

# Online

---

Mount Mercy University offers online bachelor's degree programs in two majors:

- Business
- Human Resource Management

These programs are designed for students with some college credit or an associate's degree who wish to earn their bachelor's degree. Online classes are offered in nine, five-week blocks throughout the academic year, allowing students to focus on one course at a time. The online courses do not require any face-to-face meetings and are delivered entirely through the online learning platform, Moodle.
