third sphere will engage students in different views on questions such as, does the most meaningful service require more than handing out food; does it require advocating societal changes that could reduce unemployment and underemployment, etc.

**RS 211 Who Is Jesus?: 3 semester hours**
An exploration of results of modern historical study of the gospels, which provide a better picture of the facts of Jesus’ life that Christians have had for the past 19 centuries. This course also analyzes the significance of such historical information for evaluation past and present expressions of Christian belief in Jesus as Lord and Savior. Prerequisite: fulfillment of core curriculum requirement in Religious Studies.

**RS 284 Topics in Religious Studies: 3 semester hours**
Students will explore a particular topic in the western religious tradition. The topics can be in areas such as the following: the writings of an important thinker (e.g. Thomas Aquinas or Martin Luther), or the religious dynamics of a historical period (e.g. the impact of the reformation or Vatican II on Christian doctrine, practice and organization), or the development of theological or moral doctrines or religious practices (e.g. Women in the Church), or a particular topic in the academic study of the Bible using modern methods of interpretation (e.g. a single book like Genesis, a set of books like the letters of Paul, or a biblical theme like “Covenant” or “Prophecy”). This course may be taken a second time with a different topic. Prerequisites: Fulfillment of core curriculum requirement in Religious Studies.

**RS 312 Modern Christian Thought: 3 semester hours**
An examination of how Roman Catholic and Protestant Christian theologians have responded to the many challenges presented by the modern world. Such challenges include those posed by the Enlightenment, historical consciousness, modernism, the Industrial Revolution, totalitarian regimes, and socio-economic disparity. The course will also consider theological responses to modern forms of atheism, socio-economic criticisms (Marx), psychological criticisms (Freud), gender inequality, ethnic and racial injustices and the awareness of other religious traditions. Prerequisite: fulfillment of core curriculum requirement in Religious Studies and Philosophy.

**RS 321 Faith And Moral Life: 3 semester hours**
An analysis of theological foundation of Christian moral life, including the role of faith, hope and love in Christian formation and motivation. Issues of the authority of biblical and church teachings in relationship to personal responsibility for moral decision-making will be explored. The applicability of the moral principles derived from this study will be tested through consideration of specific areas of contemporary moral debate. Prerequisite: Fulfillment of core curriculum requirements in Religious Studies and Philosophy.

**RS 445 Independent Study: 3 semester hours**
Directed readings and research; topics determined by the student and faculty member.
RS 461 Senior Field Instruction: 0 semester hours
Field instruction includes educationally directed practical experiences. Guidance by and experienced catechist or pastoral leader will be arranged and supplemented by weekly individual and group conferences with a faculty member. Students will be expected to do related readings and recording of field experiences. Students will spend eight hours a week in their field placement. The course will be graded pass/fail and must be take concurrently or subsequent to RS 331. Prerequisite: Permission for the department chairperson.

Courses

Service Learning (SL)

SL 100 Topics Social Justice: Mexico: 3 semester hours
In this travel course, students will study Mexican culture in order to enhance their understanding of social justice. The course culminates in a seven-day trip to Guadalajara, where we will visit factories, schools, museums, and churches. On-campus preparation for such travel will include a brief overview of Mexican history, a study of Christian perspectives on social justice, and a discussion of novels and stories that depict a range of topics relevant to contemporary Mexico (work conditions, education and literacy, the role of the Catholic Church and the family, relations with the U.S.). Students will keep a journal of their reading and travel experiences, and they will complete a research paper or project after returning from Mexico. Prerequisites: Permission of the instructor in consultation with the director of Campus Ministry.

SL 110 Topics Social Justice: Appalachia: 3 semester hours
In this travel course, students will study Appalachian culture in order to enhance their understanding of social justice. The course culminates in a seven-day trip to West Virginia, where we will tutor people of all ages in a learning center. We will live with families and visit and old coal mine. There may also be opportunities to visit schools and medical facilities. On-campus preparation for such travel will include a brief overview of Appalachian history, a study of Christian perspectives on social justice, and a discussion of novels and stories that depict a range of topics relevant to Appalachian culture. Students will keep a journal of their reading and travel experiences, and they will complete a research paper or project after returning from West Virginia. Prerequisite: Permission of the instructor in consultation with the Director of Volunteerism and Service Learning.

SL 120 Across Borders: 3 semester hours
In this travel course, students will examine the experience of Mexican immigrants in South Texas and northern Mexico as well as here in the Midwest. Students will examine issues of immigration in light of Catholic understandings of equality and social justice. The course will include a significant local service component and, over fall break, a consciousness-raising "border witness experience" in Texas with the ARISE program, sponsored by Sister of mercy and other religious communities. Prerequisite: sophomore standing.

SL 164 Service Learning-An Immersion Approach: 3 semester hours
In this travel course, students will immerse themselves in a service learning experience. During the winter term, students will spend the first few day of class learning about the importance of service through life and preparing for departure to San Juan, Texas. The class will then spend two weeks doing various service projects in Texas and Mexico. The service experiences will range from building houses for those in need, to working at a free health clinic. Students will have some discretion regarding the type of service experiences they wish to perform. In addition, students will read, discuss and reflect on, though group sessions and writing, Robert Cole’s book The Call of Service. Students will also be required to maintain a daily journal of reflections, participate in group discussions regarding daily activities, and prepare a group presentation of their experiences. This course will have additional expenses.

SL 165 Service Learning Abroad: 3 semester hours
This course will combine solid preparatory readings, discussions, and presentations on the host country and culture with an immersion experience in a different country and culture. Students will increase their multi-cultural sensitivity as they work together on a service project which will require them to interact appropriately with members of their host community. As students live and work in an unfamiliar country and society, they will have the opportunity to experience the interconnectedness of global issues such as international trade and immigration. Students will gain a better understanding of ecological and resource issues not only through their academic assignments, but also through experiencing daily life in a country where resources may be more limited.

SL 220 Sociology of Katrina: Service Learning in New Orleans: 3 semester hours
This is an intensive four-week, hands-on service-learning class that combines critical sociological analysis, photographic documentation, and on-site service learning to make sense of the city of New Orleans in pre-and post-Katrina periods. Using "urban political economy" and "city as text" approaches students in the first two weeks will study the history of the city of New Orleans prior to its destruction by Hurricane Katrina in August 2005, as well as challenges faced by the city residents and local politicians to rebuild New Orleans in the aftermath of Katrina. They will then deconstruct New Orleans’ urban structure n preparation for service-learning components and other on-site assignments. In the following two weeks students will travel to New Orleans and will engage in a variety of service-learning activities such as rebuilding homes as part of the Habitat for Humanity program, working in local clinics providing much needed health care, and participating in field studies using photography to document the social reality of city residents. Prerequisites: SO 122, Introduction to Sociology.

Social Work (SW)
Courses

SW 100 Social Welfare: A World View Travel Course: 3 semester hours
All countries have some form of social welfare. The policies, program structure, and availability of resources may vary, but the issues of concern are often shared. Some of these universal issues include homelessness, mental illness, juvenile delinquency, aging and long-term care, child maltreatment and domestic violence. A social worker’s understanding of the US social welfare system will be enhanced by exploring how other countries view social welfare problems, and work toward their solutions. This course is built as a travel course that will tour cultural and historical sites throughout selected countries, visit social service agencies, and attend lectures and complete reading specific to the country’s system of social welfare. In addition to visiting social service agencies, students will participate in a service project. The majority of student time will be directed toward experiential opportunities. Fulfills the social work elective. Additional travel costs apply.

SW 115 Introduction To Human Services: 3 semester hours
This course is an introduction to the array of people, programs, and organizations whose intent is to respond to human needs of various kinds and intensity. It deals with both professional and non-professional activities. It provides a basic framework for understanding the ideology and operation of human service systems. In addition, the student will develop a beginning understanding of the relationship between social policy and various approaches to human service programming to meet the intent of those policies. Through exposure to the service system in Linn County and this area of the state, the student will become informed about the service needs that exist and the responses to those needs. Social Work majors who believe they have completed and equivalent to this course should contact the instructor to discuss whether they are required to take this course. (offering winter term.)

SW 210 Substance Abuse: 3 semester hours
This course describes commonly abused drugs and specific mental illnesses, how they interact, and the resulting impact on individuals, families, and communities. The course will introduce theories of the addictive process, prevention and treatment options for both substance abuse and mental illness, and the dilemma of dual diagnosis. This course is not intended to provide specific counseling of therapeutic skills, but a general knowledge base essential to social work and other disciplines. Prerequisite: SO 122, PS 101 and at least sophomore status. Exemption from prerequisites by consent of instructor. (Not offered every year)

SW 225 Aging In America: 3 semester hours
An overview of gerontology, including the major theories used to explain the biological, psychological, and social aspects of aging. The status of the aged in America today will be examined from an historical perspective. Current issues and trends related to finances and retirement, health, living environments, and politics will be presented. Emphasis will be placed on the uniqueness of successive aging generations and students will be utilizing the knowledge acquired in the course to formulate ideas and proposals for responding to the needs of the future aging population. Format will be a combination of lecture and class discussion. Prerequisite: SO 122.

SW 226 Social Welfare Policies and Programs: 3 semester hours
This course examines the development of major social welfare policies and programs in the United States. It seeks to sharpen the student’s ability to analyze the relationship of policy to social program, and the economic, political and ideological influence on policy and programs in the fields of housing, health, mental health, substance abuse, unemployment, and corrections are studied. Prerequisite: PO 111 and sophomore status.

SW 232 Social Work Practice I: 3 semester hours
This is the first course in the social work practice sequence. After examining the historical and current purposes and function of the social work profession within the context of the social welfare institution, students are exposed to an ecological systems approach to entry level generalist social work practice. Emphasized are the value and knowledge base of the profession; the nature and importance of the professional helping relationship; the bases of diversity and its role in social work practice; generalist practice with a variety of client populations and in a variety of fields of practice; and a direct and indirect intervention with both small and large systems. Students will be exposed to the general method of practice, and there is a detailed treatment of worker actions at the various stages of the method. Case studies (written and video) will stress the applicability to populations of varied racial and cultural background. There is also a 30 contact hour observation and counter component in this course. This course is prerequisite for all other social work practice courses. Prerequisite: sophomore standing.

SW 235 Family Child Welfare: 3 semester hours
This course analyzes the dilemmas and issues that confront child welfare practitioners as they carry professional roles. It will provide a theory based form which to proceed in service delivery, emphasizing the special work done in family preservation and out of the home care. Legal, social, and economic-political developments that influence this field of practice are included. Recommended: PS 124, SW 226. (Not offered every year)

SW 245 Basic Helping Skills: 3 semester hours
This is an experientially-based course focusing on the values, knowledge, and skills necessary to work in the helping professions. The course provides a model of helping, including communication and basic interview techniques for working with individuals, families, and groups. Class format offers role-plays, simulation exercises, audio-visual feedback, discussion and lecture. The course is open to all majors. First priority goes to students who need this course to complete a requirement for their major. Prerequisite: PS 101 and sophomore status.

SW 250 Human Sexuality: 3 semester hours
This course constitutes an overview of the many dimensions of human sexuality: biological, cultural, social, moral, psychological, and emotional. The aim of this course is to increase students’ knowledge and understanding of both the sexual individual and the sexual society in hopes that they can develop the awareness and skills to enhance their own life and the lives of those around them. Topics include sexual dysfunction, changing sex roles, sexual variations and orientation, issues of reproductive freedom, sexuality transmitted diseases, and the exploration of sex and sexuality. Prerequisites: An introductory course in psychology or one in human biology or permission of the instructor. (Not offered every year).
SW 265 Minority Groups: 3 semester hours
This course takes a broad view of minority groups in contemporary America. It will address socioeconomic barriers facing such groups as women, ethnic and racial minorities, gay men and lesbian women. Emphasis will be given to developing and understanding of and sensitivity to the minority experience and an appreciation of diverse cultures and life styles. First priority goes to students who need this course to complete their major.

SW 280 Marital and Family Interaction: 3 semester hours
This course is an examination of marriage as expressed in contemporary American society. It will treat such topics as legal aspects of marriage, dating and mate selection, motivations of couples to be married, patterns of adjustments to marriage, stages in the life cycle of marriage, and stresses commonly associated with the stages. It also will deal with such contemporary phenomena as contract and open marriages, the high incidence of separation, divorce, and remarriage and dual career marriages that include or exclude children. The emphasis will be on the dynamics of the interpersonal relationship. Prerequisites: PS 101, SO122 or equivalent, or relevant life experience.

SW 300 Social Systems & Social Functioning: 3 semester hours
The emphasis of this course is to provide the student with a social systems framework for analyzing and understanding the transactions between humans and the systems in their environment. Students will be expected to draw on content they have had in prerequisite courses, applying it to the framework. Their information base also will be supplemented by reading and discussion. Although the content of this course is developed within a social work framework, it is relevant to many students. Prerequisites: PS 101, SO 122, BI 123 (or equivalent), PS 124.

SW 320 Social Work Practice II: 3 semester hours
Students will use the systems model of social work intervention to study effective generalist involvement with individuals and families. The purpose of social work at these levels and related worker roles and tasks will be emphasized. Theories of intervention will be examined for their contribution to an eclectic knowledge base appropriate to the demands of contemporary social work practice. A strengths-based orientation to practice with diverse populations is emphasized. Prerequisites: SW 2232, SW 226 and present enrollment in or prior completion of SW 245 and SW 300.

SW 330 Social Work Practice III: 3 semester hours
This course examines social work practice with large systems. Students explore change models specific to working with organizations and communities. Each system is studied to understand its internal organization and functioning, and its linkages with other community systems. Special attention is given to the role of politics: the effect of politics on social workers, clients, and human service agencies; the social worker’s fit with political activism; and the strategies to affect change within the political arena. Students use their critical thinking skills to assess, implement, and evaluate change in organizational, community, and political activities; to acknowledge the presence and etiology of social, political, and economic injustices; and to recognize change opportunities that provide for empowerment of oppressed groups. Prerequisites: SW 232, SW 226, SW 300, PO111, and current enrollment or prior completion of PO 326.

SW 346 Group Theory And Practice: 3 semester hours
This course is an experimental approach to examining interpersonal dynamics in organized groups by studying such concepts as conflict, communication, decision-making, authority, creativity, conformity, and group development. Study will be directed toward acquiring basic skills and knowledge needed to become an effective participant and facilitator in groups. Attention will be given to both task-oriented and growth-oriented groups. This course is interdisciplinary. Social Work majors who believe they have completed an equivalent to this course should contact the instructor to discuss whether they are required to take this course. Prerequisite: PS 101 or SO 122.

SW 361 Junior Field Instruction: 6 semester hours
This educationally directed, field-based course is designed to provide an introduction to the application of theory to social work practice. Students will have an opportunity to experience both direct and indirect service with individuals and large and small systems. Students will spend 12 hours per week in the field placement where they will be supervised by an agency staff member and a Social Work faculty member. Students will be expected to do related readings, assignments, and recording of service delivery experiences. A concurrent seminar will meet two hours per week. This course is graded pass/fail. Prerequisites: SW 226, SW 232, SW 245, SW 300, and PO 326.

SW 435 Senior Seminar: 3 semester hours
An examination of current issues in Social work practice and social welfare policies with emphasis on integration of field experience and content covered in courses required for the social work major. Topics researched are analyzed in light of the major themes and content areas developed throughout the social work curriculum. Prerequisite: Successful completion of all other courses required for major.

SW 445 Social Work Independent Study: 3 semester hours
limited to social work majors.

SW 461 Senior Field I: 10 semester hours
This educationally-directed practical experience builds on the junior field instruction and allows students to increase their ability to practice social work in a community agency. Students will spend 24 hours per week in the field placement where they will be supervised by an agency staff member and a social work faculty member. Students will be expected to do related readings, assignments, and recording of service delivery experiences. A concurrent seminar will meet two hours a week. The course is graded pass/fail. Prerequisites; SW 320, SW 361, and full acceptance into the major; prior completion or concurrent enrollment in SO 215.

SW 462 Senior Field II: 4 semester hours
This course is an educationally directed field experience in some aspect of generalist social work practice. It will involve the student in a social service agency for 12 clock hours per week per term. Students will be expected to do related readings, recording of case or agency experiences, and meet with agency supervisors and department faculty for educational guidance. This course is graded pass/fail. This does not substitute for SW 461 and must be taken concurrently or subsequently to SW 461. It does not satisfy the elective requirement for the major. Prerequisite: permission of department faculty.

Sociology (SO)
Courses of Instruction

SO 122 Introduction To Sociology: 3 semester hours
This course introduces students to sociology, the core issues of the discipline, and the way sociologists analyze social behavior. In addition to mastering basic concepts and principles, students will learn a great deal about American society and how to analyze ordinary experience from a sociological perspective. (Offered fall and spring semesters).

SO 155 Social Problems: 3 semester hours
This thematic course introduces the student to a sociological understanding of various social issues such as inequalities of class, gender and race; problems of work and unemployment, economic restructuring and downsizing; environmental problems; homelessness and poverty; and inadequacy of the health care system to name a few. Students will have the opportunity to critically evaluate the root causes of social problems both at the national and global levels, analyze and interpret data, and work within groups to develop skills for problem solving and social policy planning.

SO 176 Criminology: 3 semester hours
This course presents a sociological analysis of crime and society’s response to it. The course surveys the wide span of deviant behavior from street crime to elite crime, from individual behavior to social irrationality. In addition to describing reality, the course will deal with crime and ways certain behaviors are defined as criminal (gambling) while praising similar ones (betting on the stock market). Prerequisite: SO 122.

SO 183 Introduction to Cultural Anthropology: 3 semester hours
This course focuses on the study of human behavior within various social contexts, as well as the development of a wide array of cultural traits and belief systems in human communities. By studying distinctive forms of social relations and universal and particular aspects of human culture, students are exposed to the fallacies of cultural and racial superiority of western societies over the rest of the world, particularly primitive cultures.

SO 202 Marriage and Family: 3 semester hours
An analysis of the American family as a social institution; its changing functions and structure; its life cycle and its internal organization; and sources of conflict within the family as a socio-economic and political unit at the micro-level. Critical questions are raised concerning the impact of economic restructuring and deindustrialization on courtship, marriage, and family life. Prerequisite: SO 122.

SO 215 Methods Of Social Research: 3 semester hours
An introduction to the application of scientific research methods to the study of sociology and related fields. Students will review both qualitative and quantitative research methods such as historical documentation, survey and field research, content analysis and interviewing techniques. The quantitative research component includes topics in descriptive and inferential statistics such as the measures of central tendency, the normal curve, t-test and chi square and hypothesis testing. Students also will participate in individual and group projects in order to gain hands-on experience relating social theory to data collection and critical analysis. Prerequisite: SO 122, Sociology majors and minors should also take SO 251 as a prerequisite. (Offered fall and spring semesters).

SO 235 Social Inequalities: 3 semester hours
This course contrasts functionalist theories of stratification that justify social inequalities and advocate meritocracy, with critical conflict theories that question the legitimacy of class, gender and race-based stratification. The main focus of the course is on the crucial role the political and economic forces play in polarization of social classes and redistribution of national wealth and resources in the United States. However, dynamics of social stratification in the developing countries and socialist societies will be studied as well. (Offered alternate years).

SO 240 Medical Sociology: 3 semester hours
This course is a study of the medical profession as a societal institution in regard to the effects of the norms and beliefs of society. Areas analyzed include the social factors involved in the physical and mental health areas, the norms and roles of health care professionals in the treatment process, environmental and occupational health, non-physician providers, and cross-cultural reforms in response to the health care crisis. Prerequisite: SO 122 (Offered alternate years).

SO 245 Sociology Of Law: 3 semester hours
This course includes an analysis of the social nature of law including the theoretical, cross-cultural, and legal components. Studies of the societal forces and procedures, past and present, will be discussed in relationship to the impact of law on social change. Prerequisite: SO 122. (Offered alternate years).

SO 251 Sociological Theories: 3 semester hours
This course attends to the basic theoretical issues in sociological theory, including an analysis of the key theorists Marx, Weber and Durkheim. This course also provides an overview of modern social theories such as conflict, structural functionalism, symbolic interactionism, and postmodernism. Prerequisite: SO 122.

SO 285 Islam And Politics: 3 semester hours
The Iranian Revolution of 1979 and establishment of an Islamic Republic opened a new chapter in the church-state relationship, particularly in the Muslim world. Subsequent Islamic movements in Egypt, Algeria, Lebanon, and other Muslim and Arab countries have further involved public interest in what is dubbed by the Western media as "Islamic fundamentalism." This course will critically examine Islam as a holistic religion which integrates faith, law, philosophy and social commitment to build communities; the rise and development of Islam as a social movement; the historical roots of the Shi-i-Sunni split; and a growing conflict between traditional Islamic and modern western cultural values. Prerequisite: SO 122.

SO 290 Urban Sociology: 3 semester hours
Within a historical context this course explores the way social, economic, and political forces shape the cities and affect urban development both at national and global levels. Earlier analyses of cities and urbanization by Marx, Engles, and Weber; the ecological approach of the Chicago School of Urban Sociology; and more recent analyses by neo-Marxists and urban political economists will be discussed. Several social issues such as rural-urban migration, suburbanization in the U.S., Third World countries, as well as socialist nations will be studied. Students also will work on a mini project dealing with an urban-related issue in the Cedar Rapids area. Prerequisite: SO 122.
SO 310 Sociology Of Sex And Gender: 3 semester hours
This course provides students with an historical and comparative approach to the sociology of sex/gender and gender inequality. Students will learn how sex/gender is socially constructed as well as its effect on the lives of individuals, on social institutions and society. Selected social institutions where sex/gender inequality is constructed, maintained and/or changed, such as family, education, work and the economy, will also be studied. Because gender identities are constructed will be studied to reveal that variety of roles and their consequences for different societies. Prerequisites: SO 122 or PS 101 or SO 183 or permission of instructor.

SO 320 Sociology Of Work: 3 semester hours
This course enables the student to analyze the social structure of work in the broadest sense. Topics include the study of major theoretical issues involved in the explanation of changes in the workplace, impact of technological changes, the global economy, the decline of labor unions, the feminized workplace, and the influence of economic values on leisure. Prerequisite: SO 122. (Offered alternate years).

SO 327 Social Change and Technology: 3 semester hours
The student will be exposed to the major theoretical issues regarding social change. Particular attention will be given to the transformation of societies by scientific and technological innovations, and the impact such changes have on enduring human arrangements, such as religion, the family, and the community. Prerequisite: SO 122. (Offered alternate years).

SO 330 Global Race Relations: 3 semester hours
This course includes an in-depth examination of major conceptual views and theoretical perspectives on race and ethnicity. Within a critical historical and comparative framework, the course will trace the roots of modern race relations in the United States as well as in other countries, including Canada, Brazil, Northern Ireland, Palestine, and Israel, and South Africa. Recent theories of race relations that link colonialism and capitalist development to racism, prejudice and discrimination also will be discussed.

SO 400 Topics: 3 semester hours
This course will expose students to a variety of topics of sociological significance which are not usually discussed in regular departmental course offerings. Topics may vary and include: sociology of war, peace, and justice; movies and society; popular culture; the political economy of modern architecture and planning; and sociology of development and underdevelopment. Students may complete more than one topics course in consultation with an academic advisor. Prerequisite: SO 122.

SO 420 Social Movements and Revolutions: 3 semester hours
This course presents a historical and comparative analysis of revolutionary movements and social change throughout the world by examining: socio-economic and political roots of the modern civil rights movement in the U.S., the breakup of the Soviet Union and the democracy movement in China; applying critical theories of revolution to revolutionary situations; and exploring the role of colonization in galvanizing nations and social classes and perpetuating social inequalities at the global level. Classic cases of revolutions in Germany, France, Russia, and China, as well as more contemporary examples, Cuba, Nicaragua, and Iran will be discussed. Prerequisite: SO 122. (Offered alternate years).

SO 430 Experiential Learning Internship: 3 semester hours
Majors who are juniors or seniors are required to fulfill the requirements for an experiential learning and field experience in sociology. In consultation with their faculty advisor, students shall assess their academic and vocational qualifications, develop a resume, and conduct a search for an internship position. Information on available internship sites will be available both at offices of career development and the sociology department chair. During the field experience, students will have a structured plan of reading, writing journals and reports, and a term paper. The objective of the term paper is to relate relevant sociological principles to the field experiences. Internships should be arranged in advance with a departmental faculty sponsor. Prerequisite: SO 122.

SO 441 Senior Seminar: 3 semester hours
A capstone course which allows students to do independent research and explore a topic of their choice, and also involves students in the examination of and discussion of cutting-edge issues in sociology. Open to non-majors with instructor consultation. Prerequisite: SO 122.

SO 445 Independent Study: 3 semester hours
With the approval of the academic advisor, students who have taken SO 122 and SO 251 may schedule an independent study course in a topic of their interest during the junior or senior years. No more than two independent study courses may be scheduled during the last two years of study. Prerequisite: SO 122.

Spanish (SP)

Courses

SP 100 Elementary Spanish I: 3 semester hours
Elementary Spanish provides students with an introductory knowledge of Spanish through a communicative approach. Assessment focuses on basic principles of grammar, vocabulary, listening comprehension, and oral expression. Learning exercises acquaint students with cultural context. Prerequisite: None. (Note: Students with 3-4 years of high school Spanish should enroll in SP 200.)

SP 101 Elementary Spanish II: 3 semester hours
This course is a continuation of SP 100 and its communicative approach. Assessment focuses on basic principles of grammar, vocabulary, listening comprehension, and oral expression. Learning exercises acquaint students with cultural context. Prerequisite: 1-2 years high school Spanish; or SP 100.

SP 120 Accelerated Spanish Review: 3 semester hours
Intermediate Spanish includes an intensive review of basic grammar. Students build on elementary knowledge through conversation, idiomatic expression, and writing exercises. Selected readings provide insight into key aspects of Hispanic culture and literature. Primarily taught in Spanish. Prerequisite: SP 101; or 3-4 years high school Spanish; or program placement exam.
SP 201 Intermediate Spanish II: 3 semester hours
This course is a continuation of SP 200 and includes intensive review of basic grammar. Students build on elementary knowledge through conversation, idiomatic expression, and writing exercises. Selected readings provide insight into key aspects of Hispanic culture and literature. Primarily taught in Spanish. Prerequisite: SP 200; or program placement exam.

SP 220 Spanish for the Profession: 3 semester hours
This course is geared toward developing Spanish language skills for various professions including business, health, social work and criminal justice. The course emphasizes cultural knowledge to improve professional work in the United States Hispanic Community. Prerequisite: SP 201.

SP 240 Spanish Conversation: 3 semester hours
The course in Spanish conversation builds competency in oral expression through daily use. Classroom exercises emphasize individual oral participation, group activities, and student presentations in Spanish. Prerequisite: SP 201 or placement exam. Native speakers are not eligible for credit in SP 240.

SP 260 Spanish Conversation, Film and Culture: 3 semester hours
The main objective of this course is to provide students the possibility to converse while expanding their vocabulary and widening their cultural perspective on Latin America and Spain through the study of film. Conducted in Spanish. Prerequisite: SP 201 proficiency.

SP 270 Spanish Grammar & Composition: 3 semester hours
This course provides intensive instruction in written composition and grammatical expression. Students review and expand their knowledge of principles acquired at the elementary and intermediate levels. Taught in Spanish. Prerequisite: SP 201; or program placement exam.

SP 300 Spanish Grammar & Composition: 3 semester hours
This course provides intensive instruction in written composition and grammatical expression. Students review and expand their knowledge of principles acquired at the elementary and intermediate levels. Taught in Spanish. Prerequisite: SP 201 proficiency.

SP 310 Advanced Communicative Spanish Abroad: 3 semester hours
Designed to give students practical, in-class communication exercises in comprehension, speaking, reading and writing. Classroom activities are coordinated with homework activities that directly stress communication. The foreign setting also serves as a living language laboratory.

SP 320 Spanish Phonology: 3 semester hours
Phonology involves systematic study of the sounds and articulations that comprise spoken Spanish. Coursework includes the study of regionalisms, dialects, and the lingual characteristics needed to produce native and near-native accents. Non-native speakers build fluency through extensive practice in developing a more authentic Spanish accent. Prerequisite: SP 215 or 240.

SP 325 Independent Study: 3 semester hours
The study topics of this course will be arranged by the instructor and the students. An independent study gives the Spanish minor the opportunity to pursue authors, genres, and literary periods not developed in regular courses.

SP 331 Introduction to Hispanic Literature: 3 semester hours
The introduction to Hispanic literature permits students to apply and refine their language skills through reading, analysis, and discussion of literary and cultural texts. The study of basic literary genres also introduces students to key aspects of Hispanic civilizations and cultures across several centuries. Taught in Spanish. Prerequisite: SP 215.

SP 350 Spanish Study Abroad: 6 semester hours
The course listing offers credit for supervised coursework in Spanish pursued abroad. Consult program faculty about course equivalency with other Mount Mercy Spanish courses. Coursework should be at a level appropriate to the student’s language training. A maximum of 6 hours of SP 350 apply toward the minor. Repeatable. Prerequisite: program approval.

SP 369 Hispanic Culture & Civilization: 3 semester hours
The course surveys Hispanic civilizations and links them to cultural developments over time. Course meetings will integrate art, film, history, music, and literature to familiarize students with cultural contexts that evolved in Spain and Latin America. Nations of emphasis vary. Students enrolled for credit in the Spanish program will complete assignments in Spanish. Prerequisite for credit in Spanish program: SP 201 proficiency. (English speakers should check for cross-listing as HI 369.

SP 425 Spanish Internship: 3 semester hours
The internship involves the use of Spanish skills in workplace or social service settings. Students should average 10 hours per week at their internship. The internship also involves limited academic work that is arranged between the student and supervising faculty. A maximum of 6 hours of SP 425 will apply toward the minor. Repeatable. Prerequisite: SP 200 and program approval.
Faculty

Dr. Ayman Amer, 2000-
Associate Professor of Economics
Graduate Diploma, Ain Shams University, Egypt
M.B.A., Indiana University-Pennsylvania
D.Sci., University of New Haven

Dr. Dawn Behan, 2008-
Associate Professor of Education
Director of Graduate Program in Education
B.A., University of Northern Iowa
M.A., Ph.D., University of Iowa

Dr. Neil Bernstein, 1982-
Professor of Biology
Department Chair
B.S., Colorado State University
M.S., John Carroll University
Ph.D., University of Minnesota

Dr. Ryan Bezy, 2010-
Assistant Professor of Biology
B.A., DePauw University
Ph.D., Indiana University - Bloomington

Dr. Nancy Brauhn, 1982-
Professor of Nursing
B.S.N., University of Iowa
M.A., Loras College
Ph.D., University of Iowa

Kim Bro, 2010-
Assistant Professor of Nursing
B.A., Mount Mercy College
M.S.N., Clarke College

Deb Brydon, 1999-
Associate Professor of Criminal Justice
B.A., M.A., J.D., University of Iowa

Dr. Adriana Buliga-Stoian, 2011-
Assistant Professor of Political Science
B.A., M.A., Babes-Bolyai University
M.A., Ph.D., Binghampton University

Andrew Casto, 2012-
Assistant Professor of Art
B.A., Earlham College
M.A., M.F.A., University of Iowa

Dr. Mohammad Chaichian, 1994-
Professor of Sociology
M.S., University of Tehran, Iran
M.S., University of Michigan
Ph.D., Michigan State University

Dr. Jacob Christenson, 2011-
Assistant Professor of Marriage and Family Therapy
Clinical Director for Marriage and Family Therapy Program
B.S., California Polytechnic State University
M.S., Brigham Young University
Ph.D., Brigham Young University

Dr. Dina Clark, 2011-
Assistant Professor of Business
M.A., Vladimir State University
M.B.A., Pittsburg State University
Ph.D., Vladimir State University

Jose Clemente, 2012-
Assistant Professor of Art
B.A., F.A., M.F.A, Kansas State University

Elaine Cook, 2012-
Assistant Professor of Nursing
B.S.N., University of Iowa
M.S.N., South Dakota State University

Kathryn Coulter, 1987-
Professor of Business
B.A., University of Iowa
M.B.A., Central Michigan University
J.D., University of Iowa

Lu Crary, 2005-
Assistant Professor of Nursing
Director of the RN to BSN Program
B.S.N., Mount Mercy College
M.S.N., Clarke College

Dr. Bryan Cross, 2013-
Assistant Professor of Philosophy
B.S., University of Michigan - Ann Arbor
M. Div., Covenant Theological Seminary, St. Louis
Ph.D., St. Louis University

Dr. Christopher DeVault, 2009-
Assistant Professor of English
B.A., Wake Forest University
M.A., Georgetown University
Ph.D., University of Miami

Dr. Dennis Dew, 2009-
Assistant Professor of Psychology
B.S., John Carroll University
M.A., Ph.D., Loyola University-Chicago

Dr. April Dirks-Bihun, 2008-
Assistant Professor of Social Work
B.A., M.S.W, Ph.D., University of Iowa

Dr. Kathryn Dolter, 2011-
Associate Professor of Nursing
Director of Master of Science in Nursing Program
B.S.N., M.A., University of Iowa
Ph.D., University of California - San Francisco
Dr. Mary Ducey, 1994-
Professor of Philosophy
Department Chair
B.A., Maryville College
M.A., St. Louis University
Ph.D., The Catholic University of America

Dr. Adam Ebert, 2009-
Assistant Professor of History
B.S., M.A., Ph.D., Iowa State University

Dr. Ronald Feldt, 1980-
Professor of Psychology
B.S., Wisconsin State University
M.S., University of Wisconsin
Ph.D., University of Arkansas

Paula Ganzeveld, 2009-
Lecturer in Education
B.S., Iowa State University
M.A., University of Northern Iowa

Stephen Gilmour, 1985-
Associate Professor of Accounting
B.S., M.A.S., Northern Illinois University
CPA

Dr. Joseph Givvin 1, 1981-
Professor of Philosophy
B.A., St. Francis College
M.A., Duquesne University
Ph.D., St. John’s University

Dr. James Grove, 1980-
Professor of English
B.A., University of Minnesota
M.A.T., College of St. Thomas
M.A., Ph.D., Southern Illinois University

Dr. Sharon Guthrie 1, 1999-
Assistant Professor of Nursing
B.S.N., M.S.N., Ph.D., University of Iowa

Kathryn Hagy, 2003-
Associate Professor of Art
Department Chair
B.A., University of Washington
M.F.A., Rhode Island School of Design

Anne Hartman, 2012-
Lecturer in Nursing
B.S.N., M.S.N, University of Iowa

Eric Hearn, 2011-
Lecturer in Accounting
B.A., University of Northern Iowa
M.B.A., University of Iowa

Carol Heim, 1983-
Associate Professor of Nursing
B.S., Mount Mercy College
M.A., University of Iowa

Joni Howland, 1995-
Associate Professor of Social Work
Department Chair
Director of the Social Work Program
B.A., Luther College
M.S.W., University of Iowa

Dr. Alesia Hruska-Hageman, 2007-
Associate Professor of Biology
B.A., Luther College
Ph.D., Iowa State University

Dr. Amanda Humphrey, 2006-
Associate Professor of Criminal Justice
B.A., M.S., New Mexico State University
Ph.D., University of Nebraska-Omaha

Dr. Margaret Johnson 1, 2012-
Associate Professor of Nursing
B.S.N., M.S., University of Maryland
Ph.D., Indiana University

Jane Junge, 1983-
Assistant Professor of Sociology
B.A.S., Mount Mercy College
M.A., University of Northern Iowa

Dr. Kristopher Keuseman, 2009-
Assistant Professor of Chemistry
B.A., St. Olaf College
Ph.D., University of North Dakota

Anne King, 2005-
Assistant Professor of Marketing
B.A., Iowa State University
M.B.A., St. Ambrose University

Dr. Elizabeth Kleiman, 2010-
Assistant Professor of Computer Science
B.S., Ben-Gurion University
M.S., Ph.D., Iowa State University

Dr. Daniel Kleinknecht, 1993-
Associate Professor of Music
B.M., Oberlin College
M.M., Indiana University
D.M.A., University of Iowa

Dr. David Klope, 2001-
Associate Professor of Communication
B.A., Biola University
M.S., San Diego State University
Graduate Work in Rhetorical Studies, University of Iowa
Ph.D., University of Utah

Dr. Jennifer Lee, 2012-
Assistant Professor of Psychology
B.A., Luther College
M.A., University of Dayton
M.A., Ph.D., University of Iowa
Stacy Lepsch, 2010-
Lecturer in Nursing
B.S.N., Mount Mercy College
M.S.N., University of Iowa

Amy Lippert, 2004-
Lecturer in Nursing
B.S., Mount Mercy College
M.S.N., University of Phoenix

Dr. Chad Loes, 2001-
Professor of Criminal Justice
B.A., Mount Mercy College
M.A., Western Illinois University
Ph.D., University of Iowa

Dr. Randall Lyle 1, 2010-
Associate Professor of Marriage and Family Therapy
Director of Graduate Program - Marriage and Family Therapy
B.A., Lorreto Heights College
M.Div., Seabury-Western Theological Seminary
Ph.D., University of Iowa

Dr. Charlotte Martin, 1991-
Professor of Religious Studies
B.A., College of St. Benedict
M.A., Ph.D., Vanderbilt University

Dr. Norma Mattingly 1, 2000-
Associate Professor of Education
B.A., University of Texas at Austin
M.Ed., U.T. - Pan America
M.Ed., University of Wisconsin
Ph.D., University of Iowa

Dr. Marc McCoy 1, 2010-
Assistant Professor of Education
B.A., University of Northern Iowa
M.A., Ph.D., University of Iowa

Julie McIntosh, 2005-
Lecturer in Nursing
B.S.N., Mount Mercy College
M.S.N., University of Phoenix

Allison McNeese, 1990-
Assistant Professor of History
B.A., M.A., University of Mississippi

Nancy Merryman, 1978-
Associate Professor of Early Childhood Education
B.S., M.S., Iowa State University

Antonino Mione, 2011-
Assistant Professor of Computer Science
B.A., Rutgers University
M.S., Iowa State University

Diane Mulbrook, 1989-
Assistant Professor of Nursing
B.S., Iowa State University
M.A., University of Iowa

Brendan Murphy, 2013-
Assistant Professor of Marketing
B.A., Marquette University
M.B.A., University of Iowa

Dr. Joseph Nguyen, 2010-
Assistant Professor of Chemistry
B.S., Creighton University
M.S., Indiana State University
Ph.D., University of Kansas

Dr. Ellen O’Keefe 1, 1998-
Professor of Education
Department Chair
B.A., Rivier College, NH
M.A., University of Northern Colorado
Ph.D., University of Iowa

Dr. Joy Ochs, 2001-
Professor of English
Director of Honors Program
B.A., University of Wisconsin-Madison
M.A., Ph.D., University of Michigan

Dr. Debra Oliver 1, 2004-
Assistant Professor of Business
Director of M.B.A. Program
B.A., University of Northern Iowa
M.A., Brigham Young University
Ph.D., Capella University

Dr. Edy Parsons, 2005-
Associate Professor of History
Director of Faculty Development
B.S., M.A., Ph.D., Iowa State University

Cathy Penn, 1988-
Associate Professor of Nursing
B.S., Mount Mercy College
M.A., University of Iowa

Malinda Poduska, 1991-
Assistant Professor of Nursing
B.S., Mount Mercy College
M.S.N., Drake University

Jennifer Rasmussen 1, 2007-
Associate Professor of Education
B.A., University of Northern Iowa
M.A.T., Nova Southeastern University

Janice Reily, 1990-
Assistant Professor of Business
B.B.A., Southern Methodist University
M.B.A, West Texas State University
M.A., Northeast Missouri State University

Robert Rittenhouse, 1985-
Associate Professor of Business
Department Chair
B.S., South Dakota State University
M.B.A., University of South Dakota
CPA
Dr. John Robeson, 2002-
Associate Professor of Mathematics
B.S., Bradley University
M.B.A., Ph.D., University of Iowa

Dr. Janet Rohner, 1992-
Professor of Education
B.S., Lindenwood College
M.A., Ph.D., University of Iowa

Darcey Rosenblum, 2013-
Lecturer in Nursing
B.S.N., University of Iowa
M.S.N., Mount Mercy University

Dr. Jennifer Schmidt, 2010-
Assistant Professor of Education
B.A., Earlham College
M.Ed., Lesley College/Shady Hill School
Ph.D., University of Iowa

Audrey Sheller, 2005-
Lecturer in Nursing
B.S.N., Marycrest College
M.S.N., University of Missouri - Columbia

Joseph Sheller, 2001-
Associate Professor of Communication
B.A., Marycrest College
M.A., University of Missouri - Columbia

Lisa Smith, 2009-
Assistant Professor of Education
B.A., Dana College
M.A., University of Northern Iowa

Dr. Jitka Stehnova, 2009-
Assistant Professor of Mathematics
B.S., M.S., Ph.D., University of Iowa

Dr. Belkis Suarez, 2011-
Assistant Professor of Spanish
B.A., Universidad Central de Venezuela
M.A., Ph.D., University of Florida

Dr. Mary Tarbox ¹, 1977-
Professor of Nursing
Department Chair
B.S., Mount Mercy College
M.S., University of Minnesota
Ed.D., Columbia University

Tracy Tunwall, 2001-
Assistant Professor of Business
B.A., University of Northern Iowa
M.B.A., St. Ambrose University

Dr. Michelle Umbarger-Mackey, 2013-
Assistant Professor of Nursing
B.S.N., M.S.N., Ph.D., University of Iowa

Dr. Mary Vermillion, 1994-
Professor of English
B.A., Saint Mary College
M.A., Ph.D., University of Iowa

Dr. Robert Walker ¹, 2009-
Associate Professor of Business
B.P., Miami University
M.B.A., University of Iowa
Ph.D., Iowa State University
