

Curriculum

Students transferring courses to Mount Mercy from other institutions will have their coursework evaluated by the Registrar's Office to determine whether a transfer course will satisfy a specific core requirement. Applicable transfer policies based on degree status will also be considered.

Reflection and Action: The Core Curriculum

The Core Curriculum is the foundational piece of a Mount Mercy education. Regardless of one's major, every student at Mount Mercy can be assured of a broad course of study in the traditional liberal arts. The courses in the Core are designed to foster inquiry, critical thinking, personal reflection, and a spirit of service and citizenship. The Core emphasizes freedom of choice as each student creates an individualized plan to complete the core requirements according to his or her needs and interests. The Core Curriculum has four components:

- An introductory Portal Course
- A comprehensive survey of the seven Domains of Liberal Study
- A culminating Capstone experience
- Multiple ways to achieve Competency in writing, math, and oral communication

The Mount Mercy Portal

The portal course has two main objectives: to introduce students to the fields of liberal studies, priming them to make informed choices about their future core courses; and to foster a sense of community and service in the class, at Mount Mercy, and in the greater Cedar Rapids area. Students will examine questions from the Mercy Critical Concerns: earth, immigration, non-violence, poverty, racism, and women.

Through an interdisciplinary approach, students will gain experience examining problems from multiple perspectives. The interdisciplinary nature of the course fosters teamwork and leadership in the students. As they encounter questions from various liberal disciplines, students will be asked to reflect, then take action, as they articulate for themselves what it means to be a citizen in their various communities. During the portal course, students will outline an integrated plan for completing their course of liberal studies, as chosen from the Domains. Transfer students who have an AA degree from an Iowa community college, earned 60 hours or more transferable college credits, or have used transfer courses to fulfill 7 of the 10 domain requirements, are exempt from the portal course. Portal courses include:

ME 100	Mercy Concerns Through Film

Competencies

In addition to completing a Portal Course, a Capstone course and all of the Domains of Liberal Studies, students are required to demonstrate core competencies. These may be demonstrated by taking and earning at least a C- in particular courses, or a student may demonstrate competencies through previous experience and coursework. Students who think that they may be able to demonstrate a competency need to arrange assessment well in advance of beginning their Mount Mercy coursework. The competencies should be completed within a student's first two years of college. If a student demonstrates competency and one of the course requirements listed below is therefore waived, that does not grant the student the credit hours listed. Students transferring to Mount Mercy with an AA degree from an Iowa Community College are considered to have met the competency requirements in writing, math and oral communication. The competencies are:

The Mount Mercy Domains of Liberal Studies

The Mount Mercy Domains of Liberal Studies give all students in all majors a sense of breadth and connection among traditional liberal arts disciplines. These courses are grouped according to the overall concepts covered by courses in that domain: Expressive Arts, Global Awareness, Historical Roots, Holistic Health, The Natural World, Self and Society and Ultimate Questions.

Students who transfer to Mount Mercy with an AA degree from an Iowa community college will have all Domain requirements waived except one course in the Ultimate Questions domain.

The Mount Mercy Capstone

The 400-level Mercy Experience Capstone course (ME 450 Mercy Experience Capstone) is intended as a culminating experience in the liberal studies. Students need to register for this course along with the senior seminar (or another designated course) within their major, typically during the year in which they plan to graduate. During the Mercy Experience Capstone, students will integrate knowledge they have acquired from each of the core domains and will reflect on their Mercy education in the context of their major discipline. In addition, they will examine one of the Mercy critical concerns identified by the Sisters of Mercy from a disciplinary, interdisciplinary, and global perspective and will actively participate in a related capstone project.

¹ Course counts in only one area in the core requirements, it will not satisfy two core requirements.

² For nursing majors only.

* BI 110 Natural World Domain Laboratory, CH 100 Discovering Chemistry Laboratory, and PH 100 Discovering Physics Laboratory are 1 credit laboratory courses that fulfill the requirement of the Natural World domain for transfer students who have taken a non-laboratory based non-major course before transferring into Mount Mercy.

Note: Students should consult accelerated/online and traditional course schedules to determine course availability and delivery format.

Transfer Credits

Developmental, remedial, vocational, test out, or experiential learning college credit is not transferable to Mount Mercy. A maximum of 63 semester hours (non-technical) from two-year, regionally-accredited, associate degree granting institutions will be accepted. (See exceptions for business department majors). There is no limit to the number of semester hours that will be accepted from a four-year, regionally-accredited institution. Credit earned at non-regionally accredited institutions may be accepted in transfer on a case by case basis. Students should complete a petition to have credit from non-regionally accredited institutions reviewed.

Transfer courses meeting the requirements noted above and completed with a grade of D- or better will be accepted at Mount Mercy. Whether or not the D- grade counts toward the major is up to the individual department. (See department description.) Transfer course grades will be listed on the Mount Mercy transcript but will not count toward the cumulative grade point average.

Transfer courses marked with a double grade meeting the requirements noted above will have the higher grade transferred to Mount Mercy. For example, if a grade of CD has been assigned, the higher grade, C, will be placed on the Mount Mercy transcript.

Transfer of Technical Credit

Transfer Credits Specific to BAA/BAS Degree

A maximum of 63 semester hours from regionally-accredited, postsecondary technical institutions will be transferred to Mount Mercy for students pursuing majors available under the Bachelor of Applied Arts or Bachelor of Applied Science degrees, unless otherwise

designated for a specific major. A maximum of 16 semester hours from postsecondary technical courses will be transferred to Mount Mercy for students pursuing majors not available under the Bachelor of Applied Arts or Bachelor of Applied Science degrees.

* NOTE: Computer science courses taken seven or more years ago are subject to review by the department before awarding credit for a major or minor in computer science.

Iowa Community College AA Transfer Articulation

Students who transfer to Mount Mercy with an AA degree from an Iowa community college will have all Core Curriculum requirements waived except the Mercy Capstone and one course in the Ultimate Questions domain. These two requirements must be taken at Mount Mercy.

Business Department Transfer Articulation

Mount Mercy accepts a maximum of 75 semester hours from an Iowa community college for all transfers planning to pursue either a BBA degree, BAS degree, or BS degree with a major in the business area, provided that the student has completed an AA, AS/CO (Career Option) or AAS degree from an Iowa community college. This is an exception to the general policy of accepting a maximum of 63 semester hours from any community college. The courses comprising the 75 credits will count toward the total 123 semester hours required for graduation with the BBA, BAS, or BS. Iowa community college transfers into Mount Mercy's BBA, BAS, or BS degree program will be required to meet all the graduation requirements of that degree.

RN-BSN Transfer Articulation

Students who transfer to Mount Mercy with an ADN degree from an Iowa community college will have the following Core Curriculum requirements waived: Portal, Natural World Domain, Self & Society Domain, Writing Competency, Holistic Health Domain, Oral Communication Competency.

Any Mount Mercy student or prospective student is eligible to earn up to a maximum of 60 semester hours through CLEP exams*. In those cases where CLEP scores are 10 years old or older, students must petition the Provost's Office. CLEP scores over 10 years old will be considered on a case-by-case basis.

*CLEP credits do not count against the 63 hour maximum transferable from a 2-year college.
