

Business

The business major offers students the opportunity to integrate theoretical constructs with practical experience gained outside of the classroom. Coursework offers students a broader understanding of management, accounting, finance, marketing, communication, economics, legal and ethical practices and research within the context of a business organization. By design, the program prepares students for professional positions in the public or private sectors, or preparation for graduate study within the business discipline.

See the Graduate section (<http://catalog.mtmercy.edu/archives/2014-15/graduateprograms>) of this *Catalog* for more information on Graduate programs offered at Mount Mercy.
