

Management Information Systems

Management Information Systems (MIS), sometimes referred to as Information Management and Systems, is the discipline covering the application of people, technologies, and procedures — collectively called information systems — to solve business problems. Management Information Systems are distinct from regular information systems in that they are used to analyze other information systems applied in operational activities in the organization.

See the Graduate section (<http://catalog.mtmercy.edu/archives/2014-15/graduateprograms>) of this *Catalog* for more information on Graduate programs offered at Mount Mercy.

Management Information Systems Major

BA 250	Technology & Communication In Business	3
BC 202	Accounting: Information Decisions	4
BN 204	Principles Of Management	3
BN 340	Management Information Systems	3
BN 350	International Management	3
BN 377	Project Management	3
CS 203	Information Ethics	3
CS 226	Programming in Visual Basic	4
CS 326	Information Systems Analysis	3
CS 420	Mgmt Info Systems Senior Thesis	3
or CS 435	Senior Project: CS	
BA 270	Business Statistics	3
or MA 135	Basic Statistics	
Two of the following:		6
MA 132	Basic Mathematical Modeling	
MA 139	Pre-Calculus	
MA 142	Mathematics Modeling	
MA 150	Discrete Mathematics	
any MA course above 150		
Total Hours		41
