

Mission and Goals

Mount Mercy University Mission and Goals

Mount Mercy is a Catholic University providing student-focused baccalaureate and graduate education in the spirit of the Sisters of Mercy.

As a Catholic university founded and sponsored by the Sisters of Mercy, Mount Mercy welcomes women and men of all beliefs to join our community in the pursuit of baccalaureate and graduate education and service to those in need.

Mount Mercy promotes reflective judgment, strategic communication, the common good and purposeful living through a core curriculum, liberal arts and professional majors and student development programs.

We strive for excellence in accomplishing our mission through our four interdependent goals:

Using reflective judgment

The abilities to think clearly and carefully, argue coherently and evaluate competing truth claims critically are fundamental to a college education. ¹ Reflective judgment requires a knowledge of basic fact, examination and evaluation of assumptions, adequate justification for drawing a conclusion and understanding implications of drawing that conclusion. With these skills, individuals can solve problems creatively and integrate knowledge across disciplines.

Engaging in strategic communication

Strategic communication requires selecting from a range of options in order to accomplish a chosen goal in an ethical manner. ² These options include construction and interpretation of messages in the written, oral and aesthetic forms using appropriate technology.

Serving the common good

The common good is at the heart of Catholic social teaching. Because persons are social by nature, every individual's good relates necessarily to the common good, the sum of social conditions that allows all people to reach their human potential more fully. ³ It includes respect for and ethical interaction with every person and the natural environment and, in the spirit of the Sisters of Mercy, service for the well-being of all humanity and action in the cause of justice in the world.

Promoting purposeful living

A liberal education enables persons to achieve a greater degree of freedom upon which to act purposefully. Since development of purpose entails planning for life based on a set of priorities. ⁴ Mount Mercy University provides opportunities for spiritual growth, intellectual engagement, vocational clarity, social development, physical well-being, emotional maturity and responsible community leadership.

The Mount Mercy University Brand Promise

We are the regional Catholic, Mercy University that promises students of diverse backgrounds, ages and faiths a challenging, practical education that inspires them to discover knowledge, build community and lead courageous lives.
